In order to help meet the district's facility maintenance needs, the Board of Trustees shall discuss proposals and plans for expenditures of deferred maintenance facility funds at a regularly scheduled public hearing.

(cf. 3100 – Budget)
(cf. 3110 – Transfer of Funds)
(cf. 7000 – Concepts and Roles)
(cf. 7310 – Facilities Financing)

In any year that the district does not set aside one-half of one percent of its current-year revenue limit average daily attendance for deferred maintenance, the Board shall submit a report, by March 1, to the Legislature, with copies to the Superintendent of Public Instruction, that State Board of Education, the Department of Finance, and the State Allocation Board. (Education Code 17584.1)

The report shall include all of the following: (Education Code 17584.1)

1. A schedule of the complete school facilities deferred maintenance needs of the district for the current year, including a schedule of costs per school site and total costs.
2. A detailed description of the district's spending priorities for the current year, and an explanation of why those priorities for the current year, and an explanation of why those priorities, or any other considerations, have prevented the district from setting aside sufficient local funds so as to permit it to fully fund its deferred maintenance program and, if eligible, to participate in the state deferred maintenance funding program as set forth in Education Code 17584.
3. An explanation of how the Board plans to meet its current-year facilities deferred maintenance needs without setting aside the funds set forth in Education Code 17584.

Copies of the report shall be made available at each school site and shall be provided to the public upon request. (Education Code 17584.1)
