## Welcome

The policies and procedures contained in this handbook are the results of a concerted effort on the part of the faculty and the administration. This information has been carefully prepared and presented so that it will be of great value in helping you to adjust to our school and to become an integral part of it.

## Mission C-110-S

The mission of the Putnam Co. R-I is: Creating Opportunities Through Quality Education.

The purpose of the Putnam County R-I School District is to create an environment in which learners are prepared to adapt to a changing world. Our mission is to provide a program of study which encompasses academic knowledge and skills, personal well-being, and artistic enrichment. A district-wide emphasis is placed on strengthening the character traits and problem-solving skills necessary to become lifelong learners with a strong sense of self-worth, self-respect, and self-discipline.

The ultimate purpose of education is to help each student become an effective citizen in a democracy, to develop and accept the responsibilities and obligations of good citizenship and to participate successfully in the world of tomorrow. We hope that you will participate in school activities. Remember that your success in this school will be directly proportional to your efforts.

## **A WORD TO PARENTS**

The education of your children is best achieved when there is a high degree of cooperation between you and the Putnam County R-I staff. Your children are our most valuable resource for the continued success of our communities and country. It is imperative that each parent cooperates to see that

- your child attends school regularly;
- your child has sufficient time at home for rest and study;
- your child's report cards are read and studied;
- you display a positive attitude towards the school so your child can follow your good example;
- you show interest in your child's educational pursuits, including academic and extracurricular organizations; and
- instructional time is protected from interruption, except in the case of emergencies.

We work proactively to see that all students are treated fairly in all aspects of their school life. However, if parents have a concern regarding a situation in their child's school, they are urged to follow the outlined procedure:

1. Contact the student's teacher to discuss the problem and possible solutions.
2. If the concern cannot be resolved at the above level, the parent should then request a conference with the principal, Mrs. Angie O'Reilly, ext. 317.

3. If the parent still feels the concern has not received proper consideration, further recourse is available through the office of the Superintendent and the Board of Education.

The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

## **GENERAL INFORMATION**

### **WHO OWNS THIS SCHOOL**

You do! Your parents and all taxpayers are legally required to pay taxes that build and maintain the public school system. Everyone pays taxes in one form or another. Therefore, any damage done to the building, equipment, buses, or books must be paid for with your own family's money. It is not enough that you should refrain from doing anything to increase this cost to your parents, neighbors, and yourself; but, you must help protect the schools by discouraging or reporting such activity by any others. Remember, most trouble starts as fun!

### **CARE OF SCHOOL PROPERTY**

The students and patrons of Putnam County R-I Elementary School are very fortunate to have a beautiful, modern school. These are facilities that everyone can be proud of. Defacing or destroying school property in any manner, including marking on walls or furniture, will not be tolerated. Individuals destroying or defacing school property will be held liable under Missouri State Law, Section 537-045. School pride and spirit, as well as individual maturity, are reflected in the condition of our school. It is the duty of each student to keep our school first class.

## Attendance and Absence Procedures S-115-S

### *Expectations for Attendance*

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence.

### *Verified and Unverified Absences*

An absence is verified if a parent sends a note or calls the District about their student's absence. If this does not occur, the absence is unverified. The administration makes the final determination regarding whether an absence is verified or unverified.

An absence is defined as missing more than half a class period. Regular school attendance is required by Missouri law and is essential to the academic performance of each student. Although students who have been absent can make up written exercises and some tests, no effective method exists to compensate for missed lectures, classroom discussions, teacher assistance, teacher explanation, and/or student performances as required in such classes as band and physical education. This policy is not established for punitive purposes, but to promote regular class attendance, maximize each student's opportunity to receive the full benefits of the education offered by the Putnam County R-I School District, and encourage students to assume responsibility for their conduct. If a student is 17 years old or younger, the Putnam County Juvenile Office and Division of Family Services may be notified of excessive absences.

Written notification will be sent to the parents of students with four absences in one quarter. A conference with the principal and school based social worker will be required after the fifth absence in one quarter. If a student accumulates more than five unexcused absences in a quarter, the Putnam County Juvenile Office and/or Children's Division may be notified. Students with more than 14 excused or unexcused absences in a school year may be subject to retention and/or mandatory summer school attendance. Failure to attend mandatory summer school may result in extended school days for the following school year. If a parent or guardian believes that his/her child's absences are due to extenuating circumstances, an appeal may be filed. Procedures for attendance appeals are as follows:

1. Write an appeal letter to be reviewed by the attendance committee (made up of at least three staff members)
2. Present to the principal, counselor, or school-based social worker any documentation of extenuating circumstances.
3. Parent will receive the attendance committee's written decision within five school days. If the decision is to deny credit, you may appeal.
4. This procedure will start over when a student enters a new school building (e.g. when going from grade 5 to 6 or from 8 to 9).

### *Procedures for Reporting an Absence*

Upon returning from an absence, a child should present the elementary secretary with a note, signed by a parent/guardian, stating the reason for his/her absence (such as strep throat, influenza, pink eye, etc). Phone calls to report absences must be made to the office, preferably on the day of the absence. Calling the classroom teacher does not ensure that the absence has been verified for school attendance records. Absences will be considered unverified without an appropriate note or phone call for verification.

### *Make-Up Work*

Make-up work is allowed, with no reduction in grade for students who have a verified absence. For each day of absence, students are allowed one day to complete their make-up work. Parents and students should visit with teachers to establish the due dates for assignments. Late work may be subject to a grade reduction.

### *Late Arrival/Tardiness*

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. Attendance is taken at 8:15. If your child is not in the classroom by the designated time, they will be considered tardy. Any student who is tardy will need to check in at the elementary office to receive their pass to class. The District will count tardiness towards attendance.

### *Truancy*

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Students who are truant are required to make-up the work to aid learning. The timelines for turning in make-up work and any impact on grading will be according to the guidelines of the building and at the direction of the teacher. Families are entitled to appeal assigned consequences to the Superintendent or designee.

### *Check-In/Check-Out at Office*

With the safety and welfare of the students in mind, the Board of Education has closed all campuses during the school day. If a parent or someone else comes for a child during school time, they must stop at the office. This is important for your child's safety and necessary for attendance records.

### Food Service Program F-285-S

The food service provided for the students at Putnam County Elementary School is an important part of the total education program. Lunch and breakfast prices are set each August. Free and reduced-price meals shall be granted in accordance with Federal free lunch guidelines and school board policy. Students are encouraged to eat school lunch or bring a sack lunch; however, ordering out will not be permitted.

Your child will have an account and you may deposit money weekly or for a longer amount of time into that account. Each time they eat a lunch or breakfast the correct amount will be subtracted from their account. When you send money for lunch, breakfast, or milk, please put this in an envelope labeled with your child's name, teacher, and specific instructions. This will be collected by the teacher and sent to the office. Payment for breakfast and lunch can also be completed through Infinite Campus.

### *Breakfast*

Breakfast will be served daily in the cafeteria from 7:45-8:10. The cost is \$2.00 per breakfast for full pay students.

### *Lunch*

Students will eat lunch during their class scheduled lunch period. Each lunch shift is 20 minutes long. Full price student lunches are \$2.95 per lunch. Reduced student lunch prices are \$0.40

Weekly reminder calls will go out every Thursday for student accounts that go under a positive \$15. Students will not be denied food service or provided an alternate meal as a result of a negative balance.

### *Milk Tickets*

Milk tickets are available. Partial tickets are not sold. This money will be kept separate from lunch and breakfast money. You may send it all in one envelope, but please write on your check or envelope the amount you want to go for milk tickets. The cost for a milk ticket is \$2.75 for a five-day punch and \$11.00 for a 20-day punch.

### *Cafeteria Rules*

In order to keep the cafeteria clean and attractive, the following rules must be observed:

1. Follow directions of lunch supervisors.
2. Keep hands, feet and objects to yourself.
3. Use level 1 or level 2 voice. Group cheering, jeering, or singing will be regarded as a breach of the peace.
4. Remain in your seats until dismissed by lunch supervisor.
5. Clean up after yourself.
6. Keep the cafeteria lines orderly. Never push or run.

### *Free and Reduced Lunch Application*

[Free and Reduced Price Information](#) attachment D & E has the application

### Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening.

Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

#### *Building-Wide and Classroom Approaches*

Most school organizations and extracurricular groups do fundraising. All students are responsible for keeping track of their fundraiser items and money. Students should not leave their fundraiser items or money unattended. All missing money and items will be charged to the students fines and fees if they are not returned and accounted for.

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. *The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and Narcan as allowed by District rules.* If you do not want these medications administered to your student in an emergency, please notify the school nurse and building principal in writing.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

#### *Individual Approaches*

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by

the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

### Health Services S-215-S

Health services are provided under the direction of a school nurse. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

### *Illnesses/Injuries*

It is the District's goal for students to remain in school as much as possible so long as they are healthy enough to do so. If the school nurse determines that a student is no longer healthy enough to remain in school, based on their nursing judgment and assessment, parents/guardians will be contacted for prompt pickup of said student. Students are not allowed to attend or remain at school if their temperature is 100.4 degrees or higher, vomiting accompanied by nausea or occurring more than once, reoccurring diarrhea, excessive malaise and fatigue, and/or any symptoms that may be disruptive to students or classmates learning such as uncontrollable cough or nasal drainage.

The school nurse will assess and treat minor injuries such as scrapes, small cuts, bumps, bruises, and minor burns. If an injury requires further treatment, parents/guardians will be notified and asked to take the student to the provider of their choice for further evaluation and treatment. Emergency services will be called for any major or life-threatening illnesses when care plans or rescue medications are not available or injuries including but not limited to anaphylactic reactions, cardiac arrest, excessive bleeding, broken bones where bone is exposed, unexplained unconsciousness, respiratory distress, and seizures.

### *Health Screenings*

A mini exam will be provided for each student. This will include height, weight, blood pressure, pulse, and vision screening each school year. Spinal checks are performed on alternate years starting with 5th grade. Hearing tests are also given. Parents will be notified of any concerns identified during screening. These routine health screenings are not intended to replace medical check-ups.

Periodically, students will be checked for head lice. Parents are advised to regularly check their child's head for signs of infestation. Should you find that your child is infected, please notify the school at once in order that screening of the other students can be done to stop the spread. Children with head lice are excluded from school until they have been treated. **We have a nit- free policy.**

### *Health Office*

If you have any questions, please contact Stephanie Gillum, School Nurse, 660-947-3361 ext. 319, [sgillum@putnamcountyr1.net](mailto:sgillum@putnamcountyr1.net)

### Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

*Non-Prescription Medication* – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or others.

*Prescription Medication* – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need-to-know basis. Please contact the Stephanie Gillum extension 319 or the office secretary.

### Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and

entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline/remedial action in accordance with the discipline code, and state and federal law.

### *Immunizations and Vaccinations*

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

### Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually. Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies. Copies of the insurance forms are available in each building office.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>.

### Student Records S-125-S

#### *Access to and Release of Student Information*

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the District's Custodian of Records. Requests to amend education records may be directed to the District's Custodian of Records to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

### *Directory Information*

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1<sup>st</sup> of each school year.

The District designates the following items as directory information:

*General Directory Information:* The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

*Limited Directory Information:* In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District,

its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

#### *School Officials with a Legitimate Educational Interest*

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

#### *Release of Records to Other Agencies or Institutions*

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

#### *Release*

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from the District or building office.

#### *Notice*

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

### Personnel Records E-190-S

- Whether your student's teacher is teaching under emergency or other provisional statute through which State qualification or licensing criteria have been waived.
- Whether your student's teacher is teaching in the field of discipline of the certification of the teacher.
- Whether your student is provided services by paraprofessionals and if so, their qualifications.

Therefore, the District complies with all provisions, regulations, and administrative rules applicable to state and/or federal requirements in order to serve students who are homeless, migrants, English learners, at-risk, or in foster care.

### English Language Learners I-150-S

The District provides programs and support for students in order to provide equal educational opportunities for students with limited English proficiency (LEP).

Free language interpreting and translation is available for parents/guardians and students who require it. If you require an interpreter, please inform your student's teacher or school, and the District will arrange for an interpreter to assist at no cost to you. If we do not have an interpreter for your language, we will work to find someone who can help.

Information on District programs such as Gifted Education, AP classes, Special Education, extracurricular activities, and others can be found on the District website.

### Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit classrooms during instructional time for the purpose of observing students unless the principal has approved the visit at least 3 school days in advance.

### Transportation Services F-260-S

#### *School Bus Regulations*

The school bus rider policy and rules are provided to each student in the first-day packet annually.

1. Drivers will assign the seats of their bus from front to rear with kindergarten in the front and seniors in the rear.
  - a. Only one student per seat will be assigned when possible.
  - b. Remember to leave one or two seats empty in the front, if you have room, to be used for dealing with discipline issues.
2. Drivers will give each student one verbal warning for improper conduct.
  - a. Drivers will make sure the student clearly understands their misconduct.

3. If the student does not comply with the verbal warning, the driver will move the student to the front seat/seats reserved for discipline.
4. If the student remains unruly and disrespectful, the driver will inform them that he/she will be recommending to their administrator that they are suspended from riding the bus. The administrator will decide upon the length of the suspension that will increase progressively if the behavior continues to be a problem.

#### *Pupil Bus Responsibilities/Regulations*

1. There will be no pushing or scuffling while the bus is loading.
2. Pupils will go immediately to a seat and sit down upon entering the bus.
3. Pupils will keep arms, hands, head, and all parts of the body inside the bus when in motion.

11. Profanity, vulgarity, or indecent language will not be tolerated.
12. Repeated acts of misconduct may result in the revocation of riding privileges.
13. Malicious damage to the bus will not be tolerated. Remuneration will be made to the District and riding privileges may be suspended or revoked.

### *School Buses*

Riding the school buses is a privilege extended to students and can be removed at any time for disruptive and unsatisfactory conduct. All pupils being transported are under the authority of the bus driver and must obey his/her requests. Specific regulations are posted on each bus. Students riding the bus are expected to go directly from the bus to the building each morning and after school are to board the bus without leaving the school property.

- Any change in bus pick-up/drop-off requires a note. **A student must have a note of permission from their parent and have it signed in the office before boarding any bus that is not the student's regular route.**

Students living one mile or more from the school are able to ride a school bus. Students living less than one mile, where traffic safety is critical, are transported from pick-up points designated by the Director of Transportation. **Riding a school bus is a privilege extended to students and can be removed at any time for disruptive and unsatisfactory conduct.**

### Student Discipline S-170-S

#### *Student Code of Conduct*

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment shall only be used as a method of discipline with the notification to and written permission of a parent/guardian, when other disciplinary methods have failed to improve student behavior and self-control, and when the District administration believes it will assist in maintaining an atmosphere where orderly learning is possible and encouraged. Corporal punishment shall only be administered by a building administrator and only in the presence of at least one other adult employed by the District. Also, reasonable force may be used, when necessary, for the protection of a student or others or property. The District limits the use of seclusion or restraint to

situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

#### *Standards of Conduct and Consequences*

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

## **Elementary Rules**

One of the most important lessons of education is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people. With an understanding of the purposes of discipline in a school, you may form a correct attitude toward it, and develop the habit of self-restraint which will make you a better person. Each grade level and classroom teacher has established their own discipline plan. Your child’s teacher will provide a copy of their discipline plan and classroom rules. The following school-wide rules have been established for activities occurring outside the classroom setting.

### *Playground Rules*

- Follow directions of staff.
- Keep hands, feet and objects to yourself. Kicking, pushing, shoving, tripping, etc. are not allowed.
- Use polite and respectful language and manners. Swearing, name calling, bullying, etc. are not allowed.
- Don’t throw dangerous things. Throwing of snowballs, stones, sticks, etc. is not allowed.
- Use playground equipment safely as directed by staff. (No jumping out of swings, no walking up slide, no throwing tire chips, etc.)

### *Lunch Rules*

- Follow directions of lunch supervisors.
- Keep hands, feet and objects to yourself.
- Use level 1 or level 2 voice. Group cheering, jeering, or singing will be regarded as a breach of the peace.
- Remain in your seats until dismissed by lunch supervisor.
- Clean up after yourself.
- Keep the cafeteria lines orderly. Never push or run.

### *Hallways/Bathroom Rules*

- Walk in the hallways.

- Keep your hands, feet and objects to yourself.
- The hallways are always a 0 zone, no talking. This is to ensure that the learning process is not interrupted in other classrooms.
- No playing/horse playing of any kind is allowed in the bathrooms. Students will use proper bathroom procedures at all times. (Wait your turn, go to the bathroom, wash hands, dispose of paper towels in the trash can, and exit quietly.)

### *Principal's Discipline Plan*

Students who are sent to the principal's office have gone through the appropriate steps in the classroom to improve/change the behavior and have been unsuccessful in their attempts. Some behaviors, such as fighting, blatant disrespect to a teacher, etc., will result in an immediate referral to the principal's office. When a student is referred to the principal for inappropriate behavior, the student may receive any of the following consequences depending on the circumstance and severity. These consequences will also apply to inappropriate bus behavior.

1. Verbal reprimand- Warning
2. Conference with principal
3. Participate in problem solving activity/complete think sheet, etc.

7. After-School Detention 3:30-4:00. Parents will be notified a day in advance of detention so appropriate arrangements can be made to pick up your child.

#### Dress Code S-180-S

During school hours, all students should be dressed and groomed in a manner that keeps their health and safety in mind. Students should not dress in a way that results in a material and substantial disruption to the orderly administration of the school (e.g. wearing T-shirts containing vulgar, lewd, or defamatory language based on race, color, gender, national origin, or religion). Students should dress appropriately to the occasion for activities outside school hours. Appropriate dress is associated with safety, cleanliness, neatness, and decency. Inappropriate dress includes but is not limited to the inappropriate display of the body or underclothing, the potential for actual disruption, and the absence of safety. A general guideline is that no cracks, cheeks, or cleavage should be shown.

Recognizing that most students are aware of these facts and dress appropriately, but also aware of the fact that some do need guidance, the following requirements are set forth:

- a. Shoes must be worn at all times.
- b. Caps, hats, or hoods will not be worn in the school building until final dismissal.
- c. Exposure of underwear is inappropriate.
- d. Sheer bottoms should not be worn alone as pants. Bare midriffs are inappropriate.

- e. Clothing which bears or connotes obscene slogans, gestures, lyrics, or advertises drugs, alcohol, or tobacco is not acceptable at school.
- f. Any clothing which might create a disruption in the educational process will not be worn.
- g. A dress that exposes or bears gang-related apparel or tattoos is not acceptable at school, because it creates the potential for substantial disruption.
- h. Cutoffs (shirts with sides cut out) should not show skin below the bra for females. Males should not show pectoral muscles.

#### *Additional Dress Code Information*

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

#### **Student Dress Disciplinary Action:**

1. Students wearing inappropriate clothing will be asked to change and will face disciplinary action,
  - a. If a student is required to change they will face the following discipline:
    - i. When the student is sent home for a dress code violation, they will make up all school time missed in after-school detention.

2. Infractions

  - b. Second offense — a minimum of before/after-school detention, plus time missed out of school, parent/guardian will be notified.

### Bullying, Hazing, and Cyberbullying S-185-S

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

#### *Definitions*

*Bullying* – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

*Cyberbullying* – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

*Anti-bullying Coordinator* – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The building anti-bullying coordinator is: Angie O'Reilly and can be reached at 660-947 3361 ext. 317.

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

### *Investigation*

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

### *Retaliation*

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

### *Consequences of Bullying, Cyberbullying, or Retaliation*

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

### *Report Form*

Report forms may be requested from the building office or counselor.

### Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights,

including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District’s Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District’s Compliance Officer:

Name: Mrs. Brook Fleshman  
 Phone #: 660-947-3361 ext. 308  
 Email Address: [bfleshman@putnamcountyr1.net](mailto:bfleshman@putnamcountyr1.net)

In the event the District’s Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Samantha Hendershott  
 Phone #: 660-947-3361 ext. 336  
 Email Address: [shendershott@putnamecountyr1.net](mailto:shendershott@putnamecountyr1.net)

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

Students receiving failing grades for a full year in two or more subject areas will be required to attend summer school. These students may also be retained in their current grade level placement.

Parents/guardians who wish to appeal the decision for retention must first contact the building principal, Mrs. Angela O'Reilly. - The assignments will be numbered by day ( Day 1, Day 2, etc.)
- If we choose to use an A.M.I. day, students will be required to complete that day's work out of the provided packet. The work will be due the first day we return to school unless the student has an IEP that says they have extended time to complete assignments. If a student doesn't turn in their work on time, we cannot count them for attendance and the student won't receive any credit for the assignment and our late work policy of 75% credit won't apply.
- At least 80% of students must complete the assigned work or the day will have to be made up.
- Students will be counted absent for any day that they do not complete their AMI work.

### *Student Computer Program (1:1) Overview*

The purpose of our 1:1 initiative is to put current technology into the hands of all students to enhance, personalize, and accelerate the rigor of our academic program. The Putnam County R-I School District purchases, owns, and distributes them to students to use for educational purposes during the academic year. Grades 6-12 may also be required to take the computers home to complete their studies and classroom assignments. Whenever students leave our school district, as well as at the end of the school year, the Chromebooks are collected, inspected, updated, and maintained by school district technology staff.

Chromebooks will be assigned to incoming 5th graders, freshmen, and to transfer students for the entirety of their careers at Putnam County R-I. Students are responsible for ensuring the care of the equipment entrusted to them. Students will receive a computer and a charger.

Parents and students should carefully review the Family Responsibilities Section of this document. For grades 6-12 there is a non-optional insurance premium that must be paid to ensure the computer against damages. All fees are outlined on page 2.

We hope to make our 1:1 Initiative a success through collaboration among parents, educators, and students. The use of Chromebooks for teaching and learning in Putnam County Schools is an immense opportunity to accelerate the learning for all of our students and to enhance an already strong academic program. We look forward to opening communication and to a robust partnership among our community members, parents, students, and staff in support of 1:1.

### *Student Responsibilities*

#### **Student will be responsible for:**

- Abiding by the Putnam County R-I Acceptable Use Policy.
- **Always having in their possession, a charged and functional Chromebook.**
- Attending each class with their Chromebook unless directed otherwise by the teacher.
- Logging in under their assigned username and password and not sharing their password with any other person.
- Proper maintenance and care of the device.
- Any non-warranty repair costs. (see Fees on page 2)

### *Family Responsibilities*

PCR-I has worked diligently to research best practices employed by school districts across the state. As a result of speaking to leaders in these other districts, we have developed the following procedures to ensure the success of our 1:1 Initiative. These procedures are designed to ensure that the student has continuous and high-quality access to their Chromebook as a learning tool at all times. PCR-I has established a \$25 Insurance Premium per year. The insurance is designed:

- To ensure a computer and charger up to the total cost of \$355/claim
- To help cover the cost of non-warranty repairs.
- To alleviate some of the financial burdens on the family for computer maintenance and repair.
- To cover 1 claim per year with a \$50 deductible (repairs under \$50 cannot be counted as a claim). Example: A new Chromebook with power supply is ~\$355 so insurance would cover \$305.

#### **What is not covered under insurance?**

Including but not limited to:

- Willful abuse of the device.
- Neglect of proper care as listed under care and maintenance.
- Loss of the device. To claim insurance the device must be returned to the District.

## **Loss of Computer**

If a Chromebook is reported lost a loaner will be issued, the first day being free, with standard fees of \$5/day until the original Chromebook is found and the loaner returned or until the total fees for that instance equals the cost of replacement (\$355). The original device will be locked.

If the original device is not found by the date of the collection then a fine of \$355 will be assessed to replace the device. The loaner fees from this incident will be applied to the \$355. A student will not be fined more than \$355 for the loss of the Chromebook and power adapter.

A Lost device is not eligible for insurance claims.

## **Theft of Computer**

If the computer is stolen, a formal Police Report must be filed with the Police Department within 1 week. A copy of the Report must be submitted to the Technology Office. A replacement device will be assigned and the original device will then be tagged for location tracking and/or remotely locked until returned to the technology office. If a report is not filed with the technology office the device is assumed to be lost not stolen.

## *Care and Maintenance*

### **When using your computer at home:**

- Keep the computer clean. You should only use a microfiber cloth to wipe the screen.

### **After School and at Home:**

- Use a surge protector instead of plugging directly into the wall to protect from lightning strikes and power surges.
- Be wary of "borrowing" wireless access from others in your neighborhood. You can never be sure if others are stealing your information.
- Use your computer away from food and liquids. Spills can be deadly to your computer.
- Leave your computer in a secure place during after-school sports and activities.
- Do not leave your computer in a car overnight or for long periods. Extreme heat or cold can damage your computer.
- Keep your computer locked in a safe location when you are away.
- Keep your computer safe from pets and younger siblings.
- Only use the school-provided charger with your computer.

## **Fees**

### **Insurance**

- Premium - \$25 per year
- Deductible - \$50 per incident
  - The device must be returned to the tech office to claim insurance.
  - Loaner, repair, and other fees accumulated through the year do not count toward this amount.

### **Loaner availability may vary daily**

- Chromebook - First day free, then \$5 per day up to \$355
  - Each calendar day that the device is not in the tech office.
  - Weekends and Holidays may incur several days of use.

### **Parts prices may vary depending on availability and Device Model**

Damaged and Replacement parts are the property of PCR1 Schools and may not be returned to the user.

## *Literacy Plan*

### COMPONENT 1: GOALS

Reading development is one of the most important goals of Putnam County R-I. Every staff member at Putnam County is committed to building and sustaining a school culture in which high-quality reading instruction for all students is our most important priority. Our primary reading goal is to have every child read at grade level or above. However, this goal alone is insufficient and requires that students accomplish several smaller formative reading goals along the way in order to reach our primary reading goal. These formative goals will be measurable, based on a variety of assessments.

For some children, physiological, medical, or attendance issues may interfere with the goal of grade-level reading. Our goal for students for whom grade-level reading goals are not realistic is to provide them with the best reading instruction possible, to document the instruction provided, and to clearly indicate the progress children are making toward challenging reading goals.

### COMPONENT 2: ASSESSMENT

Reading assessments are necessary to (a) determine if children are reading at grade level, (b) monitor reading progress, and (c) plan instruction. All children, grades 1-12, will be assessed at the beginning and end of the year to determine if they are reading at grade level using the STAR test delete. Children not reading at grade level in the elementary building will be assessed regularly to monitor their reading progress. MS Students more than a year below grade level will be given the DRA test. Assessments to monitor reading progress will be brief and take little time away from reading instruction. These assessments will be used to plan the instruction necessary to increase student reading progress. We will use measures for these purposes that have research-based evidence documenting their reliability and validity for the specific purposes for which they are being used.

### COMPONENT 3: INSTRUCTION

Sufficient time for reading instruction is necessary for children to read at grade level. All children in K-5 will receive a minimum of 90 minutes of reading/language arts instruction each day. Reading instruction will begin during the first week of school and will continue through the last week of school. Children not reading at grade level will receive more than 90 minutes of reading instruction each day in the elementary building. Minutes of reading instruction vary at the middle and high school levels.

Schools and teachers require high-quality instructional programs and materials to provide high-quality reading instruction to all children. A core reading program will be used in K-5 with children reading at or above grade level. For children reading below grade level, some combination of the core reading program with additional highly specific supplemental reading materials and intervention programs will be used for reading instruction. The combination of materials used will be based on the learning needs of students. All programs and materials used at Putnam County will be

constructed according to principles of scientifically-based reading research and, to the greatest degree possible, these programs and materials will be demonstrated to be effective in rigorous scientific studies.

Effective reading instruction for all children is achieved through differentiated instruction. Our commitment is to identify children who are reading below grade level, or who are otherwise at risk for reading problems and provide these students with instruction that is differentiated for them based on need. Differentiated instruction will help children make the progress necessary to reach grade-level reading performance.

#### COMPONENT 4: LEADERSHIP

At Putnam County we are committed to making sure that effective leadership begins with the visible involvement of the building principal. To the greatest degree possible, leadership support will also involve Title I teachers and targeted grade level teachers at the elementary level. Our school will operate as one cohesive system to best meet the needs of all of our students rather than as a group of isolated programs. Together, identified building leaders will help ensure that the components of a good reading plan are in place and that the implementation of these components is aligned with scientifically-based reading research.

#### COMPONENT 5: PROFESSIONAL DEVELOPMENT

The effective use of reading assessments and instructional programs and materials requires high-quality professional development for teachers and other staff members. Prior to using reading assessments or instructional programs and materials in the classroom, staff members will receive thorough training in their appropriate use. Staff members who require additional professional development to use assessments and instructional programs and materials appropriately will receive it. The building principal will be responsible for making sure all staff members have the training they need to use reading assessments and instructional materials appropriately.

At Putnam County Elementary School, every week throughout the year, all K-5 staff will meet in grade level meetings to discuss, monitor, and plan reading instruction and achievement. Professional development will be offered to support our reading program.

#### COMPONENT 6: COMMITMENT

As a school, we are committed to making decisions about reading assessments, instructional programs and materials, and professional development on the basis of rigorous scientific research, to the greatest degree possible.

We will commit to sharing student performance data with stakeholders and to celebrating our continued success in improving reading. This school-wide commitment is fundamental to our school's mission because we believe that from kindergarten through fifth grade, strong and explicit reading instruction is critical in helping all children develop the skills, habits, and dedication to reading that will serve them throughout their lives.

## PURPOSES/USES OF LITERACY PLAN

Putnam County is committed to implementing the above critical components to ensure that all students are reading at grade level or above by third grade. This literacy plan will be at the heart of everything we do in our building in reading. It will drive our day-to-day reading instruction and our decision-making. We will use this plan to share our commitment with others in and out of education. We will present the plan to our school district, superintendent, and school board for their support and approval. The plan will provide the criteria for hiring new teachers and administrators in our building. The district will work with us to make sure only those educators committed to this plan work in our building. We will provide the district, superintendent, and school board with frequent updates on how well children are learning to read in our school. Most importantly, this literacy plan is the commitment that we make to the parents of the children in our school and to the children themselves. The plan allows us to convey to parents that we are serious about reading instruction and meeting our goal of all children reading at or above grade level. The plan shows parents what we will do to make sure each child reaches that goal.

We, however, know that some students need more time than the typical school year provides. Therefore, we will implement the following summer school program so that students can have additional time to reach their reading goals.

Starting at the end of kindergarten, the district will recommend that a student should attend summer school if their STAR Reading Scores are below grade level or they have not met grade level criteria developed by teachers and administration. If they do not attend summer school, they may be retained for the following year.

### *Lost and Found*

Students should make every effort to look out for their belongings. Label clothes, shoes, boots, textbooks and notebooks, etc. with the student's name. Items that have been misplaced and found by another individual should be returned to the Lost and Found Bin. DO NOT bring large sums of money or other valuables to school. Items of value, such as glasses, money, jewelry, etc, should be brought to the elementary office. Lost and found items will be kept in the bin for a reasonable time. The school is not responsible for lost or stolen items.

### *Supply Lists*

School supply lists can be found on our website at [putnamcountyr1.net](http://putnamcountyr1.net)

### *Care and Use of Textbooks*

The Putnam County R-I Elementary School furnishes textbooks free of charge for students. Each teacher at the beginning of the school year issues textbooks to their respective classes. Students are to take the best possible care of the books issued and return them when called for. We expect reasonable wear from normal use on all textbooks. However, wear or damage beyond reason will be paid for by the students at the full or partial cost of the textbook. Lost textbooks will be paid for according to their

age. If the textbook was in its first year of use, the full purchase price is the replacement cost. If the textbook has been used for more than one school year, the replacement cost will be equal to the most reasonable used textbook price that can be found by the teacher or administrator.

#### *District Phone*

Use of the telephone by the students for personal reasons will be discouraged. A child must have permission from his teacher and the office. Children are encouraged to make arrangements for social activities before leaving home.

#### *Assemblies*

From time to time, all school assemblies will be held in the gym or auditorium. Students will enter the assembly in an orderly manner. All students will observe good conduct and common courtesy at all times. At the beginning of each assembly, all students may be asked to stand for the Pledge of Allegiance. Students misbehaving may have assembly privileges suspended.

#### *Volunteers*

Our school makes use of volunteers in aiding teachers to help students by listening to them read, practicing math facts, etc. If you would like to be a volunteer, please call our office at 947-3361, extension 318. As in all work with children, background checks will be necessary.

#### *Parents as Teachers Program*

Parents as Teachers (PAT) is an early childhood program that is offered for children ages birth to 5 years of age. The early years of a child's life are critical for development and provide the foundation for success in school and in life. A child's first teacher is their parent. All families and children deserve the same right to succeed. The goal of PAT is to provide information, support and encouragement to all parents. The PAT office is located in the Putnam County Learning Center and can be reached at extension 554.

#### District Policy Information
