Student Eligibility Requirements

Students interested in participating in extra-curricular and co-curricular activities must pass at least five (5) new subjects (those not previously passed) the previous semester in order to be eligible. In addition to KSHSAA guidelines, all students participating in extra-curricular activities must be passing every class each nine-week period. If a student fails a class at the end of a quarter, they will be placed on "**Academic Probation**" for the following nine-week period.

Academic Probation:

Students who are placed on academic probation will have their grades figured on a weekly basis during the following nine-weeks. Any student on academic probation who is not passing all subjects at the end of any week will be ineligible for all extra-curricular activities the FOLLOWING week (Sunday – Saturday). Practice will be at the discretion of the coach or sponsor.

Academic Probation Procedures:

- The student must pick up an academic probation form from the high school office on Thursdays by 8:00 AM and have the sheet signed by each of their teachers before turning it into the office no later than 3:30 PM the same day in order to participate in extra-curricular activities the following week.
- Students on academic probation absent on Thursday **with an excused absence** must pick up a form before school on Friday, have it signed by faculty, and turn it in to the office before 3:30 PM the same day.
- If no grades are taken in a class for a given week, eligibility for that week will be based on attendance, behavior, and class participation.

Cafeteria Information

All faculty and student lunches are to be purchased in advance. Students are to pay on their lunch account in the high school office.

An a-la-carte line is also available from which students may select individual items. Prices range from \$0.25 to \$2.50 on a cash only basis.

Closed Lunch Program

All students are to eat in the cafeteria, commons area or patio area. NO food is allowed in the restrooms or in any other part of the building. **Students are not to be in the classroom hallways during the lunch period. Students are not allowed to leave the building during lunch.**

Schools are not allowed to have private businesses from soliciting, selling, or delivering food or drink items on school property in competition with the school lunch program. Violations will be considered as a Class B offense.

Vo-Tech Students

Students attending classes at the Columbus Area Vocational School will be required to follow all policies and procedures outlined in the SEK Vo-Tech Handbook, as well as policies outlined in the student/parent contract. Students who are 16 or older and possess a valid driver's license may drive to and from the Vo-Tech center provided they have a signed waiver of liability on file in the high school office. Students may not transport others unless the rider is a member of the student's immediate family. Failure to abide by guidelines outlined in the student handbook may result in forfeiture of driving privilege.

Visitors/School Security

As part of our crisis plan and to ensure the safety of our students, all building doors except the main entrance doors of the high school, will be locked during school hours. (Doors are NOT locked to those inside the building. Building occupants will still be able to use the doors as emergency exits.)

All visitors to the high school (including middle and elementary schools) must enter the east entrance doors of the high school and permission granted by school personnel to enter. All visitors must report directly to the security desk for identification purposes before proceeding to the high school (middle or elementary) office.

Students are not permitted to bring out of town guests or relatives to school.

Visitor permits will be restricted and granted by the administration only to members of approved groups and to those with official school business. Persons requesting to relay messages to students, teachers, or other employees should report to the respective offices to make proper arrangements. Those who do not comply with this policy will be asked to leave the school grounds.

Parents: These restrictions are not meant to discourage you from visiting the school. Parents are always encouraged and invited to visit the school. These steps are meant to help ensure the safety of your child. Your cooperation is appreciated.

Students: This policy and these restrictions are taken very seriously. Students are not to open the locked doors for anyone! ALL visitors are expected to follow the policy procedures. Violations will be treated as a Class A offense.

Lockers

Lockers are provided to all students. Locker assignments will be made through the main office. **Students are encouraged to use the lock provided** to protect their belongings. The school is not responsible for lost or stolen items. **Locks are recommended, but not required.** With proper care and maintenance, students should have a safe and secure place to keep their books and school supplies. It is expected that students will keep their lockers clean and neat, both inside and out and locked at all times. **The lockers are the property of USD 404 and the school reserves the right to search lockers. Reminder to students: NEVER leave money or other valuables in your locker.**

Searches of Property

Searches of property shall be conducted in accordance with the rules approved by the board. No law enforcement officer shall search property without a search warrant. Building principals are authorized to search property if there is a reasonable suspicion that district policies, rules or directives are being violated. All searches by the principal or designated representative will be carried out in the presence of another adult witness.

Automobile Searches: Students are allowed to park vehicles on school premises as a matter of privilege. As such, the school retains the authority to conduct patrols of student parking lots without student consent. The interior of a student's vehicle may be inspected, in the presence of

the student, if reasonable suspicion of a violation exists. **Violations are subject to discipline according to student handbook.**

Canine: The administration is authorized to utilize qualified canines to aid in searches of school facilities and/or automobiles parked on school property. **Violations are subject to discipline according to the student handbook.**

Students enrolled in PPT and Cabinet Making are required to pay a \$35.00 fee per class toward the costs of materials. file or who have not made a payment by the second semester will be transferred to another class. Any overpayment will be reimbursed to the student. Estimated fees: \$200-\$700.

Daily Announcements

Daily announcements are made available each school day to students. Announcements are posted each school day to teachers and made available on the monitor in the main high school commons area. It is the responsibility of students to maintain awareness of statements in the announcements as many directly affect the student population.

Students are encouraged to take care of personal business before school, between classes or during lunch. Classroom passes will only be issued in emergency cases.

If a student needs to leave the classroom during class time, he/she must have a pass. A teacher issued or generated item is what the students will use for passes. The teacher granting permission for the student to leave class will issue an item, which should indicate the time and destination and sign in the appropriate space for the date and the class hour. The teacher will also note the time and sign again when the student returns to the classroom. This gives the student a permanent record of the time missed from class. The teacher reserves the right to issue any item for the purpose of record keeping

ATTENDANCE

Philosophy

The administration and faculty strongly believe that a direct correlation exists between regular attendance and academic achievement. Regular attendance is essential to successful achievement and reflects a positive, committed attitude toward school. **Failure to attend classes is the number one reason why students are unsuccessful and one of the main reasons a student drops out of school.**

Our goal is to provide an environment where students can experience both academic and social growth. We encourage high academic achievement, which incorporates other 'life' skills necessary to enable the student to become a successful, productive, and contributing part of society. **Forming the proper habits of attendance is one of the greatest services that our school can offer tomorrow's workplace.** In order to instill the importance of these workplace skills, such as responsibility, dependability, punctuality, and work ethic, in our students, we feel that it is essential that we have the same high standards in the school setting. **The primary responsibility of attendance rests with the student and parent. However, school officials will determine what is an excusable absence.**

Absences

School Responsibility: Regular attendance is required of all pupils enrolled in elementary and secondary schools under the Kansas Compulsory Attendance Statutes (KSA 72-1113). As Kansas school officials, we are responsible to see that these statutes are followed.

Truancy: Any student required to attend school by Kansas Compulsory Attendance Law KSA 72-1113 is considered truant if the student is inexcusably absent on either 3 consecutive school days, 5 school days in any semester or 7 school days in any school year whichever occurs first. A child is inexcusably absent from school if the student is absent without a valid excuse acceptable to the principal. Any student that accumulates 12 or more tardies to one or more classes within a semester, will be turned in as truant.

Excused Absences Defined: Riverton High School considers all absences classified as type 1, 2, or 3 to be excused absences. Although type 3 absences are excused, they do count against the student's attendance record. (See classification of absences)

Unexcused Absence Defined: Riverton High School considers all unverified absences as unexcused. Verification requires a note or a phone call from a parent upon the student's return to school. For record keeping purposes, both are preferred. (See Type 4 absences)

Significant Part of the Day: Riverton High School considers a significant part of the day to be 4 periods or more.

Parent Responsibility: If a student is absent from school, a parent is asked to call the school secretary (848-3388) by the end of that day to verify the student's absence. **Failure to verify an absence upon the student's return to school will result in the absence being a Type 4.** The secretary will make note of the type on the student's attendance record. **If a parent wishes a student to leave during the school day, a note or a phone call from the parent is required.**

Student Responsibility: When returning to school after an absence, the student must report to the office, before returning to class, to receive an admit slip. A verification note from a parent is required if phone contact was not made on the day of the absence. If a student is more than 10 minutes late to class they should be referred to administration. The administration will determine whether the missed class time is excused, counted as a tardy, or counted as an absence.

If a student has parental permission to leave school during the school day, the student must sign-out in the office with the Principal or secretary. Students are never to leave school without office clearance. (Class B offense)

Students are responsible for meeting with teachers in regard to make-up work missed during their absence. Students who are absent during all or a major part of the day are not permitted to participate in interscholastic or extra-curricular activities scheduled for that date.

Students are allowed up to eight (8) days of Type 3 or Type 4 absences in a semester. Students exceeding eight (8) days of Type 3 or 4 absences may be referred to the county attorney for truancy unless prior arrangements with administration have been made.

Classification of Absences

Type 1: Exceptional: death in immediate and/or extended family, court subpoenas, college visit for seniors (1 day excused), obligatory religious observances, extended hospitalization or other special situations declared an emergency by the administration. *Immediate/extended family is defined as parents, brothers, sisters, grandparents, aunts, uncles, and cousins.*

Student excused from final exams. Absence does not count against attendance record.

Type 2: Doctor's Appointment: a physician's form or stamped appointment card obtainable from the physician's office will be required when the student returns to school. ***Absence counts against attendance record, but does not count towards final exams.***

Students will be excused up to ½ day (4 class periods) for a routine office visit. If additional time is required for the appointment, you will need to have your doctor note the reason on the Physician's form.

Type 3: Verified: a note or phone call from the parent. ***Absence counts against both attendance record and final exams.***

Any student absent for three or more consecutive days must return to school with a doctor's note unless the administration has agreed to an alternate arrangement.

Otherwise, the student's absences will be unexcused and the student must be reported to the county attorney's office for truancy.

Type 4: Unverified: skipping class or no communication from parent upon returning to school. A Type 4 absence forces the student to take ALL FINAL EXAMS for the semester. ***Absences count against both attendance record and final exams.***

All notes from parents or doctors must be turned into the office secretary upon the student's arrival to school. Teachers will not provide assignments for an unverified absence. Failure to provide a note upon the student's return to school will result in the absence being recorded as a Type 4.

DISCIPLINE CODE

Discipline is essential to smooth functioning in schools and society. Most students think of discipline as punishing actions used against them in times of conflict or misbehavior. However, discipline is not a punishment. It is teaching students to impose limits on themselves. Discipline in the school and classroom means setting limits for students until they are able to set limits for themselves. Students are expected to behave in a manner, which is appropriate for high school age individuals. Students are responsible for knowing what the rules and consequences are in their classrooms and school. They are responsible for their own actions.

The staff's intention is to serve all students. It is the staff's preference to focus on the business of education and avoid being disciplinarians. As part of our goal to prepare students for social responsibility, we feel strongly that providing a 'cooperative' school atmosphere, in which students and staff members interact in a positive and responsible manner, will better prepare our students for their adult role in society.

As part of the student's commitment to their education and opportunity for success, we encourage students to carefully consider their actions and the consequences, both good and bad, associated with their decisions regarding school behavior.

Repeated disruptive classroom behavior situations or other inappropriate school behavior problems will be handled by school administrators.

Severe Clause: The administration reserves the right to deviate from the following policies when necessary, depending on the circumstances, severity and/or frequency of the offense.

DEMERIT SYSTEM

The Demerit system discourages habitual disruption of the learning environment by setting limits on student misbehavior. When a student reaches fifteen (15) demerits for a semester, a letter of concern will be sent to the parents. If a student reaches twenty (20) for a semester or thirty demerits for the year, long-term suspension will be strongly considered and will likely be recommended by the administration.

Cell phones should be located in lockers, purses, bags, or pockets when not in use. Students may use cell phones at appropriate times and locations or when permission granted by school staff. The following restrictions apply when a student chooses to use a cell phone at appropriate times:

- Students are not permitted the use of cell phone, camera, or any other device for the purpose of recording video and audio of a teacher or school employee without prior permission.
