Budget Certification

Education Code 42130 requires school districts submit a Second Interim Report to the Governing Board of the district that updates the financial and budgetary status of the district for the period ending January 31, 2024. Furthermore, the Governing Board must certify the financial status of the district. The certification shall be classified as one of the following:

- "Positive certification" indicating that the district will meet its financial obligations for the current fiscal year and two subsequent fiscal years
- "Qualified certification" indicating that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years
- "Negative certification" indicating that the district will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year

Staff recommends the Board adopt the 2023-24 Second Interim Report with a Positive Certification.

Updates Since First Interim

In preparing Second Interim there are two main goals: 1) analyze our budget for 2023-24 now that six (6) months of our budget year is behind us, 2) use that information to start looking ahead and preparing our budget for 2024-25.

Since First Interim our unrestricted revenue has decreased slightly, but our expenditures and contributions to restricted programs also decreased. We are also transferring \$1.5 million from our general fund to Fund 40. These funds were previously committed for the purpose of Transitional Kindergarten expansion and any facility costs associated with that expansion are more appropriately paid out of Fund 40 – Capital Improvements. The changes in the unrestricted budget are as follows:

Revenue: **-\$664,822**

Expenditures: **-\$426,686**

Contributions: **-\$710,877**

Transfers Out: **\$1,500,000**

Net Impact: **-\$1,027,258** decrease in Ending Fund Balance

The most significant change between First and Second Interim is in the area of salaries and benefits for both certificated and classified staff due to a five percent (5%) ongoing raise. The increase in salaries was offset by a decrease in books and supplies, where we were able to tighten our budget. We also decreased our contribution amount by paying for some of our contracted services out of one-time restricted COVID funding. Just like many other districts in California, our special education needs far outpace the revenue we receive to implement these programs and provide the legally required services to our students. COVID funding has helped to offset our increasing costs the past few years, but that funding will be fully expended next year.

Preparation for Budget Adoption for 2024-25

With regard to preparation of the budget for 2024-25, the most significant piece of information we have is the release of the Governor's Budget Proposal in mid-January. Keep in mind that what was released was simply a proposal and it will go through many iterations prior to approval in June. If last year is any indication, there could be additional changes in July as trailer bills are released.

The Governor's budget proposal did not take into account any type of recession or economic downturn. However, just a few weeks ago the Department of Finance stated that cash collections for personal income tax and corporation tax for the months of January and February fell below the Governor's estimates. The Legislative Analyst's Office is also concerned that the Governor's Budget Proposal is too optimistic and has warned that we should plan for further decreases in Proposition 98 funding by June. There is also the possibility that certain programs such as the Expanded Learning Opportunities Program, State Preschool, Child Nutrition and Transportation could experience a restructuring or temporary or permanent cuts. Cuts to some of these programs, particularly if they last longer than a year or two, would have an impact on the general fund, as the programs would no longer be self-supporting.

We also need to keep in mind that we have a significant amount of one-time COVID funding that will be fully expended by the end of 2023-24. A lot of this funding was used to provide additional support services for our students and we will need to make some tough choices moving forward about what we can continue to afford. We will need to remain conservative and cautious as we start to develop our budget for the coming year and have contingency plans in place.

While we have limited input into the components of the Governor's budget, we do have the ability to have more of an impact on other areas of our budget. Specifically, attracting and retaining additional students into our district, maximizing the number of days these students attend school and ensuring that we capture eligibility information from our neediest families.

Multi-Year Projection

- We are budgeting the COLA for 2024-25 at .76%. This is the number released at the Governor's January Budget Proposal. There will be some fluctuation in this number and it is possible that we might end up with a 0% COLA for 2024-25.
- Our projected ADA for 2023-24 has increased by 76.66 since First Interim. We were conservative in our attendance yield projection at Budget Adoption and at First Interim until we had more data about attendance patterns for this year. So far for the 2023-24 school year our attendance yield is higher than projected. Given that we are currently funded on a three- year rolling average of our ADA, this will continue to provide benefits next year as well.
- For 2024-25, we are projected to be funded on our current year ADA, as that will be most beneficial because we are projecting a slight growth in enrollment and therefore ADA as well.
- With the exception of our Expanded Learning Opportunity Program, the vast majority of the restricted funding we have received is one time money. Much of our restricted funding will be used by the end of 2023-24. As these funds are expended, the programs and/or expenditures associated with this funding needs to be significantly reduced or eliminated. This will result in significant changes in the services we are able to offer.

The main driver of our revenue and also our staffing is enrollment. The chart below shows what our enrollment and our actual ADA and our funded ADA has been for the past few years. You can see that we have been in and out of declining enrollment the past few years. However, we have not felt the full impact of declining enrollment because of various forms of ADA relief that the State has provided due to COVID and significantly decreased attendance yields at school districts throughout the state. Even this year, we are being funded for more students than we are actually educating.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review. DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

- A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

- A2. Is the system of personnel position control independent from the payroll system?

- A3. Is enrollment decreasing in both the prior and current fiscal years?

- A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?

- A5. Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

- A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?

- A7. Is the district's financial system independent of the county office system?

- A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)

- A9. Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

- 2. Contracted general administrative positions not paid through payroll

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	3,158,212.11
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(332,743.62)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.99%) times Part III, Line B19); zero if negative	82,606.51
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.99%) times Part III, Line B19) or (the highest rate used to recover costs from any program (3.99%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	82,606.51
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	82,606.51
