

## **Student Responsibilities - Pride in Self and School**

Our behavior in school and at school-sponsored functions tells others about ourselves and our school. Understandably, we want to tell the best story possible. It is the following behavior that makes our school one of the best in the area:

We have the courage to support our individual rights and will report illegal acts of others.

- We avoid profanity and vulgar language.
- Our couples avoid public displays that embarrass others.
- We speak in a polite and respectful manner to all members of the school community.
- Our dress is tasteful and never distracting or disturbing.
- We control our temper and do not resort to physical violence to settle problems.
- Belongings are safe in our building.
- Our building looks nice and we keep it that way.
- Being on time is important to us. We are never deliberately late to school, class, or study hall.
- We accept responsibility for our commitments. School is important to us. We attend every day unless legally excused.
- We do not hang around and loiter in the restrooms or hallways.
- We recognize the necessity of adult supervision and do not leave school without permission.
- We never say, "I won't " when asked to do those things we know are reasonable and expected of us.
- We do not smoke on school grounds as it is bad for our health, creates an undesirable habit and is offensive to others.
- We know that alcoholic beverages are not appropriate for school.
