

FOREWORD

Contained herein are the policy statements formulated by the Board of Education of the Rocky Point Union Free School District.

Policy is defined as a basic plan of action. It establishes limits within which freedom of judgment can be exercised.

Policy is a governing principle of management. It is a statement that has an effect on the interests of those who come under its jurisdiction. A policy may originate from the constitution, from statute, from local determinations and/or from customary patterns of formal behavior.

Policy should accomplish the following:

- a) State a position taken by the District;
- b) Grant the authority to act;
- c) Be sufficiently detailed to give adequate direction;
- d) Be achievable within the real environment of the school and community;
- e) Provide for impartial procedures.

In addition to the adopted policies, the operation of the School District is governed by and subject to all applicable Laws, Regulations of the Commissioner of Education, Civil Service requirements, Board of Education Resolutions, School Administrative Regulations and Contracts of Agreement.

If any part of this manual is made invalid by judicial decision or legislative or administrative enactment, all other parts shall remain in full effect unless and until they are amended or repealed by the Board of Education. The official record of the adoption, amendment, or repeal of the bylaws and policies of the Rocky Point Union Free School District shall be the minutes of the meetings of the Board of Education.

PHILOSOPHY STATEMENT

In preparing individuals to develop their fullest potential for living in the society of today and tomorrow, the Board of Education and the staff of the School District:

- I. Recognize their responsibility to help meet the physical, intellectual and emotional needs of children; particularly the needs to inquire, learn, think, and create; to establish aesthetic, moral and ethical values; and to relate satisfactorily to others in social situations involving family, work, government and recreation.
- II. Accept primary responsibility for giving students a mastery of the basic skills of learning, thinking and problem-solving; for teaching them to use the various media of self-expression; for instilling in them a knowledge of the social and natural sciences; for acquainting them with the richness of our heritage; and for stimulating them to productive work in the various areas of human endeavor.
- III. Acknowledge the importance of their supplemental role to the home and other social agencies in developing habits and attitudes which make for effective personal living, the maintenance of optimum physical and mental health, and the establishment of sound moral, ethical, and aesthetic values.

Realizing that education, as here defined, is a lifelong process, the School System seeks to orient its graduates toward various types of post-secondary education and further formal training and study of many types; and to provide educational opportunities particularly suited to the needs of adults, both as individuals and as citizens in a democracy.

SUBJECT: SCHOOL DISTRICT AND BOARD OF EDUCATION LEGAL STATUS AND AUTHORITY

The Constitution of New York State, as amended in 1894, instructs the Legislature to provide for a system of free common schools wherein all children of the State may be educated.

The State Legislature has implemented this constitutional mandate through the creation of school districts of various types. The Rocky Point Union Free School District is governed by the laws set forth for Union Free School Districts in Education Law Article 35, and bylaws relating to, or affecting, Common School Districts as set forth in Education Law Article 33.

The School District constitutes a corporate entity that possesses all the usual powers of a corporation for public purposes, and in that name may sue and be sued, purchase, hold and sell personal property and real estate, and enter into such obligations as are authorized by law.

The Constitution of the State of New York places the responsibility for public education on the State Legislature, and directs the establishment of a State Department of Education for general supervision over the schools and headed by a Commissioner of Education. The New York State Constitution further provides that local public schools under the general supervision of the State Education Department shall be maintained, developed and operated by locally elected boards. Legally, local boards are instruments of the New York State Constitution, the New York Statutes and the regulations of the State Education Department and its Commissioner.

Board of Education Authority

As a body created under the Education Law of New York State, the Board of Education of the Rocky Point Union Free School District has full authority, within the limitations of federal and state laws and the Regulations of the Commissioner of Education and interpretations of them, to carry out the will of the people of its District in matters of education.

In all cases where laws or regulations of the State Commissioner of Education do not provide, permit, or prohibit, the Board shall consider itself the agent responsible for establishing and appraising educational matters and activities.

Board members have no authority over school affairs as individuals. They have authority only when acting as a body duly called in session.

SUBJECT: RESIGNATION AND DISMISSAL

Board members may resign at a District meeting of residents (i.e., the annual meeting, not a regular Board of Education meeting) or by filing a written resignation with the District Superintendent of the Supervisory District who must endorse his/her approval and file the resignation with the District Clerk.

Alternatively, a Board member may resign under Public Officers Law Section 31 by filing a written resignation with the District Clerk. The Clerk must then notify the School Board and the State Board of Elections.

A resignation may be withdrawn only with the consent of the person to whom the resignation was delivered (i.e., the District Clerk or BOCES District Superintendent). The School Board has no authority to act upon a request to withdraw a resignation.

The resignation shall take effect upon the date specified in the letter of resignation; however, if no effective date is specified, it shall take effect on the date of delivery to or filing with the District Clerk. If an effective date is specified in the letter of resignation, such date shall not be more than thirty (30) days subsequent to the date of its delivery or filing.

It shall be the duty of each member of the Board of Education to attend all meetings of the Board and, if any member shall refuse to attend three (3) consecutive meetings of the Board after having been regularly notified and a satisfactory cause for each non-attendance is not shown, the Board will proceed to declare that office vacant.

A Board member may be removed from office by the Commissioner of Education for willful violation of any provision of law, neglect of duty, or willfully disobeying any decision, order or regulation of the Commissioner. The Board of Education may also remove a Board member for misconduct relating to the exercise of authority as a Board member. A written copy of all charges made of such misconduct must be served upon the Board member at least ten (10) days before the time designated for a hearing on the charges; and the Board member shall be allowed a full and fair opportunity to refute such charges before removal.

In the event of death, resignation, removal from office or from the School District, or refusal to serve as a Board member, the District has the power and duty to fill the vacancy. If the Board chooses to fill the vacancy by appointment, the appointment requires a majority vote of the full Board and shall be only for a term ending with the next annual election of the School District.

The Board, at its own option, may instead call a special election within ninety (90) days to fill the unexpired term. If not filled by Board appointment or special election, the District Superintendent of the Supervisory District may appoint a competent person to fill the vacancy until the next annual election. Alternatively, the Commissioner of Education may order a special election for filling a vacancy. When such special election is ordered, the vacancy shall not be otherwise filled.

A person elected or appointed to fill a vacancy shall take office immediately upon filing the oath of office.

A Board member who has been removed from office shall be ineligible to appointment or election to any office in the District for a period of one (1) year from the date of such removal.

**SUBJECT: ATTENDANCE BY BOARD MEMBERS AT CONFERENCES,
CONVENTIONS AND WORKSHOPS**

The Board believes that continuing in-service training and development are important for its members. The Board, therefore, encourages the participation of all members at appropriate school board conferences, conventions and workshops which are believed to be of benefit to the School District. However, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes the following guidelines:

- a) A calendar of school board conferences, conventions and workshops shall be maintained by the Board Clerk. The Board will periodically decide which meetings appear to be most likely to produce direct and indirect benefits to the School District. At least annually, the Board will identify those new ideas or procedures and/or cost benefits that can be ascribed to participation at such meetings.
- b) Funds for participation at such conferences, conventions, workshops and the like will be budgeted for on an annual basis. When funds are limited, the Board will designate which members are to participate at a given meeting.
- c) Reimbursement to Board members for all actual and necessary registration fees, expenses of travel, meals and lodging, and all necessary tuition fees incurred in connection with attendance at conferences and the like will be in accordance with established regulations for expense reimbursement.
- d) When a conference, convention or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.

The authorization for Board members to attend a conference, convention, workshop and the like shall be by Board resolution adopted prior to such attendance. However, the Board, in its discretion, may delegate the power to authorize attendance at such conferences to the President of the Board of Education.

Where authorization has been delegated to the President of the Board, no expense or claim form shall be paid unless a travel order or similar document signed by the President is attached to such form, authorizing the claimant to attend the conference.

SUBJECT: ACCEPTABLE USE POLICY - STAFF/STUDENTS/VISITORS TO THE DISTRICT FOR DISTRICT NETWORK, 1:1 CHROMEBOOKS, COMPUTERS, E-MAIL, AND THE INTERNET**Introduction**

New technologies are changing the ways that information may be accessed, communicated, and transferred. These technological shifts also offer the opportunity to enhance instruction and student learning. The Board of Education will provide access to various computerized information resources through the District's computer system ("DCS" hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, so called "on-line services" and the "Internet." It may include the opportunity to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations. Further, all such use must be in support of education and/or research and consistent with the goals and purposes of the School District. District staff, students, and visitors are authorized to use the District's on-line services in accordance with the user obligations and responsibilities specified below.

Purpose

The purpose of this policy is to define guidelines for student, staff, and visitors for the use of District networked computer equipment, including those that provide access to the Internet.

1:1 Student and Staff Chromebook Program

The focus of the one-to-one (1:1) Chromebook program at the Rocky Point UFSD is to prepare students for their future, a world of digital technology and information. The 21st Century Skills in Education requires that technology be integrated throughout the curriculum. By increasing student access to technology, it allows each to learn at their full potential and prepare them for the real world of college and the workplace. Technology encourages problem solving and critical thinking skills, yet does not diminish the teacher from facilitating learning. The Rocky Point UFSD, following the Children's Internet Protection Act (CIPA) requirements and the Children's Online Privacy & Protection Act (COPPA) -- governs the collection, use, and disclosure of personal information collected from children under age 13, has safety policies and technology protection in place to filter and monitor the online activities of minors/students. Your child will be issued a Chromebook once an agreement has been signed and returned. Upon receipt of a Chromebook, the agreement between the Rocky Point UFSD, the student, and his/her parent or legal guardian is in effect. The student and parent(s), in consideration of being provided with a Chromebook and related materials for use while a student at Rocky Point UFSD, agree to the following:

The District has the sole right of possession of the Chromebook and any related equipment and gives the student and staff permission to use the device and accessories according to the guidelines stated in this document. The District administrative staff retains the right to collect and/or inspect the device at any time, including by remote access, and to add, delete or change installed extensions, apps, software and hardware. The District administration may deny, revoke, suspend, or limit a network account at any time without prior notification.

The District will retain records of serial numbers of the Chromebooks and to whom they are assigned. The District will stock a limited number of Chromebooks that may be loaned out if the assigned device becomes inoperable; however, the District cannot guarantee a loaner may be available at all times. Report all Chromebook problems immediately following the procedures set forth by building administration. Students may not keep a broken Chromebook or avoid

using a Chromebook due to loss or damage. If a student forgets to bring the device or power adapter to school, a substitute may be provided if one is available. Students are solely responsible for bringing the fully charged Chromebook to school each day. Students are solely responsible for any data stored on the Chromebook. Lost work due to mechanical failure or accidental deletion is not an acceptable excuse for not submitting work. Additional files such as music files, video files, and applications not related to schoolwork may be deleted without notification upon discovery and may result in a violation of the Internet Acceptable Use Policy and applies to students and staff.

Chromebooks are not to be used for personal profit or nonprofit purposes such as advertising, rentals, selling or buying, soliciting for charity, or other similar uses. Use of Chromebooks at home will be under the same filtering and security policies that they are in school. Inappropriate web use will be reported automatically in a daily report to school administration.

Chromebooks will be treated in the same manner as other school-owned educational tools. Therefore, all District policies, rules, handbooks, contracts, directives, including disciplinary measures apply to the Chromebook use. No additional permanent markings of any kind (stickers, engraving, permanent ink pen, tape, etc.) shall be placed on the Chromebook. While the devices are issued to students, they are still district-owned property. Additional permanent markings on the device will be considered vandalism.

The District cannot guarantee that content stored on Chromebooks or Google's server will be private. The District respects the rights of its employees and students; however, the District is also responsible for servicing and protecting its property. The District reserves the right to monitor using a variety of methods or access school Google accounts and Chromebooks if it suspects or is advised of possible breaches of security, harassment, or other violations of school policy, rules, regulations, or law, or if there is evidence of data or other intellectual property that belongs to another person.

Students and staff are solely responsible for reasonable care and use to ensure the Chromebook is not damaged. Treat this Chromebook with as much care as if it were your own. Instructions for care can be found on the District's website. If damage is caused by student negligence, as determined by the administration, the student and parent or guardian will be billed a fee on a case by case basis. Examples of gross negligence include, but are not limited to: leaving the computer unattended and unlocked resulting in loss or damage, lending equipment to others other than one's parent/guardian, using the computer in an unsafe environment, or using the computer in an unsafe manner. All repairs and service must be processed through the District. Do not attempt to repair the Chromebook on your own or to contact the equipment manufacturer.

Students and staff are responsible for the ethical and educational use of technology resources on District devices. Access to these resources is a privilege, not a right. Each employee, student, and visitor to the District will be required to follow the Acceptable Use Policy. Transmission of any material that is in violation of any federal or state law is prohibited. This includes, but is not limited to the following: student and staff confidential information, copyrighted material, threatening or obscene material, cyber bullying, and computer viruses.

Inappropriate media may not be used as a screensaver or background. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drugs, gang related symbols or pictures may result in disciplinary action.

For students, sound must be muted at all times unless the teacher gives permission for instructional purposes. Headphones may be used at the discretion of the teacher and are not provided by the District.

Only school-approved applications/extensions are to be loaded on the Chromebook. Students and employees must not intentionally interfere with the functioning of a Chromebook.

The use of any Internet-based file-sharing tools other than Google Apps for Education is prohibited. File sharing programs such as, but not limited to, Bit Torrent, LimeWire, Kazaa, Acquisition and others may not be used to facilitate illegal sharing of copyrighted material (music, video, and images). The use of virtual private networks (VPN) is prohibited.

Student Internet Access

The use of computer technology may be revoked or be the subject of student discipline, or employee reprimand/termination, if abused. Users will follow a sequential, structured approach to gaining skills, which will allow them to become independent, responsible users of the Internet. This approach addresses Internet use from an age and topic appropriate standpoint.

- a) In elementary schools (K through 2), teachers will actively supervise student's use of the Chromebooks, computers, peripherals and/or Internet access. Students will access Internet resources, which the teacher has previously explored and selected. Teachers will make every effort to ensure that students are directed to sites with only age-and topic-appropriate material and resources.
- b) In upper elementary school (3 through 5), teachers will supervise and model appropriate use of Chromebooks, computers, peripherals, and the Internet. Students will continue to have Internet access under direct teacher supervision; however, students will also experience guided practice leading towards gaining skills to become an independent, responsible user of the Internet. Teachers will model skills needed to search for information within an area of study, to filter information for credibility and worth, and to recognize areas of inappropriate information sources or access. Teachers will explore an Internet site before directing students to that site. Teachers will make every effort to ensure that students are directed only to sites with age-and topic-appropriate material and resources.
- c) In middle school and high school (6 through 12), teachers will provide guided practice and model appropriate use of Chromebooks, computers, peripherals, other electronic technology, and the Internet. Teachers will supervise student initiated information search activities and provide support for students as they begin to assume responsibility for becoming independent users of the Internet. Teachers will make every effort to ensure that students explore only sites with age-and topic-appropriate material and resources.

Electronic Mail

Students in grades K-8 and visitors to the District will not be issued individual electronic mail accounts. Students in grades 9-12 will be issued Google Apps for Education individual electronic mail accounts and provided with internal @rpufsd.org access only. Students may not email outside the @rpufsd.org domain or receive mail from outside the @rpufsd.org domain. Select staff will be issued electronic e-mail accounts. Students, staff, and visitors who have electronic mail accounts from sources outside the school division may be granted permission to use school resources to access those accounts. At the discretion of the Superintendent or his/her designee, some e-mail providers may be blocked. (Example: AOL, Yahoo)

Right to Privacy

The Superintendent or his/her designee has the right to access information stored in any user directory, on the computer hard drive, Chromebook, school-issued disks/flash memory, or in electronic mail. Users may not place confidential documents in their user Google Drive or attempt to access folders that are not their own. Internet Control Filtering and Monitoring

(Refer to Policies #8270 -- Instructional Technology and #8271 -- Children's Internet Protection Act: Internet Content Filtering/Safety Policy)

In accordance with federal, state, and local regulations, filtering software is used to control access to the Internet on the DCS **and/or Chromebook**. This blocks or filters visual depictions that are obscene and other content that is harmful to minors. Parents are advised, however, that filtering technology is imperfect, and that the possibility exists of obtaining access to prohibited materials. Educational staff will, to the best of their ability, monitor students' use of the Internet and will take reasonable measures to prevent access to inappropriate materials.

From time to time the District will make a determination on whether specific uses of the network are consistent with the regulations stated above. For security and administrative purposes, the District reserves the right for authorized personnel to review network use and content. The District reserves the right to remove an individual's network access privileges to prevent further unauthorized activity.

SUBJECT: SCHOOL VOLUNTEERS

The Board recognizes the need to develop a school volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer program will be to:

- a) Assist employees in providing more individualization and enrichment of instruction;

However, the Superintendent retains the right to approve or reject any volunteer applications submitted for consideration.

Administrative regulations will be developed to implement the terms of this policy.

The District reserves the right to have volunteers fingerprinted. Children are never to be left alone with District volunteers.

SUBJECT: CHARTER SCHOOLS

A charter school is a public school financed through public local, state and federal funds that is independent of local school boards. Although the New York Charter Schools Act of 1998 designates certain "charter entities," only the local school district may approve the conversion of an *existing public school* to a charter school. Prior to any such conversion to a charter school, the parents/guardians of the majority of the students then enrolled in the public school must have voted in favor of the conversion.

For charter schools approved by the Board of Trustees of the State University of New York or the Board of Regents, the local school district within which the charter school is located has the right to visit, examine, and inspect the charter school for compliance with all applicable laws, regulations, and charter provisions.

Charter schools may be located in part of an existing public school building, a private work site, a public building, or any other suitable location. At the request of the charter school or prospective applicant, the School District shall make available a list of vacant and unused school buildings and vacant and unused portions of school buildings, including private school buildings, within the School District which may be suitable for the operation of a charter school.

The School District's high school(s) may accept academic credit from students who transfer from the charter school as authorized and/or permitted in accordance with law, Commissioner's Regulations, and local District standards. Either the charter school or the local School Board may issue a high school diploma upon students' graduation from a charter school depending on the charter school's relationship with the School Board.

For the purposes of the Textbook Loan Program defined in Education Law Section 701, the Library Materials Loan Program defined in Education Law Section 711, and the Computer Software Loan Program defined in Education Law Section 751, and Health and Welfare Services defined in Education Law Section 912, students attending a charter school have the same access to textbooks, software and library materials loaned by the School District as if enrolled in a nonpublic school. Within available School District inventory and budgetary appropriations for purchase of such materials, the School District is required to provide such materials on an equitable basis to all public school students and to all nonpublic school and charter school students who are residents of the District (Textbook Loan Program) or who attend a nonpublic or charter school in the School District (Software and Library Materials Loan Programs). The base year enrollment of students in the charter school may be claimed by the School District for the purposes of Textbook, Software and Library Materials Aids, in the same manner as nonpublic school enrollments are claimed.

For the purpose of transportation, charter schools are considered nonpublic schools, which means that students attending charter schools who reside within a fifteen (15) mile radius of the charter school [or a greater radius if the voters of the *school district of residence* have approved nonpublic transportation for more than fifteen (15) miles] will receive transportation from their *school district of residence* on the same basis as nonpublic school students; that is, subject to the applicable

minimum mileage limits for transportation in the *school district of residence*, and the requirement of the timely filing of the request for transportation pursuant to Education Law Section 3635(2).

A student *cannot* be dually enrolled in the charter school and District schools. However, the *school district of residence* of students attending a charter school may, but is not required to, allow such students to participate in athletic and extracurricular activities.

Special Education programs and services shall be provided to students with disabilities attending a charter school in accordance with the individualized education program recommended by the Committee or Subcommittee of Special Education of the student's *school district of residence*. The charter school may arrange to have such services provided by the *school district of residence* or by the charter school directly or by contract with another provider. Where the district of residence provides the special education programs or services, they will be provided in the same manner as provided to students in other public schools in the District. This includes the provision of supplementary and related services on site to the same extent the District's policy and practices provide such services on the site of other public schools.

All employees of a public school *converted* to a charter school are included within the negotiating unit for the local school district, *but* the collective bargaining agreement of that negotiating unit may be *modified by a majority vote* of the members who work at the charter school, with the approval of the Board of Trustees of the charter school.

Instructional employees of a charter school which has *not* been converted from an existing public school and which has more than 250 students during the *first year* of instruction will be represented in a separate negotiating unit at the charter school by the same employee organization representing similar employees in the local school district. Employees *may* be included in the Teachers' Retirement System and other retirement systems open to employees of the School District. Financial contributions for such benefits are the responsibility of the charter school and the charter school's employees.

Teachers employed by the School District may apply for a leave of absence for purposes of teaching at a charter school. Approval for such leave of absence for a period of two (2) years or less shall not be unreasonably withheld. If such approval is granted to a teacher by the District, the teacher may return to teach in the School District during such period of leave without the loss of any right of certification, retirement, seniority, salary status, or any other benefit provided by law or by collective bargaining agreement. If an appropriate position is unavailable, the teacher's name shall be placed on a preferred eligible list of candidates for appointment to a vacancy that may thereafter occur in an office or position similar to the one such teacher filled in the District immediately prior to the leave of service.

SUBJECT: CHARTER SCHOOLS (Cont'd.)**Charter School Finances**

Charter school financing in the first year of operation shall be based on the number of students projected to be served by the charter school and the approved operating expenses of the district *of residence* of those students. Adjustments will be made in each subsequent year based upon the final report by the charter school of actual enrollment.

Federal and State aid attributable to students with disabilities are required to be paid to a charter school by the school district of residence for those students attending such charter school in proportion to the services the charter school provides such students directly or indirectly. The New York Charter Schools Act requires that the *school district of residence* forward such payments to the charter school, in six (6) substantially equal installments each year beginning on the first business day of the months of July, September, November, January, March, and May. Payment of federal aid attributable to a student with a disability attending a charter school must be made according to the requirements in 20 United States Code (USC) Sections 76.85-76.799 and Section 300.209 of Title 34 of the Code of Federal Regulations (CFR). Failure by the School District to make such required payments will result in the State Comptroller deducting the required amounts from State funds due to the District and paying them to the charter school.

Approved operating expenses include the essential operating cost of the School District. Excluded are costs for transportation, debt services, construction, tuition payments to other school districts, some BOCES payments, cafeteria or school lunch expenditures, balances and transfers, rental income from leased property, and certain other limited categories unless otherwise authorized pursuant to the federal grant program, *State Charter School Facilities Incentive Program*.

Amounts payable to a charter school by the School District will be determined by the Commissioner of Education.

Neither the School District, the charter entity, nor the State is liable for the debts of the charter school.

Notice and Hearing Requirements

The New York State Board of Regents is required to provide the School District information on the charter school process. If a charter school is proposed, the charter entity and the Board of Regents *shall notify the school district in which the charter school is located and public and nonpublic schools in the same geographic area* as the proposed charter school at each significant stage of the chartering process.

Such notification shall be provided by the charter entity within thirty (30) days of its receipt of an application for formation of a new charter school or for renewal of an existing charter school and at least forty-five (45) days prior to initial approval of the charter application by the charter entity.

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)

Before a charter is issued, revised or renewed, the school district in which the charter school is located shall hold a public hearing to solicit comments from the community potentially impacted by the proposed charter school. When a revision involves the relocation of a charter school to a different school district, the proposed new school district shall also hold a hearing. The school district shall, at the time of its dissemination, provide the State Education Department with a copy of the public hearing notice.

No later than the business day next following the hearing, the school district shall provide written confirmation to both the charter entity and the State Education Department of the date and time the hearing was held. Copies of all written records or comments generated from the hearing shall be submitted to the charter entity and the State Education Department within fifteen (15) days of the hearing.

The school district shall also be given the opportunity to comment on the proposed charter to the charter entity. The charter entity shall consider any comments raised and submit them to the Board of Regents with the application for issuance, revision or renewal of a charter.

In the event the school district fails to conduct a public hearing, the Board of Regents shall conduct a public hearing to solicit comments from the community in connection with the issuance, revision or renewal of a charter.

SUBJECT: PUBLIC COMPLAINTS

Complaints by citizens regarding any facet of the school operation often can be handled most satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the Building Principal and/or his/her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

If the complaint and related concerns are not resolved at this level to the satisfaction of the complainant, the complaint may be carried to the Superintendent and/or one of his/her assistants. Unresolved complaints at the building level must be reported to the Superintendent by the Building Principal. The Superintendent may require the statement of the complainant in writing.

The School District's administrators shall review all messages and materials prior to authorizing their dispersal through the student body.

Community Relations

SUBJECT: PARENT-TEACHER ASSOCIATION

The Board of Education recognizes that the goal of the Parent-Teacher Association is to develop a united effort between educators and the general public to secure for every child the highest achievement in physical, academic and social education. Therefore, staff members, parents and community members are encouraged to join the Parent-Teacher Association and to participate actively in its programs.

SUBJECT: BOOSTER CLUBS

Booster clubs or other related organizations may be created to promote community support and to raise funds for specific school activities or programs. These groups may not discriminate on the basis of sex, sexual orientation, color, national origin, ethnic background, disability, religion or any other criteria in violation of prevailing statutes, regulations or Board policies.

Booster clubs and other related organizations shall establish rules to govern their activities.

The Board may further require that:

- a) Financial records be maintained and made available, upon request;
- b) Fund raising activities be approved in advance by the Superintendent or his/her designee; and
- c) Groups wishing to make a contribution adhere to the District's policy and regulations regarding the acceptance of gifts.

Violations of District policy may result in the dissolution of the club or organization.

Civil Rights Law Section 40-c, Prohibits discrimination on the basis of race, creed, color, national origin, sex, marital status, sexual orientation or disability.

SUBJECT: SOLICITATION OF CHARITABLE DONATIONS**School Children**

Direct solicitation of charitable donations from children in the District schools on school property during regular school hours shall not be permitted. It will be a violation of District policy to ask District school children directly to contribute money or goods for the benefit of a charity during the hours in which District students are compelled to be on school premises.

However, this policy does not prevent the following types of fund raising activities:

- a) Fund raising activities which take place off school premises, or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives a consideration for his/her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity, shall not be prohibited as the purchaser will receive consideration - the concert or social event - for the funds expended;
- c) Indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods or money. However, collection of charitable contributions of food, clothing, other goods or funds from students in the classroom or homeroom is prohibited.

The Board of Education shall ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Regulations shall be developed by the administration to implement this policy.

School Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations shall be prohibited. The Superintendent of Schools shall have the authority to make exceptions to this policy in cases where such solicitation is considered to be in the District's best interest. The Board of Education shall be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent of Schools as a service to School District personnel.

SUBJECT: WEBSITE ACCESSIBILITY

The District is committed to making information on its website accessible to all online visitors, including those individuals with hearing, vision, cognitive, or physical disabilities, in order that they may possess equal opportunity to obtain the same information and reach the same levels of access as those not possessing a disability.

The District has undertaken good-faith efforts to ensure that its website complies with current standards on website accessibility, which include the ongoing review of online content and functionality. The District will make all reasonable efforts to ensure that all newly added, or modified online content and functionality, will be accessible to people with disabilities.

The District will consider the educational opportunities and benefits it provides through its website, how its website provides these opportunities and benefits, whether the website exists in a format that is accessible to individuals with disabilities, whether the website can be modified, and the availability of technology to enhance access to its website. The District may focus upon specific pages, information formats or features; it may expressly identify the pages or information that may be deciphered by screen readers; and it may specify any readers that may require downloading on its website. Moreover, the District may provide links to information or features on its website to further assist users.

Access Notice

The District will post a notice on its website regarding how users may request access to information that they believe is not accessible. The District may request that users provide their name, email address, phone number, a description of the problems they experienced, and the location of the information they tried to access. The District will make all reasonable efforts to provide inaccessible information in an alternative format.

Accessibility Contact Person

The District will designate a person whom website users may contact if they experience accessibility issues. The District will post contact information and specify how to contact this person on its website home page.

Exemptions

The District may conclude that features, programs, applications, or activities on its website are not accessible if making them accessible would cause them to be fundamentally altered, or when ensuring accessibility would result in an undue financial and operational burden. The District will maintain all documents on supporting its exemption determinations as required by law.

Training

The District will offer website accessibility training as necessary for appropriate District personnel who maintain or audit its web content or functionality.

Third-Party Sites

Any links to third-party sites on the District's website are not under its control, and thus, the District is not responsible for the content or accessibility of third-party sites. Third-party sites may not comply with accessibility standards.

SUBJECT: CODE OF CONDUCT ON SCHOOL PROPERTY

The District has developed and will amend, as appropriate, a written Code of Conduct for the Maintenance of Order on School Property, including school functions, which shall govern the conduct of students, teachers and other school personnel, as well as visitors. The Board of Education shall further provide for the enforcement of such Code of Conduct.

For purposes of this policy, and the implemented Code of Conduct, school property means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of the District's elementary or secondary schools, or in or on a school bus; and a school function shall mean a school-sponsored extracurricular event or activity regardless of where such event or activity takes place, including those that take place in another state.

The District Code of Conduct has been developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel and other school personnel.

The Code of Conduct shall include, at a minimum, the following:

- a) Provisions regarding conduct, dress and language deemed appropriate and acceptable on school property and at school functions, and conduct, dress and language deemed unacceptable and inappropriate on school property; provisions regarding acceptable civil and respectful treatment of teachers, school administrators, other school personnel, students and visitors on school property and at school functions; the appropriate range of disciplinary measures which may be imposed for violation of such Code; and the roles of teachers, administrators, other school personnel, the Board of Education and parents/persons in parental relation to the student;

SUBJECT: THREATS OF VIOLENCE IN SCHOOL

The School District is committed to the prevention of violence against any individual or property in the schools, on school property or at school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day.

Any person who commits an act or threatens an act of violence, including bomb threats, whether made orally, in writing, or by e-mail, shall be subject to appropriate discipline in accordance with applicable law, District policies and regulations, as well as the *Code of Conduct on School Property* and collective bargaining agreements, as may be necessary.

While acknowledging an individual's constitutional rights, including applicable due process rights, the District refuses to condone acts and/or threats of violence which threaten the safety and well being of staff, students, visitors and/or the school environment. Employees, students, agents and invitees shall refrain from engaging in threats or physical actions which create a safety hazard for others.

All staff who are made aware of physical acts and/or threats of violence directed to students or staff are to report such incidents to the Building Principal/designee, who shall report such occurrences to the Superintendent. Additionally, the Building Principal/designee will also report occurrences of violence, whether involving an actual confrontation or threat of potential violence, to the school psychologist and/or Director of Special Education if applicable. Local law enforcement agencies may be called as necessary upon the determination of the Superintendent/designee.

Students are to report all acts and/or threats of violence, including threats of suicide, of which they are aware by reporting such incidents to the school hotline, a faculty member, or the Building Principal.

The District reserves the right to seek restitution, in accordance with law, from the parent/guardian and/or student for any costs or damages which had been incurred by the District as a result of the threats or acts of violence in the schools.

This policy will be enforced in accordance with applicable laws and regulations, as well as collective bargaining agreements and the *Code of Conduct* as may be necessary. Additionally, this policy will be disseminated, as appropriate, to students, staff, and parents and will be available to the general public upon request.

Appropriate sanctions for violations of this policy by students will be addressed in the *Code of Conduct*.

Adoption Date: 3/23/09

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses complaints of discrimination and/or harassment made under applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

In accordance with applicable federal and state laws and regulations, the District does not discriminate on the basis of any legally protected class or category in its education programs and activities or when making employment decisions. Further, the District prohibits discrimination and harassment on school property and at school functions on the basis of any legally protected class or category including, but not limited to:

- a) Age;
- b) Race;
- c) Creed;
- d) Religion;
- e) Color;
- f) National origin;
- g) Citizenship or immigration status;
- h) Sexual orientation;
- i) Gender identity or expression;
- j) Military status;
- k) Sex;
- l) Disability;
- m) Predisposing genetic characteristics;

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

- n) Familial status;
- o) Marital status; and
- p) Status as a victim of domestic violence.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination and/or harassment. The District will promptly respond to reports of discrimination and/or harassment, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Scope and Application

This policy outlines the District's general approach to addressing complaints of discrimination and/or harassment. This policy applies to the dealings between or among the following parties on school property and at school functions:

- a) Students;
- b) Employees;
- c) Applicants for employment;
- d) Paid or unpaid interns;
- e) Anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace;
- f) Volunteers; and
- g) Visitors or other third parties.

Further, discrimination and/or harassment that occurs off school property and somewhere other than a school function can disrupt the District's educational and work environment. This conduct can occur in-person or through phone calls, texts, emails, or social media. Accordingly, conduct or incidents of discrimination and/or harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to discrimination and/or harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved, where the alleged discrimination and/or harassment occurred, and the basis of the alleged discrimination and/or harassment. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

Definitions

For purposes of this policy, the following definitions apply:

- a) "School property" means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of any District elementary or secondary school, or in or on a school bus or District vehicle.
- b) "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

What Constitutes Discrimination and Harassment

Determinations as to whether conduct or an incident constitutes discrimination and/or harassment will be made consistent with applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. These determinations may depend upon a number of factors, including, but not limited to: the particular conduct or incident at issue; the ages of the parties involved; the context in which the conduct or incident took place; the relationship of the parties to one another; the relationship of the parties to the District; and the protected class or characteristic that is alleged to have been the basis for the conduct or incident. The examples below are intended to serve as a general guide for individuals in determining what may constitute discrimination and/or harassment. These examples should not be construed to add or limit the rights that individuals and entities possess as a matter of law.

Generally stated, discrimination consists of the differential treatment of a person or group of people on the basis of their membership in a legally protected class. Discriminatory actions may include, but are not limited to: refusing to promote or hire an individual on the basis of their membership in a protected class; denying an individual access to facilities or educational benefits on the basis of their membership in a protected class; or impermissibly instituting policies or practices that disproportionately and adversely impact members of a protected class.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Generally stated, harassment consists of subjecting an individual, on the basis of their membership in a legally protected class, to unwelcome verbal, written, or physical conduct which may include, but is not limited to: derogatory remarks, signs, jokes, or pranks; demeaning comments or behavior; slurs; mimicking; name calling; graffiti; innuendo; gestures; physical contact; stalking; threatening; bullying; extorting; or the display or circulation of written materials or pictures.

This conduct may, among other things, have the purpose or effect of: subjecting the individual to inferior terms, conditions, or privileges of employment; creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with an individual's work or a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting an individual's employment or educational opportunities.

Under New York State Human Rights Law (NYSHRL), discrimination or harassment does not need to be severe or pervasive to be illegal. It can be any discriminatory or harassing behavior that rises above petty slights or trivial inconveniences. Every instance of discrimination or harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, NYSHRL specifies that whether discriminatory or harassing conduct is considered petty or trivial is to be viewed from the standpoint of a reasonable victim of discrimination with the same protected characteristics.

Civil Rights Compliance Officer

*The District has designated the following District employee(s) to serve as its CRCO(s):

Ms. Susann Crossan, Assistant Superintendent, 631-849-7568

Mr. Christopher VanCott, Assistant Superintendent for Business, 631-849-7564

Dr. Aaron Factor, Assistant Superintendent for Curriculum and Instruction, 631-849-7080

The CRCO(s) will coordinate the District's efforts to comply with its responsibilities under applicable non-discrimination and anti-harassment laws and regulations including, but not limited to: the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VI of the Civil Rights Act of 1964, and the Age Discrimination Act of 1975.

Where appropriate, the CRCO(s) may seek the assistance of other District employees, such as the District's Title IX Coordinator(s) or Dignity Act Coordinator(s) (DAC(s)), or third parties in investigating, responding to, and remedying complaints of discrimination and/or harassment.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Reporting Allegations of Discrimination and/or Harassment

Anyone who experiences, witnesses, or becomes aware of potential instances of discrimination or harassment is encouraged to report the behavior to a supervisor, building principal, other administrator, or the CRCO. Individuals should not feel discouraged from reporting discrimination or harassment because they do not believe it is bad enough or conversely because they do not want to see someone punished for less severe behavior.

Reports of discrimination and/or harassment may be made verbally or in writing. A written complaint form is posted on the District's website if an individual would like to use it, but the complaint form is not required. Individuals who are reporting discrimination and/or harassment on behalf of another individual may use the complaint form and note that it is being submitted on another individual's behalf. A verbal or otherwise written complaint (such as an email) on behalf of oneself or another individual is also acceptable.

Reports may be made to a CRCO in person, by using the contact information for a CRCO, or by any other means that results in a CRCO receiving the person's verbal or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for a CRCO.

Reports of discrimination and/or harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment must be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination.

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

In addition to complying with the reporting requirements in this policy, District employees must comply with any other applicable reporting requirements contained in District policy, regulation, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. Applicable documents include, but are not limited to, the District's policies, regulations, and procedures related to Title IX, sexual harassment in the workplace, and the Dignity for All Students Act (DASA).

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)****Supervisory Responsibilities**

Supervisors, building principals, other administrators, and the CRCOs are responsible for helping to maintain a discrimination and harassment-free educational and work environment.

All supervisors, building principals, and other administrators who receive a complaint or information about suspected discrimination or harassment, observe what may be discriminatory or harassing behavior, or for any reason suspect that discrimination or harassment is occurring, are required to report the suspected discrimination or harassment to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Supervisors, building principals, and other administrators should not be passive and wait for an individual to make a claim of discrimination or harassment. If they observe such behavior, they must act.

Supervisors, building principals, and other administrators can be disciplined if they engage in discriminatory or harassing behavior themselves. Supervisors, building principals, and other administrators, can also be disciplined for failing to report suspected discrimination or harassment or allowing discrimination or harassment to continue after they know about it.

While supervisors, building principals, and other administrators have a responsibility to report discrimination and harassment, they must be mindful of the impact that discrimination and/or harassment and a subsequent investigation has on victims. Being identified as a possible victim of discrimination or harassment and questioned about discrimination or harassment can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors, building principals, and other administrators must accommodate the needs of individuals who have experienced discrimination or harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Grievance Process for Complaints of Discrimination and/or Harassment

All complaints or information about discrimination or harassment will be investigated, whether that information was reported in verbal or written form. An investigation of any complaint, information, or knowledge of suspected discrimination or harassment will be prompt, thorough, equitable, and started and completed as soon as possible. Investigations will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All individuals involved, including those making a discrimination or harassment claim, witnesses, and alleged harassers deserve a fair and impartial investigation.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

The CRCO will generally oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

District employees may be required to cooperate as needed in an investigation of suspected discrimination or harassment. The District recognizes that participating in a discrimination or harassment investigation can be uncomfortable and has the potential to retraumatize an individual. Individuals receiving claims and leading investigations will handle complaints and questions with sensitivity toward participants.

Various District policies and documents address discrimination and harassment. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Dignity Act Coordinators (DACs) or Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that discrimination and/or harassment based on a legally protected class has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Knowingly Makes False Accusations

Any employee or student who knowingly makes false accusations against another individual as to allegations of discrimination and/or harassment will face appropriate disciplinary action.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits all retaliation. Any individual that reports an incident of discrimination or harassment, provides information, or otherwise assists in any investigation of a discrimination or harassment complaint is protected from retaliation. No one should fear reporting discrimination or harassment if they believe it has occurred. Even if the alleged discrimination or harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of discrimination or harassment.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Any District employee who retaliates against anyone involved in a discrimination or harassment investigation will face disciplinary action, up to and including termination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the discrimination and/or harassment has not resumed and that those involved in the investigation have not suffered retaliation.

Confidentiality

To the extent possible, all complaints will be treated as confidential. Disclosure may be necessary in certain circumstances such as to complete a thorough investigation and/or notify law enforcement officials. All disclosures will be in accordance with law and regulation.

Training

In order to promote familiarity with issues pertaining to discrimination and harassment in the District, and to help reduce incidents of prohibited conduct, the District will provide appropriate information and/or training to employees and students. As may be necessary, special training will be provided for individuals involved in the handling of discrimination and/or harassment complaints.

Notification

Prior to the beginning of each school year, the District will issue an appropriate public announcement or publication which advises students, parents or legal guardians, employees, and other relevant individuals of the District's established grievance process for resolving complaints of discrimination and/or harassment. This announcement or publication will include the name, office address, telephone number, and email address of the CRCO(s). The District's website will reflect current and complete contact information for the CRCO(s).

A copy of this policy and its corresponding regulations and/or procedures will be available upon request and will be posted and/or published in appropriate locations and/or District publications.

SUBJECT: TITLE IX AND SEX DISCRIMINATION**Overview**

The District is committed to creating and maintaining education programs and activities which are free from discrimination and harassment. This policy addresses complaints of sex discrimination, including sexual harassment, made under Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX). It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Title IX prohibits discrimination on the basis of sex in any education program or activity operated by a district that receives federal financial assistance. As required by Title IX, the District does not discriminate on the basis of sex in its education programs and activities or when making employment decisions.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sex discrimination, including sexual harassment. The District will promptly respond to reports of sex discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections to complainants and respondents, and impose sanctions and implement remedies when warranted.

Inquiries about this policy or the application of Title IX may be directed to the District's Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Scope and Application of Policy

This policy is limited to addressing complaints of sex discrimination, including sexual harassment, that fall within the scope of Title IX which, among other things, has a specific definition of sexual harassment and applies only to sex discrimination occurring against a person in the United States. This policy applies to any individual participating in or attempting to participate in the District's education programs or activities including students and employees.

Other District policies and documents address sex-based misconduct and may have different definitions, standards of review, and grievance procedures. These documents must be read in conjunction with this policy as they may cover incidents of sex-based misconduct not addressed by Title IX.

If the allegations forming the basis of a formal complaint of sexual harassment, if proven, would constitute prohibited conduct under Title IX, then the grievance process outlined in this policy would be applied to the investigation and adjudication of all the allegations. Depending on the allegations, additional grievance procedures may apply.

The dismissal of a formal complaint of sexual harassment under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)**What Constitutes Sex Discrimination Including Sexual Harassment**

Title IX prohibits various types of sex discrimination including, but not limited to: sexual harassment; the failure to provide equal athletic opportunity; sex-based discrimination in a District's science, technology, engineering, and math (STEM) courses and programs; and discrimination based on pregnancy.

Under Title IX, sexual harassment includes conduct on the basis of sex that satisfies one or more of the following:

- a) An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
- b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity;
- c) Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
- d) Dating violence, meaning violence committed by a person:
 1. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 2. Where the existence of such a relationship will be determined based on a consideration of the following factors:
 - (a) The length of the relationship;
 - (b) The type of relationship;
 - (c) The frequency of interaction between the persons involved in the relationship;
- e) Domestic violence, meaning felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- f) Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
1. Fear for his or her safety or the safety of others; or
 2. Suffer substantial emotional distress.

Title IX Coordinator

The District has designated and authorized the following District employee(s) to serve as its Title IX Coordinator(s):

Susann Crossan, Assistant Superintendent
Christopher Van Cott, Assistant Superintendent for Business

The Title IX Coordinator(s), who must be referred to as such, will coordinate the District's efforts to comply with its responsibilities under Title IX. However, the responsibilities of the Title IX Coordinator(s) may be delegated to other personnel.

Where appropriate, the Title IX Coordinator(s) may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Dignity Act Coordinator(s) (DAC(s)) in investigating, responding to, and remedying complaints of sex discrimination, including sexual harassment.

Reporting Allegations of Sex Discrimination

Any person may report sex discrimination, including sexual harassment, regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator.

Reports of sex discrimination may also be made to any other District employee including a supervisor, building principal, or the District's CRCO. All reports of sex discrimination, including sexual harassment, will be forwarded to the District's Title IX Coordinator. Reports may also be forwarded to other District employees depending on the allegations.

All District employees who witness or receive an oral or written report of sex discrimination must immediately inform the Title IX Coordinator. Failure to immediately inform the Title IX Coordinator may subject the employee to discipline up to and including termination.

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Making a report of sexual harassment is not the same as filing a formal complaint of sexual harassment. A formal complaint is a document either filed by a complainant or a parent or legal guardian who has a right to act on behalf of the complainant or signed by the Title IX Coordinator which alleges sexual harassment against a respondent and requests that the District investigate the allegations. While the District must respond to all reports it receives of sexual harassment, the Title IX grievance process is only initiated with the filing of a formal complaint.

In addition to complying with this policy, District employees must comply with any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. This includes, but is not limited to, Policy #7554 -- Dignity for All Students (DASA) which requires District employees to make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination of a student. Two days after making the oral report, DASA further requires that the District employee file a written report with the Superintendent or principal, their designee, or the DAC.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Grievance Process for Complaints of Sex Discrimination Other than Sexual Harassment

The District will provide for the prompt and equitable resolution of reports of sex discrimination other than sexual harassment. In responding to these reports, the Title IX Coordinator will utilize, as applicable, the grievance process set forth in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District and any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Grievance Process for Formal Complaints of Sexual Harassment

The District will respond to allegations of sexual harassment in a manner that is not deliberately indifferent whenever it has actual knowledge of sexual harassment in an education program or activity of the District. The District is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For purposes of reports and formal complaints of sexual harassment under Title IX, education program or activity includes locations, events, or circumstances over which the District exercised substantial control over both the respondent(s) and the context in which the sexual harassment occurred.

The District will follow a grievance process that complies with law and regulation before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will conduct the grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is anticipated that, in most cases, the grievance process will be conducted within a reasonably prompt manner and follow the time frames established in this policy.

Definitions

- a) "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a District's Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the District with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in this policy.
- b) "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- c) "Days" means in session ("school days") or "calendar days," as specified.
- d) "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the District. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by email or through an online portal provided for this purpose by the District) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party, and must comply with the requirements of law and regulation.
- e) "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- f) "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. These measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

General Requirements for the Investigative and Grievance Process

During the investigation of a formal complaint and throughout the grievance process, the District will ensure that:

- a) Complainants and respondents are treated equitably. This includes applying any provisions, rules, or practices incorporated into the District's grievance process, other than those required by law or regulation, equally to both parties.
- b) All relevant evidence is objectively evaluated, including both inculpatory and exculpatory evidence. Inculpatory evidence implicates or tends to implicate an individual in a crime or wrongdoing. Exculpatory evidence frees or tends to free an individual from blame or accusation.
- c) The Title IX Coordinator, investigator, decision-maker involved in the grievance process, or any person designated by the District to facilitate any informal resolution process does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- d) Respondents are presumed not to be responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- e) The grievance process, including any appeals or informal resolutions, is concluded within a reasonably prompt time frame and that the process is only temporarily delayed or extended for good cause. Good cause includes, but is not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

language assistance or accommodation of disabilities. Whenever the time frame is temporarily delayed or extended, written notice will be provided to all complainants and respondents of the delay or extension and the reasons for the action.

- f) The range of possible disciplinary sanctions and remedies that may be implemented by the District following any determination regarding responsibility are described to any known party.
- g) The same standard of evidence is used to determine responsibility in all formal complaints.
- h) The procedures and permissible bases for an appeal are known to all complainants and respondents.
- i) The range of supportive measures available are known to all complainants and respondents.
- j) There is no requirement, allowance of, reliance on, or otherwise use of questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding the privilege has waived the privilege.
- k) The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties.
- l) The Title IX Coordinator, the investigator, any decision-maker, or any other person participating on behalf the District does not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains that party's voluntary, written consent to do so for the grievance process. If the party is not an eligible student, as defined in FERPA as a student who has reached 18 years of age or is attending a post-secondary institution, the District will obtain the voluntary, written consent of a parent.
- m) The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- n) Credibility determinations are not be based on a person's status as a complainant, respondent, or witness.
- o) The ability of either party to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.
- p) The parties are provided with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney,

(Continued)

and not limit the choice or presence of advisor for any complainant or respondent in any meeting or grievance proceeding. However, the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

- q) Written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, is provided to any party whose participation is invited or expected with sufficient time for the party to prepare to participate.
- r) The parties are provided with equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the District does not intend to rely on in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- s) Any document sent to a minor or legally incompetent person is also sent to the party's parent or legal guardian.
- t) Any document sent to a party is also sent to the party's advisor, if known.

After a Report of Sexual Harassment Has Been Made

After receiving a report of sexual harassment, the Title IX Coordinator will:

- a) Promptly contact the complainant to discuss and offer supportive measures;
- b) Inform the complainant both of the range of supportive measures available and that these measures are available regardless of whether a formal complaint is filed;
- c) Consider the complainant's wishes with respect to supportive measures; and
- d) Explain to the complainant the process for filing a formal complaint.

The Title IX Coordinator may also contact the respondent to discuss and/or impose supportive measures.

Requests for confidentiality or use of anonymous reporting may limit how the District is able to respond to a report of sexual harassment.

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)Emergency Removal and Administrative Leave

At any point after receiving a report or formal complaint of sexual harassment, the District may immediately remove a respondent from the District's education program or activity on an emergency basis, provided that the District:

- a) Undertakes an individualized safety and risk analysis;
- b) Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
- c) Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

The District should coordinate their Title IX compliance efforts with special education staff when initiating an emergency removal of a student with a disability from an education program or activity as the removal could constitute a change of placement under the IDEA or Section 504.

The District may place a non-student employee respondent on administrative leave with or without pay during the pendency of the grievance process in accordance with law and regulation and any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Filing a Formal Complaint

A complainant may file a formal complaint with the Title IX Coordinator in person or by mail, email, or other method made available by the District. The complainant must be participating in or attempting to participate in the education program or activity of the District at the time of filing the complaint. The filing of a formal complaint initiates the grievance process.

A formal complaint must be signed by the complainant, the complainant's parent or legal guardian as appropriate, or the Title IX Coordinator. Where a parent or legal guardian signs the complaint, the parent or legal guardian does not become the complainant; rather the parent or legal guardian acts on behalf of the complainant. The Title IX Coordinator may sign the formal complaint, but his or her signature does not make him or her a complainant or a party to the complaint. If the formal complaint is signed by the Title IX Coordinator, the Title IX Coordinator is still obligated to comply with the grievance process outlined in this policy.

The complainant, or the complainant's parent or legal guardian, must physically or digitally sign the formal complaint, or otherwise indicate that the complainant is the person filing the formal complaint. When a formal complaint is filed, the Title IX Coordinator must send a written notice of allegations to all parties which includes the identities of all known parties.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will not discriminate on the basis of sex in its treatment of a complainant or a respondent in responding to a formal complaint of sexual harassment.

The formal complaint form may be obtained from the District's Title IX Coordinator or found on the District's website.

Consolidation of Formal Complaints

The District may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Written Notice of Allegations

Upon receipt of a formal complaint, the District will send all known parties written notice of:

- a) The District's grievance process, including any informal resolution process; and
- b) The allegations of sexual harassment which will:
 1. Provide sufficient details known at the time and sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 2. State that the respondent is presumed not to be responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
 3. Inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney;
 4. Inform the parties that they may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint; and
 5. Include notice of any provision in any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about any complainant or respondent that were not included in the initial notice, the District will provide another notice of the additional allegations to the parties whose identities are known.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)Investigation of a Formal Complaint

The Title IX Coordinator will oversee the District's investigation of all formal complaints. During the investigation of a formal complaint, the Title IX Coordinator or another District employee may serve as the District's investigator. The District may also outsource all or part of an investigation to appropriate third parties. The outsourcing of all or part of an investigation does not relieve the District from its obligation to comply with law and regulation.

It is anticipated that most investigations will be completed within thirty (30) school days after receiving a formal complaint.

During the investigation of a formal complaint, the investigator will, as appropriate:

- a) Collect, review, and preserve all evidence including, but not limited to, any relevant documents, videos, electronic communications, and phone records.
- b) Interview all relevant persons including, but not limited to, any complainants, respondents, and witnesses. Interviews of complainants and respondents will be conducted separately. If a student is involved, the District will follow any applicable District policy, procedure, or other document such as the District's *Code of Conduct* regarding the questioning of students.
- c) Create written documentation of the investigation (such as a letter, memo, or email), which contains the following:
 1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 2. A list of names of those interviewed, along with a detailed summary of their statements;
 3. A timeline of events; and
 4. A summary of prior relevant incidents, reported or unreported.
- d) Keep any written documentation and associated documents in a secure and confidential location.

Prior to completion of the investigative report, the District will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties will have at least fifteen (15) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

At the end of the investigation, an investigative report will be created that fairly summarizes all relevant evidence.

At least ten (10) school days prior to a hearing or other determination regarding responsibility, the investigative report will be sent to each party and the party's advisor, if any, in an electronic format or a hard copy, for their review and written response.

Dismissal of a Formal Complaint

The District must investigate the allegations in a formal complaint. The District must dismiss a formal complaint under Title IX if the conduct alleged:

- a) Would not constitute sexual harassment even if proven;
- b) Did not occur in the District's education program or activity; or
- c) Did not occur against a person in the United States.

Further, the District may dismiss a formal complaint or any of its allegations under Title IX, if at any time during the investigation or hearing:

- a) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any of its allegations;
- b) The respondent is no longer enrolled or employed by the District; or
- c) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or any of its allegations.

Upon a dismissal of a formal complaint, the District must promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Informal Resolutions

Before reaching a determination regarding responsibility, but only after a formal complaint is filed, the District may offer and facilitate the use of an informal resolution process, such as mediation, that does not involve a full investigation and adjudication of the formal complaint.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

It is anticipated that most informal resolutions will be completed within 15 school days.

The District will not require that parties participate in an informal resolution process. The District will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. Further, the District will not require the waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right.

If the District offers and facilitates the use of an informal resolution process, it will:

- a) Provide written notice to all known parties which details:
 1. The allegations in the formal complaint;
 2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint;
 3. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
- b) Obtain the parties' voluntary, written consent to the informal resolution process.

Hearings and Determination Regarding Responsibility

The District will designate an individual decision-maker or a panel of decision-makers to issue a written determination regarding responsibility. A decision-maker can either be a District employee or, where appropriate, a third-party. They cannot be the same individual as either the Title IX Coordinator or the investigator(s).

The District's grievance process may, but is not required to, provide for a hearing. The determination as to whether a hearing will be provided will be made on a case-by-case basis. If a hearing is provided, the District will make all evidence subject to the parties' inspection and review available to give each party equal opportunity to refer to this evidence during the hearing, including for purposes of cross-examination.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

With or without a hearing, before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to:

- a) Submit written, relevant questions that a party wants asked of any party or witness within five (5) school days after the parties have received the investigative report;
- b) Provide each party with the answers given by any party or witness within three (3) calendar days of receipt of same; and
- c) Allow for additional, limited follow-up questions and responses from each party to occur within three (3) calendar days after the parties have received responses to their initial questions.

Questions and evidence about a complainant's sexual predisposition or prior sexual behavior will not be considered, unless the questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s) will issue a written determination regarding responsibility to the Title IX Coordinator, the Superintendent, and all parties simultaneously within three (3) school days after all follow-up questions have been responded to or after the hearing, if one has been provided.

To reach this determination, the decision-maker(s) will use the clear and convincing evidence standard which is the standard of evidence that will be applied in all formal complaints of sexual harassment. This standard is understood to mean concluding that a fact is highly probable to be true.

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The written notice of the determination regarding responsibility will include:

- a) Identification of the allegations potentially constituting sexual harassment;
- b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- c) Findings of fact supporting the determination;
- d) Conclusions regarding the application of any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* to the facts;
- e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District is imposing on the respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
- f) The District's procedures and permissible bases for the complainant and respondent to appeal.

Finality of Determination Regarding Responsibility

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination regarding responsibility for sexual harassment has been made against the respondent, remedies will be provided to a complainant and disciplinary sanctions may be imposed on a respondent. Remedies will be designed to restore or preserve equal access to the District's education program or activity. Remedies and disciplinary sanctions will be implemented in accordance with applicable laws and regulations, as well as any District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

The Title IX Coordinator is responsible for the effective implementation of any remedies and/or disciplinary sanctions. The Title IX Coordinator will work with other individuals as necessary to effectively implement remedies and/or disciplinary sanctions.

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)Appeals

Either party may file an appeal from a determination regarding responsibility or from the District's dismissal of a formal complaint or any of its allegations. Appeals must be submitted in writing to the Title IX Coordinator within thirty (30) calendar days of the written notice of the determination regarding responsibility or dismissal of the formal complaint or any of its allegations.

An appeal may only be based upon one or more of the following bases:

- a) Procedural irregularity that affected the outcome of the matter;
- b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- c) The Title IX Coordinator, investigator, or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The bases on which a party is seeking an appeal should be specifically stated in the party's written appeal.

Upon receipt of an appeal, the District will:

- a) Notify the other party in writing that an appeal has been filed and implement appeal procedures equally for both parties;
- b) Ensure that any decision-maker for the appeal:
 1. Is not the same person as any decision-maker that reached the initial determination regarding responsibility or dismissal, investigator, or Title IX Coordinator;
 2. Does not have any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- c) Give all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. Parties will have to submit these written statements within twenty (20) calendar days after the parties have been notified of the appeal;
- d) Issue a written decision describing the result of the appeal and the rationale for the result; and

(Continued)

Community Relations

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- e) Provide the written decision simultaneously to the Title IX Coordinator, the Superintendent, and all parties within thirty (30) calendar days after receiving the parties written statements in support of, or challenging, the outcome.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual for the purpose of interfering with his or her Title IX rights or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under Title IX.

Charging an individual with *Code of Conduct* or other applicable violations that do not involve sex discrimination, including sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. Charging an individual with a *Code of Conduct* or other applicable violation for making a materially false statement in bad faith during a grievance proceeding does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

All complaints alleging retaliation will be handled in a manner consistent with the District's policies and procedures regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Confidentiality

Except where disclosure may be permitted or required by law or regulation, the District will keep confidential the identity of any:

- a) Individual who has made a report or complaint of sex discrimination;
- b) Individual who has made a report or filed a formal complaint of sexual harassment;
- c) Complainant;
- d) Individual who has been reported to be the perpetrator of sex discrimination;

- f) Witness.

Training

The District will ensure that:

- a) All Title IX Coordinators, investigators, decision-makers, or persons who facilitate an informal resolution process receive training on:
 - 1. The definition of sexual harassment as defined in Title IX;
 - 2. The scope of the District's education program or activity;
 - 3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and
 - 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.
- b) All decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant.
- c) All investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.
- d) All District employees receive training on mandatory reporting obligations and any other responsibilities that they may have relative to Title IX.

Materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment. Training materials will be made publicly available on the District's website.

Notification

The District will notify students, parents or legal guardians of students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District of this policy.

Further, the District will prominently publish this policy and the contact information for the Title IX Coordinator(s) on its website and in other publications, including in each handbook or catalog that it makes available to the individuals and entities referenced above.

Recordkeeping

For a period of seven years, the District will retain the following:

- a) Records of each sexual harassment investigation including any:
 1. Determination regarding responsibility;
 2. Audio or audiovisual recording or transcript required under law or regulation;
 3. Disciplinary sanctions imposed on the respondent; and
 4. Remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity.
- b) Any appeal and its result.
- c) Any informal resolution and its result.
- d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- e) For each response to sexual harassment where the District had actual knowledge of sexual harassment in its education program or activity against a person in the United States, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If a District does not provide a complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

SUBJECT: UNIFORM VIOLENT AND DISRUPTIVE INCIDENT REPORTING SYSTEM (VADIR)

In compliance with the Uniform Violent and Disruptive Incident Reporting System, the District will record each violent or disruptive incident that occurs on school property or at a school function. School property shall mean in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus as defined in Vehicle and Traffic Law Section 142. A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

In accordance with the manner prescribed, the District will submit an annual report of violent and disruptive incidents (on the *Summary of Violent and Disruptive Incidents* form) from the previous school year to the Commissioner of Education. Summary data will be used to determine the rate of violent and disruptive incidents in each school and to identify schools as persistently dangerous, as required by the No Child Left Behind Act.

The District will utilize the *Individual Violent and Disruptive Incident Report* form for the reporting of individual incidents by each building and/or program under its jurisdiction and for the tally count of incidents into the Summary Form. Copies of such incident reports will be retained for the time prescribed by the Commissioner in the applicable records retention schedule. These reports will be available for inspection by the State Education Department upon request.

All personally identifiable information included in a violent or disruptive incident report will be confidential and will not be disclosed to any person for any purpose other than that specified in Education Law Section 2802, except as otherwise authorized by law.

The District will include a summary of the District's annual violent or disruptive incident report in its School District Report Card in the format prescribed by the Commissioner.

Reporting Guidelines

The District will utilize the New York State Education Department's website to obtain copies of the forms, directions, glossary and additional information at www.emsc.nysed.gov/irts/.

SUBJECT: BUDGET PLANNING AND DEVELOPMENT

Budget planning and development for the District will be an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the School System. Budget planning will be a year-round process involving participation of District-level administrators, Principals, Directors, Coordinators, teachers, and other personnel. The process of budget planning and development should allow for community input and contain numerous opportunities for public information and feedback.

The Superintendent will have overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the Principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the School System's educational priorities.

All budget documents for distribution to the public shall be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents shall be complete and accurate and contain sufficient detail to adequately inform the public regarding such data as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in such information from the prior year's submitted budget.

In accordance with Commissioner's Regulations, the budget will be presented in three (3) components which are to be voted upon as one (1) proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

- a) A program component which shall include, but need not be limited to, all program expenditures of the School District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which shall include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative

orders or settled or compromised claims; and all facilities costs of the School District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the School District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget shall include a rental, operations and maintenance section that includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

- c) An administrative component which shall include, but need not be limited to, office and central administrative expenses, traveling expenses and salaries and benefits of all certified school administrators and supervisors who spend a majority of their time performing administrative or supervisory duties, any and all expenditures associated with the operation of the Office of the School Board, the Office of the Superintendent of Schools, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning and all other administrative activities.

Additionally, the Board of Education shall append to the proposed budget the following documents:

- a) A detailed statement of the total compensation to be paid to the Superintendent of Schools, and any Assistant or Associate Superintendent of Schools in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;
- b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;
- c) A School District Report Card, prepared pursuant to Commissioner's Regulations, which includes measures of the academic performance of the School District, on a school by school basis, and measures of the fiscal performance of the District; and
- d) A Property Tax Report Card prepared in accordance with law and Commissioner's Regulations (see subheading "Property Tax Report Card").
- e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

The Board shall attest that unexpended surplus funds (i.e., operating funds in excess of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy. For the 2007-2008 school year, surplus funds shall mean any operating funds in excess of three percent (3%); for 2008-2009 school year and thereafter, surplus funds shall mean any operating funds in excess of four percent (4%).

The proposed budget for the ensuing school year shall be reviewed by the Board of Education and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, such funds shall not be utilized to promote either a favorable or negative opinion of the proposed budget.

Property Tax Report Card

Each year, the Board of Education shall prepare a Property Tax Report Card, pursuant to Commissioner's Regulations, and shall make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card shall include:

- a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the School District budget for the preceding school year; and
- b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and
- c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and
- d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the School District budget for the preceding school year; and the percentage of the School District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, NYSED and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by sixty percent (60%) of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting shall be submitted to the State Education Department in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board of Education, but no later than twenty-four (24) days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

The State Education Department shall compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and shall make such compilation available electronically at least ten (10) days prior to the statewide uniform voting day.

Tax Exemption Report

A Tax Exemption Report shall be annexed to any tentative or preliminary budget and shall become part of the final budget. This report shall be on the form as prescribed by the State Board of Real Property Services and shall show the following:

- a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;
- b) Every type of exemption granted as identified by statutory authority;
- c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;
- d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and
- e) The cumulative impact of all exemptions granted.

Notice of this report shall be included in any notice of the preparation of the budget required by law and shall be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

SUBJECT: BUDGET ADOPTION

The Board of Education shall review the recommended budget of the Superintendent of Schools and shall seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven (7) nor more than fourteen (14) days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

The District budget for any school year, or any part of the budget, or any proposition(s) involving the expenditure of money for that school year, will not be submitted for a vote of the qualified District voters more than twice.

The District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District. The District will post its final annual budget and any multi-year financial plan adopted by the Board on its website.

Contingency Budget

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. If the voters fail to approve the second budget submittal, or budget proposition(s), or if the Board elects not to put the proposed budget to a public vote a second time, the Board must adopt a contingency budget with a tax levy that is no greater than the prior year's levy (i.e., 0% levy growth).

The administrative component of the contingency budget is capped at the lesser of:

- a) The percent of the administrative component to the total budget in the prior year's budget, not including the capital component; or
- b) The percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including, the capital component.

SUBJECT: ACCEPTANCE OF GIFTS, GRANTS AND BEQUESTS TO THE SCHOOL DISTRICT

The Board may accept gifts, grants and/or bequests of money, real or personal property, as well as other merchandise which, in view of the Board, add to the overall welfare of the School District, provided that such acceptance is in accordance with existing laws and regulations. Donations to the District are fully tax deductible so long as the gift is used exclusively for public purposes. The Board may refuse any gifts which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District., The Board may, if it deems it necessary, request that gifts of equipment, facilities, or any item that requires upkeep and maintenance include funds to carry out maintenance for the foreseeable life of the donation. Furthermore, the Board will not accept any gift, grant or bequest which constitutes a conflict of interest and/or gives an appearance of impropriety. At the same time, the Board will safeguard the District, the staff and students from commercial exploitation, from special interest groups, and the like.

The Board of Education will not formally consider the acceptance of gifts or grants until and unless it receives the offer in writing from the donor/grantor or their attorney or financial advisor. Any such gifts or grants donated to the Board and accepted on behalf of the School District must be by official action and resolution passed by Board majority. The Board suggests that donors/grantors work first with school administrators in determining the nature of the gift or grant prior to formal consideration for acceptance by the Board.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts/charitable contributions with District funds.

Gifts to the District will be annually accounted for as required by Generally Accepted Accounting Principles (GAAP). All gifts, grants and/or bequests become District property. Adoption Date: 3/23/09

SUBJECT: USE OF THE DISTRICT CREDIT CARDS

The Board of Education permits the use of district credit cards by certain school officials and Board members to pay for actual and necessary expenses incurred in the performance of work-related duties for the district. A list of those individuals that will be issued a district credit card will be maintained in the Business Office and reported to the Board each year at its reorganizational meeting in July. All credit cards will be in the name of the school district.

The Board shall ensure that the credit card is secured through an RFP process and the relationship between the district and the credit card company is such that the district preserves its right to refuse to pay any claim or portion thereof that is not expressly authorized, does not constitute a proper district charge, or supersedes any laws, rules, regulations, or policies otherwise applicable. In addition, the Board will ensure that no claim shall be paid unless an itemized voucher approved by the officer whose action gave rise or origin to the claim, shall have been presented to the Board and shall have been audited and allowed.

Credit cards may only be used for legitimate school district business expenditures. The use of credit cards is not intended to circumvent the district's policy on purchasing.

Users must take proper care of these credit cards and take all reasonable precautions against damage, loss, or theft. Any damage, loss, or theft must be reported immediately to the Business Office and to the appropriate financial institution. Failure to take proper care of credit cards or failure to report damage, loss or theft may subject the employee to financial liability.

Purchases that are unauthorized, illegal, represent a conflict of interest, are personal in nature or violate the intent of this policy may result in credit card revocation and discipline of the employee.

Users must submit detailed documentation, including itemized receipts for commodities, services, travel and/or other actual and necessary expenses which have been incurred in connection with school-related business for which the credit card has been used.

The Superintendent of Schools, in consultation with the Assistant Superintendent for Finance and Operations, shall establish regulations governing the issuance and use of credit cards. Each cardholder shall be apprised of the procedures governing the use of the credit card and a copy of this policy and accompanying regulations shall be given to each cardholder.

The Assistant Superintendent for Finance and Operations shall periodically, but no less than twice a year, monitor the use of each credit card and report any serious problems and/or discrepancies directly to the Superintendent and the Board.

SUBJECT: USE OF THE DISTRICT CELL PHONES

The Board of Education recognizes that certain District employees will be required to carry District-owned cell phones in order to meet their job responsibilities. Such phones should be provided only when a less costly alternative is not available or is not appropriate in the circumstances.

A list of job titles requiring District-owned cell phones shall be maintained in the Business Office and reported to the Board for its approval each year at its reorganizational meeting in July. All cellular telephone contracts shall be secured through the appropriate purchasing process (e.g., competitive bid, RPF process) and shall be subject to review and approval by the Board.

Cell phones are to be used for school District business purposes only and anything other than incidental private use is prohibited. Failure to follow these guidelines may result in revocation of the phone and discipline of the employee.

As with any District-owned equipment, employees must take proper care of cell phones and take all reasonable precautions against damage, loss, or theft. Any damage, loss, or theft must be reported immediately to the Business Office. Since employees are responsible for the safe return of District-owned cell phones, employees who use District-owned cell phones may be liable for damages or loss which occur during the period of its use.

SUBJECT: REIMBURSEMENT FOR MEALS/REFRESHMENTS

The Board of Education recognizes that, occasionally, it may be appropriate to provide refreshments and/or meals at District meetings or events, which are being held for a District or educational purpose. Any expenditure on such refreshments and/or meals must be approved in advance by the Assistant Superintendent for Finance and Operations. Meal requests may be approved when:

- a) Officers and/or employees of the District will be prevented from taking time off for food consumption due to a pressing need to complete the business at hand;
- b) The District is faced with business of an immediate nature and meetings of District employees are essential at mealtime;
- c) The District wishes to recognize the services provided by volunteers or other unsalaried members of the District (in such cases, however, only the meals of those being recognized may be reimbursed and the cost of the meals must be reasonable);
- d) Board meetings held during the dinner hour and food is delivered (maximum reimbursement is \$100 per meeting);
- e) Attendance by Board members at conferences, conventions and workshops (see Policy #2320).

All expenses must be appropriately documented, including the date, purpose of the meeting and the group in attendance, and submitted to the District Business Office for the purpose of audit and possible reimbursement.

SUBJECT: PAYROLL & OVERTIME

Payroll

The Board of Education recognizes the importance of the payroll function to the effective administration of the School District. It is the intention of the Board of Education to take reasonable and necessary steps to safeguard the School District's payroll.

The payroll supervisor will issue paychecks and/or direct deposit authorizations signed by the School District's Treasurer and payable to the order of the persons entitled to receive such moneys, shall be issued. Payroll procedures will also be reviewed periodically by the individuals or firms performing the Internal Audit and Claims Auditing functions. Auditors will report findings and recommendations to the Board of Education.

Overtime

The Board of Education adopts this policy pursuant to the Fair Labor Standards Act (FLSA) and Section 90 of the New York State General Municipal Law (GML). Non-exempt employees under the FLSA are eligible for overtime for all hours worked in excess of 40 in any work week, except as specified by collective bargaining agreements. An employee's supervisor may require a non-exempt employee to work overtime. The District will attempt to give reasonable notice in such instances; however, advance notice may not always be possible.

Every attempt will be made for non-emergency overtime to be approved in advance by the employee's immediate supervisor using a District-prescribed, pre-approval overtime form. Overtime approvals may include, but are not limited to, scheduling for building events, various district projects, construction, use of facilities by outside community groups, shift coverage, weather-related issues and/or other emergency matters. Personnel authorized to assign overtime include central office administration, district-wide directors and building-level administrators. Overtime will be offered in a manner consistent with collective bargaining agreements.

SUBJECT: PURCHASING

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board of Education. The purchasing process should enhance school operations and educational programs through the procurement of goods and services deemed necessary to meet District needs.

Competitive Bids and Quotations

As required by law, the Superintendent will follow normal bidding procedures in all cases where needed quantities of like items will total the maximum level allowed by law during the fiscal year, (similarly for public works-construction, repair, etc.) and in such other cases that seem to be to the financial advantage of the School District.

A bid bond may be required if considered advisable.

No bid for supplies shall be accepted that does not conform to specifications furnished unless specifications are waived by Board action. Contracts shall be awarded to the lowest responsible bidder who meets specifications. However, the Board may choose to reject any bid.

Rules shall be developed by the administration for the competitive purchasing of goods and services.

The Superintendent may authorize purchases within the approved budget without bidding if required by emergencies and are legally permitted.

The Superintendent is authorized to enter into cooperative bidding for various needs of the School District.

Request for Proposal Process for the Independent Auditor

In accordance with law, no audit engagement shall be for a term longer than five (5) consecutive years. The District may, however, permit an independent auditor engaged under an existing contract for such services to submit a proposal for such services in response to a request for competitive proposals or be awarded a contract to provide such services under a request for proposal process.

Procurement of Goods and Services

The Board of Education recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services must be procured in a manner so as to:

- a) Assure the prudent and economical use of public moneys in the best interest of the taxpayer;

(Continued)

SUBJECT: PURCHASING (Cont'd.)

- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud and corruption.

These procedures shall contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;
- b) With certain exceptions (purchases pursuant to General Municipal Law, Article 5-A; State Finance Law, Section 162; State Correction Law, Section 184; or those circumstances or types of procurements set forth in (f) of this section), provide that alternative proposals or quotations for goods and services shall be secured by use of written request for proposals, written quotations, verbal quotations or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;
- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles. Such information shall be updated biennially.

Any unintentional failure to fully comply with these provisions shall not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The Board of Education shall solicit comments concerning the District's policies and procedures from those employees involved in the procurement process. All policies and procedures regarding the procurement of goods and services shall be reviewed annually by the Board.

Best Value

Effective January 27, 2012, General Municipal Law (GML) Section 103 was amended to permit a school district or BOCES to award purchase contracts in excess of twenty thousand dollars (\$20,000) on the basis of "best value", rather than on the basis of the lowest responsible bid. The Board of Education must adopt a resolution at a public meeting authorizing the award of bids based on "best

(Continued)

SUBJECT: PURCHASING (Cont'd.)

value." The Board of Education may also approve "best value" bid award recommendations on an individual bid basis at a scheduled public meeting. A best value award is one that optimizes quality, cost and efficiency, typically applies to complex services and technology contracts and is quantifiable whenever possible.

"Piggybacking" Law - Exception to Competitive Bidding

On August 1, 2012, General Municipal Law (GML) Section 103 was amended to allow school districts to purchase certain goods and services (apparatus, materials, equipment and supplies) through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision or district of any state. The amendment authorizes school districts and BOCES to "piggyback" on contracts let by outside governmental agencies in a manner that constitutes competitive bidding "consistent with state law."

This "piggybacking" is permitted on contracts issued by other governmental entities, provided that the original contract:

- a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district therein;
- b) Was made available for use by other governmental entities and agreeable with the contract holder; and
- c) Was let in a manner that constitutes competitive bidding consistent with New York State law and is not in conflict with other New York State laws.

The "piggybacking" amendment and the "best value" amendment may not be combined to authorize a municipality to "piggyback" onto a cooperative contract which was awarded on the basis of "best value." In other words, while a school district or BOCES may authorize the award of contracts on the basis of "best value", it may not "piggyback" onto a purchasing contract awarded by another agency on the basis of "best value."

Alternative Formats for Instructional Materials

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the School District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's Regulations.

(Continued)

SUBJECT: PURCHASING (Cont'd.)

As required by federal law and New York State Regulations, the District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. Each school district has the option of participating in the National Instructional Materials Access Center (NIMAC). Whether a district does or does not participate in NIMAC, the district will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards. The New York State Education Department (NYSED) recommends that school districts choose to participate in NIMAC, because this national effort to centralize the distribution of instructional materials in alternate formats will help guarantee timely provision of such materials to students.

For school districts, Boards of Cooperative Educational Services (BOCES), State-operated schools, State-supported schools and approved private schools that choose to participate in NIMAC, **contracts with publishers executed on and after December 3, 2006** for textbooks and other printed core materials *must* include a provision that requires the publisher to produce NIMAS files and send them to the NIMAC (this will not add any cost to the contract).

Geographic Preference in Procuring Local Agricultural Products

Schools participating in Child Nutrition Programs such as the National School Lunch Program, School Breakfast Program and/or Special Milk Program are encouraged to purchase unprocessed locally grown and locally raised agricultural products. A School District may apply an optional geographic preference in the procurement of such products by defining the local area where this option will be applied. The intent of this preference is to supply wholesome unprocessed agricultural products that are fresh and delivered close to the source.

A geographic preference established for a specific area adds additional points or credits to bids received in response to a solicitation, but does not provide a set-aside for bidders located in a specific area, nor does it preclude a bidder from outside a specified geographic area from competing for and possibly being awarded a specific contract.

Computer Software Purchases

Software programs designated for use by students in conjunction with computers of the District shall meet the following criteria:

- a) A computer program which a student is required to use as a learning aid in a particular class; and

SUBJECT: PURCHASING (Cont'd.)

- b) Any content-based instructional materials in an electronic format that are aligned with State Standards which are accessed or delivered through the internet and based on a subscription model. Such electronic format materials may include a variety of media assets and learning tools including video, audio, images, teacher guides, and student access capabilities as such terms are defined in Commissioner's Regulations.

Environmentally Sensitive Cleaning and Maintenance Products

In accordance with Commissioner's Regulations, State Finance Law and Education Law, effective with the 2006-2007 school year, the District shall follow guidelines, specifications and sample lists when purchasing cleaning and maintenance products for use in its facilities. Such facilities include any building or facility used for instructional purposes and the surrounding grounds or other sites used for playgrounds, athletics or other instruction.

Environmentally sensitive cleaning and maintenance products are those which minimize adverse impacts on health and the environment. Such products reduce as much as possible exposures of children and school staff to potentially harmful chemicals and substances used in the cleaning and maintenance of school facilities. The District shall identify and procure environmentally sensitive cleaning and maintenance products which are available in the form, function and utility generally used. Coordinated procurement of such products as specified by the Office of General Services (OGS) may be done through central state purchasing contracts to ensure that the District can procure these products on a competitive basis.

The District shall notify their personnel of the availability of such guidelines, specifications and sample product lists.

Non-Competitive Bidding Purchases

The Board's internal policies and procedures governing procurement of apparel or sports equipment, where such procurement is not required to be made pursuant to competitive bidding requirements, shall prohibit the purchase of apparel or sports equipment, from any vendor based upon either or both of the following considerations:

- a) The labor standards applicable to the manufacture of the apparel or sports equipment including, but not limited to, employee compensation, working conditions, employee rights to form unions, and the use of child labor; or
- b) The bidder's failure to provide information sufficient for the Board of Education to determine the labor standards applicable to the manufacture of the apparel or sports equipment.

SUBJECT: PURCHASING (Cont'd.)**Contracts for Goods, Services and Public Works**

No contracts for goods and services shall be made by individuals or organizations in the school that involve expenditures without first securing approval for such contract from the Purchasing Agent.

No Board member or employee of the School District shall have an interest in any contract entered into by the Board or the School District.

Per General Municipal Law Section 103(5), upon the adoption of a resolution by a vote of at least three-fifths (3/5) of all Board members stating that for reasons of efficiency or economy there is need for standardization, purchase contracts for a particular type or kind of equipment, materials or supplies of more than twenty thousand (\$20,000) dollars may be awarded by the Board to the lowest responsible bidder furnishing the required security after advertisement for sealed bids in the manner provided in law. In addition, the Board is required to award all contracts for public works in excess of thirty-five thousand dollars (\$35,000) to the lowest responsible bidder after advertising for public sealed bids.

- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud and corruption.

These procedures shall contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;
- b) With certain exceptions (purchases pursuant to General Municipal Law, Article 5-A; State Finance Law, Section 162; State Correction Law, Section 184; or those circumstances or types of procurements set forth in (f) of this section), provide that alternative proposals or quotations for goods and services shall be secured by use of written request for proposals, written quotations, verbal quotations or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;
- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles. Such information shall be updated biennially.

Any unintentional failure to fully comply with these provisions shall not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The Board of Education shall solicit comments concerning the District's policies and procedures from those employees involved in the procurement process. All policies and procedures regarding the procurement of goods and services shall be reviewed annually by the Board.

Best Value

Effective January 27, 2012, General Municipal Law (GML) Section 103 was amended to permit a school district or BOCES to award purchase contracts in excess of twenty thousand dollars (\$20,000) on the basis of "best value", rather than on the basis of the lowest responsible bid. The Board of Education must adopt a resolution at a public meeting authorizing the award of bids based on "best

(Continued)

SUBJECT: PURCHASING (Cont'd.)

value." The Board of Education may also approve "best value" bid award recommendations on an individual bid basis at a scheduled public meeting. A best value award is one that optimizes quality, cost and efficiency, typically applies to complex services and technology contracts and is quantifiable whenever possible.

"Piggybacking" Law - Exception to Competitive Bidding

On August 1, 2012, General Municipal Law (GML) Section 103 was amended to allow school districts to purchase certain goods and services (apparatus, materials, equipment and supplies) through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision or district of any state. The amendment authorizes school districts and BOCES to "piggyback" on contracts let by outside governmental agencies in a manner that constitutes competitive bidding "consistent with state law."

This "piggybacking" is permitted on contracts issued by other governmental entities, provided that the original contract:

- a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district therein;
- b) Was made available for use by other governmental entities and agreeable with the contract holder; and
- c) Was let in a manner that constitutes competitive bidding consistent with New York State law and is not in conflict with other New York State laws.

The "piggybacking" amendment and the "best value" amendment may not be combined to authorize a municipality to "piggyback" onto a cooperative contract which was awarded on the basis of "best value." In other words, while a school district or BOCES may authorize the award of contracts on the basis of "best value", it may not "piggyback" onto a purchasing contract awarded by another agency on the basis of "best value."

Alternative Formats for Instructional Materials

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the School District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's Regulations.

(Continued)

SUBJECT: PURCHASING (Cont'd.)

As required by federal law and New York State Regulations, the District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. Each school district has the option of participating in the National Instructional Materials Access Center (NIMAC). Whether a district does or does not participate in NIMAC, the district will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards. The New York State Education Department (NYSED) recommends that school districts choose to participate in NIMAC, because this national effort to centralize the distribution of instructional materials in alternate formats will help guarantee timely provision of such materials to students.

Uniform Grant Guidance Requirements

Under the Uniform Grant Guidance, the District will, among other things:

- a) Use its own documented procurement procedures which reflect applicable state, local and tribal laws and regulations, provided that the procurements conform to applicable federal law and the standards identified in the Uniform Grant Guidance.
- b) Establish and maintain effective internal controls that provide reasonable assurance that the District is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. Internal controls means a process, implemented by the District, designed to provide reasonable assurance regarding the achievement of objectives in the following categories:

- j) Award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to matters such as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- k) Maintain records that sufficiently detail the history of the procurement including, but not limited to:
 - 1. Rationale for the method of procurement;
 - 2. Selection of contract type;
 - 3. Contractor selection or rejection; and
 - 4. The basis for the contract price.

- n) Conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference.
- o) Have written procedures for procurement to ensure that all solicitations:

SUBJECT: RESERVE FUNDS

Reserve funds (essentially a legally authorized savings account designated for a specific purpose) are an important component in the District's financial planning for future projects, acquisitions and other lawful purposes. To this end, the District may establish and maintain reserve funds in accordance with New York State Laws, Commissioner's Regulations and the rules and/or opinions issued by the Office of the New York State Comptroller, as applicable. The District shall comply with the reporting requirements of Article 3 of the General Municipal Law of the State of New York and the Governmental Accounting Standards Board (GASB) issued GASB Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

Any and all District reserve funds shall be properly established and maintained to promote the goals of creating an open, transparent and accountable use of public funds. The District may engage independent experts and professionals, including but not limited to, auditors, accountants and other financial and legal counsel, as necessary, to monitor all reserve fund activity and prepare any and all reports that the Board may require.

Periodic Review and Annual Report

The Board of Education will periodically review all reserve funds. The District will also prepare and submit an annual report of all reserve funds to the Board of Education. The annual report shall include the following information for each reserve fund:

- a) The type and description of the reserve fund;
- b) The interest earned by the reserve fund;
- c) The total amount of each withdrawal from the reserve fund;
- d) The total cash balance of each reserve

The Board shall utilize the information in the annual report to make necessary decisions to adequately maintain and manage the District's reserve fund balances while mindful of its role and responsibility as a fiduciary of public funds.

The Superintendent shall develop any necessary and/or appropriate regulations to implement the terms of the Board's policy.

SUBJECT: FUND BALANCE

Fund Balance is an important component in the District's financial planning for future projects, acquisitions, and other lawful purposes. The Board of Education recognizes that the maintenance of a fund balance is essential to the preservation of the financial integrity of the school district and is fiscally advantageous to the district and the taxpayer. To this end, the District may establish and maintain various fund balances in accordance with New York State Laws, Commissioner's Regulations, opinions issued by the Office of New York State Comptroller and/or GASB as applicable.

Fund Balance Classifications: GASB Statement 54 classified fund balance based on the relative strength of constraints placed upon how the resources can be spent. There are five classifications of fund balance. They are:

- **Nonspendable** – consists of assets that are inherently nonexpendable; e.g., inventory in the current period either because of their form or they must be maintained intact.
- **Restricted** – consists of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation (e.g., grants and/or donations).
- **Committed** – consists of amounts that are subject to a constraint imposed by the Board of Education before the end of the fiscal year and that require the same level of formal action to remove the constraint.
- **Assigned** – consists of amounts that are subject to a constraint that represents an intended use established by the Board of Education or their designated official. The purpose of the assignment must be narrower than the purpose of the fund in the general fund, and in funds other than the general fund, assigned fund balance represents the residual fund balance component.
- **Unassigned** – represents the residual classification for the District's general fund and could report a surplus or deficit. In other funds, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, or committed, or assigned.

The Superintendent shall develop any necessary and/or appropriate regulations to implement the terms of the Board's policy.

SUBJECT: EXTRACLASSROOM ACTIVITY FUND

An extraclassroom activity fund shall be established for activities conducted by students whose financial support is raised other than by taxation or through charges of the Board of Education.

All extraclassroom activity funds shall be handled in accordance with the financial procedures illustrated by Finance Pamphlet No. 2, the Safeguarding, Accounting and Auditing of Extraclassroom Activity Funds, published by the New York State Education Department.

Proper books will be kept and all moneys deposited in appropriate accounts as set up by the Board of Education. These accounts shall be subject to audit. All transactions involving extraclassroom funds shall be on a cash basis and no accounts shall remain unpaid at the end of the school year. Funds shall be invested in accordance with the Board of Education's Fiscal Management Policy on the "Investment of District Funds".

Funds of discontinued extraclassroom activities and of graduating classes shall revert to the account of the general student organization or student council and shall be expended in accordance with the organization's constitution.

The Building Principals, with approval of the Superintendent of Schools, shall set up procedures for receipt and payment from the extraclassroom activity fund in their respective schools.

Payments from petty cash funds may be made for materials, supplies or services only when payment is required upon delivery. At the time of reimbursement, an itemized statement of expenditures, together with substantiating receipts, shall be submitted. Such accounts shall be authorized by Board resolution at their annual meeting.

Appropriate regulations shall be developed for implementation of this policy.

Cash in School Buildings

Not more than two hundred fifty dollars (\$250), whether District or extraclassroom funds, shall be held in the vault in the Main Office of each District school building. Under no circumstances shall cash be left in classroom areas or desks. The District will not be responsible for funds left unprotected.

All funds, whether District or extraclassroom funds, shall be deposited prior to close of school each week. Only authorized personnel designated by the building administrator shall be allowed in the Main Office vault.

This annual financial report will be in the form prescribed in Commissioner's Regulations.

The law requires that the information be published in one public newspaper which is published in the District. If no public newspaper is published in the District, then the District must use a newspaper having general circulation in the District. SUBJECT: MAINTENANCE OF FISCAL EFFORT (TITLE I PROGRAMS)

A Local Educational Agency (LEA) may receive its full allocation of Title I funds if the combined fiscal effort per student or the aggregate expenditures of state and local funds with respect to the provision of free public education in the LEA for the preceding fiscal year was not less than ninety percent (90%) of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.

In determining an LEA's compliance with the maintenance of effort requirement, the State Educational Agency (SEA) shall consider the LEA's expenditures from state and local funds for free public education. These include expenditures for administration, instruction, attendance, health services, student transportation services, plant operation and maintenance, fixed charges, and net expenditures to cover deficits for food services and student body activities.

The SEA shall not consider the following expenditures in determining an LEA's compliance with the maintenance of effort requirements:

- a) Any expenditures for community services, capital outlay, and debt service;
- b) Any expenditures made from funds provided by the federal government for which the LEA is required to account to the federal government directly or through the SEA.

The Board of Education assigns the Assistant Superintendent for Finance and Operations the responsibility of reviewing, as part of the budgeting process, combined fiscal effort so that expenditures of state and local funds with respect to the provision of free public education per student and in the aggregate for any fiscal year are not budgeted at less than ninety percent (90%) of the combined fiscal effort per student or the aggregate of expenditures for the preceding fiscal year.

Operations**SUBJECT: ALLOCATION OF TITLE I, PART A FUNDS IN THE DISTRICT****Allocation of Funds**

The District allocates the Title I, Part A funds it receives to District school buildings on the basis of the total number of students from low-income families in each eligible school attendance area or eligible school, as defined in law. Unless the District school building is participating in a school wide program, the District school building will only use Title I, Part A funds for programs that provide services to eligible children, as defined in law, identified as having the greatest need for special assistance.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

- a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;
- b) Children in local institutions for neglected children; and
- c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

Funds Will Supplement Not Supplant

The District will ensure that Title I, Part A funds only supplement, not supplant, the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted by Title I, Part A funds.

Allocation Methodology

The District has developed an allocation methodology that is consistent with Title I guidelines.

SUBJECT: ALLEGATIONS OF FRAUD**Reporting and Investigations of Allegations of Fraud**

All Board members and officers, District employees and third party consultants are required to abide by the District's policies, administrative regulations and procedures in the conduct of their duties. Further, all applicable federal and/or state laws and regulations must be adhered to in the course of District operations and practices. Any individual who has reason to believe that financial improprieties or wrongful conduct is occurring within the School System is to disclose such information according to the reporting procedures established by the District. The reporting procedures will follow the chain of command as established within the department or school building or as enumerated in the District's Organizational Chart. In the event that the allegations of financial improprieties/fraud and/or wrongful conduct concern the investigating official, the report shall be made to the next level of supervisory authority. If the chain of supervisory command is not sufficient to ensure impartial, independent investigation, allegations of financial improprieties/fraud and/or wrongful conduct will be reported as applicable, to the Internal Auditor (if available), or the Independent (External) Auditor, or the School Attorney, or the Board of Education. The District's prohibition of wrongful conduct, including fraud, will be publicized within the District as deemed appropriate; and written notification will be provided to all employees with fiscal accounting/oversight and/or financial duties including the handling of money.

Upon receipt of an allegation of financial improprieties/fraud and/or wrongful conduct, the Board or designated employee(s) will conduct a thorough investigation of the charges. However, even in the absence of a report of suspected wrongful conduct, if the District has knowledge of, or reason to know of, any occurrence of financial improprieties/fraud and/or wrongful conduct, the District will investigate such conduct promptly and thoroughly. To the extent possible, within legal constraints, all reports will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis. Written records of the allegation, and resulting investigation and outcome will be maintained in accordance with law.

Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. Third parties who are found to have engaged in financial improprieties/fraud and/or wrongful conduct will be subject to appropriate sanctions as warranted and in compliance with law. *The application of such disciplinary measures by the District does not preclude the filing of civil and/or criminal charges as may be warranted. Rather, when school officials receive a complaint or report of alleged financial improprieties/fraud and/or wrongful conduct that may be criminal in nature, law authorities should be immediately notified.*

Further, neither the School District, nor employee or officer thereof, shall take, request, or cause a retaliatory action against any such employee who makes such a report.

The Board also prohibits any retaliatory behavior directed against any witnesses and/or any other individuals who participate in the investigation of an allegation of illegal or inappropriate fiscal practices or actions. **SUBJECT: HAZARDOUS WASTE AND HANDLING OF TOXIC SUBSTANCES BY
EMPLOYEES**

The Board of Education recognizes the need to protect human health and the environment from damage resulting from the improper handling of hazardous wastes.

The management of hazardous waste from its point of generation to the ultimate disposal is regulated through specific Federal and State laws.

The Board directs the Superintendent to adopt rules to ensure District implementation of applicable Federal and State laws pertaining to the identification, transportation, treatment, storage, and disposal of hazardous wastes.

Non-Instructional/Business
Operations**SUBJECT: PEST MANAGEMENT AND PESTICIDE USE**

The Board of Education is committed to maintaining the integrity of school buildings and grounds while protecting the health and safety of students and staff and maintaining a productive learning environment.

Structural and landscape pests can pose significant problems for people and property. Weeds and infestations can destroy playing fields and playgrounds and more importantly, cause severe allergic reactions. Pesticides can pose risks to people, property, and the environment. It is therefore the policy of the School District to incorporate Integrated Pest Management (IPM) procedures for control of weeds, structural and landscape pests. The objective of this program is to provide necessary pest control while using the least toxic approach to all pests, weeds and infestations.

Pest/Pesticide Management Plan

The District will manage weeds and pests to:

- a) Reduce any potential human health hazard or threat to public safety.
- b) Prevent loss or damage to school structures or property.
- c) Enhance the quality of life for students, staff, and others.

Integrated Pest Management (IPM) Coordinator

An IPM Coordinator will be appointed by the Superintendent of schools. The Coordinator will be responsible for implementing the IPM policy and plan. The coordinator's responsibilities will include the following:

- a) Recording all pest sightings by school staff and students.
- b) Recording all pesticide use and utilizing the least toxic approach.
- c) Meeting with a local pest control expert, such as a pesticide contractor to share information on what pest problems are present in the school.
- d) Assuring that all of the expert's recommendations on maintenance and sanitation are carried out where feasible.
- e) Assuring that pesticide use is done when school is not in session or when the area can be completely secured against access by school staff and students for a time specified by the pesticide being used.
- f) Evaluating the school's progress in the IPM plan.
- g) Notifying parents, staff and neighbors of any applications of pesticides forty-eight (48) hours before they occur. The IPM Coordinator will serve as the District's Pesticide Representative.

(Continued)

Non-Instructional/Business
Operations**SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)****Pesticide Use on Common Areas**

Pesticides will not be used on playgrounds, turf, athletic or playing fields, in effect, all lawn areas of the school. In these common areas where children gather and play, pesticide alternatives will be used whenever possible and effective. The prohibition does not apply to indoor use or the application to building structures.

An exception may be made for emergency applications of pesticide only when approved in advance by the School Superintendent. The Superintendent may consult with the local Health Department on public health related emergency determinations. They may also consult with the Department of Environmental Conservation (DEC) for environmental emergency determinations. Emergency determinations should only be sought for one-time pesticide application in a specific situation, which presents a true emergency. The guidance document from DEC provides clarification on emergency determinations. It can be found at:

http://www.dec.ny.gov/docs/materials_minerals_pdf/guidanceech85.pdf

Some types of pesticides and alternatives, those deemed safe in federal regulation, may be allowable on playing fields and playgrounds in certain circumstances. The District will develop regulations governing the use of pesticides and their alternatives on school grounds.

Fertilizer Use

New requirements and restrictions regarding the use of phosphorus fertilizers on school grounds have been developed. Chapter 205 of the Laws of 2010 dictates the requirements which must be adhered to regarding grounds maintenance starting on January 1, 2012.

- a) Fertilizer use is prohibited between December 1 and April 1 annually.
- b) The use of fertilizers is prohibited within twenty (20) feet of any surface water except:
 1. Where a continuous natural vegetation buffer, at least ten (10) feet wide, separates lawn and water.
 2. Where a spreader guard, deflector shield or drop spreader is used, then the application may not occur within three feet of any surface water.
- c) The use of phosphorus fertilizers are prohibited on lawns or other non-agricultural turf with the following exceptions:
 1. The use of phosphorus fertilizers are needed to establish a new lawn; or
 2. A soil test shows that phosphorus fertilizers are needed for growth.
- d) Fertilizer cannot be used on any impervious surfaces and if such an application occurs, it must be cleaned immediately and legally applied or placed in an appropriate container.

SUBJECT: GENDER NEUTRAL SINGLE-OCCUPANCY BATHROOMS

The District is committed to creating and maintaining an inclusive educational and work-environment. The District will ensure that all single-occupancy bathroom facilities are designated as gender neutral for use by no more than one occupant at a time or for family or assisted use.

"Single-occupancy bathroom" means a bathroom intended for use by no more than one occupant at a time or for family or assisted use and which has a door for entry into and egress from the bathroom that may be locked by the occupant to ensure privacy and security.

SUBJECT: ENERGY/WATER CONSERVATION AND RECYCLING OF SOLID WASTE**Energy/Water Conservation**

The Board of Education recognizes the importance of energy and water conservation and is committed to the analysis, development, and initiation of conservation measures throughout the District for the purpose of reducing energy consumption, particularly in these times of declining levels of natural energy resources and increasing cost of these resources. The Board will maintain an aggressive and responsible program to reduce consumption of energy by its facilities and to provide education on the conservation of energy.

The District will comply with the Property Maintenance Code of New York State, part of the New York State Uniform Fire Prevention and Building Code, which requires that indoor occupiable work spaces be maintained at a minimum temperature of sixty five (65) degrees from September 14 to May 31 during the period the spaces are occupied. There are exceptions for areas of vigorous physical activities such as gymnasiums as well as processing spaces such as coolers or freezers. However, by law, code or regulation there is no maximum temperature specified. Ventilation requirements only require fresh air, not cool air-conditioning.

Recycling

The Superintendent will develop a program for the source separation and segregation of recyclable or reusable materials in the District. This District-wide recycling plan shall include:

- a) A conservation education program to teach students about their social responsibility for preserving our resources, and involvement of all students and personnel in a comprehensive effort to reduce, reuse and recycle waste materials;

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING

It is the District's goal to provide students with access to nutritious no- or low-cost meals each school day and to ensure that a student whose parent/guardian has unpaid meal charges is not shamed or treated differently than a student whose parent/guardian does not have unpaid meal charges.

Unpaid meal charges place a large financial burden on the District. The purpose of this policy is to ensure compliance with federal requirements for the USDA Child Nutrition Program and to provide oversight and accountability for the collection of outstanding student meal balances to ensure that the student is not stigmatized, distressed, or embarrassed.

The intent of this policy is to establish procedures to address unpaid meal charges throughout the District in a way that does not stigmatize, distress, or embarrass students. The provisions of this policy pertain to regular priced reimbursable school breakfast, lunch and snack meals only. Charging of items outside of the reimbursable meals (a la carte items, adult meals, etc.) is expressly prohibited.

Access to Meals

- a) Free meal benefit eligible students will be allowed to receive a free breakfast and lunch meal of their choice each day. A la carte items or other similar items must be paid/prepaid.
- b) Reduced meal benefit eligible students will be allowed to receive a breakfast of their choice for \$0.00 and lunch of their choice for \$0.00 each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the District to withhold a meal. A la carte items or other similar items must be paid/prepaid.
- c) Full pay students will pay for meals at the District's published paid meal rate each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the District to withhold a meal. A form will be sent home to all parents/ guardians at the beginning of the school year giving them the option to disallow their child to charge meals. This form will be returned to the Director of Child Nutrition. A la carte items or other similar items must be paid/prepaid.
- d) The District will provide 30 day carryover of eligibility for free and reduced price students from the previous school year during the first 30 operating days of a new school year, or until a new eligibility determination is made, whichever is first.
- e) Students transferring from a Community Eligibility Provision (CEP) of Provision 2 (P2) participating school to our District will provide 30 days free eligibility or until a new eligibility determination is made, whichever comes first.

Ongoing Staff Training

- a) Staff will be trained annually and throughout the year as needed on the procedures for managing meal charges using the State Education Department (SED) Webinar or the District's training program.
- b) Staff training will include ongoing eligibility certification for free or reduced price meals.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)****Parent Notification**

- a) Parents/guardians will be notified, with clearly marked notices, that a student's meal card or account balance is exhausted and has accrued unpaid meal charges within five (5) days of the charge and then every thirty (30) days thereafter.

Parent Outreach

- a) Staff will communicate with parents/guardians with five or more unpaid meal charges to determine eligibility for free or reduced price meals.
- b) Staff will make two documented attempts to reach out to parents/guardians to complete a meal application in addition to the application and instructions provided in the school enrollment packet.
- c) Staff will contact the parent/guardian to offer assistance with completion of meal application to determine if there are other issues within the household causing the student to have insufficient funds, offering any other assistance that is appropriate.

Minimizing Student Distress

- a) Staff will not publicly identify or stigmatize any student in line for a meal or discuss any outstanding meal debt in the presence of any other students.
- b) Students with unpaid meal charges will not be required to wear a wristband or handstamp, or to do chores or other work to pay for meals.
- c) Staff will not throw away a meal after it has been served because of the student's inability to pay for the meal or because of previous unpaid meal charges.
- d) Staff will not take any action directed at a student to collect unpaid meal charges.
- e) Staff will not use a debt collector to collect unpaid meal charges.
- f) Staff will not serve alternative meals.
- g) Staff will deal directly with parents/guardians regarding unpaid meal charges.

Ongoing Eligibility Certification

- a) Staff will conduct direct certification through the New York Student Identification System (NYSSIS) or using SED Roster Upload at least monthly to maximize free eligibility.
- b) Staff will provide parents/guardians with free and reduced price application and instructions at the beginning of each school year in the school enrollment packet.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)**

- c) If the District uses an electronic meal application, it will provide an explanation of the process in the school enrollment packet and instructions on how to request a paper application at no cost.
- d) The District will provide at least two additional free and reduced price applications throughout the school year to families identified as owing meal charges.
- e) The District will use its administrative prerogative to complete an application on a student's behalf judiciously, and only after using exhaustive efforts to obtain a completed application from the student's parent/guardian. The District will complete the application using only available information on family size and income that falls within approvable guidelines.
- f) The District will coordinate with the foster, homeless, migrant, and runaway coordinators at least monthly to certify eligible students.

Prepaid Accounts

Students/Parents/Guardians may pay for meals in advance via <https://www.myschoolbucks.com/> or with a check payable to Rocky Point Child Nutrition. Further details are available on the District's webpage at www.rockypointufsd.org. Funds should be maintained in accounts to minimize the possibility that a student may be without meal money on any given day. Any remaining funds for a particular student will be carried over to the next school year.

To obtain a refund for a withdrawn or graduating student, a written or e-mailed request for a refund of any money remaining in the student's account must be submitted. Students who are graduating at the end of the year will be given the option to transfer any remaining money to a sibling's account through a written request or with verbal phone approval.

Unclaimed funds must be requested within one school year. Unclaimed funds will then become the property of the District Food Service Program.

SUBJECT: DISTRICT WELLNESS POLICY

The purpose of a Wellness Policy is to assist the Board of Education, Administration, and District Staff to support student achievement by creating a healthy school environment, as well as encourage students to make healthy choices.

In 2004 the United States Congress passed The Child Nutrition and WIC (Women, Infants, and Children) Reauthorization Act. This Federal Public Law (Pl 108.265 Section 204) requires school districts with federally funded food service programs to develop and adopt a Wellness Policy that addresses the nutritional and physical activities of their students. School districts must comply with this mandate by the start of the 2006-2007 school year beginning July 1. As districts develop their own specifically tailored Wellness Policy, they should receive input from their stakeholders, parents, students, school board members, school food service professionals, school administrators, licensed professionals, and the community. The law requires each school district to develop a Wellness Policy that includes references to nutrition and childhood obesity.

It is understood that children should have access to healthy foods, the opportunity to be physically active, and the opportunity to achieve personal success so that they can strive to become responsible citizens of our communities. It is commonly accepted that overall wellness improves student attendance, which in turn can improve a child's ability to learn.

Through the legislation cited above, the school community has been charged with aiding parents in being responsible for the overall health and well-being of their children. It is now predicted that the current generation of students will be the first to see a decline in their life expectancies compared to that of their parents. It has been reported that obesity rates are on the rise. It appears that physical inactivity and increased calorie intake are the predominant causes for this alarming trend. At the current time, it has been reported that heart disease, cancer, stroke, and diabetes are responsible for two-thirds of the deaths in the United States. The major risk factors for these diseases – unhealthy eating habits, physical inactivity, and obesity – are often established in a child's formative school years.

Whereas, children need access to an environment that encourages the practice of eating healthy foods and participating in life-long physical activities in order to grow, learn and thrive;

Whereas, health eating, adequate physical activity and better health enhances optimal student attendance and learning;

Thus, the Rocky Point Union Free School District is committed to providing school environments that educate and protect children's health, well-being, and ability to learn through healthy eating and physical activity. Therefore, it is the policy of the Rocky Point Union Free School District that:

Any employer who uses or possesses consumer information for a business purpose is subject to the Disposal Rule. According to the FTC, the standard for proper disposal of information derived from a consumer report is flexible, and allows the District to determine what measures are reasonable based on the sensitivity of the information, the costs and benefits of different disposal methods, and changes in technology.

The term "*consumer report*" shall include information obtained from a consumer reporting company that is used - or expected to be used - in establishing a consumer's eligibility for employment or insurance, among other purposes. The term "*employment purposes*" when used in connection with a consumer report means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment or retention as an employee.

The FTC Disposal Rule defines "*consumer information*" as "any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report. Consumer information also means a compilation of such records. Consumer information does not include information that does not identify individuals, such as aggregate information or blind data."

Information Covered by the Disposal Rule

The FTC has not included a rigid definition of the kinds of information that would be considered to identify particular individuals. In accordance with FTC guidance, there are a variety of personal identifiers beyond simply a person's name that would bring information within the scope of the Disposal Rule, including, but not limited to, a social security number, driver's license number, phone number, physical address, and e-mail address. Depending upon the circumstances, data elements that are not inherently identifying can, in combination, identify particular individuals.

"Proper" Disposal

The FTC Disposal Rule defines "*dispose*," "*disposing*," or "*disposal*," as:

- a) "The discarding or abandonment of consumer information," or
- b) "The sale, donation, or transfer of any medium, including computer equipment, upon which consumer information is stored."

(Continued)

**SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS
(Cont'd.)**

The District will utilize disposal practices that are reasonable and appropriate to prevent the unauthorized access to - or use of - information contained in or derived from consumer reports and records. Reasonable measures to protect against unauthorized access to or use of consumer information in connection with District disposal include the following examples. These examples are not exclusive or exhaustive methods for complying with the Disposal Rule.

- a) Burning, pulverizing, or shredding of papers containing consumer information so that the information cannot practicably be read or reconstructed.
- b) Destroying or erasing electronic media containing consumer information so that the information cannot practicably be read or reconstructed.
- c) After due diligence, entering into and monitoring compliance with a contract with another party engaged in the business of record destruction to dispose of material, specifically identified as consumer information, in a manner consistent with the Disposal Rule. In this context, due diligence could include:
 1. Reviewing an independent audit of the disposal company's operations and/or its compliance with the Disposal Rule;
 2. Obtaining information about the disposal company from several references or other reliable sources;
 3. Requiring that the disposal company be certified by a recognized trade association or similar third party;
 4. Reviewing and evaluating the disposal company's information security policies or procedures;
 5. Taking other appropriate measures to determine the competency and integrity of the potential disposal company; or
 6. Requiring that the disposal company have a certificate of registration from the New York Department of State issued on or after October 1, 2008.
- d) For persons (as defined in accordance with the Fair Credit Reporting Act) or entities who maintain or otherwise possess consumer information through their provision of services directly to a person subject to the Disposal Rule, monitoring compliance with policies and procedures that protect against unauthorized or unintentional disposal of consumer information, and disposing of such information in accordance with examples a) and b) above.

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION

The School District values the protection of private information of individuals in accordance with applicable law and regulations. Further, the District is required to notify affected individuals when there has been or is reasonably believed to have been a compromise of the individual's *private information* in compliance with the Information Security Breach and Notification Act and Board policy.

- a) "Personal information" means any information concerning a person which, because of name, number, symbol, mark, or other identifier, can be used to identify that person.
- b) "Private information" means either:
 1. **Personal information consisting of any information in combination with any one or more of the following data elements, when either the data element or the combination of personal information plus the data element is not encrypted or encrypted with an encryption key that has also been accessed or acquired:
 - a. Social security number;
 - b. Driver's license number or non-driver identification card number;
 - c. Account number, credit or debit card number, in combination with any required security code, access code, password or other information which would permit access to an individual's financial account;
 - d. Account number, or credit or debit card number, if circumstances exist where the number could be used to access an individual's financial account without additional identifying information, security code, access code, or password; or
 - e. Biometric information, meaning data generated by electronic measurements of an individual's unique physical characteristics, such as fingerprint, voice print, retina or iris image, or other unique physical representation or digital representation which are used to authenticate or ascertain the individual's identity;
 2. A username or email address in combination with a password or security question and answer that would permit access to an online account. "*Private information*" does not include publicly available information that is lawfully made available to the general public from federal, state or local government records.
- c) "Breach of the security of the system," means unauthorized acquisition or acquisition without valid authorization of computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the District. Good faith acquisition of personal information by an employee or agent of the District for the purposes of the District is not a breach of the security of the system, provided that private information is not used or subject to unauthorized disclosure.

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)**Determining if a Breach Has Occurred**

In determining whether information has been acquired, or is reasonably believed to have been acquired, by an unauthorized person or person without valid authorization, the District may consider the following factors, among others:

- a) Indications that the information is in the physical possession and control of an unauthorized person, such as a lost or stolen computer or other device containing information;
- b) Indications that the information has been downloaded or copied; or
- c) Indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of identity theft reported.
- d) System failures.

Notification Requirements

- a) For any computerized data owned or licensed by the School District that includes private information, the District shall disclose any breach of the security of the system following discovery or notification of the breach to any New York State resident whose private information was, or is reasonably believed to have been, acquired by a person without valid authorization. The disclosure to affected individuals shall be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, or any measures necessary to determine the scope of the breach and restore the integrity of the data system. The District shall consult with the New York State Office of Information Technology Services to determine the scope of the breach and restoration measures. Within 90 days of the notice of the breach, the New York State Office of Information Technology Services will deliver a report to the District on the scope of the breach and recommendations to restore and improve the security of the system.
- b) Notice to affected persons under State Technology Law is not required if the exposure of private information was an inadvertent disclosure by persons authorized to access private information, and the District reasonably determines the exposure will not likely result in the misuse of the information, or financial or emotional harm to the affected persons. This determination must be documented in writing and maintained for at least five years. If the incident affected over 500 New York State residents, the District will provide the written determination to the New York State Attorney General within ten days after the determination.

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- c) If notice of the breach of the security of the system is made to affected persons pursuant to the breach notification requirements under certain laws and regulations, the District is not required to provide additional notice to those affected persons under State Technology Law. However, the District will still provide notice to the New York State Attorney General, the New York State Department of State, the New York State Office of Information Technology Services, and to consumer reporting agencies.
- d) For any computerized data maintained by the District that includes private information which the District does not own, the District shall notify the owner or licensee of the information of any breach of the security of the system immediately following discovery, if the private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization.

The notification requirement may be delayed if a law enforcement agency determines that such notification impedes a criminal investigation. The required notification shall be made after the law enforcement agency determines that such notification does not compromise the investigation.

If the District is required to provide notification of a breach, including breach of information that is not private information, to the United States Secretary of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 or the Health Information Technology for Economic and Clinical Health Act, it will provide notification to the New York State Attorney General within five business days of notifying the United States Secretary of Health and Human Services.

Methods of Notification

The required notice shall be directly provided to the affected persons by one of the following methods:

- a) Written notice;
- b) Electronic notice, provided that the person to whom notice is required has expressly consented to receiving the notice in electronic form; and a log of each notification is kept by the District when notifying affected persons in electronic form. However, in no case shall the District require a person to consent to accepting the notice in electronic form as a condition of establishing any business relationship or engaging in any transaction;
- e) Telephone notification, provided that a log of each such notification is kept by the District when notifying affected persons by phone; or

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- d) Substitute notice, if the District demonstrates to the New York State Attorney General that the cost of providing notice would exceed \$250,000, or that the affected class of subject persons to be notified exceeds \$500,000, or that the District does not have sufficient contact information. Substitute notice shall consist of all of the following:
1. Email notice when the District has an email address for the subject persons;
 2. Conspicuous posting of the notice on the District's website page, if the District maintains one; and
 3. Notification to major statewide media.

Regardless of the method by which notice is provided, the notice will include:

- a) Contact information for the notifying District;
- b) The telephone numbers and websites of the relevant state and federal agencies that provide information regarding security breach response and identity theft prevention and protection information; and
- c) A description of the categories of information that were, or are reasonably believed to have been accessed or acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been accessed or acquired.

In the event that any New York State residents are to be notified, the District shall notify the New York State Attorney General, New York State Department of State, and New York State Office of Information Technology Services as to the timing, content and distribution of the notices and approximate number of affected persons and provide a copy of the template of the notice sent to affected persons. This notice will be made without delaying notice to affected New York State residents.

In the event that more than five thousand (5,000) New York State residents are to be notified at one time, the District shall also notify consumer reporting agencies, , as to the timing, content and distribution of the notices and approximate number of affected persons. This notice will be made without delaying notice to affected New York State residents.

A list of consumer reporting agencies shall be compiled by the State Attorney General and furnished upon request to any districts required to make a notification in accordance with State Technology Law.

The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

Student Transcripts

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The District will ensure that whenever it enters into a contract or other written agreement with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District, the contract or written agreement will include provisions requiring that confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

Cooperative Educational Services through a BOCES

The District may not be required to enter into a separate contract or data sharing and confidentiality agreement with a third-party contractor that will receive student data or teacher or principal data from the District under all circumstances.

For example, the District may not need its own contract or agreement where:

- a) It has entered into a cooperative educational service agreement (CoSer) with a BOCES that includes use of a third-party contractor's product or service; and
- b) That BOCES has entered into a contract or data sharing and confidentiality agreement with the third-party contractor, pursuant to Education Law Section 2-d and its implementing regulations, that is applicable to the District's use of the product or service under that CoSer.

To meet its obligations whenever student data or teacher or principal data from the District is received by a third-party contractor pursuant to a CoSer, the District will consult with the BOCES to, among other things:

- a) Ensure there is a contract or data sharing and confidentiality agreement pursuant to Education Law Section 2-d and its implementing regulations in place that would specifically govern the District's use of a third-party contractor's product or service under a particular CoSer;
- b) Determine procedures for including supplemental information about any applicable contracts or data sharing and confidentiality agreements that a BOCES has entered into with a third-party contractor in its Parents' Bill of Rights for Data Privacy and Security;
- c) Ensure appropriate notification is provided to affected parents, eligible students, teachers, and/or principals about any breach or unauthorized release of PII that a third-party contractor has received from the District pursuant to a BOCES contract; and
- d) Coordinate reporting to the Chief Privacy Officer to avoid duplication in the event the District receives information directly from a third-party contractor about a breach or unauthorized release of PII that the third-party contractor received from the District pursuant to a BOCES contract.

Operations**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)**Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements" under Education Law Section 2-d and its implementing regulations.

District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the District's Data Privacy Officer or designee.

The District will develop and implement procedures requiring prior review and approval for staff use of any software, applications, or other technologies pursuant to click-wrap agreements.

Parents' Bill of Rights for Data Privacy and Security

The District will publish its Parents' Bill of Rights for Data Privacy and Security (Bill of Rights) on its website. Additionally, the District will include the Bill of Rights with every contract or other written agreement it enters into with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District.

The District's Bill of Rights will state in clear and plain English terms that:

- a) A student's PII cannot be sold or released for any commercial purposes;
- b) Parents have the right to inspect and review the complete contents of their child's education record;
- c) State and federal laws protect the confidentiality of PII, and safeguards associated with industry standards and best practices, including but not limited to encryption, firewalls, and password protection, must be in place when data is stored or transferred;
- d) A complete list of all student data elements collected by the state is available for public review at the following website <http://www.nysed.gov/student-data-privacy/student-data-inventory> or by writing to the Office of Information and Reporting Services, New York State Education Department, Room 865 EBA, 89 Washington Avenue, Albany, New York 12234; and
- e) Parents have the right to have complaints about possible breaches of student data addressed. Complaints should be directed in writing to Privacy Complaint, Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, New York 12234. Complaints may also be submitted using the form available at the following website <http://www.nysed.gov/student-data-privacy/form/report-improper-disclosure>.

The Bill of Rights will also include supplemental information for each contract the District enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the District. The supplemental information must be developed by the District and include the following information:

- a) The exclusive purposes for which the student data or teacher or principal data will be used by the third-party contractor, as defined in the contract;
- b) How the third-party contractor will ensure that the subcontractors, or other authorized persons or entities to whom the third-party contractor will disclose the student data or teacher or principal data, if any, will abide by all applicable data protection and security requirements, including but not limited to those outlined in applicable laws and regulations (e.g., FERPA; Education Law Section 2-d);
- c) The duration of the contract, including the contract's expiration date, and a description of what will happen to the student data or teacher or principal data upon expiration of the contract or other written agreement (e.g., whether, when, and in what format it will be returned to the District, and/or whether, when, and how the data will be destroyed);
- d) If and how a parent, student, eligible student, teacher, or principal may challenge the accuracy of the student data or teacher or principal data that is collected;
- e) Where the student data or teacher or principal data will be stored, described in a manner as to protect data security, and the security protections taken to ensure the data will be protected and data privacy and security risks mitigated; and
- f) Address how the data will be protected using encryption while in motion and at rest.

The District will publish on its website the supplement to the Bill of Rights (i.e., the supplemental information described above) for any contract or other written agreement it has entered into with a third-party contractor that will receive PII from the District. The Bill of Rights and supplemental information may be redacted to the extent necessary to safeguard the privacy and/or security of the District's data and/or technology infrastructure.

Right of Parents and Eligible Students to Inspect and Review Students' Education Records

Consistent with the obligations of the District under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the District in a manner prescribed by the District.

The District will ensure that only authorized individuals are able to inspect and review student data. To that end, the District will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

Requests by a parent or eligible student for access to a student's education records must be directed to the District and not to a third-party contractor. The District may require that requests to inspect and review education records be made in writing.

(Continued)

Non-Instructional/Business
Operations**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)**

The District will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the District through its annual FERPA notice. A notice separate from the District's annual FERPA notice is not required.

The District will comply with a request for access to records within a reasonable period, but not more than 45 calendar days after receipt of a request.

The District may provide the records to a parent or eligible student electronically, if the parent consents. The District must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices, including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible students, teachers, principals, and other District staff to file complaints with the District about breaches or unauthorized releases of student data and/or teacher or principal data:

- a) All complaints must be submitted to the District's Data Protection Officer in writing.
- b) Upon receipt of a complaint, the District will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.
- c) Following the investigation of a submitted complaint, the District will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the District.
- d) If the District requires additional time, or where the response may compromise security or impede a law enforcement investigation, the District will provide the individual who filed the complaint with a written explanation that includes the approximate date when the District anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

The District will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies, including the Records Retention and Disposition Schedule ED-1 (1988; rev. 2004).

Non-Instructional/Business
Operations**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)****Reporting a Breach or Unauthorized Release**

The District will report every discovery or report of a breach or unauthorized release of student data or teacher or principal data within the District to the Chief Privacy Officer without unreasonable delay, but no more than ten calendar days after the discovery.

Each third-party contractor that receives student data or teacher or principal data pursuant to a contract or other written agreement entered into with the District will be required to promptly notify the District of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, District policy, and/or binding contractual obligations relating to data privacy and security, in the most expedient way possible and without unreasonable delay, but no more than seven calendar days after the discovery of the breach.

In the event of notification from a third-party contractor, the District will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or principal data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

Upon the belief that a breach or unauthorized release constitutes criminal conduct, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the District and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or principal data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, District policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

(Continued)

Non-Instructional/Business
Operations**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)**

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to:

- a) Order the third-party contractor be precluded from accessing PII from the affected educational agency for a fixed period of up to five years;
- b) Order that a third-party contractor or assignee who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data be precluded from accessing student data or teacher or principal data from any educational agency in the state for a fixed period of up to five years;
- c) Order that a third-party contractor who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data will not be deemed a responsible bidder or offeror on any contract with an educational agency that involves the sharing of student data or teacher or principal data, as applicable for purposes of General Municipal Law Section 103 or State Finance Law Section 163(10)(c), as applicable, for a fixed period of up to five years; and/or
- d) Require the third-party contractor to provide additional training governing confidentiality of student data and/or teacher or principal data to all its officers and employees with reasonable access to this data and certify that the training has been performed at the contractor's expense. This additional training is required to be performed immediately and include a review of laws, rules, and regulations, including Education Law Section 2-d and its implementing regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or principal data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor.

The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

Notification of a Breach or Unauthorized Release

The District will notify affected parents, eligible students, teachers, and/or principals in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the District or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would

(Continued)

Operations**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)**

interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the District will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

- a) A brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;
- b) A description of the types of PII affected;
- c) An estimate of the number of records affected;
- d) A brief description of the District's investigation or plan to investigate; and
- e) Contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or principal by first-class mail to their last known address, by email, or by telephone.

Where a breach or unauthorized release is attributed to a third-party contractor, the third-party contractor is required to pay for or promptly reimburse the District for the full cost of this notification.

Annual Data Privacy and Security Training

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. This training will include, but not be limited to, training on the applicable laws and regulations that protect PII and how staff can comply with these laws and regulations. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

Notification of Policy

The District will publish this policy on its website and provide notice of the policy to all its officers and staff.

NOTE: Refer also to Policy #5681 -- School Safety Plans

Adoption Date: 3/23/09

SUBJECT: SCHOOL SAFETY PLANS

The District considers the safety of its students and staff to be of the utmost importance and is keenly aware of the evolving nature of threats to schools. As such, it will address those threats accordingly through appropriate emergency response planning. The District-wide school safety plan and the building-level emergency response plan will be designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of schools and the District with local and county resources in the event of these incidents or emergencies.

These plans will be reviewed by the appropriate team on at least an annual basis and updated as needed by September 1. Specifically, the Board will make the District-wide school safety plan available for public comment at least 30 days prior to its adoption. The District-wide school safety plans may only be adopted by the Board after at least one public hearing that provides for the participation of school personnel, parents, students, and any other interested parties. Additionally, the District-wide school safety plan will designate the Superintendent or designee as the chief emergency officer responsible for coordinating communication between school staff and law enforcement and first responders, and for ensuring staff understanding of this plan. Similarly, the Superintendent will be responsible for ensuring the completion and yearly updating of building-level emergency response plans.

District-Wide School Safety Plan

District-wide school safety plan means a comprehensive, multi-hazard school safety plan that covers all school buildings of the School District that addresses prevention and intervention strategies, emergency response and management at the District level and has the contents as prescribed in Education Law and Commissioner's Regulations.

The *District-wide school safety plan* shall be developed by the District-wide school safety team appointed by the Board of Education. The District-wide team shall include, but not be limited to, representatives of the School Board, student, teacher, administrator, and parent organizations, school safety personnel and other school personnel.

The plan will further address, among other items as set forth in Education Law and Commissioner's regulations, how the District will respond to implied or direct threats of violence by students, teachers, other school personnel as well as visitors to the school, including threats by students against themselves (e.g., suicide).

Building-Level School Safety Plans

Building-level school safety plan means a building-specific school emergency response plan, or a component part of the district-wide safety plan, that addresses prevention and intervention strategies, emergency response and management at the building level and has the contents as prescribed in Education Law and Commissioner's Regulations. As part of this plan, the District will define the chain of command in a manner consistent with the National Incident Management System (NIMS)/Incident Command System (ICS).

(Continued)

SUBJECT: SCHOOL SAFETY PLANS (Cont'd.)

The building-level plan shall be developed in accordance with the guidelines contained with the District safety plan and in compliance with applicable regulations and law.

Classroom door vision panels will not be covered except as outlined in the building-level emergency response plan.

Training Requirement

The District will submit certification to the New York State Education Department that all District and school staff have received annual training on the emergency response plan, and that this training included components on violence prevention and mental health. New employees hired after the start of the school year will receive training within 30 days of hire, or as part of the District's existing new hire training program, whichever is sooner.

Filing/Disclosure Requirements

The District shall file a copy of its comprehensive District-wide school safety plan and any amendments thereto with the Commissioner of Education in accordance with the procedure for same, as promulgated by the Commissioner of Education. Building-level emergency response plans shall be confidential and shall **not** be subject to disclosure under the Freedom of Information Law or any other provision of law.

**SUBJECT: CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs) IN
PUBLIC SCHOOL FACILITIES**

The School District shall provide and maintain on-site in each *instructional school facility* functional cardiac automated external defibrillator (AED) equipment as defined in Public Health Law Section 3000-b for use during emergencies. Each such facility shall have sufficient automated external defibrillator equipment available to ensure ready and appropriate access for use during emergencies in quantities and types as deemed by the Commissioner of Education, in consultation with the Commissioner of Health. Determination of the quantity and placement of AEDs must be made with consideration of at least the factors enumerated in Commissioner's Regulations. *An instructional school facility means a building or other facility maintained by the School District where instruction is provided to students pursuant to its curriculum.*

Whenever an *instructional School District facility* is used for a school-sponsored or school-approved curricular or extracurricular event or activity and whenever a *school-sponsored athletic contest* is held at any location, the public school officials and administrators responsible for such school facility or athletic contest shall ensure that AED equipment is provided on-site and that there is present during such event, activity or contest at least one staff person who is trained in accordance with Public Health Law in the operation and use of an AED. *School-sponsored or school-approved curricular or extracurricular events or activities mean events or activities of the School District that are, respectively, associated with its instructional curriculum or otherwise offered to its students. A school-sponsored athletic contest means an extraclass intramural athletic activity of instruction, practice and competition for students in grades 4 through 12 consistent with Commissioner's Regulations Section 135.4.*

Where a *school-sponsored competitive athletic event* is held at a site other than a School District facility, School District officials shall assure that AED equipment is provided on-site by the sponsoring or host district and that at least one staff person who is trained, in accordance with Public Health Law, in the operation and use of the AED is present during such athletic event. *A school-sponsored competitive athletic event means an extraclass interscholastic athletic activity of instruction, practice and competition for students in grades 7 through 12 consistent with Commissioner's Regulations Section 135.4.*

School District facilities and District staff responsible for carrying out the duties enumerated in Education Law Section 917 are deemed a "public access defibrillation provider" as defined pursuant to Public Health Law Section 3000-b and subject to the Public Health Law requirements and limitations.

Therefore, it is the policy of our School District to provide proper training requirements for District AED users, to ensure the immediate calling of 911 and/or the community equivalent ambulance dispatch entity whenever the AED is used, to ensure ready identification of the location of the AED units as enumerated in the District's Public Access Defibrillation Collaborative Agreement.

(Continued)

**SUBJECT: CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs) IN
PUBLIC SCHOOL FACILITIES (Cont'd.)**

The District will provide for regular maintenance and checkout procedures of the AED unit(s) which meet or exceed manufacturer's recommendations. Appropriate documentation will be maintained in accordance with law and/or regulation. Further, the District will participate in the required Quality Improvement Program as determined by the Regional Emergency Medical Services Council.

The District shall post a sign or notice at the main entrance to the facility or building in which the AED unit(s) is stored indicating the exact location where the unit(s) is stored or maintained on a regular basis.

Pursuant to Public Health Law Sections 3000-a and 3000-b, the School District (as a public access defibrillation provider), or any employee or other agent of the School District who, in accordance with the provisions of law, voluntarily and without expectation of monetary compensation renders emergency medical or first aid treatment using an AED to a person who is unconscious, ill or injured, shall not be liable for damages for injury or death unless caused by gross negligence.

SUBJECT: FIRE DRILLS, BOMB THREATS AND BUS EMERGENCY DRILLS**Fire Drills**

The administration of each school building shall provide instruction for and training of students, through fire drills, in procedures for leaving the building in the shortest possible time and without confusion or panic.

Fire and emergency drills will be held at least 12 times in each school year; eight of these will be completed by December 31. Eight of all drills will be evacuation drills, four will be through use of the fire escapes on buildings where fire escapes are provided or identified secondary exits. The other four drills will be lock-down drills. Drills will be conducted at different times of the school day. Students will also be instructed in the procedures to be followed in the event that a fire occurs during the regular school lunch period or assembly, however, this additional instruction may be waived if a drill is held during the regular lunch period or assembly.

Summer School

At least two (2) additional drills shall be held during summer school in buildings where summer school is conducted and one (1) of these drills shall be held during the first week of summer school.

After-School Programs, Events, and Performances

The Building Principal or his/her designee shall require those in charge of after-school programs, events or performances attended by any individuals unfamiliar with the school building, to announce at the beginning of such programs the procedures to be followed in the event of an emergency.

Bomb Threats**School Bomb Threats**

A bomb threat, even if later determined to be a hoax, is a criminal action. No bomb threat should be treated as a hoax when it is first received. The school has an obligation and responsibility to ensure the safety and protection of the students and other occupants upon the receipt of any bomb threat. This obligation must take precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat - location, if any; time of detonation; etc. If the bomb threat is targeted at the school parking lot or the front of the school, building evacuation may not be an appropriate response. Specific procedures as to appropriate responses as a result of a bomb threat can be located in the building-level emergency response plan, as required by relevant law and regulation.

Police Notification and Investigation

Appropriate law enforcement agencies must be notified by the building administrator or designee of any bomb threat as soon as possible after receiving the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Implementation

The Superintendent or designee will develop written procedures to implement the terms of this policy. Additionally, these procedures will be incorporated in the District-wide school safety plan and the building-level emergency response plan, with provisions to provide written information to all staff and students regarding emergency procedures by October 1 of each school year, an annual drill to test the emergency response procedures under each of its building-level emergency response plans; and the annual review of the District-wide and building-level emergency response plans, along with updates as necessary, by September 1, as mandated by law or regulation.

(Continued)

SUBJECT: FIRE DRILLS, BOMB THREATS AND BUS EMERGENCY DRILLS (Cont'd.)**Bus Emergency Drills**

The Board of Education directs the administration to conduct a minimum of three (3) emergency drills to be held on each school bus during the school year. The first drill is to be conducted during the first seven (7) days of school, the second drill between November 1 and December 31, and the third drill between March 1 and April 30. No drills shall be conducted when buses are on routes.

Students who ordinarily walk to school shall also be included in the drills. Students attending public and nonpublic schools who do not participate in regularly scheduled drills shall also be provided drills on school buses, or as an alternative, shall be provided classroom instruction covering the content of such drills.

Each drill shall include instruction in all topics mandated by the Education Law and the Commissioner's Regulations and shall include, but will not be limited to, the following:

- a) Safe boarding and exiting procedures with specific emphasis on when and how to approach, board, disembark, and move away from the bus after disembarking;
- b) The location, use and operation of the emergency door, fire extinguishers, first aid equipment and windows as a means of escape in case of fire or accident;
- c) Orderly conduct as bus passengers.

Instruction on Use of Seat Belts

When a school bus is equipped with seat safety belts, the District shall ensure that all students who are transported on such school bus owned, leased or contracted for by the District or BOCES shall receive instruction on the use of seat safety belts. Such instruction shall be provided at least three (3) times each year to both public and nonpublic school students who are so transported and shall include, but not be limited to:

- a) Proper fastening and release of seat safety belts;
- b) Acceptable placement of seat safety belts on students;
- c) Times at which the seat safety belts should be fastened and released; and
- d) Acceptable placement of the seat safety belts when not in use.

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE SCHOOL DISTRICT

The Board of Education recognizes its responsibility to promote and foster school safety and ensure a safe and effective learning environment. After having carefully considered and balanced the rights of privacy with the District's duty to promote discipline, health, welfare and safety of staff and students, as well as that of the general public who has occasion to use school facilities, the Board supports the use of surveillance cameras when necessary in its schools, its buses and/or on school grounds. District surveillance cameras will only be utilized in public areas where there is no "reasonable expectation of privacy." Audio recordings shall not be utilized by the School District officials; such prohibition does not preclude the use of audio recordings by School District personnel or law enforcement officials in accordance with their official duties and/or as otherwise authorized by law.

To further the Board's objective, the School District's District-wide Safety Team shall meet as appropriate and/or deemed necessary to develop, implement and review District and building level safety practices. The Team shall also make recommendations to the Superintendent regarding the implementation and use of surveillance cameras as authorized by the Board of Education. The Superintendent shall retain final decision-making authority regarding the recommendations of the Safety Team; and he/she shall notify the Board as to the procedures to be implemented with regard to the use of surveillance cameras by the School District.

In determining the most appropriate use and implementation of surveillance cameras in the schools, school buses and/or on school grounds, the District-wide Safety Team's recommendation will be guided by, at a minimum, the following considerations:

- a) Demonstrated need for the device at designated locations;
- b) Appropriateness and effectiveness of proposed protocol;
- c) The use of additional, less intrusive, means to further address the issue of school safety (e.g., restricted access to buildings, use of pass cards or identification badges, increased lighting, alarms);
- d) Right to privacy and other legal considerations (which should be referred to the School Attorney for review and compliance with applicable laws and regulations); and
- e) Expense involved to install and maintain the use of surveillance cameras at designated locations, including school buses and/or on school grounds.

Any camera recording used for surveillance purposes in school buildings, school buses and/or on school property, shall be the sole property of the District; and the Superintendent or his/her designee will be the custodian of such recordings. All camera surveillance recordings that are retained beyond the retention limits of the recording device, will be stored in their original form and secured to avoid tampering and ensure confidentiality in accordance with applicable laws and regulations.

(Continued)

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE SCHOOL DISTRICT (Cont'd.)

Requests for viewing a camera surveillance recording must be made in writing to the Superintendent or his/her designee and, if the request is granted, such viewing must occur in the presence of the District's designated custodian of the recording. Under no circumstances, other than for use by the District as approved by the Superintendent in advance, will the District's camera surveillance recording be duplicated and/or removed from District premises unless in accordance with a court order and/or subpoena.

Signage/Notification Regarding Use of Surveillance Cameras in School Buildings, School Buses and/or on School Grounds

Appropriate signage will be posted at entrances to the school campus and/or at major entrances into school buildings notifying students, staff and the general public of the District's use of surveillance cameras.

Students and staff will receive additional notification, as appropriate, regarding the use of surveillance cameras in the schools, school buses and/or on school grounds. Such notification may include, but is not limited to, publication in the District calendar, employee handbook, and student handbook. Such notification does not preclude, as deemed appropriate by administration, the discussion of the use of surveillance cameras with staff and students to heighten awareness and help foster a sense of security.

SUBJECT: EXPOSURE CONTROL PROGRAM

The District shall establish an exposure control program designed to prevent and control exposure to blood borne pathogens. According to the New York State Department of Labor's Division of Safety and Health and Occupational Safety and Health Administration (OSHA) standards, the program shall consist of:

- a) Guidelines for maintaining a safe, healthy school environment to be followed by staff and students alike.
- b) Written standard operating procedures for blood/body fluid clean-up.
- c) Appropriate staff education/training.
- d) Evaluation of training objectives.
- e) Documentation of training and any incident of exposure to blood/body fluids.
- f) A program of medical management to prevent or reduce the risk of pathogens, specifically hepatitis B and Human Immunodeficiency Virus (HIV).
- g) Written procedures for the disposal of medical waste.
- h) Provision of protective materials and equipment for all employees who perform job-related tasks involving exposure or potential exposure to blood, body fluids or tissues.

SUBJECT: COMMUNICABLE DISEASES

Whenever, upon investigation and evaluation by the School Physician/Chief Medical Officer or other health professionals acting upon direction or referral of the School Physician/Chief Medical Officer, a student in the public schools shows symptoms of any communicable or infectious disease reportable under the public health law that imposes a significant risk of infection of others in the school, he/she shall be excluded from the school and sent home immediately, in a safe and proper conveyance. The District shall immediately notify a local public health agency of any disease reportable under the public health law.

Following absence on account of illness or from unknown cause, the School Physician/Chief Medical Officer may examine each student returning to a school without a certificate from a local public health officer, a duly licensed physician, physician assistant, or nurse practitioner.

The School Physician/Chief Medical Officer, or other health professionals acting upon direction or referral of the School Physician/Chief Medical Officer, may, upon the request of the Superintendent of Schools, make evaluations of teachers and any other school employees, school buildings and premises as, in their discretion, they may deem necessary to protect the health of the students and staff.

Regulations and procedures will be developed for dealing with communicable diseases (including, but not limited to, pandemic flu) in ways that protect the health of both students and staff while minimizing the disruption of the education process.

SUBJECT: TRANSPORTATION OF STUDENTS**Requests for Transportation to and from Non-Public Schools**

The parent or person in parental relation of a parochial or private school child residing in the School District who desires that the child be transported to a parochial or private school outside of the School District during the next school year should submit a written request to the Board of Education no later than April 1 of the preceding year, or within thirty (30) days of moving into the District. No late request of a parent or person in parental relation shall be denied where a reasonable explanation is provided for the delay. By District policy, transportation of students to private or parochial schools is limited to 19.9 miles each way from the nearest District boundary to the private or parochial school.

Transportation to Nonpublic Schools on Holidays

When a holiday falls on a Saturday or Sunday, the Board of Education may choose to close on Friday or Monday in observance of the holiday. Schools that close may provide pupil transportation. However, if the District has not shared its calendar and informed nonpublic schools that it will not transport on the optional holiday, the District is required to provide pupil transportation services on that day to nonpublic schools that are open.

Transportation for Nonpublic School Students with Disabilities who are Parentally Placed

For students with disabilities (ages 5 through 21) who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services. The proportionate share of IDEA Part B dollars could be used for such purpose.

The school district of residence remains responsible to provide transportation to parentally placed nonpublic school students from the student's home to the nonpublic school.

Transportation of Students with Disabilities

Students with disabilities in the District shall be transported up to fifty (50) miles (one way) from their home to the appropriate special service or program, unless the Commissioner certifies that no appropriate nonresidential special service or program is available within fifty (50) miles. The Commissioner may then establish transportation arrangements.

Student Information

Any mode of transportation used on a regular basis to transport students with a disability on a regularly scheduled route shall, upon written consent of the parent or person in parental relation, have

(Continued)

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)

maintained on such mode of transportation the following information about each student being transported:

- a) Student's name;
- b) Nature of the student's disability;
- c) Name of the student's parent, guardian or person in a position of loco parentis (person in parental relation) and one or more telephone numbers where such person can be reached in an emergency; and/or
- d) Name and telephone number of any other person designated by such parent, guardian or person in a position of loco parentis as a person who can be contacted in an emergency.

Such information shall be used solely for the purpose of contacting such student's parent, guardian, person in a position of loco parentis, or designee in the event of an emergency involving the student, shall be kept in a manner which retains the privacy of the student, and shall not be accessible to any person other than the driver or a teacher acting in a supervisory capacity. In the event that the driver or teacher is incapacitated, such information may be accessed by any emergency service provider for such purpose.

Such information shall be updated as needed, but at least once each school year and shall be destroyed if parental consent is revoked, the student no longer attends such school, or the disability no longer exists.

Herein the term "disability" shall mean a physical or mental impairment that substantially limits one or more of the major life activities of the student, whether of a temporary or permanent nature.

Fire Extinguishers

School buses manufactured on or after January 1, 1990 fueled with other than diesel fuel and used to transport three (3) or more students who use wheelchairs or other assistive mobility devices or with a total capacity of more than eight (8) passengers and used to transport such students shall be equipped with an automatic engine fire extinguishing system.

School buses manufactured on or after September 1, 2007 fueled with diesel fuel and used to transport three (3) or more students who use wheelchairs or other assistive mobility devices or with a total capacity of more than eight (8) passengers used to transport such students shall be equipped with an automatic engine fire extinguishing system.

The purchase of automatic engine fire extinguishing systems for school buses used to transport such students shall be deemed a proper school district expense.

(Continued)

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)**Transportation of Non-Resident Students**

Non-resident families must provide their own transportation.

Transportation to School Sponsored Events

Where the District has provided transportation to students enrolled in the District to a school sponsored field trip, extracurricular activity or any other similar event, it shall provide transportation back to either the point of departure or to the appropriate school in the District unless the parent or legal guardian of a student participating in such event has provided the District with written notice, consistent with District policy, authorizing an alternative form of return transportation for such student or unless intervening circumstances make such transportation impractical. In cases where intervening circumstances make transportation of a student back to the point of departure or to the appropriate school in the District impractical, a representative of the School District shall remain with the student until such student's parent or legal guardian has been contacted and informed of the intervening circumstances which make such transportation impractical; and the student has been delivered to his/her parent or legal guardian.

Transportation in Personal Vehicles

Personal cars of teachers and staff shall not be used to transport students except in the event of extenuating circumstances and authorized by the administration.

SUBJECT: SCHOOL BUS SAFETY PROGRAM

The safe transportation of students to and from school is of primary concern in the administration of the school bus program. All state laws and regulations pertaining to the safe use of school buses shall be observed by drivers, students and school personnel.

To assure the safety and security of students boarding or exiting school buses on school property, it shall be unlawful for a driver of a vehicle to pass a stopped school bus when the red bus signal is in operation.

The Transportation Supervisor, in cooperation with the Principals, has the responsibility of developing and publishing safety rules to be followed by drivers and passengers, including rules of student conduct. In order to ensure maximum safety to those riding school buses, it is necessary that students and drivers cooperate in this effort. There is no substitute for training to develop safe habits in pedestrian and vehicular traffic.

All buses and other vehicles owned by vendors/contract bus companies with whom the District contracts will have frequent safety inspections and be serviced regularly. The Transportation Supervisor will maintain a comprehensive record of all maintenance performed on each vehicle.

Every bus driver is required to report promptly any school bus accident involving death, injury, or property damage. All accidents, regardless of damage involved, must be reported at once to the Transportation Supervisor by the vendors/contract bus companies.

NOTE: Refer also to Policy #5751 -- Drug and Alcohol Testing For School Bus Drivers and Other Safety-Sensitive Employees

Adoption Date: 3/23/09

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS AND OTHER SAFETY-SENSITIVE EMPLOYEES

In accordance with federal regulations, employees in safety-sensitive positions as defined in regulations who are required to have and use a commercial drivers license (CDL), are subject to random testing for alcohol, marijuana, cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP). The District shall adhere to federal law and regulations requiring the implementation of a drug and alcohol testing program for such employees in safety-sensitive positions.

The District shall ensure that vendors/contract bus companies either establish and manage their own program, by contract, or through a consortium for the provision of alcohol and drug testing of employees in safety-sensitive positions. Safety-sensitive employees (SSEs), including school bus drivers and other employees, who drive a vehicle which is designed to transport sixteen (16) or more passengers (including the driver), shall be subject to this requirement.

Federal regulations require that the District test school bus drivers and other SSEs for alcohol and drugs at the following times:

- a) Drug testing will be conducted after an offer to hire, but before actually performing safety-sensitive functions for the first time. Such pre-employment testing will also be required when employees transfer to a safety-sensitive position.
- b) Safety-sensitive employees are also subject to a random drug and/or alcohol test on an unannounced basis just before, during or just after performance of safety-sensitive functions.
- c) In addition, testing will be ordered if a trained supervisor has a "reasonable suspicion" that an employee has engaged in prohibited use of drugs and/or alcohol.
- d) There will also be post accident testing conducted after accidents on employees whose performance could have contributed to the accidents.
- e) Finally, return-to-duty and follow-up testing will be conducted when an individual who has violated the prohibited alcohol and/or drug conduct standards returns to performing safety-sensitive duties. Follow-up tests are unannounced and at least six (6) tests must be conducted in the first twelve (12) months after an employee returns to duty. Follow-up testing may be extended for up to sixty (60) months following return-to-duty.

All employee drug and alcohol testing will be kept confidential and shall only be revealed without the driver's consent to the employer, a substance abuse professional, drug testing laboratory, medical review officer and any other individual designated by law.

(Continued)

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS AND
OTHER SAFETY-SENSITIVE EMPLOYEES (Cont'd.)**

The following alcohol and controlled substance-related activities are prohibited by the Federal Highway Administration's drug use and alcohol misuse rules for drivers of commercial motor vehicles and other SSEs:

- a) Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.04 or greater. If testing shows an alcohol concentration of 0.02 or greater but less than 0.04, the employee must be removed from performing safety-sensitive activities for twenty-four (24) hours, but no punitive action will be taken by the employer.
- b) Being on duty or operating a commercial motor vehicle (CMV) while the driver possesses alcohol, unless the alcohol is manifested and transported as part of a shipment. This includes the possession of medicines containing alcohol (prescription or over-the-counter), unless the packaging seal is unbroken.
- c) Using alcohol while performing safety-sensitive functions.
- d) Using alcohol four (4) hours or less before duty. (New York State law prohibits use six (6) hours or less before duty.)
- e) When required to take a post-accident alcohol test, using alcohol within eight (8) hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first.
- f) Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion or follow-up testing requirements.
- g) Reporting for duty or remaining on duty, requiring the performance of safety-sensitive functions, when the SSE uses any controlled substance. This prohibition does not apply when instructed by a physician who has advised the SSE that the substance does not adversely affect the SSE's ability to safely operate a CMV.
- h) Reporting for duty, remaining on duty or performing a safety-sensitive function, if the SSE tests positive for controlled substances.

Drivers and other SSEs who are known to have engaged in prohibited behavior with regard to alcohol misuse or use of controlled substances are subject to disciplinary action and penalties pursuant to the vendors'/contract bus companies' policies and collective bargaining agreements, as well as the sanctions provided for in federal law. SSEs who have engaged in such prohibited behavior shall not be allowed to perform safety-sensitive functions until they are:

(Continued)

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS AND
OTHER SAFETY-SENSITIVE EMPLOYEES (Cont'd.)**

- a) Evaluated by a substance abuse professional (SAP).
- b) Complete any requirements for rehabilitation as set by the District and the SAP.
- c) Pass a return-to-duty test with the result below 0.02 if the conduct involved alcohol, or a controlled substance test with a verified negative result if the conduct involved controlled substance use.
- d) The SSE shall also be subject to unannounced follow-up alcohol and controlled substance testing. The number and frequency of such follow-up testing shall be as directed by the SAP, and consist of at least six (6) tests in the first twelve (12) months.

The Superintendent of Schools shall ensure that each vendor/contract bus company receives a copy of District policy, educational materials that explain the requirements of the alcohol and drug testing regulations, and any regulations and/or procedures developed by the District with respect to meeting those requirements. The Superintendent or his/her designee shall ensure that a copy of these materials is distributed to each vendor/contract bus company, and the vendor/bus company shall sign for receipt of all of the above documents, as well as other appropriate personnel, prior to the start of alcohol and controlled substance testing as well as at the beginning of each school year or at the time of hire for any safety-sensitive employees.

The Superintendent or his/her designee can assist vendors/contract bus companies with arrangements for training of all supervisors who may be utilized to determine whether "reasonable suspicion" exists to test a driver for prohibited conduct involving alcohol or controlled substance use/abuse.

Any significant violation of this policy and/or District procedures, and applicable federal and state laws by vendors/contract bus companies and other employees shall result in revocation of their contract for the transportation of students.

SUBJECT: IDLING SCHOOL BUSES ON SCHOOL GROUNDS

The District recognizes the need to promote the health and safety of District students and staff and to protect the environment from harmful emissions found in bus and vehicle exhaust. In accordance with Education Law and Commissioner's Regulations, the District will minimize, to the extent practicable, the idling of all school buses and other vehicles owned or leased by the District while such bus or vehicle is parked or standing on school grounds or in the front of or adjacent to any school. Rather than waiting for all buses to arrive before loading or unloading, individual buses will be loaded and unloaded to minimize idling. This policy also applies to contractor owned and operated school buses under contract with the District.

The District shall ensure that each driver of a school bus or other vehicle owned, leased or contracted for by the District turn off the engine of the bus or vehicle while waiting for passengers to load or off load on school grounds, or while such vehicle is parked or standing on school grounds or in front of or adjacent to any school.

Exceptions

Unless otherwise required by State or local law, the idling of a school bus or vehicle engine may be permitted to the extent necessary to achieve the following purposes:

- a) For mechanical work;
- b) To maintain an appropriate temperature for passenger comfort; or
- c) In emergency evacuations where necessary to operate wheelchair lifts.

Private Vendor Transportation Contracts

All contracts for pupil transportation services between the School District and a private vendor that are entered into on or after August 21, 2008, shall include a provision requiring such vendor's compliance with the provisions of reducing idling in accordance with Commissioner's Regulations.

When committed by an employee of the School District in a position for which a teaching or school leader certificate is required, such actions or inactions will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's Regulations. A School District employee in a position for which a teaching or school leader certificate is not required who commits an unlawful act in respect to examination and records will be subject to disciplinary action by the Board of Education in a manner consistent with New York State law and regulation.

School District employees will report to the State Education Department any known incident of testing misconduct by a certified educator or any known conduct by a non-certified individual involved in the handling, administration or scoring of state assessments in violation of New York State law. Such report will be made in accordance with directions and procedures established by the Commissioner for the purpose of maintaining the security and confidential integrity of State assessments.

The School District will not dismiss or take other disciplinary or adverse action against an employee because he/she submitted a report regarding testing misconduct to the State Education Department. Any such adverse action by an individual holding a teaching or school leader certificate will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's Regulations and may be referred to the Office of School Personnel Review and Accountability at the State Education Department.

8 NYCRR Section 102.4

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses employment discrimination. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District is an equal opportunity employer that does not discriminate against any employee or applicant for employment in its programs and activities on the basis of any legally protected class or category including, but not limited to: age; race; creed; religion; color; national origin; sexual orientation; gender identity or expression; military status; sex; disability; predisposing genetic characteristics; familial status; marital status; status as a victim of domestic violence; and criminal arrest or conviction record.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of employment discrimination. The District will promptly respond to reports of employment discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Reporting Allegations of Employment Discrimination

Any person may report employment discrimination regardless of whether they are the alleged victim or not. Reports of employment discrimination may be made orally or in writing to the District's CRCO or any other District employee including, but not limited to, a supervisor or building principal.

All District employees who witness or receive an oral or written report of employment discrimination must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY (Cont'd.)**Grievance Process for Complaints of Employment Discrimination**

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of employment discrimination and will promptly take appropriate action to protect individuals from further discrimination.

Various District policies and documents address employment discrimination. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that employment discrimination has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of employment discrimination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the discrimination has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses sexual harassment and gender discrimination in the workplace. It is intended to inform covered individuals of: their right to work in an environment that is free from sexual harassment and discrimination; what sexual harassment and discrimination look like; how they can prevent and report sexual harassment and discrimination; how they are protected from retaliation after taking action; and the general process for investigating a claim of sexual harassment and discrimination that falls under this policy. This policy is just one component of the District's overall commitment to maintaining a harassment and discrimination-free educational and work environment.

Under New York State Human Rights Law (NYSHRL), it is illegal for an employer to discriminate based on age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, status as a victim of domestic violence, or criminal history. These different identities impact an individual's perception and understanding of the world. For example, an individual's race, ability, or immigration status may impact their experience with gender discrimination in the workplace. While this policy is focused on sexual harassment and gender discrimination, the process for reporting and investigating discrimination based on other protected classes is generally the same. However, the exact process may vary depending on a number of factors including, but not limited to, who is involved. Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* detail the specific process for reporting and investigating discrimination based on other protected identities.

Sexual harassment is a form of workplace discrimination that subjects individuals to inferior conditions of employment due to their gender, gender identity, gender expression (perceived or actual), and/or sexual orientation. Sexual harassment is often viewed simply as a form of gender-based discrimination, but the District recognizes that discrimination can be related to or affected by other identities beyond gender.

Discrimination of any kind, including sexual harassment, is unlawful, a violation of District policy, and may subject the District to liability for the harm experienced by targets of discrimination. All individuals are required to work in a manner designed to prevent sexual harassment and discrimination in the workplace.

Harassers may also be individually subject to liability and supervisors who fail to report or act on harassment may be liable for aiding and abetting sexual harassment and discrimination. Employees at every level who engage in harassment or discrimination, including supervisory personnel who engage in harassment or discrimination or who allow such behavior to continue, will be subject to remedial and/or disciplinary action by the District.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment in the workplace. The District will promptly respond to reports of sexual harassment in the workplace, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s).

Scope and Application

This policy applies to all instances of sexual harassment and gender discrimination perpetrated against a "covered individual" by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student. For purposes of this policy, a "covered individual" includes:

- a) Employees;
- b) Applicants for employment;
- c) Paid or unpaid interns; and
- d) Non-employees, which include anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace. These non-employees include persons commonly referred to as independent contractors, gig workers, and temporary workers. Also included are non-employees providing equipment repair, cleaning services, or any other service through a contract with the District.

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to sexual harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved and where the alleged sexual harassment occurred. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)**What Constitutes Sexual Harassment**

Sexual harassment is a form of gender-based discrimination that is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment is not limited to sexual contact, touching, or expressions of a sexually suggestive nature. Sexual harassment includes all forms of gender discrimination including gender role stereotyping and treating individuals differently because of their gender.

Understanding gender diversity is essential to recognizing sexual harassment because discrimination based on sex stereotypes, gender expression, and perceived identity are all forms of sexual harassment. The gender spectrum is nuanced, but the three most common ways people identify are cisgender, transgender, and non-binary. A cisgender person is someone whose gender aligns with the sex they were assigned at birth. Generally, this gender will align with the binary of male or female. A transgender person is someone whose gender is different than the sex they were assigned at birth. A non-binary person does not identify exclusively as a man or a woman. They might identify as both, somewhere in between, or completely outside the gender binary. Some may identify as transgender, but not all do. Respecting an individual's gender identity is a necessary first step in establishing a safe workplace.

Under NYSHRL, sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment. Harassment does not need to be severe or pervasive to be illegal. It can be any harassing behavior that rises above petty slights or trivial inconveniences. Every instance of harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, NYSHRL specifies that whether harassing conduct is considered petty or trivial is to be viewed from the standpoint of a reasonable victim of discrimination with the same protected characteristics. Generally, any behavior in which a covered individual is treated worse because of their gender (perceived or actual), sexual orientation, or gender expression is considered a violation of District policy. The intent of the behavior, for example, making a joke, does not neutralize a harassment claim. Not intending to harass is not a defense. The impact of the behavior on a person is what counts.

Sexual harassment includes any unwelcome conduct which is either directed at an individual because of that individual's gender identity or expression (perceived or actual), or is of a sexual nature when:

- a) The purpose or effect of this behavior unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive work environment. The impacted individual does not need to be the intended target of the sexual harassment;
- b) Employment depends implicitly or explicitly on accepting such unwelcome behavior; or

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Decisions regarding an individual's employment are based on an individual's acceptance to or rejection of the behavior. These decisions can include what shifts and how many hours an employee might work, project assignments, as well as salary and promotion decisions.

There are two main types of sexual harassment:

- a) Hostile work environment which includes, but is not limited to, words, signs, jokes, pranks, intimidation, or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex, gender identity, or gender expression. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory, or discriminatory statements which an employee finds offensive or objectionable, causes an employee discomfort or humiliation, or interferes with the employee's job performance.
- b) Quid pro quo harassment which occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions, or privileges of employment.

Any covered individual who feels harassed is encouraged to report the behavior so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be discrimination and is covered by this policy.

Examples of Sexual Harassment

The following describes some actions that may constitute unlawful sexual harassment and that are strictly prohibited. This list is just a sample of behaviors and should not be considered exhaustive. Any covered individual who believes they have experienced sexual harassment, even if it does not appear on this list, should feel encouraged to report it:

- a) Physical acts of a sexual nature, such as:
 - 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another individual's body or poking another individual's body; and
 - 2. Rape, sexual battery, molestation or attempts to commit these assaults, which may be considered criminal conduct outside the scope of this policy.
- b) Unwanted sexual advances or propositions, such as:
 - 1. Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion, or other job benefits;

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

2. Subtle or obvious pressure for unwelcome sexual activities.
 3. Repeated requests for dates or romantic gestures, including gift-giving.
- c) Sexually oriented gestures, noises, remarks or jokes, or questions and comments about a person's sexuality, sexual experience, or romantic history which create a hostile work environment. This is not limited to interactions in person. Remarks made over virtual platforms and in messaging apps when employees are working remotely can create a similarly hostile work environment.
- d) Sex stereotyping, which occurs when someone's conduct or personality traits are judged based on other people's ideas or perceptions about how individuals of a particular sex should act or look.
1. Remarks regarding an employee's gender expression, such as wearing a garment typically associated with a different gender identity; or
 2. Asking employees to take on traditionally gendered roles, such as asking a woman to serve meeting refreshments when it is not part of, or appropriate to, her job duties.
- e) Sexual or discriminatory displays or publications anywhere in the workplace, such as:
1. Displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace;
 2. This also extends to the virtual or remote workspace and can include having such materials visible in the background of one's home during a virtual meeting.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, or gender expression, such as:
1. Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
 2. Sabotaging an individual's work; and
 3. Bullying, yelling, or name-calling.
 4. Intentional misuse of an individual's preferred pronouns; or

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

5. Creating different expectations for individuals based on their perceived identities:
 - (a) Dress codes that place more emphasis on women's attire;
 - (b) Leaving parents/caregivers out of meetings.

Who Can be a Target of Sexual Harassment?

Sexual harassment can occur between any individuals, regardless of their sex or gender. Harassment does not have to be between members of the opposite sex or gender. This policy applies to all instances of sexual harassment perpetrated against a "covered individual" by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student.

Sexual harassment does not happen in a vacuum and discrimination experienced by an individual can be impacted by biases and identities beyond an individual's gender. For example:

- a) Placing different demands or expectations on black women employees than white women employees can be both racial and gender discrimination;
- b) An individual's immigration status may lead to perceptions of vulnerability and increased concerns around illegal retaliation for reporting sexual harassment; or
- c) Past experiences as a survivor of domestic or sexual violence may lead an individual to feel re-traumatized by someone's behaviors in the workplace.

Individuals bring personal history with them to the workplace that might impact how they interact with certain behavior. It is especially important for all employees to be aware of how words or actions might impact someone with a different experience than their own in the interest of creating a safe and equitable workplace.

Where Can Sexual Harassment Occur?

Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state. It can occur while covered individuals are traveling for District business or at District or industry-sponsored events or parties. Calls, texts, emails, and social media usage by covered individuals can constitute unlawful workplace harassment, even if they occur away from school property, on personal devices, or during non-work hours. Accordingly, conduct or incidents of sexual harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Sexual harassment can occur when covered individuals are working remotely. Any behaviors outlined above that leave a covered individual feeling uncomfortable, humiliated, or unable to meet their job requirements constitute harassment even if the covered individual is working remotely when the harassment occurs. Harassment can happen on virtual meeting platforms, in messaging apps, and after working hours between personal cell phones.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

Retaliation is unlawful and is any action by an employer or supervisor that punishes an individual upon learning of a harassment claim, that seeks to discourage a covered individual from making a formal complaint or supporting a sexual harassment or discrimination claim, or that punishes those who have come forward. Adverse actions need not be job-related or occur in the workplace to constitute unlawful retaliation. For example, threats of physical violence outside of work hours or disparaging someone on social media would be covered as retaliation under this policy.

Examples of retaliation may include, but are not limited to:

- a) Demotion, termination, denying accommodations, reduced hours, or the assignment of less desirable shifts;
- b) Publicly releasing personnel files;
- c) Refusing to provide a reference or providing an unwarranted negative reference;
- d) Labeling an employee as "difficult" and excluding them from projects to avoid "drama";
- e) Undermining an individual's immigration status; or
- f) Reducing work responsibilities, passing over for a promotion, or moving an individual's desk to a less desirable office location.

Retaliation is unlawful under federal, state, and (where applicable) local law. The NYSHRL protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

- a) Made a complaint of sexual harassment or discrimination, either internally or with any government agency;
- b) Testified or assisted in a proceeding involving sexual harassment or discrimination under the NYSHRL or any other anti-discrimination law;

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Opposed sexual harassment or discrimination by making a verbal or informal complaint, or by simply informing a supervisor, building principal, other administrator, or the CRCO of suspected harassment;
- d) Reported that a covered individual has been sexually harassed or discriminated against; or
- e) Encouraged a covered individual to report harassment.

The District prohibits all retaliation. Any individual that reports an incident of sexual harassment or discrimination, provides information, or otherwise assists in any investigation of a sexual harassment or discrimination complaint is protected from retaliation. No one should fear reporting sexual harassment or discrimination if they believe it has occurred. Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of sexual harassment or discrimination.

Any District employee who retaliates against anyone involved in a sexual harassment or discrimination investigation will face disciplinary action, up to and including termination. All covered individuals who believe they have been subject to retaliation should inform a supervisor, building principal, other administrator, or the CRCO.

All employees and covered individuals who believe they have been a target of retaliation may also seek relief from government agencies, as explained in this policy.

Reporting Allegations of Sexual Harassment

Preventing sexual harassment is everyone's responsibility. The District cannot prevent or remedy sexual harassment unless it knows about it. Anyone who experiences, witnesses, or becomes aware of potential instances of sexual harassment is encouraged to report the behavior to a supervisor, building principal, other administrator, or the CRCO. Covered individuals should not feel discouraged from reporting harassment because they do not believe it is bad enough or conversely because they do not want to see someone fired over less severe behavior. Just as harassment can happen in different degrees, potential discipline for engaging in sexual harassment will depend on the degree of harassment and could include education counseling, suspension, or termination.

Reports of sexual harassment may be made verbally or in writing. A form for submission of a written complaint is posted on the District website if a covered individual would like to use it, but the complaint form is not required. Individuals who are reporting sexual harassment on behalf of another individual may use the complaint form and note that it is being submitted on another individual's behalf. A verbal or otherwise written complaint (such as an email) on behalf of oneself or another individual is also acceptable.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Reports may be made to a CRCO in person, by using the contact information for a CRCO, or by any other means that results in a CRCO receiving the person's verbal or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for a CRCO.

Reports of sexual harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment must be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

District employees must comply with reporting requirements in any other applicable District policy or document.

Covered individuals who believe they have been a target of sexual harassment may at any time seek assistance in other available forums, as explained in this policy.

Supervisory Responsibilities

Everyone must work toward preventing sexual harassment, but leadership matters. Supervisors, building principals, other administrators, and the CRCOs have a special responsibility to make sure employees feel safe at work and that workplaces are free from harassment and discrimination. All supervisors, building principals, and other administrators who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing or discriminatory behavior, or for any reason suspect that sexual harassment or discrimination is occurring, are required to report the suspected sexual harassment to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Supervisors, building principals, and other administrators should not be passive and wait for a covered individual to make a claim of harassment. If they observe such behavior, they must act.

Supervisors, building principals, and other administrators can be disciplined if they engage in sexually harassing or discriminatory behavior themselves. Supervisors, building principals, and other administrators, can also be disciplined for failing to report suspected sexual harassment or allowing sexual harassment to continue after they know about it.

While supervisors, building principals, and other administrators have a responsibility to report harassment and discrimination, they must be mindful of the impact that harassment and a subsequent investigation has on victims. Being identified as a possible victim of harassment and questioned about

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

harassment and discrimination can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors, building principals, and other administrators must accommodate the needs of individuals who have experienced harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Bystander Intervention

Any individual witnessing harassment as a bystander is encouraged to report it. A supervisor, building principal, or other administrator that is a bystander to harassment is **required** to report it. There are five standard methods of bystander intervention that can be used when anyone witnesses harassment or discrimination and wants to help.

- a) A bystander can interrupt the harassment by engaging with the individual being harassed and distracting them from the harassing behavior;
- b) A bystander who feels unsafe interrupting on their own can ask a third-party to help intervene in the harassment;
- c) A bystander can record or take notes on the harassment incident to benefit a future investigation;
- d) A bystander might check in with the person who has been harassed after the incident, see how they are feeling and let them know the behavior was not ok; and
- e) If a bystander feels safe, they can confront the harassers and name the behavior as inappropriate. When confronting harassment, physically assaulting an individual is never an appropriate response.

Though not exhaustive, and dependent on the circumstances, the guidelines above can serve as a brief guide of how to react when witnessing harassment in the workplace.

Grievance Process for Complaints of Sexual Harassment in the Workplace

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. Investigations will be conducted in a timely manner, and will be confidential to the extent possible.

An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt, thorough, equitable, and started and completed as soon as possible. Investigations will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All individuals involved, including those making a harassment claim, witnesses, and alleged harassers will be accorded due process, as outlined below, and in accordance with any applicable collective bargaining agreements to protect their rights to a fair and impartial investigation.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

The District will not tolerate retaliation against anyone who files complaints, supports another's complaint, or participates in an investigation regarding a violation of this policy.

The CRCO will generally oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

District employees may be required to cooperate as needed in an investigation of suspected sexual harassment. The District recognizes that participating in a harassment investigation can be uncomfortable and has the potential to re-traumatize a covered individual. Individuals receiving claims and leading investigations will handle complaints and questions with sensitivity toward participants.

While the process may vary from case to case, investigations should be done in accordance with the following steps. Upon receipt of a complaint, the CRCO:

a) Will conduct a prompt review of the allegations, assess the appropriate scope of the investigation, and take any interim actions (for example, instructing the individual(s) about whom the complaint was made to refrain from communications with the individual(s) who reported the harassment), as appropriate.

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

- b) Will investigate all complaints of sexual harassment regardless of how those complaints are reported and treat all complaints with equal priority. For verbal complaints, the individual will be encouraged to complete the complaint form, which is available on the District website, in writing. If the individual reporting prefers not to fill out the complaint form, a complaint form or equivalent documentation based on the verbal reporting will be prepared. The individual reporting the harassment will be provided a copy of the completed complaint form.
- c) Will take steps to obtain, review, and preserve documents sufficient to assess the allegations, including documents, emails, or phone records that may be relevant to the investigation. The CRCO will consider and implement appropriate document request, review, and preservation measures, including for electronic communications.
- d) Will seek to interview all parties involved, including any relevant witnesses. If a student is involved, the District will follow all applicable District policies and procedures regarding questioning students.
- e) Will create written documentation of the investigation (such as a letter, memo or email), which contains the following:

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 2. A list of names of those interviewed, along with a detailed summary of their statements;
 3. A timeline of events;
 4. A summary of any prior relevant incidents disclosed in the investigation, reported or unreported; and
 5. The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- f) Will keep the written documentation and associated documents in a secure and confidential location.
- g) Will promptly notify the individual(s) who reported the harassment and the individual(s) about whom the complaint was made that the investigation has been completed and implement any corrective actions identified in the written document. Any corrective action taken will be in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.
- h) Will inform the individual(s) who reported the harassment of the right to file a complaint or charge externally as outlined in this policy.

Additionally, other District policies and documents address sexual harassment. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that sexual harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable laws and regulations, as well as applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Annual Training

The District will provide a sexual harassment prevention training program to all employees on an annual basis. The training will be interactive and will include:

- a) An explanation of sexual harassment consistent with guidance issued by the Department of Labor in consultation with the Division of Human Rights;

(Continued)

Personnel

At the time of hiring and at every annual sexual harassment prevention training program, the District will provide each employee a notice containing this policy and the information presented at the District's sexual harassment prevention training program.

This notice will be provided in English and in the language identified by the employee as his or her primary language, provided that the New York State Department of Labor Commissioner has published a template of the model materials in that language.

The notice will be delivered in writing, either in print or digitally. The notice will either link to or include, as an attachment or printed copy, the policy and training materials.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the District but is also prohibited by state, federal, and, where applicable, local law.

The District's internal process outlined in the policy above is one way for covered individuals to report sexual harassment. Aside from the District's internal process, individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, an individual may seek the legal advice of an attorney.

In addition to those outlined below, individuals may have other legal protections.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)New York State Division of Human Rights (NYSDHR)

The NYSHRL, NY Executive Law, Art. 15, Section 290 et seq., applies to all employers in New York State and protects covered individuals, regardless of immigration status. A complaint alleging violation of the NYSHRL may be filed either with the NYSDHR or in New York State Supreme Court.

Complaints of sexual harassment filed with NYSDHR may be submitted any time **within three years** of the harassment. If an individual does not file a complaint with NYSDHR, they can bring a lawsuit directly in state court under the NYSHRL, **within three years** of the alleged sexual harassment. An individual may not file with NYSDHR if they have already filed a NYSHRL complaint in state court.

Complaining internally to the District does not extend the time to file with NYSDHR or in court. The three years are counted from the date of the most recent incident of harassment.

Individuals do not need an attorney to file a complaint with NYSDHR, and there is no cost to file with NYSDHR.

NYSDHR will investigate the complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases receive a public hearing before an administrative law judge. If sexual harassment is found at the hearing, NYSDHR has the power to award relief. Relief varies, but it may include requiring the employer to take action to stop the harassment, or repair the damage caused by the harassment, including paying of monetary damages, punitive damages, attorney's fees, and civil fines.

NYSDHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. Individuals may call (718) 741-8400 or visit: www.dhr.ny.gov.

Go to dhr.ny.gov/complaint for more information about filing a complaint with NYSDHR. The website has a digital complaint process that can be completed on a computer or mobile device from start to finish. The website has a complaint form that can be downloaded, filled out, and mailed to NYSDHR. The website also contains contact information for NYSDHR's regional offices across New York State.

Call the NYSDHR sexual harassment hotline at **1-800-HARASS-3 (1-800-427-2773)** for more information about filing a sexual harassment complaint. This hotline can also provide a referral to a volunteer attorney experienced in sexual harassment matters who can provide limited free assistance and counsel over the phone.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)The United States Equal Employment Opportunity Commission

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act (codified as 42 USC 2000e et seq.). An individual can file a complaint with the EEOC anytime within 300 days from the most recent incident of harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint, and determine whether there is reasonable cause to believe that discrimination has occurred. If the EEOC cannot reach a settlement, the EEOC (or the Department of Justice in certain cases) will decide whether to file a lawsuit. The EEOC will issue a Notice of Right to Sue permitting workers to file a lawsuit in federal court if the EEOC closes the charge, is unable to determine if federal employment discrimination laws may have been violated, or believes that unlawful discrimination occurred but does not file a lawsuit.

Individuals may obtain relief in mediation, settlement, or conciliation. In addition, federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An individual alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov or via email at info@eeoc.gov. To file a complaint with the United States Equal Employment Opportunity Commission, please visit <https://www.eeoc.gov/filing-charge-discrimination>.

If an individual filed an administrative complaint with NYSDHR, then NYSDHR will file the complaint with the EEOC to preserve the right to proceed in federal court.

Title IX

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in any federally funded education program or activity. The U.S. Department of Education's Office for Civil Rights (OCR) enforces Title IX of the Education Amendments of 1972.

For more information about how to file a complaint, contact OCR at 800-421-3481 (TDD 800-877-8339) or visit: <https://www2.ed.gov/about/offices/list/ocr/docs/howto.html>. The website contains information about filing the complaint online, by mail, or by email.

Local Protections

SUBJECT: NEPOTISM

Without specific exception by the Board of Education, no person will be appointed, promoted, transferred, assigned, or otherwise employed in any position in which he/she would supervise or receive supervision from a member of his/her immediate family.

For the purpose of this policy, immediate family means: spouse, parent, grandparent, grandchild, father, step-father, mother, step-mother, mother-in-law, father-in-law, child, step-child, son-in-law, daughter-in-law, brother, step-brother, brother-in-law, sister, step-sister, sister-in-law.

For the purpose of this policy, supervise means: the authority to recommend or approve the immediate family member's appointment, promotion, salary, evaluation, termination, or other similar personnel actions.

The Superintendent of Schools or his/her designee may investigate complaints of undue influence, favoritism or other conflicts of interest involving School District employees who are immediate family members but who are not involved in any supervisory relationship.

The Superintendent of Schools or his/her designee may also investigate complaints of undue influence, favoritism or other conflicts of interest due to the interpersonal, non-familial relationship of School District employees.

The Superintendent will provide the Board of Education with information in writing of familial relationships of potential new staff for the purpose of compliance with this policy and Policy # 6217-- Employment of Relatives of Board of Education Members.

SUBJECT: EVALUATION OF PERSONNEL

All Staff Members

The administration shall undertake a continuous program of supervision and evaluation of all personnel, including support staff, in the School District. The primary purposes of the evaluations shall be to encourage and promote improved performance and to make decisions about the occupancy of positions.

Teachers and Administrators

The Rocky Point School District is committed to supporting the development of effective teachers and administrators. To this end, the District shall provide procedures for the evaluation of all professional staff. District plans for Annual Professional Performance Review (APPR) of teachers and Principals shall be developed in accordance with applicable laws, Commissioner's Regulations, and Rules of the Board of Regents. The primary purposes of these evaluations are:

- a) To encourage and promote improved performance;
- b) To guide professional development efforts; and
- c) To provide a basis for evaluative judgments by applicable school officials.

APPR Ratings

For those teachers and Principals subject to Education Law 3012-c, the Annual Professional Performance Review (APPR) will result in a single composite effectiveness score and a rating of "highly effective," "effective," "developing," or "ineffective." The composite score will be determined as follows:

- a) 20% - student growth on state assessments or a comparable measure of student achievement growth (increases to 25% upon implementation of a value-added growth model);
- b) 20% - locally selected measures of student achievement that are determined to be rigorous and comparable across classrooms as defined by the Commissioner (decreases to 15% upon implementation of a value-added growth model); and
- c) 60% - other measures of teacher/principal effectiveness consistent with standards prescribed by the Commissioner in regulation.

The ratings scale based on composite scores has been established by the State Education Department (SED):

- a) Highly Effective = composite effectiveness score of 91-100
- b) Effective = composite effectiveness score of 75-90
- c) Developing = composite effectiveness score of 65-74
- d) Ineffective = composite effectiveness score of 0-64

(continued)

If a teacher or Principal is rated "developing" or "ineffective," the School District will develop and implement a teacher or Principal improvement plan. Tenured teachers and Principals with a pattern of ineffective teaching or performance, defined as two consecutive annual "ineffective" ratings, may be charged with incompetence and considered for termination through an expedited hearing process.

The School District will ensure that all evaluators are appropriately trained consistent with standards prescribed by the Commissioner and that an appeals procedure is locally developed

Disclosure of APPR Data

Consistent with Chapter 68 of the Laws of 2012, which amends Education Law 3012-c, the Commissioner is required to disclose professional performance review data for teachers and Principals on the New York State Education Department (NYSED) website and in any other manner to make such data widely available to the public. However, the release of such aggregate data may not include personally identifiable information for any teacher or Principal. Such public disclosure of final quality ratings and composite effectiveness scores will be suitable for research, analysis and comparison of APPR data for teachers and Principals across the state.

Upon request, the District will release to parents/legal guardians the final quality ratings and composite effectiveness scores for teachers and Principals to which their student is currently assigned. The District's obligation to disclose this information is limited to those teachers and Building Principals subject to Education Law 3012-c. The District will provide conspicuous notice to parents/legal guardians of their right to obtain such information and the methods by which the data can be obtained. Upon request, parents will receive an oral or written explanation of the composite effectiveness scoring ranges for final quality ratings and be offered the opportunity to understand such scores in the context of teacher evaluation and student performance. When a request for this information is received, reasonable efforts will be made to verify that it is a bona fide request by a parent/legal guardian entitled to review the data.

Annual professional performance reviews of individual teachers and Principals shall not be subject to disclosure under the Freedom of Information Law (FOIL).

SUBJECT: EMPLOYEE MEDICAL EXAMINATIONS**Pre-employment Medical Examinations**

The District will not require applicants for positions to undergo a medical examination prior to an offer of employment. Further, the District will not make inquiries of a job applicant as to whether the applicant is an individual with a disability or as to the nature or severity of a disability. However, the District may make pre-employment inquiries into the ability of an applicant to perform job-related functions.

Employment Entrance Examinations

All entering employees are required to obtain a medical examination after an offer of employment has been made and prior to the commencement of their employment. The District may condition an offer of employment on the results of the examination in accordance with law.

When the examination is made by the school physician or nurse practitioner, the cost of the examination will be borne by the District. A staff member, however, may elect to have a medical examination at their own expense by a physician of their own choice.

Examinations during Employment

The Board reserves the right to request a medical examination at any time during employment, at District expense, in order to determine whether an employee can perform the essential functions of the position with or without reasonable accommodation or for other valid employment reasons.

Each vendor/contract bus company shall ensure that its bus drivers and substitute bus drivers shall have yearly physical examinations. Each bus driver initially employed by the vendor/contract bus company shall have a physical examination within the eight (8) weeks prior to the beginning of service. In no case shall the interval between physical examinations exceed a thirteen (13)-month period.

All medical and health related information will be kept in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Examinations and Inquiries

The District may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that work site. The District may make inquiries into the ability of an employee to perform job-related functions.

The District, however, will not require a medical examination and will not make inquiries as to whether the employee is an individual with a disability or as to the nature or severity of the disability, unless the examination or inquiry is shown to be job related and consistent with business necessity.

The Board of Education is committed to providing a safe environment for students and staff and affirms that the District's commitment to the health and safety of students and staff may be furthered by utilizing dogs which are trained to detect illegal drugs. Accordingly, the Superintendent of Schools is authorized by the Board of Education to utilize dogs which are trained to detect illegal drugs.

The Superintendent and building principals are designated as the contact persons and they will determine if, and when, and how often, a police agency's "drug dogs" will be called to school property. When this decision has been made, the following procedures will apply:

1. No one will be notified in advance of the arrival of the police except the building principal and the Superintendent.

SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES

Unless otherwise authorized in accordance with law and regulation, the District shall not employ or utilize a prospective school employee, as defined below, unless such prospective school employee has been granted a "full" clearance for employment by the State Education Department (SED). The School District shall require a prospective school employee who is not in the SED criminal history file to be fingerprinted for purposes of a criminal history record check by authorized personnel of the designated fingerprinting entity. For purposes of this provision of law, the term "criminal history record" shall mean a record of all convictions of crimes and any pending criminal charges maintained on an individual by the Division of Criminal Justice Services (DCJS) and the Federal Bureau of Investigation (FBI). The District shall, however, obtain the applicant's consent to the criminal history records search.

The District shall utilize SED's Web-based application known as *TEACH for instantaneous access to important information about certification and fingerprinting. Through TEACH, SED provides an individual with the ability to apply for fingerprint clearance for certification and/or employment and view the status of his/her fingerprint clearance request. Through TEACH, the School District is able, among other applications, to submit an online request for fingerprint clearance for a prospective employee, view the status of a fingerprint clearance request, and determine whether a subsequent arrest letter has been issued.

Prior to initiating the fingerprinting process, the District shall furnish the applicant with written notice on a form prepared by the Commissioner of Education addressing the fingerprinting requirements and the applicant's right to obtain, review and seek correction of his/her criminal history information. Additionally, where the prospective school employee is not already in the SED criminal history file, the District shall obtain the signed, informed consent of the applicant to perform the criminal history check. Every set of fingerprints taken shall be promptly submitted to the Commissioner of Education for purposes of clearance for employment.

Where the prospective school employee is already in the SED criminal history file, the District shall request the clearance for employment on forms or an equivalent manner prescribed by SED. Furthermore, the District shall notify SED, in a manner prescribed by the Department, of a prospective school employee who has commenced employment with or began providing services for the District, the date of the commencement of such employment or service, and the position held by such individual. Similarly, the District shall notify SED, in a manner prescribed by the Department, of a fingerprinted employee who has been separated from employment with the District or ceased providing services for the School District, and the date of such separation from employment or cessation of services. All criminal history records processed by DCJS and the FBI and sent to the Commissioner of Education are confidential. The records may not be published or in any way disclosed to persons other than the Commissioner unless otherwise authorized by law.

Unless otherwise exempted pursuant to law, the applicant shall be responsible for the payment of fees to SED for a criminal history record check. However, if approved by Board resolution, the District may authorize the payment of such fees on behalf of prospective employees. The Board is also authorized to waive the payment of such fees in cases of unreasonable financial hardship to the applicant or his/her family. If the Board decides to waive payment of the fees for the prospective employee, payment of the fees becomes the District's responsibility.

Who Must Be Fingerprinted

All "prospective school employees" of the School District must be fingerprinted. For purposes of this policy and the applicable provisions in law and Commissioner's Regulations, "prospective school employee" shall mean any individual who will reasonably be expected by the School District to

SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES (Cont'd.)**Removal from the SED Criminal History File**

Where individuals have been separated from employment at the School District and have not become employed in this District or another school district, BOCES or charter school within twelve (12) months of such separation, SED shall notify DCJS of such separation for the purpose of destroying the fingerprints of that individual. Further, upon request of such individual, SED shall notify DCJS prior to the expiration of such twelve-month period for the purpose of destroying his/her fingerprints. Such individuals shall be removed from the SED criminal history file.

Conditional Appointments/Emergency Conditional AppointmentsConditional Appointments

Whenever possible, a "full" clearance will be received for all new employees requiring such clearance before they begin work for the District. However, upon the recommendation of the Superintendent of Schools, the Board of Education may conditionally appoint a prospective employee. A request for conditional clearance shall be forwarded to the Commissioner of Education along with the prospective employee's fingerprints as mandated pursuant to law. Such conditional appointment shall not commence until notification by the Commissioner that the prospective employee has been conditionally cleared for employment, and such conditional employment shall terminate when the School District is notified of the determination by the Commissioner to grant or deny full clearance; however, if full clearance is granted, the appointment shall continue and the conditional status shall be removed.

Prior to commencement of such conditional appointment, the District must obtain a signed statement for conditional employment from the prospective employee indicating whether, to the best of his/her knowledge, the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction outside the state.

Emergency Conditional Appointments

Upon the recommendation of the Superintendent of Schools, the Board may make an emergency conditional appointment when an unforeseen emergency vacancy has occurred. When such an appointment is made, the process for conditional appointment as enumerated above must also be initiated.

Emergency conditional appointment may commence prior to notification from the Commissioner of Education on conditional clearance but shall terminate twenty (20) business days from the date such appointment commences or when the District is notified by the Commissioner that conditional clearance is either granted or denied, whichever occurs earlier; however, if conditional clearance is granted, the appointment shall continue as a conditional appointment.

SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES (Cont'd.)

Prior to the commencement of such appointment, the District must obtain a signed statement for emergency conditional appointment from the prospective employee indicating whether, to the best of his/her knowledge, the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction.

An unforeseen emergency vacancy shall be defined as:

- a) A vacancy that occurred less than ten (10) business days before the start of any school session including summer school, or during any school session including summer school, without sufficient notice to allow for clearance or conditional clearance (however, this ten (10) business day timeframe provision shall not apply if the Board of Education finds that the School District has been unable to fill the vacancy despite good faith efforts to fill the vacancy in a manner that would have allowed sufficient time for full clearance or conditional clearance); and
- b) When no other qualified person is available to fill the vacancy temporarily; and
- c) When the emergency conditional appointment is necessary to maintain services which the District is legally required to provide or services necessary to protect the health, education or safety of students or staff.

Safety of Students

The District will develop internal building and/or program procedures to help ensure the safety of students who have contact with an employee holding conditional appointment or emergency conditional appointment. Such procedures will address the safety of students in the classroom, students attending off-campus activities under the supervision of the School District, and students participating in extracurricular and/or co-curricular activities (including sports and athletic activities).

Safety procedures to be addressed include, but are not limited to, the following: supervision of the employee holding conditional appointment/emergency conditional appointment as determined appropriate by the applicable building/program administrator; and periodic visitations by the building/program administrator to the classroom, program and/or activity assigned to the employee holding conditional appointment/emergency conditional appointment.

"Sunset" Provision for Conditional Appointments/Emergency Conditional Appointments

The provisions in law which permit the conditional appointment and/or emergency conditional appointment of employees pending full clearance from SED shall terminate, in accordance with legislation, on July 1, 2015; and shall be rescinded as Board policy and procedure as of that date (unless subsequent revisions to applicable law provide otherwise).

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION)

The Board of Education requires that all School District employees maintain a professional, ethical relationship with District students that is conducive to an effective, safe learning environment; and that staff members act as role models for students at all times, whether on or off school property and both during and outside of school hours. Staff must establish appropriate personal boundaries with students and not engage in any behavior that could reasonably lead to even the appearance of impropriety.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student's age and/or regardless of whether the student may have "consented" to such conduct. Further, employees shall not entertain students or socialize with students in such a manner as to create the perception that a dating relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, in violation of District policy, and may result in the notification of law enforcement officials and the filing of criminal charges and/or disciplinary action by the District up to and including termination of employment.

Inappropriate employee behavior includes, but is not limited to, flirting; making suggestive comments; dating; requests for sexual activity; physical displays of affection; giving inappropriate personal gifts; frequent personal communication with a student (via phone, e-mail, letters, notes, etc.) unrelated to course work or official school matters; providing alcohol or drugs to students; inappropriate touching; and engaging in sexual contact and/or sexual relations.

Even if the student participated "willingly" in the activity (regardless of the student's age), inappropriate fraternization of staff with students is against District policy and may be in violation of professional standards of conduct and New York State Law. However, inappropriate employee conduct does not need to rise to the level of criminal activity for such conduct to be in violation of District rules and subject to appropriate disciplinary sanctions.

Any student who believes that he/she has been subjected to inappropriate staff behavior as enumerated in this policy, as well as students, school employees or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, shall report the incident to any staff member or either the employee's supervisor, the student's Principal or the District's designated Complaint Officer. In all events such reports shall be forwarded to the designated Complaint Officer for further investigation. Anonymous complaints of inappropriate fraternization of staff members with students shall also be investigated by the District. Investigations of allegations of inappropriate staff-student relations shall follow the procedures utilized for complaints of harassment within the School District. Allegations of inappropriate staff-student behavior shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

Any employee having knowledge of or reasonable suspicion that another employee may have engaged in inappropriate conduct with a student that may constitute child abuse (specifically, child

abuse in an educational setting) must *also* follow the District's reporting procedures for such allegations; and such information will be reported by the designated administrator as required by state law to law enforcement officials, the State Education Department and/or Child Protective Services as may be applicable.

If a student initiates inappropriate behavior toward a staff member, that employee shall document the incident and report it to his/her Building Principal or Supervisor.

The District shall promptly investigate all complaints of inappropriate staff-student relations, and take prompt corrective action to stop such conduct if it occurs.

Prohibition of Retaliation

The Board of Education prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of inappropriate staff-student relations. Follow-up inquiries and/or appropriate monitoring shall be made to ensure that the alleged conduct has not resumed and that all those involved in the investigation have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

District Responsibility/Training

The principal of each school and/or program supervisor shall be responsible for informing students, staff and volunteers of the requirements of this policy, including the duty to report and the procedures established for investigation and resolution of complaints. Further, staff training shall be provided to facilitate staff identification of possible behavior that may constitute inappropriate staff-student relationships. Students shall be provided such training in an age appropriate manner.

The District's policy (or a summary thereof) shall be disseminated as appropriate to staff, students and parents. Further, this topic shall be addressed in the District Code of Conduct.

Disciplinary Sanctions

Any staff member who engages in inappropriate conduct with a student, prohibited by the terms of this policy, shall be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy and regulation, and the applicable collective bargaining agreement. A violation of this policy may also subject the employee to criminal and/or civil sanctions as well as disciplinary action by the State Education Department.

SUBJECT: EMPLOYEE USE OF SOCIAL MEDIA

The Board respects the importance of integrating current technology tools, including new methods of electronic communication, into the classroom to enhance student learning. It further recognizes the importance of employees, students and parents engaging, learning, collaborating and sharing in digital environments as part of 21st Century learning.

The Board strives to ensure that electronic communication tools incorporated into the school curriculum are used responsibly and safely. As practicable, the Board will provide access to secure social media tools and Board-approved technologies for use during instructional time and for school-sponsored initiatives in accordance with District policies.

The Board acknowledges that school employees may determine to engage in the use of Social Network Sites (SNS) during their personal time. School employees who use SNS for personal purposes must be mindful that they are responsible for their public conduct even when not acting in their capacities as school system employees. All school employees, including student teachers and affiliated independent contractors shall comply with the requirements of this policy when using electronic social media for personal purposes. Examples of SNS include, but are not limited to Facebook, Twitter, YouTube, Google+, and Instagram.

District Policies, Rules and Regulations

Employees are expected to follow all District policies, rules and regulations when utilizing SNS. The same laws, professional expectations and guidelines for interactions with students, fellow employees and use of District emblems and identifying characteristics apply online as in the “real world.” Employees may be personally liable for anything posted to a SNS to the same extent that they would be for any other professional action.

Personal Use and Responsibility

While mindful of employees’ First Amendment free speech rights, District personnel who participate in SNS, including the District social networking sites, shall not post any material which may result in the disruption of academic or other District activities.

Comments related to the District should always meet the highest standards of professional discretion. When posting, employees should act on the assumption that all postings are in the public domain. Remember that posted information could be interpreted as an extension of your office or classroom--what is inappropriate in your office or classroom is also inappropriate online. When posting comments or viewpoints on topics related to the District using any online medium, it is to be stated that the submission is representative of the writer’s views and opinions and not necessarily the views and opinions of the District.

Disciplinary Sanctions

District personnel who violate any provision of this policy shall be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy and regulations, and the applicable collective bargaining agreement.

The Rocky Point UFSD is committed to the safety and security of our employees.

Workplace Violence is defined as any physical assault or act of aggressive behavior occurring where a public employee performs any work-related duty in the course of his or her employment including but not limited to an attempt or threat, whether verbal or physical, to inflict physical injury upon an employee; any intentional display of force which would give an employee reason to fear or expect bodily harm; intentional and wrongful physical contact with a person without his or her consent that entails some injury; or stalking an employee with the intent of causing fear of material harm to the physical safety and health of such employee when such stalking has arisen through and in the course of employment.

Acts of violence against any of our employees where any work related duty is performed will be thoroughly investigated and appropriate action will be taken, including involving law enforcement authorities when warranted. All employees are responsible for helping to create an environment of mutual respect for each other as well as students and visitors, following all policies, procedures and practices, and for assisting in maintaining a safe and secure work environment.

This policy is designed to meet the requirements of New York State Labor Law Art. 2 §27-b and highlights some of the elements that are found within our Workplace Violence Prevention Program. The process involved in complying with this law includes a workplace evaluation that is designed to identify the risks of workplace violence to which our employees could be exposed.

Authorized Employee Representative(s) as members of the District-Wide Safety Team will, at a minimum, be involved in:

- evaluating the physical environment;
- developing the Workplace Violence Prevention Program; and
- reviewing workplace violence incident reports at least annually to identify trends in the types of incidents reported, if any, and reviewing the effectiveness of the mitigating actions taken.

All employees will receive training in the Workplace Violence Prevention Training Program. The goal of this policy is to promote the safety and well-being of all people in our workplace. All incidents of violence or threatening behavior will be responded to immediately upon notification. All personnel are responsible for notifying the contact person designated below of any violent incidents, threatening behavior, including threats they have witnessed, received, or have been told that another person has witnessed or received.

SUBJECT: INCIDENTAL TEACHING

The Superintendent may assign a teacher to teach a subject not covered by such teacher's certificate or license for a period not to exceed five (5) classroom hours a week, when no certified or qualified teacher is available after extensive and documented recruitment efforts, and provided that approval of the Commissioner of Education is obtained in accordance with the requirements as enumerated in Commissioner's Regulations.

Not later than twenty (20) business days after such an assignment, the Superintendent shall submit for approval an application, in a form satisfactory to the Commissioner, containing the following information:

- a) Evidence of extensive recruitment of a teacher certified in the appropriate area;
- b) The name and certification status of the teacher given such assignment;
- c) The subject which the teacher is being assigned to teach on an incidental basis and the total number of classes in the subject being taught on an incidental basis;
- d) The qualifications of the teacher to teach such subject on an incidental basis;
- e) The specific reasons why an incidental assignment is necessary;
- f) The anticipated duration of the incidental teaching assignment; and
- g) The number of applications, approved or pending, for authorization to make incidental teaching assignments in the same certification area for which the current authorization is being sought.

To be approved, the application shall demonstrate to the satisfaction of the Commissioner that an incidental teaching assignment is necessary, that the teacher assigned is the best qualified to teach the subject on an incidental basis, and that the requirements of Commissioner's Regulations have been met.

The Commissioner will issue a determination within twenty (20) business days of receipt of the District's application.

In the event that the application is disapproved, the Superintendent, within seven (7) business days of receipt of the notice of disapproval, shall terminate the incidental assignment. In the event that the application is approved, such approval shall be deemed to have commenced on the date of the incidental teaching assignment and shall terminate on the last day of the school year for which it is granted.

SUBJECT: INCIDENTAL TEACHING (Cont'd.)

The Superintendent may renew an incidental teaching assignment, in accordance with the requirements of Commissioner's Regulations, for any subsequent school year. In addition to submitting to the Commissioner the information noted above for initial approval of an incidental teaching assignment, a renewal application must provide a number of assurances, including that the teacher assigned a course on an incidental basis has completed, or has agreed to complete, within the prescribed time period, at least three (3) semester hours of credit or the equivalent leading to certification in the subject area of the incidental assignment.

Personnel

SUBJECT: PROBATION AND TENURE**Probation**

Generally, teachers, all other members of the teaching staff, principals, administrators, supervisors, and all other members of the supervising staff will be appointed by the Board upon the recommendation of the Superintendent for a probationary period of four years.

Full-time certified staff members will be appointed to a probationary period of four (4) years. The probationary period will not exceed three (3) years for teachers previously appointed to tenure in any district or BOCES within the state, provided the teacher was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b and met the required annual professional performance review (APPR) rating in his/her final year of service there.

Additionally, up to two (2) years of service as a regular substitute teacher may be applied towards probationary service. This is sometimes referred to as Jarema Credit.

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

The probationary period will not exceed three years for principals, administrators, supervisors, or other members of the supervising staff appointed on or after June 1, 2020 who were previously appointed to tenure as an administrator within an authorized administrative tenure area in any district or BOCES within the state provided that the individual was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b.

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

A staff member's appointment may be discontinued at any time during his/her probationary period upon the recommendation of the Superintendent and by majority vote of the Board. Any person not recommended for tenure appointment will be notified in writing by the Superintendent no later than 60 days before his/her probationary period expires.

Tenure

Certified staff members successfully completing a probationary period in the Rocky Point Union Free School District may be recommended (by the Superintendent of Schools) to the Board of Education for tenure appointment.

SUBJECT: PROBATION AND TENURE (Cont'd.)

The Board will follow all applicable laws and regulations regarding tenure.

At the expiration of the probationary period or within six (6) months prior, the Superintendent will make a written report to the Board recommending for appointment to tenure those certified staff members successfully completing a probationary period in the Base School District who have been found who have received the APPR rating of effective or highly effective in three (3) of the preceding four (4) years. If a teacher or principal receive an APPR rating of ineffective in their final probationary year, the Board may not award tenure, but may extend that teacher's or principal's probationary time by an additional year. The teacher or principal may be eligible for immediate tenure if he/she successfully appeals the ineffective rating. The Board may then —by a majority vote —appoint to tenure any or all of the persons recommended by the Superintendent.

When their initial probationary period expires, the teacher or principal will remain on probationary status until the end of the school year in which he/she received APPR ratings of effective or highly effective. The Board may also grant tenure contingent upon a teacher's or principal's receipt of a minimum APPR rating in the final year of the probationary period.

Resolutions Making Appointments

Each Board resolution making a probationary appointment or an appointment on tenure will specify:

- a) The name of the appointee;
- b) The tenure area or areas in which the professional will devote a substantial portion of his/her time;
- c) The date of commencement of probationary service or service on tenure in each such area; and
- d) The certification status of the appointee in reference to the position to which the individual is appointed.

In addition, resolutions confirming a probationary appointment must include a statement that:

- a) The probationary expiration date will depend on the individual's APPR ratings.
- b) To receive tenure, the individual must receive overall APPR ratings of effective or highly effective in at least three of four preceding years.
- c) If the teacher or principal receive an ineffective composite or overall APPR rating in their final year of probation, they will not be eligible for tenure at that time.

SUBJECT: DISCIPLINING OF A TENURED TEACHER OR CERTIFIED PERSONNEL

The District may discipline tenured teachers and certain certified personnel in accordance with applicable law, including, without limitation, Education Law Sections 3012, 3020-a, and 3020-b; Commissioner's regulations; or applicable contract provisions.

The District may discipline tenured teachers and certain certified personnel in accordance with applicable law, including, without limitation, Education Law Sections 3012, 3020-a, and 3020-b; Commissioner's regulations; or applicable contract provisions.

Ineffective Personnel

The District or Board may bring incompetence charges against a teacher or building principal who receives two or more consecutive ineffective ratings under the APPR; the District or Board must bring incompetence charges against anyone who receives three consecutive ineffective APPR ratings. A single hearing officer from the American Arbitration Association's labor arbitration panel will govern the competency hearing. The hearing may be public or private, at the employee's discretion. The employee will have a reasonable opportunity to defend himself/herself, but will not be required to testify. Each party has the right to be represented by counsel, to subpoena witnesses, to cross-examine witnesses, and to make motions or applications. There will be a full and fair disclosure of witnesses and evidence to be offered by both the District and the employee. A record of the proceeding will be kept.

Allegations of Abuse

The Board may suspend, without pay, an employee charged with physically or sexually abusing a student pending an expedited probable-cause hearing. A single hearing officer will conduct the probable-cause hearing.

Child Witnesses

A child under 14 may be allowed to testify through live, two-way, closed-circuit television if the hearing officer determines by clear and convincing evidence that the child would suffer serious mental or emotional harm that would substantially impair his/her ability to communicate if required to testify live, and that using closed-circuit television would diminish the likelihood or extent of the child suffering serious mental or emotional harm. In making this decision, the hearing officer will consider applicable factors listed in Criminal Procedure Law Section 65.20, including: whether the offense was particularly heinous, the child's age and vulnerability, the child's susceptibility to psychological harm due to an underlying physical or mental condition, whether the accused occupied a position of authority over the child, if the offense charged was part of an ongoing course of conduct committed by the accused against the child over an extended period of time, use of a dangerous or deadly weapon, whether the child suffered serious physical injury, threats made against the child, the accused's access to the child, and expert testimony that the child would be particularly susceptible to psychological harm if required to testify in open court or to be in the physical presence of the accused.

Automatic Revocation of Teacher and Administrative Certificates by the Commissioner of Education

The Commissioner will revoke and annul the certificate of a teacher, teaching assistant, pupil personnel services professional, school administrator or supervisor, or superintendent convicted of:

- a) A sex offense for which registration as a sex offender is required under the Sex Offender Registration Act.
- b) Any other violent felony offense committed against a child when the child was the intended victim of the offense.

These offenses include, but are not limited to, sexual misconduct, sexual abuse, rape, statutory rape, assault, various other criminal sexual acts, and certain kidnapping offenses. Annulment and revocation will be conducted in accordance with Education Law Section 305(7-a).

In addition, the Commissioner will revoke and annul the certificate of a school district administrator, school administrator or supervisor, or school business administrator convicted of fraud under Penal Law Section 195.20 which makes it a Class E felony to obtain government property, services, or other resources in excess of (\$1,000 through a systemic ongoing course of conduct with the intent to defraud or by false or fraudulent pretenses, representations or promises or to make use of the property, services, or other resources for private business or other compensable nongovernment purposes.

SUBJECT: MENTORING PROGRAMS FOR FIRST-YEAR TEACHERS

All new teachers in the School District/BOCES holding an initial certificate must complete a mentored teaching experience within their first year of employment as a teacher. Also effective February 2, 2004, the District/BOCES must incorporate the design and planning of such mentored experiences for all first-year teachers in its employ into the District/BOCES Professional Development Plans.

The purpose of the mentoring program is to provide support for new teachers in order to ease the transition from teacher preparation to practice, thereby increasing the retention of teachers, and to increase the skills of new teachers in order to improve student achievement in accordance with the New York State learning standards. The Professional Development Plan shall describe how the District/BOCES will provide a mentoring program for teachers who must participate in a mentoring program to meet the teaching experience requirement for the professional certificate as prescribed by Commissioner's Regulations.

The mentoring program shall be developed and implemented consistent with any collective bargaining obligation required by Article 14 of the Civil Service Law (i.e., the Taylor Law); however, Commissioner's Regulation does not impose a collective bargaining obligation that is not required by the Taylor Law.

In accordance with Commissioner's Regulations, the Professional Development Plan shall describe the following elements of the mentoring program:

- a) The procedure for selecting mentors, which shall be published and made available to staff of the District/BOCES and, upon request, to members of the public;
- b) The role of mentors, which shall include but not be limited to providing guidance and support to the new teacher;
- c) The preparation of mentors, which may include but shall not be limited to the study of the theory of adult learning, the theory of teacher development, the elements of the mentoring relationship, peer coaching techniques, and time management methodology;
- d) Types of mentoring activities, which may include but shall not be limited to modeling instruction for the new teacher, observing instruction, instructional planning with the new teacher, peer coaching, team teaching, and orienting the new teacher to the school culture; and

SUBJECT: MENTORING PROGRAMS FOR FIRST-YEAR TEACHERS (Cont'd.)

- e) Time allotted for mentoring, which may include but shall not be limited to scheduling common planning sessions; releasing the mentor and the new teacher from a portion of their instructional and/or non-instructional duties; and providing time for mentoring during Superintendent conference days, before and after the school day, and during summer orientation sessions.

Confidentiality of Mentor-New Teacher Interaction

The information obtained by a mentor through interaction with the new teacher while engaged in the mentoring activities of the program shall not be used for evaluating or disciplining the new teacher unless:

- a) Withholding such information poses a danger to the life, health, or safety of an individual including, but not limited to, students and staff of the school; or
- b) Such information indicates that the new teacher has been convicted of a crime, or has committed an act which raises a reasonable question as to the new teacher's moral character; or
- c) The District/BOCES has entered into an agreement, negotiated pursuant to Article 14 of the Civil Service Law whose terms are in effect, that provides that the information obtained by the mentor through interaction with the new teacher while engaged in the mentoring activities of the program may be used for evaluating or disciplining the new teacher.

Exemptions to above Mentoring Requirements

Pursuant to Commissioner's Regulations, teachers holding initial certificates who have two (2) or more prior years of teaching experience do not need to be provided a mentored experience as enumerated in this policy.

Recordkeeping Requirements

The School District/BOCES shall maintain documentation of the implementation of the mentoring program described in the Professional Development Plan for at least seven (7) years from the date of completion of the mentoring activity; and it shall be available for review by the State Education Department. Such documentation will include the information enumerated in Commissioner's Regulations.

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING**Registration**

All employees who are certificate holders must register with the State Education Department (SED) every five years through the TEACH system. An employee is a certificate holder if they hold a permanent or professional certificate in the classroom teaching service, a permanent or professional certificate in the educational leadership service (i.e., school building leader, school district leader, or school district business leader), or a Level III Teaching Assistant certificate. Only registered employees may teach or supervise in the District.

Employees who were certificate holders prior to July 1, 2016 had to apply for initial registration during the 2016-2017 school year and each subsequent five-year period thereafter.

Any individual who is issued a new certificate is automatically registered with SED. These certificate holders must renew their registration every five years during their birth month.

Any certificate holder who fails to register by the beginning of the appropriate registration period may be subject to late filing penalties.

Certificate holders must notify SED of any change of name or mailing address within 30 days of such change through the TEACH system. Any certificate holder who willfully fails to inform SED of changes to their name and/or address within 180 days of such change may be subject to moral character review.

Continuing Teacher and Leader Education (CTLE) Credit Hours

All continuing teacher and leader education certificate holders (CTLE certificate holders) must successfully complete a minimum of 100 hours of acceptable CTLE hours during each five-year registration period to maintain a valid certificate. An employee is a CTLE certificate holder if they holds a professional certificate in the classroom teaching service, a professional certificate in educational leadership service, or a Level III Teaching Assistant certificate. This requirement may be completed at any time over the course of a five-year period. Credit hours cannot carry over to subsequent registration periods.

SED sets high standards for courses, programs, and activities that qualify for CTLE credit, and it must approve all CTLE sponsors. Generally, acceptable CTLE will be in the content area of any certificate title held by an individual or in pedagogy.

The District will describe opportunities for teachers and administrators to engage in CTLE in its Professional Learning Plan. The District will annually certify, in a format and on a timetable prescribed by the Commissioner of Education, that the requirements to have a professional learning plan for the succeeding school year have been met and that it has complied with the professional learning plan for the current school year.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING (Continued)

The District will provide CTLE opportunities that are designed to improve the teacher or leader's pedagogical and/or leadership skills and are targeted at improving student performance, among other things. A peer-review teacher or principal acting as an independent trained evaluator who conducts a classroom observation as part of a teacher evaluation under relevant sections of the Education Law may apply the observation time to fulfilling CTLE requirements. Time spent mentoring may also be counted toward required CTLE credit hours.

Language Acquisition CTLE and Exemption

Employees holding an English to speakers of other languages (all grades) certificate or a bilingual extension are required to complete a minimum of 50% of the required CTLE hours in language acquisition aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English Language Learner (ELL) students. All other certificate holders must complete a minimum of 15% of the required CTLE hours dedicated to language acquisition addressing the needs of ELLs, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs. A minimum of 15% of the required CTLE hours for employees holding a Level III Teaching Assistant certificate will be dedicated to language acquisition addressing the needs of ELLs and integrating language and content instruction for ELLs.

Employees holding school district business leader certificates are exempt from the language acquisition CTLE requirements for each year that they are employed in the District. Instead, they must complete a minimum of 15% of the required CTLE hours dedicated to the needs of ELLs and federal, state, and local mandates for ELLs.

Employees may be eligible for a waiver of language acquisition CTLE requirements. Each school year when there are fewer than 30 ELLs enrolled in the District or ELLs make up less than 5% of the total student population, the District may obtain an exemption. If the District obtains this exemption, employees would be exempt from the language acquisition CTLE requirement for each year that they are employed in the District.

CTLE Adjustments

The Commissioner may adjust an employee's number of CTLE hours and/or time to complete them due to poor health, as certified by a health-care provider; extended active duty in the Armed Forces; or other acceptable good cause.

Any employee holding a certificate in the classroom teaching service who obtains certification from the National Board for Professional Teaching Standards will be considered CTLE-compliant for the registration period in which they obtain this certification. However, the employee must still meet any language acquisition requirements.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING (Continued)**Recordkeeping and Reporting Requirements**

Employees must maintain a record of completed CTLE hours for at least three years from the end of the applicable registration period. The record must include the title of the program, the total number of hours completed, the number of hours completed in language acquisition addressing the need of ELLs, the sponsor's name, any identifying number, attendance verification, and the date and location of the program.

The District will maintain a record of any professional learning it conducts or provides for educators for at least seven years from the date of completion. These records will be available for review by SED.

The District will comply with state and federal laws regarding military leave and re-employment.

7. Witnesses or Victims of Crimes

The District will grant an unpaid leave of absence to an employee, who is a victim of or a witness to a criminal offense, that is required or chooses to appear as a witness, consult with the district attorney, or exercise his or her rights as provided in the Criminal Procedure Law, the Family Court Act, and the Executive Law.

To use this leave, the employee must provide notice of the need for leave at any time prior to the actual day of leave. The District is permitted to ask the party who sought the attendance or testimony of the employee to provide verification of the employee's service. Employees will not be penalized or discharged for absences by reason of a required appearance as a witness in a criminal proceeding, or consultation with the district attorney, or exercising his or her rights as provided under the law.

8. Victims of Domestic Violence

Unless the absence would cause an undue hardship to the District, the District will provide reasonable accommodations to employees who are victims of domestic violence who must be absent from work for a reasonable time in accordance with law.

An employee availing themselves of this leave must provide the District with reasonable advance notice, unless providing this notice is not feasible. An employee unable to provide reasonable advance notice must, within a reasonable time after the absence, provide a certification to the District when requested.

To the extent allowed by law, the District will maintain the confidentiality of any information related to an employee's status as a victim of domestic violence.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)**8. Jury Duty**

As provided by law, any employee who is summoned to serve as a juror and who notifies the District to that effect prior to his or her term of service will not, on account of absence by reason of jury service, be subject to discharge or penalty. The District will ensure that all absences for this purpose are granted in accordance with law and the terms of any applicable collective bargaining agreement.

9. Voting

Employees who are registered voters may take up to three hours of paid leave to vote at any general election, special election called by the Governor, primary election, or municipal election. This does not include school district elections, library district elections, fire district elections, special town elections, or early voting periods. The employee will be allowed time off for voting only at the beginning or the end of his or her working shift, as the District may designate, unless otherwise mutually agreed.

Employees requiring working time off to vote must notify the District not less than two working days before the day of the election.

The District must post a notice informing employees of their right to leave in order to vote not less than ten working days before an election and until polls close on election day. This notice will be conspicuously posted in a place where it can be seen by employees as they come and go to their place of work.

SUBJECT: FAMILY AND MEDICAL LEAVE ACT

The Board of Education, in accordance with the Family and Medical Leave Act of 1993 (as amended) (FMLA), gives "eligible" employees of the District the right to take unpaid leave for a period of up to twelve (12) workweeks in a twelve-month period as determined by the District. The District will compute the twelve-month period according to the following time frame: a "rolling" twelve-month period will be used that is measured backward from the date an employee uses any FMLA leave. The entitlement to leave for the birth or placement of a child shall expire at the end of the twelve (12) month period beginning on the date of such birth or placement.

Employees are "eligible" if they have been employed by the District for at least twelve (12) months and for at least 1,250 hours of service during the previous twelve-month period. Full-time teachers are deemed to meet the 1,250 hour test. However, a break in employment for military service (i.e., call to active duty) should not interrupt the twelve (12) month/1,250 hours of employment requirement and should be counted toward fulfilling this prerequisite. The law covers both full-time and part-time employees.

Qualified employees may be granted leave for one (1) or more of the following reasons:

- a) The birth of a child and care for the child;
- b) Adoption of a child and care for the child;
- c) The placement with the employee of a child from foster care;
- d) To care for a spouse, minor child or parent who has a serious health condition as defined by the FMLA;
- e) To care for an adult child who is incapable of self-care due to a disability (regardless of date of the onset of disability) and has a "serious health condition" as defined by the FMLA; and/orf) serious health condition of the employee, as defined by the FMLA, that prevents the employee from performing his/her job;

A "serious health condition" is defined as an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider that renders the employee person incapacitated for more than three (3) consecutive calendar days. Furthermore, the first visit to a health care provider for an employee claiming a "serious health condition" under FMLA must occur within seven (7) days of the aforementioned incapacity with the second required visit occurring within thirty (30) days of the incapacitating event. In order for an employee to claim the need for continuous treatment under FMLA for a chronic serious health condition, the condition must require a minimum of two (2) visits per year to a healthcare provider, continue over an extended period of time, and may cause episodic rather than a continuing period of incapacity. A "serious health condition" is also defined as any period of incapacity related to pregnancy or for prenatal care.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (Cont'd.)**Military Family Leave Entitlements**

An eligible employee who is the spouse, son, daughter, parent, or next of kin (defined as the nearest blood relative) is entitled to up to twenty-six (26) weeks of leave in a single 12-month period to care for the service member. This military caregiver leave is available during a single twelve (12) month period to care for a "military member" who is:

- a) Recovering from a service-connected serious illness or injury sustained while on active duty;
or
- b) Recovering from a serious illness or injury that existed prior to the service member's active duty and was aggravated while on active duty; or
- c) A veteran who has a qualifying injury or illness from service within the last five (5) years and aggravates that illness or injury.

This military caregiver leave is available during a single twelve (12) month period during which an eligible employee is entitled to a combined total of twenty-six (26) weeks of all types of FMLA leave. Military Caregiver Leave may be combined with other forms of FMLA-related leave providing a combined total of twenty-six (26) weeks of possible leave for any single twelve (12) month period; however, the other form of FMLA leave when combined cannot exceed twelve (12) of the twenty-six (26) weeks of combined leave. Military Caregiver Leave has a set "clock" for calculating the twelve (12) month period for when FMLA leave begins and tolling starts at the first day of leave taken.

The term "military member" means:

- a) A member of the Regular Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness;
or
- b) A veteran (discharged or released under condition other than dishonorable) who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five (5) years preceding the date on which the veteran undergoes that medical treatment, recuperation or therapy.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (Cont'd.)**"Qualifying Exigency" Leave/Call to Active Duty**

An "eligible" employee is entitled to FMLA leave because of "a qualifying exigency" arising out of circumstances where the spouse, son, daughter, or parent of the employee is serving in the Regular Armed Forces or either the National Guard or the Reserves and is on active duty during a war or national emergency called for by the President of the United States or Congress, or has been notified of an impending call to active duty status, in support of a contingency operation. There is no "qualifying exigency" unless the military member is or is about to be deployed to a foreign country.

A "qualifying exigency" related to families of the Army National Guard of the United States, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard of the United States, Air Force Reserve and Coast Guard Reserve personnel on (or called to) active duty to take FMLA protected leave to manage their affairs is defined as any one of the following reasons:

- a) Short-notice deployment;
- b) Military events and related activities;
- c) Childcare and school activities;
- d) Parental care leave;
- e) Financial and legal arrangements;
- f) Counseling;
- g) Rest and recuperation (for up to fifteen [15] calendar days);
- h) Post-deployment activities; and
- i) Any additional activities where the employer and employee agree to the leave.

In any case in which the necessity for leave due to a qualifying exigency is foreseeable, the employee shall provide such notice to the employer as is reasonable and practicable. This military-related leave is for up to twelve (12) weeks during a single twelve (12) month period. Leave may be taken intermittently or on a reduced leave schedule.

Implementation/Benefits/Medical Certification

At the Board of Education's or employee's option, certain types of paid leave may be substituted for unpaid leave.

An employee on FMLA leave is also entitled to have health benefits maintained while on leave. If an employee was paying all or part of the premium payments prior to leave, the employee will continue to pay his/her share during the leave period.

In most instances, an employee has a right to return to the same position or an equivalent position with equivalent pay, benefits and working conditions at the conclusion of the leave.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (Cont'd.)

The Board of Education has a right to thirty (30) days advance notice from the employee where practicable. In addition, the Board may require an employee to submit certification from a health care provider to substantiate that the leave is due to the serious health condition of the employee or the employee's immediate family member. Under no circumstance should the employee's direct supervisor contact any health care provider regarding the employee's condition; all contact in this manner must be made by a health care provider (employed by the employer), a human resource professional, a leave administrator or a management official. If the medical certification requested by the employer is found to be deficient, the employer must indicate where the errors are, in writing, and give the employee seven (7) days to provide corrected materials to cure any deficiency prior to any action being taken. Failure to comply with these requirements may result in the denial of FMLA leave. The Board may also require that an employee present a certification of fitness to return to work when the absence was caused by the employee's serious health condition. The Board of Education has the right to deny restoration to employment if the employee does not furnish the certificate of fitness.

Special Provisions for School District Employees

An instructional employee is an employee whose principal function is to teach and instruct students in a class, a small group, or an individual setting (e.g., teachers, coaches, driving instructors, special education assistants, etc.). Teaching assistants and aides who do not have instruction as the principal function of their job are not considered an "instructional employee."

Intermittent Leave Taken By Instructional Employees

FMLA leave that is taken at the end of the school year and resumes at the beginning of the next school year is not regarded as intermittent leave but rather continuous leave. The period in the interim (i.e., summer vacation) is not counted against an employee and the employee must continue to receive any benefits that are customarily given over the summer break.

Intermittent leave may be taken but must meet certain criteria. If the instructional employee requesting intermittent leave will be on that leave for more than twenty percent (20%) of the number of working days during the period for which the leave would extend, the following criteria may be required by the employer:

- a) Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b) Transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Appropriate notice for foreseeable FMLA leave still applies and all employees must be returned to an equivalent position within the School District. Additional work-related certifications, requirements and/or training may not be required of the employee as a contingent of their return to work.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (Cont'd.)**Leave Taken by Instructional Employees near the End of the Instructional Year**

There are also special requirements for instructional employees taking leave and the leave's relation to the end of the term. If the instructional employee is taking leave more than five (5) weeks prior to the end of the term, the District may require that the employee take the leave until the end of the term if the leave lasts more than three (3) weeks and the employee was scheduled to return prior to three (3) weeks before the end of the term.

If the instructional employee is taking leave less than five (5) weeks prior to the end of the term for any of the following FMLA-related reasons except qualifying exigency, the District may require that the employee remain out for the rest of the term if the leave lasts more than two (2) weeks and the employee would return to work during that two (2) week period at the end of the instructional term.

If the instructional employee begins taking leave during the three (3) weeks prior to the end of the term for any reason except qualifying exigency, the District may require that the employee continue leave until the end of the term if the leave is scheduled to last more than five (5) working days.

Any additional time that is required by the employer due to the timing of the end of the school year, will not be charged against the employee as FMLA leave because it was the employer who requested that the leave extend until the end of the term.

FMLA Notice

A notice which explains the FMLA's provisions and provides information concerning the procedures for filing complaints of violations of the FMLA shall be posted in each school building, and a notice of an employee's FMLA rights and responsibilities shall be either placed in the employee handbook of the employer or furnished to each new employee upon hire. The employer has five (5) days to supply such notice from the date of hire.

Administration is directed to develop regulations to implement this policy, informing employees of their rights and responsibilities under the FMLA.

SUBJECT: UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)/MILITARY LEAVES OF ABSENCE

In accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and State Law, the School District, upon advance notice by the employee, shall grant leaves of absence for service in the uniformed services and/or military duty (hereinafter referred to as "military service" or "military duty") to its employees who are ordered to duty or volunteer for qualifying military service. The employee's notice may be either verbal or written. No advance notice is required if military necessity prevents the giving of notice, or the giving of notice is otherwise impossible or unreasonable under all the circumstances.

Employment Rights

Time during which an employee is absent pursuant to military leave shall not constitute an interruption of continuous employment in the School District and no such employee shall be subjected, directly or indirectly, to any loss or diminution of time service, increment, vacation or holiday privileges, or any other right or privilege, by reason of such absence; nor shall any employee be prejudiced by reason of such absence with reference to continuance in employment, reemployment, reinstatement, transfer or promotion.

Salary/Compensation

Every employee shall be paid his/her salary or other compensation for any and all periods of absence while engaged in the performance of ordered military duty, and while going to and returning from such duty. This payment of salary/compensation shall not exceed a total of thirty (30) days or twenty two (22) working days, whichever is greater, in any one calendar year; and shall not exceed thirty (30) days or twenty two (22) working days, whichever is greater, in any one continuous period of such absence.

The employee must be permitted, upon request, to use any accrued vacation, annual, or similar leave with pay during the period of military service in order to continue his/her civilian pay. The School District may not require the employee to use accrued leave.

The employee is not entitled to use accrued sick leave during the period of military service, unless the District allows employees to use sick leave for any reason or allows other similarly situated employees on comparable furlough or leave of absence to use accrued paid sick leave.

Employee BenefitsHealth Plan Coverage

If the employee has coverage under a health plan in connection with his/her employment with the District, the employee must be permitted to elect to continue the coverage for a certain period of time as designated in law.

(Continued)

SUBJECT: UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)/MILITARY LEAVES OF ABSENCE (Cont'd.)

When the employee is performing military service, he/she is entitled to continuing coverage for himself/herself (and dependents if the plan offers dependent coverage) under a health plan in connection with the employment. The plan must allow the employee an opportunity to continue coverage for a period of time that is the lesser of:

- a) The 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or
- b) The period beginning on the date on which the employee's absence for the purpose of performing military service begins, and ending on the date on which the employee fails to return from service or apply for a position of reemployment.

Health plan administrators may develop reasonable requirements addressing how continuing coverage may be elected, consistent with the terms of the plan and USERRA's exceptions to the requirement that the employee give advance notice of military service. Further, health plan administrators may develop reasonable procedures for employee payment to continue coverage, consistent with USERRA and the terms of the plan.

Pension/Retirement Plans

While on military duty, any School District employee who is a member of any pension or retirement system may elect to contribute to such pension or retirement system the amount which he/she would have contributed had such employment been continuous. Upon making such contribution, the employee shall have the same rights in respect to membership in the retirement system as he/she would have had if the employee had been present and continuously engaged in the performance of his/her position. To the extent that such contributions are paid, absence while engaged in the performance of military duty shall be counted in determining the length of total service under such pension or retirement system.

Alternatively, employees will have an opportunity to make up contributions to the pension or retirement system upon return to employment in the District in accordance with law and the individual employee's pension/retirement system.

The payment of member contributions required under law to obtain military service credit is waived for members called to active military duty on or after September 11, 2001 and prior to January 1, 2006, as the result of Non-Contributory Military Service Credit legislation signed as Chapter 326 of the Laws of 2005.

Time during which an employee is absent on military duty shall not constitute an interruption of continuous employment, but such time shall not be counted or included in determining the length of total service in the pension or retirement system unless the employee contributes to the pension or

(Continued)

SUBJECT: UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)/MILITARY LEAVES OF ABSENCE (Cont'd.)

retirement system the amount he/she would have been required to contribute if the employee had been continuously employed during the period of military duty.

Leaves of Absence for Military Spouses

The spouse of a member of the armed forces of the United States, national guard or reserves who has been deployed during a period of military conflict (defined as a period of war declared by the United States Congress, or in which a member of a reserve component of the armed forces is ordered to active duty pursuant to the United States Code), to a combat theater or combat zone of operations shall be allowed up to ten (10) days unpaid leave by their employer. Such leave shall only be used when such person's spouse is on leave from the armed forces of the United States, National Guard or reserve while deployed during a period of military conflict to a combat theater or combat zone of operations.

In accordance with law, an employee means a person who performs services for hire for the District for an average of twenty (20) or more hours per week, and includes all individuals employed at any District site having twenty (20) or more District employees, but shall not include independent contractors.

An employer shall not retaliate against an employee for requesting or obtaining a leave of absence as provided above. The provisions of this section shall not affect or prevent an employer from providing leave for military spouses in addition to leave allowed under any other provision of law. The provisions of this section shall not affect an employee's rights with respect to any other employee benefit provided by law.

Reemployment/Restoration Rights ("Escalator Principle")

Per USERRA, as a general rule, the employee is entitled to reemployment in the job position that he/she would have attained with reasonable certainty if not for the absence due to military service. The position to which the returning service member should be restored has become known as the "escalator position." The escalator principle requires that the employee be reemployed in a position that reflects with reasonable certainty the pay, benefits, seniority, and other job benefits that he/she would have attained if not for the period of military service.

Depending on the circumstances/intervening events, the escalator principle may cause an employee to be reemployed in a higher or lower position, transferred, laid off, or even terminated.

The employee must be qualified for the reemployment position. The District shall make reasonable efforts to help the employee become qualified to perform the duties of this position. The District is not required to reemploy the employee on his/her return from military service if the

(Continued)

SUBJECT: UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)/MILITARY LEAVES OF ABSENCE (Cont'd.)

employee cannot, after reasonable efforts by the District, qualify for the appropriate reemployment position.

Per State law, an employee restored to his/her position after the termination of military duty shall be entitled to the rate of compensation he/she would have received had the employee remained in his/her position continuously during the period of military duty; and the employee shall be deemed to have rendered satisfactory and efficient service in the job position during the period of military leave of absence. Further, the employee shall not be subjected directly or indirectly to any loss of time service, increment, or any other right or privilege; nor shall an employee be prejudiced in any way with reference to promotion, transfer, reinstatement or continuance in employment.

All other rights, benefits, and responsibilities of a District employee serving in the military shall be in accordance with law, regulations, and/or the applicable contract/collective bargaining agreement.

Probationary Service

Public Employees in General

If a public employee (with the exception of the probationary service of "teachers" as described below) enters military duty before the expiration of the probationary period in any position to which he/she may have been appointed, or to which he/she may thereafter be appointed or promoted, the time such employee is absent on military duty shall be credited as satisfactory service during this probationary period.

Teachers/Supervisory Staff

In any case where a "teacher" (*as defined in State Education Law Section 3101, the term "teacher" encompasses a broad category of full-time members of the teaching and supervisory staff of the District, and is not limited to "instructional" employees*) enters military duty before the expiration of the probationary period to which he/she may have been appointed, the time the "teacher" is absent on military duty shall be credited as satisfactory service during this probationary period. If the end of such probationary service occurs while the "teacher" is on military duty or within one year following the termination of military duty, the period of the probationary service may be extended by the Board of Education for a period not to exceed one year from the date of termination of military duty. However, in no event shall the period of probationary service in the actual performance of teaching services extend beyond that required by the School District at the time of the "teacher's" entry into military service.

(Continued)

SUBJECT: UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)/MILITARY LEAVES OF ABSENCE (Cont'd.)

Collective Bargaining Agreements/Contracts/Plans/Practices

In accordance with USERRA, any State or local law, contract, agreement, policy, plan, or practice that establishes an employment right or benefit that is more beneficial than, or is in addition to, a right or benefit under USERRA, such greater employment right or benefit will supersede this Federal Law.

Notice of Rights and Duties

The District shall provide a notice of the rights, benefits and obligations of employees and the District under USERRA. The District may provide the notice by posting it where employee notices are customarily placed. The District may also provide such notice to its employees in other ways that will minimize costs while ensuring that the full text of the notice is provided (e.g., by handing or mailing out the notice, or distributing the notice via electronic mail).

The U.S. Department of Labor has developed and made available on its website (<http://www.dol.gov/vets/programs/userra/poster.htm>) a poster for use by private and State employers (including school districts) that can be posted in order to comply with the notification mandate.

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE
ATTENDANCE PLAN****Objectives**

Attendance is a critical factor in school success for students. Studies have shown that consistent school attendance, academic success, and school completion have a positive correlation. The educational process requires continuity of instruction and students need to experience classroom discussions, debate, and independent study in order to increase achievement. The purpose of Rocky Point School District's Attendance policy is to ensure the maintenance of an adequate record of verifying the attendance of all children during days of instruction and to establish a mechanism by which the patterns of pupil absence can be examined to develop effective intervention strategies. This procedure will permit each school to know the whereabouts of every student for safety and school management reasons and will help students succeed at meeting the New York State learning standards.

School attendance is both a right and responsibility in New York State. Children have the right to attend school between the ages of 5 and 21. Parents are expected to make sure that their children attend school on a regular basis. To implement a successful attendance policy, the District needs the cooperation of all members of the educational community, including parents, students, teachers, administrators, and support staff. Through the implementation of this policy the District expects to reduce the current level of unexcused absences, lateness, and early dismissals.

Strategies Employed to Accomplish Objectives

Rocky Point School District will employ the following strategies to ensure the effectiveness of this attendance policy.

Increase awareness of policy among students by:

- a) Including a copy in the student agenda book for 6th through 12th grade students.
- b) Request signatures from students in grades 6 through 12 indicating that they have read and understand the goals and consequences established for them in the District's Attendance Policy.
- c) Including a copy of policy on the district's Web site. (www.rockypointschools.org)

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE
ATTENDANCE PLAN (Cont'd.)**Increase awareness of policy among parents by:

- a) Including a summary of the policy with the mailing/ConnectEd inviting parents to Open School Night.
- b) Request a parent signature on policy indicating that they have read and understand what is expected of his/her child.
- c) Including a summary of attendance requirements in the school district's calendar.
- d) Reminding them of attendance requirements when daily phone calls are made to verify student absence.
- e) Including a copy of policy on the district's Web site. (www.rockypointschools.org)

General Procedures

Each absence, late, and early dismissal will be recorded as excused or unexcused along with a code noting specific reason for absence. Excused absences are defined as: an absence due to personal illness, illness or death in the family, religious observance, quarantine, required court appearances, approved college visits, approved cooperative work programs, or military obligations. All other absences, lateness, or early dismissals will be considered unexcused.

On the secondary level, grades 6 through 12, attendance will be taken during each class period and compiled in a central location within each school. A designated staff member responsible for attendance will cross reference class absence with daily absentee list. A mechanism for transferring classroom attendance data to the building level has been developed.

On the elementary level (grades K through 5), attendance will be taken on a subject by subject basis (ELA/Math/Social Studies/Science) during each assigned period.

Any absence, lateness, or early dismissal must be accounted for. It is the parents' responsibility to notify the school within 24 hours of the absence AND to provide a written excuse upon the student's return to school. The written note should include student's name, date of absence, reason for the absence, and parent's signature. This note should be brought to the main office when he/she returns to school. Each day a child is absent a phone call from the parent is requested; however, all absences will be recorded as unexcused until a written note is received. At the secondary level it is the student's responsibility to provide documentation for all in-school appointments that will prevent a student from attending class prior to dismissal from class.

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE
ATTENDANCE PLAN (Cont'd.)**

Parents will be notified if their child is absent, late, or departs early from school. Students in grades 9 through 12, who enter school late with an unexcused reason, will be assigned after school detention. When a student is out of school for ten or more consecutive days or is hospitalized for any period of time, the parent or guardian must contact the health office prior to the student returning to school to set up a re-entry interview.

Minimum Attendance Requirements for 9th through 12th Grade Students

The high school attendance requirement states, in part, that to be granted academic credit for any course, a student must earn a passing grade in the course and attend each class a minimum of eighty five percent (85%) of the time.

Students will not receive course credit if absent more than:

- Full-year course 28 days
- Full-year alternating day course 14 days
- Half-year course 14 days

In each course, when a student exceeds the maximum number of absences, this student's work will no longer be evaluated. A notation of "no grade" for all subsequent reporting periods and exams will be entered on the report card. Students who have failed to meet the attendance requirements will be denied academic credit but will be responsible to complete course assignments while they audit the course. If a student is eligible to take a Regents examination, pursuant to Commissioner's Regulations, the score will be noted on the student's permanent record.

Applicability

- a) This policy shall apply to students in grades 9 through 12 and for accelerated 8th grade students enrolled in courses where they earn high school credit.
- b) This policy shall apply to each course independently.
- c) This policy shall apply to students with a handicapping condition unless otherwise noted in their individualized educational program or 504 plan.
- d) Students attending classes at other facilities, such as a BOCES center, shall be subject to the attendance policies at those other facilities. In addition, this policy shall apply for the portion of the students' program for which they are enrolled at Rocky Point High School.
- e) New students to the high school, who enroll after the first semester, shall be entitled to half the number of allowable absences for each scheduled course.
- f) Students who transfer from one class to another during the school year will have their class attendance transfer to the new class.

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE
ATTENDANCE PLAN (Cont'd.)**

Absences

- a) All absences from class will be covered by this policy. No distinction will be made between the classification of excused or unexcused when determining the total number of days absent from each course.
- b) Students shall not be considered absent when they are authorized by school officials to be somewhere other than in their regularly scheduled class. For example, if school personnel expect a student to report elsewhere during their regularly scheduled class time for such activities as meetings, conferences with school personnel, testing, physical exams, music lessons, or field trips, the student shall not be considered absent. It is the responsibility of the student and/or the designated staff member to provide the teacher with written documentation to attend these sessions before they are permitted to leave the class.
- c) Absences resulting from the student being assigned to the alternative learning program will not count as a class absence. Absences resulting from a student assigned to out-of-school suspension will not count as an absence.
- d) Students who, for any reason, are removed from the Regular Attendance Register and placed on Homebound Instruction shall not be considered absent from their regular classes during that time.

Notification Sequence

The following refers to the notification process pertaining to the number of absences in a single course. A student may be notified several different times if excessive absences exist in more than one class.

- a) As soon as possible after the fourteenth, twenty-first, and twenty-eighth absence from a full year course, the high school administration shall send written notification to the student's parent(s) and guidance counselor. The letters shall notify the parent(s) as follows:

After the 14th absence:	The student has been absent half the number of maximum absences and may lose credit if absences continue.
After the 21st absence:	The student has only seven absences remaining and will lose credit if absences exceed the limit.
After the 28th absence:	The student will not receive credit due to excessive absenteeism.
- b) Similarly, as soon as possible after the sixth, tenth, and fourteenth absence from a half-year course, or a full-year alternating day course, the high school administration shall send written notification to the student's parent(s) and guidance counselor. The letters shall notify the parent(s) as follow:

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE
ATTENDANCE PLAN (Cont'd.)**

After the 6th absence:	The student has been absent nearly half the number of maximum absences and may lose credit if absences continue.
After the 10th absence:	The student has only four absences remaining and will lose credit if absences exceed the limit.
After the 14th absence:	The student will not receive credit due to excessive absenteeism.

In every letter to a student's parent(s), a request will be made for the parent to meet with the child's counselor. A phone call from the child's guidance counselor will follow this request. The impact of excessive absences on the student's education, possible intervention strategies to eliminate the problem, and the consequences associated with the student's absenteeism will be discussed. If contact between the parent(s) and the school is not made, the school may contact outside agencies for additional support in addressing the attendance problem. The parent(s) will have an opportunity to confer with the school staff; however, a conference with the parent(s) is not a prerequisite to denying academic credit to a student who has failed to meet the attendance requirements. The prime responsibility for the student's attendance in class rests with the student.

Appeals Process

For extenuating circumstances only, a parent has the right to file a written appeal for review by the appeals committee. The appeals committee will consist of an administrator, one counselor, and one teacher. The written appeal, including all supporting documentation, must be received by the Building Principal within ten (10) days of the date of the loss of credit letter. The committee will then rule on whether the student will continue as a regular student in the class or be placed on audit. The final decision will rest with the Principal. Any further absence during the appeals process may result in dismissal of appeal and loss of credit.

Minimum Attendance Requirements for 6th-8th Grade Students

The Middle School attendance requirement is consistent with the District's Attendance Policy. All students must attend each class a minimum of eighty-five percent (85%) of the time. This shall apply to all students in grades 6 through 8, unless otherwise stated on a classified student's individual educational plan or 504 plan. Eighth grade students taking courses for high school credit must maintain the minimum attendance requirements for students in grades 9 through 12. The High School definition of absences applies for all Middle School students.

Notification Sequence and Consequences

After 5th absence: Main office notification letter home.

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE
ATTENDANCE PLAN (Cont'd.)**

- After 10th absence: Letter and phone call requesting parental meeting with guidance counselor and student.
- After 15th absence: Letter and phone call requiring parental meeting with Assistant Principal.
- After 20th absence: Require meeting with Principal.
Require medical documentation.
PINS consideration and/or outside agency consideration.
- After 25th absence: Require meeting with Principal.
PINS if no medical documentation is provided.
Outside agency contacted if no medical documentation provided.
- After 28th absence: PINS and outside agency may be contacted.
Principal's decision on retention regardless of academic standing.

Minimum Attendance Requirement for Pre-K through 5th Grade Students

The Elementary Schools' attendance requirement is consistent with the District's Attendance Policy. All students must attend class a minimum of eighty-five percent (85%) of the time. This shall apply to all students in grades Pre-K through 5. The school staff will discuss the importance of school attendance and offer assistance to parents and guardians of students who are excessively absent.

Notification Sequence

- a) As soon as possible after the tenth day of absence and/or tardiness, the school administration shall send written notification of the number of absences to the student's parent(s) or guardian(s) reminding them of the importance of regular attendance.
- b) As soon as possible after the twentieth day of absence and/or tardiness, the school administration shall send written notification of the number of absences to the student's parent(s) or guardian(s) expressing concern about the impact of excessive absences on the student's education. (*request a conference*)
- c) As soon as possible after the twenty-fifth day of absence and/or tardiness, the school administration shall arrange for a conference with the parent(s) or guardian(s) and shall consider contacting outside agencies to protect the interest of the child.

SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE ATTENDANCE PLAN (Cont'd.)Consequences of Excessive Absenteeism at the Elementary Level

- a) A doctor's note may be required.
- b) A child must demonstrate competence for promotion to next grade level by performance on district's standardized tests.
- c) Referrals will be made to outside agencies for additional support towards attendance problem.

Incentives and Consequences for Attendance Patterns

Each school, where administration deems appropriate, may use the following list of incentives to encourage good attendance.

- c) Loss of the right to attend school-related trips.
- d) Loss of parking privileges.
- e) Revocation of student's employment permit.
- f) Attendance at meeting with parents, administration and counselor to discuss impact of excessive absences.
- g) Repetition of course or grade level due to excessive absences.

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS

The School District has developed a plan for the diagnostic screening of all new entrants and students with low test scores.

A new entrant means a student entering the New York State public school system, pre-kindergarten through grade 12, for the first time, or re-entering a New York State public school with no available record of a prior screening.

Students with low test scores are students who score below level two on either the third grade English language arts or mathematics assessment for New York State elementary schools.

Such diagnostic screening will be utilized to determine which students:

- a) Have or are suspected of having a disability;
- b) Are possibly gifted; or
- c) Are possibly limited English proficient.

Such diagnostic screening shall be conducted:

- a) By persons appropriately trained or qualified;
- b) By persons appropriately trained or qualified in the student's native language if the language of the home is other than English;
- c) In the case of new entrants, prior to the school year, if possible, but no later than December 1 of the school year of entry or within fifteen (15) days of transfer of a student into a New York State public school should the entry take place after December 1 of the school year;
- d) In the case of students with low test scores, within thirty (30) days of the availability of the test scores.

New Entrants

For new entrants, diagnostic screening shall include, but not be limited to the following:

- a) A health examination by a physician/physician's assistant or nurse practitioner or submission of a health certificate in accordance with Education Law Sections 901, 903, and 904;

(Continued)

Students

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS (Cont'd.)

- b) Certificates of immunization or referral for immunization in accordance with Section 2164 of the Public Health Law;
- c) Vision, hearing and scoliosis screenings as required by Section 136.3 of Commissioner's Regulations;
- d) A determination of development in oral expression, listening comprehension, written expression, basic reading skills and reading fluency and comprehension, mathematical calculation and problem solving, motor development, articulation skills, and cognitive development using recognized and validated screening tools; and
- e) A determination whether the student is of foreign birth or ancestry and comes from a home where a language other than English is spoken as determined by the results of a home language questionnaire and an informal interview in English and the native language.

Students with Low Test Scores

For students with low test scores, diagnostic screening shall include, but not be limited to:

- a) Vision and hearing screenings to determine whether a vision or hearing impairment is impacting the student's ability to learn; and
- b) A review of the instructional programs in reading and mathematics to ensure that explicit and research validated instruction is being provided in reading and mathematics.

No screening examination for vision, hearing or scoliosis condition is required where a student, parent, or person in parental relation objects on the grounds that such examination conflicts with their genuine and sincere religious beliefs.

Results and Reports

The results of the diagnostic screening shall be reviewed and a written report of each student screened shall be prepared by appropriately qualified School District staff. The report shall include a description of diagnostic screening devices used, the student's performance on those devices and, if required, the appropriate referral.

If such screening indicates a possible disability, a referral, with a report of the screening, shall be made to the Committee on Special Education (CSE) or the Committee on Preschool Special Education (CPSE) no later than fifteen (15) calendar days after completion of such diagnostic screening.

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS (Cont'd.)

If such screening indicates a possibly gifted child, the name and finding shall be reported to the Superintendent of Schools and to the parents/legal guardians no later than fifteen (15) calendar days after completion of such screening. The term gifted child is defined as a child who shows evidence of high performance capability and exceptional potential in areas such as general intellectual ability, special academic aptitude and outstanding ability in visual and performing arts. Such definition shall include those children who require educational programs or services beyond those normally provided by the regular school program in order to realize their full potential.

If such screening indicates a child identified as possibly being of limited English proficiency, such child shall be referred for further evaluation in accordance with Part 154 of the Regulations of the Commissioner of Education to determine eligibility for appropriate transitional bilingual or free-standing English as a Second Language (ESL) programs.

Reporting to Parents

Parents/guardians of children to be screened shall receive information in advance regarding the purpose of screening, the areas to be screened and the referral process. The information shall be communicated either orally or in writing in the parents' primary language(s). This information will be provided during the registration interview.

Parents/guardians have the right to request information regarding their child's performance on screenings. They shall have access to the screening results and obtain copies upon request. The results of all mandated screening examinations shall be in writing and shall be provided to the child's parent/guardian and to any teacher of the child within the school while the child is enrolled in the school. A letter will be sent to the parent/guardian of any child failing a screening.

Confidentiality of Information

The Board of Education's policy and administrative regulations in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) shall apply to all information collected about a child through the screening program. In accordance with the policy and regulations, parents shall be informed of their right to privacy, their right to access to the records and their right to challenge those records should they be inaccurate, misleading or otherwise inappropriate.

After these observations have been completed, the Building Principal will determine the final grade placement of the child.
- c) **Grade 2-12:** Children who apply for admission to grades two (2) through twelve (12) on the basis of prior schooling outside the District will be placed initially on the grade level they have reached elsewhere. The Building Principal will determine subsequently whether there should be any change in the grade placement.

A parent/guardian/person in parental relation may appeal a placement decision first to the Building Principal, then to the Superintendent, and finally to the Board of Education.

Registration:

Upon registration, all new students shall be required to provide the following documents/information:

- a) Proof of date of birth
- b) Proof of residency

Determination of Student Residency

The residence of children dwelling within the District boundaries shall be established in a manner consistent with State Law and the Regulations of the Commissioner.

The Board of Education or its designee shall determine whether a child is entitled to attend a District school. Any adverse residency decision by a school official, other than the Board or its designee, shall include written notice to the parent/person in parental relation of the procedures for obtaining review of the decision within the District.

Children Living With Noncustodial Parents

A child's residence is usually determined by the residence of the custodial parent. However, a noncustodial parent who resides in the District may enroll his/her child in a District school if he/she shares the day-to-day responsibilities for the child and the custodial parent designates the child's residence with the noncustodial parent.

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. However, the District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

Emancipated Minors

A determination of whether a student is to be designated as an emancipated minor in the Rocky Point Union Free School District will be based on evidence that the student is no longer under custody, control and support of his/her parents/persons in parental relation. To establish emancipation, a minor may submit documentation of his/her means of support, proof of residency and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his/her parents/persons in parental relation.

These statements are renewable each school year. If at any time the above information is changed without prompt notification or proven to be false, the parent/person in parental relation and/or student may be subject to legal action.

(Continued)

Children Living With Persons Not Their Parents -- Guardianship or Custody

In accordance with the Family Court Act and Domestic Relations Law, a person possessing a lawful order of guardianship or custody of a minor child who is not the parent of such child may enroll the child in public school in the school district where he/she and the child reside.

Therefore, upon application for enrollment by the guardian or custodian, the District shall enroll such a child for such time as the child resides with the guardian or custodian in the District upon verification that the guardian or custodian possess a lawful order of guardianship or custody for the child and that the guardian or custodian and the child properly reside in the same household within the District.

Homeless Children

The parent/person in parental relation to a homeless child; or the homeless child, together with the homeless liaison designated by the District in the case of an unaccompanied youth; or the director of a residential program for runaway and homeless youth established pursuant to Executive Law Article 19-H, in consultation with the homeless child, where such homeless child is living in such program, may designate either the school district of current location, the school district of origin, or a school district participating in a regional placement plan as the district the homeless child shall attend.

Criteria for Admission under Special Circumstances:

Non-resident families who wish to enroll children in the Rocky Point Union Free School District shall submit a request in writing to the Superintendent who shall determine whether or not admission will be granted.

The following general conditions for acceptance will be met when considering admittance:

- a) There is sufficient space to accommodate the non-resident student;
- b) No increase in the size of faculty or staff will be necessary;
- c) Admittance will not result in the establishment of a new section;
- d) Parents/guardians must work out transfer conditions with the home school district or provide their own transportation;
- e) All rules and regulations in effect for District students will be applicable to non-District students;
- f) Tuition may be charged to families of non-resident students in accordance with formulas approved by the State Education Department.

Final decisions regarding the acceptance of non-resident students rest with the Board of Education.

Tuition-Paying Students**Future Students**

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING

The Board recognizes the unique challenges that face students in temporary housing (i.e., homeless children and youth) and will provide these students with access to the same free and appropriate public education, including public preschool education, as other students, as well as access to educational and other services necessary to be successful in school. The District will ensure that these students are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, and success of students in temporary housing.

Identification of Students in Temporary Housing

All districts are obligated to affirmatively identify all students in temporary housing. Therefore, the District will determine whether there are students in temporary housing within the District by using a housing questionnaire to determine the nighttime residence of all newly enrolled students and all students whose address changes during the school year. Not all students in temporary housing can be identified through social service agencies or shelters, as children may be sharing the housing of other persons, such as family or friends, due to loss of housing, economic hardship, or other similar reason. For this reason, the District uses a housing questionnaire that asks for a description of the current living arrangements of the child or youth to determine whether the child or youth meets the definition of a homeless child.

In addition to using the housing questionnaire, the District will also, when appropriate, contact the local department of social services (LDSS) (i.e., the social services district) to identify students in temporary housing, as well as the local runaway and homeless youth shelter, and any other shelters located within District boundaries to ensure all students in temporary housing are properly identified and served.

The McKinney-Vento Liaison for Students in Temporary Housing

The District's McKinney-Vento liaison serves as one of the primary contacts between families experiencing homelessness and school staff, district personnel, shelter workers, and other service providers. The McKinney-Vento liaison coordinates services to ensure that homeless children and youth enroll in school and have the opportunity to succeed.

The District's McKinney-Vento liaison must ensure that:

- a) Students in temporary housing are identified by school personnel and through coordination activities with other entities and agencies;
- b) Students in temporary housing enroll in, and have full and equal opportunity to succeed in, the District's schools;

- n) Assistance with obtaining any necessary immunizations or screenings, or immunization or other required health records is provided to the parents or guardians of the students in temporary housing.

School District and School Designations

A designator will make the initial decision about which school district and school a student in temporary housing will attend. A designator is:

- a) The parent or person in parental relation (guardian) to a student in temporary housing;
- b) The student in temporary housing, together with the McKinney-Vento liaison, in the case of an unaccompanied youth; or
- c) The director of a residential program for runaway and homeless youth, in consultation with the student in temporary housing, where the student is living in that program.

The District will ask the designator to designate one of the following as the school district of attendance for the student in temporary housing:

- a) The school district of current location;
- b) The school district of origin; or
- c) A school district participating in a regional placement plan.

The District will also ask the designator to designate one of the following as the school where a student in temporary housing seeks to attend:

- a) The school of origin; or
- b) Any school that permanent housed children and youth who live in the attendance area in which the child or youth is actually living are eligible to attend, including a preschool.

A student in temporary housing is entitled to attend the schools of the school district of origin without the payment of tuition for the duration of his or her homelessness and through the remainder of the school year in which the student becomes permanently housed and for one additional year if that year constitutes the student's terminal year in that school building, subject to a best interest determination.

Designation/STAC 202 Form

The District will identify all students in temporary housing, and a designation form will be completed by the designator for all these students and any other student who claims homelessness. Designations must be made on the STAC 202 form provided by the Commissioner.

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

The appropriate designator must complete the designation form. The District makes designation forms available to a student in temporary housing who seeks admission to school or to the parent or person in parental relation who seeks to enroll the child in school.

The District will provide completed designation forms to the McKinney-Vento liaison immediately, but no later than two business days from the earlier date on which the child or youth either:

- a) Sought enrollment in school; or
- b) Was placed in a temporary housing facility or residential facility for runaway and homeless youth.

Where a parent or person in parental relation or a child who is neither placed in a temporary housing facility by the LDSS nor housed in a residential program for runaway homeless youth, designates the District as the school district of current location, the District will forward to the State Education Department a completed designation form and a statement of the basis for its determination that the child is a homeless child entitled to attend the District's schools.

Immediate Enrollment and Best Interest Determinations

Upon identification of a child who is in temporary housing and/or receipt of a completed designation/STAC 202 form, the District will:

- a) Immediately review the designation form to ensure that it has been completed and admit the student in temporary housing even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, medical records, immunization records, proof of residency or other documentation and even if the child or youth has missed application deadlines;
- b) Determine whether the designation made by the designator is consistent with the best interests of the student in temporary housing. In making best interests decisions the District will:
 1. Presume that keeping the child in the school of origin is in the child's best interest, except when doing so is contrary to the wishes of the parent or guardian (or youth in the case of an unaccompanied youth); and
 2. Consider student-centered factors such as the effect of mobility on student achievement, education, health, and safety of the child, giving priority to the wishes of the child's parent or guardian (or the youth, if a homeless unaccompanied youth). If the District determines that it is in the best interest of the student in temporary housing to attend a school other than the school of origin or the designated school, the District will provide the parent or guardian (or youth, if an unaccompanied youth) with a written explanation of its determination, including information about the right to appeal.
- c) Provide the child with access to all of the District's programs, activities and services to the same extent as they are provided to resident students;
- d) Immediately contact the school district where the child's records are located in order to obtain a copy of these records and coordinate the transmittal of records for students with disabilities pursuant to applicable laws and regulations;

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- e) Immediately refer the parent or guardian of the student in temporary housing to the McKinney-Vento liaison who must assist in obtaining necessary immunizations or immunization or medical records if the child or youth needs to obtain immunizations or immunization or medical records;
- f) Forward the STAC 202 form to the Commissioner and the school district of origin, where applicable. In all cases, the District will give a copy of the completed STAC 202 form to the designator and keep a copy of the STAC 202 form for the District's records;
- g) Arrange for transportation in accordance with applicable laws and regulations; and
- h) Arrange for the child to receive free school meals.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with state and federal law, a complete copy of the student in temporary housing's records, including, but not limited to, proof of age, academic records, evaluations, immunization records, and guardianship papers, if applicable.

Tuition Reimbursement

The District is eligible to request reimbursement from the State Education Department for the direct costs of educational services to students in temporary housing that are not otherwise reimbursed under special federal programs, when:

- a) The District is either the school district of current location or a school district participating in a regional placement plan;
- b) The District is designated as the school district of attendance; and
- c) The school district of origin for the student in temporary housing is within New York State.

All claims for reimbursement will be made on the STAC 202 form prescribed by the Commissioner of the State Education Department.

In addition, the District is eligible for reimbursement for the direct costs of educational services, including transportation costs for students who continue enrollment in the District schools after finding permanent housing midyear in a different school district within New York State. In these cases, the District will directly bill the new district where the student permanently resides for all direct costs of educational services, including transportation, that are not otherwise reimbursed under special federal programs.

Transportation Responsibilities

The LDSS is responsible for providing transportation to students in temporary housing, including preschool students and students with disabilities who are eligible for benefits under Social Services Law §350-j and placed in temporary housing arrangements outside their designated districts. Where the LDSS requests that the District provide or arrange for transportation for a student in temporary housing in the circumstances above, the District will provide or arrange for the transportation and directly bill the LDSS so that the district will be fully and promptly reimbursed for the cost of the transportation.

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

If the District is the designated school district of attendance, the District will provide for the transportation of each student in temporary housing who is living in a residential program for runaway and homeless youth, including if the temporary housing is located outside the school district. The costs for transportation for each student in temporary housing who lives in a residential program for runaway youth and homeless youth located outside of the designated school district will be reimbursed by the State Education Department, to the extent funds are provided for the purpose, with the submission of a Runaway and Homeless Youth Act Transportation Program Form. Where the District provides transportation for a student living in a Runaway and Homeless Youth facility, the District will promptly request reimbursement using the Runaway and Homeless Youth Act Transportation Form.

The District will transport any student in temporary housing to their school of origin, including preschools and charter schools, where it is the designated district of attendance and the student in temporary housing is not entitled to receive transportation from the Department of Social Services.

When the District is designated as the school district of current location for a student in temporary housing and the student does not attend the school of origin, the District will provide transportation on the same basis as it is provided to resident students, unless the local transportation policy represents a barrier to the student's attendance in school.

If the student in temporary housing designates the District as the school district of attendance, transportation will not exceed 50 miles each way, unless the Commissioner determines that it is in the best interest of the child.

Where the District is designated as the school district of attendance and it has recommended the student in temporary housing attend a summer educational program, the district of attendance will provide transportation services to students in temporary housing for summer educational programs if the lack of transportation poses a barrier to the student's participation in the program.

Where the District is designated as the school district of attendance, it will provide transportation services to students in temporary housing for extracurricular or academic activities when:

- a) The student participates in or would like to participate in an extracurricular or academic activity, including an after-school activity, at the school;
- b) The student meets the eligibility criteria for the activity; and
- c) The lack of transportation poses a barrier to the student's participation in the activity.

Where the District is designated as the school district of attendance, it will provide transportation as described above for the duration of homelessness, unless the LDSS is responsible for providing transportation. After the student becomes permanently housed, the District will provide transportation to the school of origin until the end of the school year and for one additional year if that year constitutes the child's terminal year in the school building.

Where a student in temporary housing must cross state-lines to attend a school of origin, the District will coordinate with the District in the neighboring state to provide transportation services when:

- a) The student is temporarily living in New York State and continues to attend school in a neighboring state; or

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- b) The student is temporarily living in a neighboring state and continues to attend school in New York State.

Dispute Resolution Process

The District has established the following procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth:

- a) The District will provide a written explanation, including a statement regarding the right to appeal, to the parent or guardian of a student in temporary housing, or to an unaccompanied youth, if the District determines that the District is not required to either enroll and/or transport the child or youth to the school of origin or a school requested by the parent or guardian or unaccompanied youth, or if there is a disagreement about a child's or youth's status as a homeless child or unaccompanied youth. The written explanation will be in a manner and form understandable to the parent, guardian, or unaccompanied youth and will include a statement regarding the McKinney-Vento liaison's availability to help the parent, guardian, or unaccompanied youth with any appeal and the contact information for the liaison.
- b) The District will immediately enroll the student in the school in which enrollment is sought by the parent or guardian or unaccompanied youth, provide transportation to the school, and will delay for 30 days the implementation of a final determination to decline to either enroll in and/or transport the student in temporary housing to the school of origin or a school requested by the parent or guardian or unaccompanied youth.
- c) If the parent or guardian of a student in temporary housing or unaccompanied youth commences an appeal to the Commissioner within 30 days of such final determination, the student will be permitted to continue to attend the school he or she is enrolled in at the time of the appeal and/or receive transportation to that school pending the resolution of all available appeals.

The McKinney-Vento Liaison's Dispute Resolution Responsibilities

The District's McKinney-Vento liaison must assist the student in temporary housing's parent or guardian or unaccompanied youth in bringing an appeal to the Commissioner of a final school district decision regarding enrollment, school selection and/or transportation. In the event of a dispute regarding eligibility, enrollment, school selection, and/or transportation, the District's McKinney-Vento liaison will:

- a) Provide the parent or guardian or unaccompanied youth with a copy of the form petition;
- b) Assist the parent or guardian or unaccompanied youth in completing the form petition;
- c) Arrange for the copying of the form petition and supporting documents for the parent or guardian or unaccompanied youth, without cost to the parent or guardian or unaccompanied youth;
- d) Accept service of the form petition and supporting papers on behalf of any District employee or officer named as a party, or the District if it is named as a party, or arrange for service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- e) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgment verifying that he or she has received the form petition and supporting documents, and will either accept service of these documents on behalf of the District employee or officer or District, or effect service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;
- f) Transmit on behalf of the parent or guardian or unaccompanied youth, within five days after the service of, the form petition or any pleading or paper to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;
- g) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgement verifying that he or she has received the form petition and supporting documents and will transmit these documents on behalf of the parent, guardian or unaccompanied youth to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;
- h) Accept service of any subsequent pleadings or papers, including any correspondence related to the appeal, if the parent or guardian or unaccompanied youth so elects. He or she will also make this correspondence available to the parent or guardian or unaccompanied youth; and
- i) Maintain a record of all appeals of enrollment, school selection, and transportation determinations.

Coordination

The District will coordinate the provision of services described in this policy with local social services agencies, housing providers and other agencies or programs providing services to students in temporary housing and their families, including services and programs funded under the Runaway and Homeless Youth Act.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of the Individuals with Disabilities Education Act (IDEA) for students with disabilities.

Coordination with Title I

The District acknowledges that students in temporary housing are eligible for services under Title I, Part A, whether or not they live in a Title I school attendance area or meet the academic requirements required of other children. The District will ensure that:

(Continued)

- a) Title I, Part A funds are set aside as are necessary to provide students in temporary housing, who may have unique needs that differ from their permanently housed peers, with educationally related support services;
- b) Its local plan includes a description of how the plan is coordinated with McKinney-Vento;
- c) Its local plan describes the services provided to students in temporary housing;
- d) Its local plan describes the efforts it made to identify students in temporary housing, including unaccompanied youth, if the District reports that there are no students in temporary housing enrolled in the District. These efforts will include contacting the LDSS or Office of Children and Family Services (OCFS) to verify that there are no students in temporary housing in the District; and
- e) Its housing questionnaire asks about the living arrangements of the child or unaccompanied youth, including asking if he or she is living in a shelter; with relatives or others due to loss of housing or economic hardship; in an abandoned apartment/building; in a motel/hotel, camping ground, car, train/bus station or other similar situation due to the lack of alternative, adequate housing. Documentation of the District's efforts to identify students in temporary housing will be maintained on file and a copy of the housing questionnaire will also be kept on file.

Reporting Requirements

The District will collect and transmit to the Commissioner of Education, at the time and in the manner as the Commissioner may require, a report containing information as the Commissioner determines is necessary, including the numbers of homeless students, their grade, and their nighttime residence.

Access to Free Meals

The District will provide free meals to all children identified as homeless. They do not have to complete a free or reduced-price meal application. When the McKinney-Vento liaison or a shelter director provides a child's name to the District's school food service office, free school meals will commence immediately.

Removal of Barriers

The District will review and revise its policies that may act as barriers to the identification of students in temporary housing and their enrollment and retention in school, including barriers to enrollment and retention due to outstanding fees or fines, or absences.

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**Comparable Services**

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE

The District recognizes the importance of educational stability for students in foster care and will collaborate, as appropriate, with the State Education Department (SED) and the local Department of Social Services (LDSS) to ensure that students in foster care have the same opportunity to achieve at the high-levels as their peers. For purposes of this policy, LDSS also refers to the local Social Services District or the local child welfare agency.

Where the child is eligible to attend school in the school district of origin because the child was placed in foster care after such child is eligible to apply, register, or enroll in the public preschool or kindergarten or the child is living with a school-age sibling who attends school in the school district of origin, the school of origin will include any public school or preschool in which such child would have been entitled or eligible to attend based on such child's last residence before the circumstances arose which caused such child to be placed in foster care.

District Foster Care Liaison

The District will designate an appropriate staff person to act as the District's point of contact for students in foster care (i.e., the "Foster Care Liaison"). The Foster Care Liaison will not be the same staff person as the McKinney-Vento Liaison unless the McKinney-Vento Liaison has sufficient ability to carry out the responsibilities of both roles.

The Foster Care Liaison will work collaboratively with representatives from the LDSS.

The District will ensure that the name and contact information for the Foster Care Liaison are:

- a) Submitted to SED;
- b) Provided, in writing, to the point of contact for any LDSS known by the District to have students in its custody; and
- c) Posted on the District website.

Designation of School District and School

The LDSS, in consultation with the appropriate local educational agency or agencies, will determine whether placement in the school district of origin or the school district of residence is in the best interest of a student in foster care. Provided that the District is an appropriate local educational agency, the District will work with the LDSS to make the best interest determination as quickly as possible in order to prevent educational discontinuity for the student. If the student has an Individualized Education Program (IEP), a Section 504 plan, or is an English language learner, relevant school staff may be consulted during the best interest determination process.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

To the extent feasible and appropriate, the student should remain in his or her school of origin while the best interest determination is being made.

Subject to a best interest determination, a student in foster care is entitled to attend the school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in that building.

Where the school district of origin or school of origin that a student was attending on a tuition-free basis, or was entitled to attend when the student entered foster care is located, in New York State and the student's foster care placement is located in a contiguous state, the student is entitled to attend his or her school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, subject to a best interest determination, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in such building.

Responsibilities When Designated as the School District of Attendance

If the District is designated as the school district of attendance for a student in foster care, the District will immediately:

- a) Enroll the student in foster care, even if the student is unable to produce records which are normally required for enrollment, such as previous academic records, records of immunization and/or other required health records, proof of residency or other documentation and/or even if the student has missed application or enrollment deadlines during any period of placement in foster care, if applicable;
- b) Treat the student in foster care as a resident for all purposes; and
- c) Make a written request to the school district where the student's records are located in order to obtain a copy of the student's records and coordinate the transmittal of these records in accordance with applicable laws and regulations.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with federal and state law, a complete copy of the records of the student in foster care, including, but not limited to: proof of age; academic records; evaluations; immunization records; and guardianship papers (if applicable).

Tuition Reimbursement

Except as otherwise provided in law or regulation, the cost of instruction of a student in foster care will be borne by the school district of origin. Where a district other than the school district of origin is designated as the school district of attendance, the cost of instruction will be borne by the school district of origin and the tuition paid to the designated school district of attendance will be computed in accordance with applicable laws and regulations.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)**Transportation Responsibilities**

Any student in foster care who requires transportation in order to attend his or her school of origin, is entitled to receive that transportation.

As appropriate, the District will coordinate and collaborate with the LDSS to make an appropriate transportation plan that supports the student's school stability plan and is fair to the District's taxpayers, consistent with the District's obligations under federal and state law.

When the District is the designated school district of attendance, and the student requires transportation to attend his or her school of origin, the District will provide transportation to and from the student's foster care placement location and the school of origin. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When the District is the school district of residence and the designated school district of attendance, and the student does not attend his or her school of origin, the District will provide transportation on the same basis as provided to resident students. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When transporting students in foster care, the District may incur excess transportation costs, as defined by law. The District and the LDSS may enter into a written agreement relating to how excess transportation costs should be funded, consistent with applicable laws and regulations. Absent such an agreement, excess transportation costs incurred by the District will be shared equally between the LDSS responsible for the foster care costs of the student and the designated school district of attendance. The District and the LDSS will consider and utilize all allowable funding sources, including any available federal funds, to cover excess transportation costs.

Where a student in foster care has been placed in foster care in a contiguous state, and the District is the designated district of attendance, the District will collaborate with the LDSS to arrange for transportation.

Where the School of Origin is a Charter School

Where the school of origin is a charter school, the school district designated as the school district of attendance for a student in foster care will be deemed to be the school district of residence for the student for purposes of fiscal and programmatic responsibility and will be responsible for transportation of the student in foster care. If the designated school district of attendance is not the school district of origin, the designated school district of attendance may seek reimbursement from the school district of origin in accordance with applicable laws and regulations.

Dispute Resolution Process

To the extent feasible and appropriate, the District will ensure that a student in foster care remains in his or her school of origin while any dispute is being resolved in order to minimize disruptions and reduce the number of moves between schools.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)**Coordination with Other Agencies**

The District will coordinate the provision of services described in this policy, as appropriate, with agencies or programs providing services to students in foster care.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of IDEA for students with disabilities.

Comparable Services

Each student in foster care will be provided services comparable to other students in the school of attendance, including: transportation services; educational services for which the student meets eligibility criteria; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

Student Privacy

As appropriate, the District will collaborate with SED and/or the LDSS to determine what documentation related to a student in foster care should be shared among involved parties. In all cases, the District will comply with all statutory requirements to protect student privacy, including the Family Educational Rights and Privacy Act (FERPA) and any other applicable privacy requirements under federal, state, or local laws.

Pregnant Students

New York State Education Law provides that resident students over five (5) and under twenty-one (21) who have not received a high school diploma are entitled to attend school in the district in which they reside. The law further requires that a school district provide for this instruction and also to provide for home instruction for those students of legal age who are unable to profit from instruction in school.

In view of the above, administrative regulations will be developed to implement the terms of this policy to provide instruction as required by the New York State Education Law for students who become pregnant. The Superintendent, or his/her designee, is directed to consult with the school physician and the student's personal physician in determining the form of instruction.

The form of instruction may be any of the following or a combination of the following:

- a) Remain in school with provisions for special instruction, scheduling, and counseling where needed.
- b) Receive home instruction.
- c) Attend BOCES programs.

The census must indicate the names of all children between birth and eighteen (18) years of age, and of children with disabilities between birth and twenty-one (21) years of age; their respective residences by street and number; the day of the month and the year of their birth; the names of the parents/persons in parental relation to them; such information relating to physical or mental disabilities, to illiteracy, to employment and to the enforcement of the law relating to child labor and compulsory education as the State Education Department and the Board of Education shall require; and also such further information as the Board shall require.

On written request and in such form as prescribed by the Commissioner of Education, the Board shall provide to the Commissioner a report containing the names, ages and addresses of those children who are blind or deaf, and those children having serious physical or mental disabilities. Additionally, such report shall further indicate whether such children are being educated within the public schools of the District or, if they are not, where such education is being furnished to them.

Parents/persons in parental relation to those children within the prescribed census age ranges are to make such reports as the Board of Education shall require, including, but not limited to, providing two (2) weeks before the child reaches compulsory school age, the name of the child; the child's residence; the name of the person or persons in parental relation to the child; the name and location of the school to which the child shall have been or shall be sent as a student; and such other information as required by law or as the Board may require.

A parent, guardian or other person having under his/her control or charge a child between birth and eighteen (18) years of age who withholds or refuses to give information in his/her possession relating to such census data as required by law pertaining to the child; or, in the alternative, gives false information in relation to such census data, shall be liable to and punished by a fine or imprisonment as established by law.

Count of Immigrant Children and Youth, 2006

As a provision of the federal Title III Part A – English Language Acquisition, Language Enhancement, and Academic Achievement Act under the No Child Left Behind Act of 2001, the U.S. Secretary of Education requires that **all local educational agencies (LEAs)** count the number of "immigrant children and youth" enrolled in the public and nonpublic schools in the geographic area under the jurisdiction of, or served by, the LEA. The results of this count have important implications for the receipt of supplemental federal funds to eligible LEAs in New York State for services to recently arrived immigrant children and youth.

(Continued)

SUBJECT: SCHOOL CENSUS (Cont'd.)

For purposes of this count, the term "immigrant children and youth" shall include those individuals who:

- a) Are ages three (3) through twenty-one (21);
- b) Were **NOT** born in any state or from the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the U.S. Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands; and
- c) Have **NOT** been attending schools in any one or more States for more than three (3) full academic years.

Each nonpublic school shall report its data to the public school district in which it is located. It is the responsibility of each public school district to report its immigrant count as well as the counts for all nonpublic schools within its jurisdiction.

In accordance with law, the District shall conduct its survey and submit the information on the appropriate form to the New York State Education Department by the specified deadline date. LEAs must also maintain on file a list of the immigrant students counted, their countries of origin, dates of arrival, and the public or nonpublic school in which they are registered as well as copies of the letter to each of the nonpublic schools in its jurisdiction regarding the count.

SUBJECT: STUDENT EVALUATION**Placement**

Placement within the system, with respect to building, teacher, and grade or special class, shall be at the discretion of the school administration and shall be subject to review and change at any time. In making such decisions, the administrator or Building Principal will be guided by performance in class, past records, parent/guardian and teacher recommendations, standardized test scores, and any other appropriate sources of information, but the final decision shall rest with the school administration. Parents may request, in writing, teacher attributes that would best serve their child's learning needs; however, requests for specific teachers will not be honored.

Promotion and Retention

The procedures to be followed by the staff regarding promotion and retention will be developed by the Superintendent and will be continually evaluated.

Testing Program

The Board of Education endorses and supports the use of ability, achievement, diagnostic, readiness, interest and guidance tests as part of the total educational process to the degree to which tests help the District to serve its students.

Alternative Testing Procedures

The use of alternative testing procedures shall be limited to:

- a) Students identified by the Committee on Special Education and/or Section 504 Team as having a disability. Alternative testing procedures shall be specified in a student's Individualized Education Program or Section 504 Accommodation Plan; and
- b) Students whose native language is other than English (i.e., English language learners) in accordance with State Education Department Guidelines.

The alternative testing procedures employed shall be based upon a student's individual needs and the type of test administered.

The District shall report the use of alternative testing procedures to the State Education Department on a form and at a time prescribed by the Commissioner.

SUBJECT: PROVISION OF INTERPRETER SERVICES TO PARENTS WHO ARE HEARING IMPAIRED

The Board of Education assures parents or persons in parental relation who are hearing impaired the right to meaningful access to school initiated meetings or activities pertaining to the academic and/or disciplinary aspects of their children's education. School initiated meetings or activities are defined to include, but are not limited to, parent-teacher conferences, child study or building-level team meetings, planning meetings with school counselors regarding educational progress and career planning, suspension hearings or any conferences with school officials relating to disciplinary actions. The term "hearing impaired" shall include any hearing impairment, whether permanent or fluctuating, which prevents meaningful participation in School District meetings or activities.

Parents or persons in parental relation shall be notified of the availability of interpreter services to be provided at no charge, provided that a written request is made to the School District within fourteen (14) days of the scheduled event. Exceptions to the time frame request may be made for unanticipated circumstances as determined by the Principal/designee. The District shall also notify appropriate school personnel as to the terms and implementation of this policy.

If interpreter services are requested, the District shall appoint an interpreter for the hearing impaired to interpret during the meeting or activity. The District will arrange for interpreters through a District-created list or through an interpreter referral service. The District shall also develop interagency agreements, as appropriate, to ensure that sign language interpreters are provided for eligible parents or persons in parental relation when District students attend out-of-District schools or programs.

In the event that an interpreter is unavailable, the School District shall make other reasonable accommodations which are satisfactory to the parents or persons in parental relation. Examples of what constitutes reasonable accommodations in the event an interpreter cannot be located may include, but are not limited to, the use of:

- a) Written communications, transcripts, note takers, etc; and
- b) Technology, such as: a decoder or telecommunication device for the deaf, assistive listening devices, and closed or open captioning.

SUBJECT: GRADUATION REQUIREMENTS/EARLY GRADUATION/ACCELERATED PROGRAMS

To graduate from the District, a student must meet or exceed the requirements set forth in Part 100 of the Commissioner's regulations. The Board may establish graduation requirements that exceed the minimum standards set by the Board of Regents. The District will award the appropriate diploma, credential, or both to students.

Pathways to Graduation

Students must pass the required number of Regents examinations or approved alternative exams and meet any further graduation requirements; these requirements may include passing an approved pathways assessment, other assessment, or an additional exam that measure an equivalent level of knowledge and skill. Students who fail certain Regents examinations may appeal the result in accordance with Commissioner's regulations.

Early Graduation

A student may be eligible for early graduation (fewer than eight semesters) if the student completes all requirements for graduation, excluding physical education. The District will consult with appropriate personnel, the student, and persons in parental relation, and consider factors such as the student's grades, performance in school, future plans, and benefits to graduation early in making its decision.

Accelerated ProgramsEighth Grade Acceleration for Diploma Credits

Eighth grade students may take appropriate high school courses. The Superintendent or designee will determine whether an eighth grade student is eligible to take high school courses using criteria that examines each student's readiness. By the end of seventh grade, accelerated students must receive instruction designed to facilitate their attainment of the state intermediate learning standards in each subject area in which they are accelerated.

Advanced Placement (AP)

Advanced Placement examinations afford students the opportunity to earn credit or advanced standing in many colleges and universities. The College Board administers a variety of AP examinations in May of each year. The District will determine a student's readiness for enrollment in any AP class.

(Continued)

Students

SUBJECT: GRADUATION REQUIREMENTS/EARLY GRADUATION/ACCELERATED PROGRAMS (Cont'd.)**Dual Credit for College Courses**

Students who have demonstrated intellectual and social maturity may choose to matriculate at any one of the colleges that have a cooperative agreement with the District. Students who wish to enroll in college-level coursework must meet all academic, grade level, and coursework requirements. These opportunities may include early admission to college, collegiate-level work offered in the high school, or other means of providing advanced work. The administration will review and approve any college courses before they are taken during the school day. The Board will not pay tuition and other related costs for those high school students enrolled in college courses.

Online Coursework

The District may offer students the ability to complete general education and diploma requirements for a specific subject through online instruction or blended coursework that combines online and classroom-based instruction.

To receive credit for online coursework, students must successfully complete an online or blended course and demonstrate mastery of the learning outcomes for the subject by passing the Regents exam or other assessment in the subject area.

SUBJECT: PARTICIPATION IN GRADUATION CEREMONIES AND ACTIVITIES

Any student who has satisfactorily completed all graduation requirements will be permitted to participate in the graduation ceremony and all related graduation activities of his or her graduating class subject to certain exceptions. Students may be prohibited from participating in the graduation ceremony or related graduation activities as a consequence of violating the District's *Code of Conduct*.

The District permits any student to participate in the graduation ceremony and all related graduation activities of his or her high school graduating class, if the student has been awarded a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies (CDOS) Commencement Credential, but has not otherwise qualified to receive a Regents or local diploma. While permitted to participate, these students are not required to participate in the graduation ceremony or related graduation activities of his or her high school graduating class. For purposes of this policy, a student's high school graduating class is the twelfth grade class with which he or she entered into ninth grade.

Education Law § 3204(4-b)
8 NYCRR § 100.2(oo)

SUBJECT: CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES

The District will provide students with disabilities appropriate opportunities to earn a diploma or other exiting commencement credential in accordance with Commissioner's regulations. During the student's annual review, the District will evaluate graduation opportunities and identify the means to achieve them. As part of this process, the District:

- a) Will coordinate activities with guidance personnel and BOCES staff to ensure that students meet credit and sequence requirements and to consider them for vocational opportunities.
- b) May modify instructional techniques and materials. Any modifications will be included on a student's Individual Education Plan (IEP) so that they can be implemented consistently throughout the student's program.
- c) Will review special education instructional programs to ensure equivalency with the same courses taught in the general education program.
- d) Will coordinate communication between special and general education staff so that all staff members understand required skills and competencies, and to establish equivalency of instruction in special education classes.

Graduation and transition plans will take into account the various pathways available to these students. For students with IEPs, the District will plan transition services for post-secondary life as early as possible, but no later than the school year in which the student turns age 15. The transition activities will be focused on improving both the student's academic and functional achievement. The plan will explore post-secondary opportunities and employment options and, if applicable, connection with adult service agencies that may provide the student with services after exiting school.

The District may award these diplomas or credentials, or both:

- a) Local diploma: available to students with an IEP or a Section 504 accommodation plan that specifies a local diploma. Students must comply with credit requirements. The available assessments to earn a local diploma include:
 1. Low-pass safety net option: students must achieve a score of 55 or higher on five required Regents exams.
 2. Low-pass safety net and appeal: available to students who score 52-54 on up to two Regents exams, successfully appeal those scores, and meet all other applicable conditions.
 3. Regents Competency Test (RCT) safety net option: a student who enters grade 9 before September 2011 must pass a corresponding RCT if he or she does not attain a score of 55 or higher on the Regents examination.

(Continued)

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES (Cont'd.)

4. Compensatory safety net option: except for scores on ELA and math exams, students may use one Regents exam score of 65 or above to compensate for a Regents exam score of 45-54. Students must score at least 55 (or successfully appeal a score of 52-54) on both the ELA and a math exam.
5. Superintendent's determination: students who are unable to demonstrate their proficiency on standard state assessments because of one or more disabilities may be able to graduate upon the Superintendent's review and written certification of their eligibility. The Superintendent will make a determination after receiving a written request from an eligible student's parent or guardian. (Students with a Section 504 accommodation plan may not use this option.)
 - b) Career Development and Occupational Studies commencement credential (CDOS): any student who is not assessed using the New York State Alternate Assessment (NYSAA) may earn the CDOS commencement credential as a supplement to a Regents or local diploma or as his or her only exiting credential if the student attended school for at least 12 years, excluding kindergarten. The student must meet criteria specified by the State Education Department (SED) confirming that he or she has attained the standards-based knowledge, skills, and abilities necessary for entry-level employment.
 - c) Skills and Achievement (SA) commencement credential: students with severe disabilities who are assessed using the NYSAA may earn the SA commencement credential. They must attend school for at least 12 years, excluding kindergarten. The District must document the student's skills, strengths, and levels of independence in academic, career development, and foundation skills needed for post-secondary life.

Graduation

The District allows any student with a disability to participate in the graduation ceremony of his or her high school graduating class and all related graduation activities if the student:

- a) Met the eligibility criteria for an SA or CDOS commencement credential;
- b) Has not otherwise qualified to receive a Regents or local diploma; and
- c) Has an IEP that prescribes special education, transition planning, transition services, or related services beyond the student's four academic years after entering high school.
- d) Has not been administered a discipline that precludes the student from participating in the graduation ceremony.

The Superintendent will consider any recommendation of the student's Committee on Special Education as well as the student's own expressed preference regarding participation; a student with a disability may decline to participate in any or all graduation-related activities. The District will provide annual written notice of this policy to applicable students and their parents or guardians.

SUBJECT: DUAL CREDIT FOR COLLEGE COURSES

Students who wish to enroll in college level coursework shall meet all academic, grade level and coursework requirements as set forth by administrative guidelines. Students who have demonstrated intellectual and social maturity may choose to matriculate at any one (1) of the colleges that have a cooperative agreement with our School District. Such opportunities may include early admission to college, collegiate-level work offered in the high school, or other means of providing advanced work. Review and approval by the administration are necessary before any college courses may be taken during the school day.

The Board shall not be required to pay tuition and other related costs for those high school students enrolled in college courses.

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE

The School District shall comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, parents/guardians and noncustodial parent(s), whose rights are not limited by court order or formal agreement, of a student under eighteen (18), or a student who is eighteen (18) years of age or older or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the School District.

Education Records

The term "education records" is defined as all records, files, documents and other materials containing information directly related to a student, and maintained by the education agency or institution, or by a person acting for such agency or institution (34 Code of Federal Regulations (CFR) Section 99.3). This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend a public school district, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA. As such, they are subject to the confidentiality provisions of both Acts.

Personal notes made by teachers or other staff, on the other hand, are not considered education records if they are:

- a) Kept in the sole possession of the maker;
- b) Not accessible or revealed to any other person except a temporary substitute; and
- c) Used only as a memory aid.

Additionally FERPA does not prohibit a school official from disclosing information about a student if the information is obtained through the school official's personal knowledge or observation and not from the student's education records.

Records created and maintained by a law enforcement unit for law enforcement purposes are also excluded.

Access to Student Records

The Board directs that administrative regulations and procedures be formulated to comply with the provisions of federal law relating to the availability of student records. The purpose of such regulations and procedures shall be to make available to the parents/guardians of students and noncustodial parent(s) whose rights are not limited by court order or formal agreement, or students who are eighteen (18) years of age or older or who are attending an institution of post-secondary education, student records, and files on students, and to ensure the confidentiality of such records with respect to third parties.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information (PII) contained in student education records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that such signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates such person's approval of the information contained in the electronic consent.

ExceptionsDirectory Information and Limited Directory Information Disclosure

Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Limited Directory Information Disclosure means that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. The intent is to allow schools the option to implement policies that allow for the disclosure of student information for uses such as yearbooks, but restrict disclosure for more potentially dangerous purposes. The District shall limit disclosure of its designated directory information as otherwise specified in its public notice to parents of students in attendance and eligible students in attendance.

To School Officials who have a Legitimate Educational Interest

To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. An educational interest includes the behavior of a student and disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of the student, other students, or other members of the school community. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

To Another Educational Institution

The District may disclose any and all educational records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of IDEA, to another school or post-secondary institution at which the student seeks or intends to enroll, or after the student has enrolled or transferred, so long as the disclosure is for purposes related to the student's enrollment or transfer. Parental consent is not required for transferring education records if the school's annual FERPA notification indicates that these disclosures may be made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the parent about the disclosure, unless the parent initiated the disclosure. Additionally, upon request, the District will provide a copy of the information disclosed and an opportunity for a hearing.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)Health and Safety Emergency Exception

School districts must balance the need to protect students' personally identifiable information with the need to address issues of school safety and emergency preparedness. Under FERPA, if an educational agency or institution determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records, without consent, to any person whose knowledge of the information is necessary to protect the health and safety of the student or other individuals during the period of the health or safety emergency.

School districts may release information from records to appropriate parties including, but not limited to, parents, law enforcement officials and medical personnel. A school district's determination that there is an articulable and significant threat to the health or safety of a student or other individuals shall be based upon a totality of the circumstances, including the information available, at the time the determination is made. The school district must record the articulable and significant threat that formed the basis for the disclosure and maintain this record for as long as the student's education records are maintained.

To Juvenile Justice Systems

Information may be disclosed to state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released. In these cases, the official or authority must certify in writing that the information will not be disclosed to any other party except as provided under law without prior written consent.

To Foster Care Agencies

The District may release records to an agency caseworker or other representative of a state or local child welfare agency, who has the right to access a student's case plan, when the agency or organization is legally responsible, for the care and protection of the student. This does not give a child welfare agency the right to look into any non-foster care student's records, without parental consent, when there has been a mere allegation of abuse or maltreatment, absent an order or subpoena.

Pursuant to a Subpoena or Court Order

When the District receives a subpoena or court order for the release of records, it will make a reasonable effort to notify the parent or guardian or eligible student of the order or subpoena in advance of compliance. This allows the parent or guardian or eligible student to seek protective action against the subpoena or order before the release of the records.

The District may disclose a student's records without first notifying parents or guardians or eligible students if the disclosure is:

1. Based on a subpoena in which the court orders, for good cause shown, not to reveal to any person the existence or contents of the subpoena or any information furnished pursuant to the subpoena;

(continued)

2. In accordance with a judicial order in cases where the parents are a party to a court proceeding involving child abuse or maltreatment or dependency matters, and the order is issued in the context of that proceeding; or

3. Made to a court (with or without an order or subpoena) when the District is involved in a legal action against a parent or student and the records are relevant to the matter.

For Financial Aid Purposes

Pertinent information may be released in connection with the determination of eligibility, amount, conditions, and enforcement of terms of a student's financial aid.

To Accrediting Organizations

Disclosure of a student's records may be made to an organization in which that student seeks accreditation, in order to carry out their accrediting function.

To Parents of a Dependent Student

Even when a student turns 18 years of age or older the District may disclose education records to that student's parents, without the student's consent, if the student is claimed as a dependent for federal income tax purposes by either parent.

Audit/Evaluation Exception

The audit or evaluation exception allows for the disclosure of PII from education records without consent to authorized representatives of the Comptroller General of the U.S., the Attorney General, the Secretary of Education, and State or local educational authorities ("FERPA permitted" entities). Under this exception, PII from education records must be used to audit or evaluate a Federal or State supported education program, or to enforce or comply with Federal legal requirements that relate to those education programs (audit, evaluation, or enforcement or compliance activity).

The District may, from time to time, disclose PII from education records without consent to authorized representatives of the entities listed above. The District may also, from time to time, designate its own authorized representative who may access PII without consent in connection with an audit or evaluation of an education program within the District. As an example, the District might designate a university as its authorized representative in order to disclose, without consent, PII from education records on its former students to the university. The university could then disclose, without consent, transcript data on those former students attending the university to allow the District to evaluate how effectively the District prepared its students for success in postsecondary education.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**For Conducting Studies**

This exception allows for the disclosure of PII from education records without consent to organizations conducting studies for, or on behalf of, schools, school districts or postsecondary institutions. Studies can be for the purpose of developing, validating, or administering predictive tests; administering student aid programs; or improving instruction.

The District may disclose PII from education records without consent to such organizations conducting studies for the District, in accordance with its obligations under FERPA.

In addition, other entities outside of the District may, from time to time, disclose PII from education records that the District has previously shared with that entity, to organizations conducting studies on behalf of the District. For example, a State Education Agency (SEA) may disclose PII from education records provided by the District without consent to an organization for the purpose of conducting a study that compares program outcomes across school districts to further assess the effectiveness of such programs with the goal of providing the best instruction.

Required Agreements for the Studies or Audit/Evaluation Exceptions

To the extent required by law, the District shall enter into a written agreement with organizations conducting studies for the District, or, with its designated authorized representatives in connection with audits or evaluations of education programs within the District. In the event that the District discloses PII from education records to its own designated authorized representative in connection with an audit or evaluation of an educational program within the District, it shall use reasonable methods to ensure to the greatest extent practicable that its designated authorized representative complies with FERPA and its regulations.

Challenge to Student Records

Parents/guardians of a student under the age of eighteen (18), or a student who is eighteen (18) years of age or older or who is attending an institution of post-secondary education, shall have an opportunity for a hearing to challenge the content of the school records, to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein.

Disclosures to Parents of Eligible Students

Even after a student has become an "eligible student" under FERPA (which is defined as a student who is eighteen (18) years of age or older or who is attending an institution of post-secondary education) an educational agency or institution may disclose education records to an eligible student's parents, without the student's consent:

- a) If the student is claimed as a dependent for Federal income tax purposes by either parent;
- b) In connection with a health or safety emergency;

(Continued)

Students

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

- c) If the student attends an institution of postsecondary education, is under twenty-one (21) years of age and the disclosure is regarding the student's violation of law, an institutional rule or policy governing the use of alcohol or a controlled substance at that institution; or
- d) If the disclosure falls within any other exception to the consent requirements under FERPA or its Regulations, such as the disclosure of directory information or in compliance with a court order or lawfully issued subpoena.

Release of Information to the Noncustodial Parent

The District may presume that the noncustodial parent has the authority to request information concerning his/her child and release such information upon request. If the custodial parent wishes to limit the noncustodial parent's access to the records, it would be his/her responsibility to obtain and present to the school a legally binding instrument that prevents the release of said information.

SUBJECT: STUDENT DIRECTORY INFORMATION

Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.

The District shall publish an annual public notice informing parents or eligible students (i.e., a student eighteen (18) years of age or older or who is attending an institution of post-secondary education) of the District's definition of directory information, the parent/eligible student's right to refuse the release of student directory information and indication of the time period for their response. Following such public notice and a reasonable response period, the District may release such information to an outside group without individual consent.

The Family Educational Rights and Privacy Act (FERPA) defines student directory information as any of the items as indicated in the following list. The Rocky Point Union Free School District will release the following defined directory information* as checked below:

- name
- address
- telephone listing
- date and place of birth
- major field of study
- grade level
- participation in sports and activities
- weight and height (for members of athletic teams)
- dates of attendance
- honors, degrees and awards
- e-mail address
- photograph
- name of educational institution previously attended

Directory information **does not** include:

- a) A student's social security number; or
- b) A student's identification (ID) number, except as provided below.

Directory information includes a student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems, or that is displayed on a student ID card or badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user. Parents and eligible students may not, by opting out of disclosure of directory information, prevent a school from requiring a student to wear or present a student identification card or a badge that displays information that may be directory information.

Limited Directory Information Disclosure

Limited Directory Information Disclosure means that that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. Allowing limited directory information disclosure may permit the District to use student directory information for such limited purposes as school yearbooks, honor roll lists, graduation programs, playbills and other similar uses, without obtaining individual consent. Limiting the disclosure of such information may be beneficial when the District perceives such disclosure as putting students at risk of becoming targets of marketing campaigns, news media or possible victims of criminal acts. The District shall limit its disclosure of its designated directory information as specified in its public notice to parents and eligible students.

Military Recruiter Access

The release of student directory information is not to be confused with the release of names, addresses and telephone listings of eligible students (i.e., a student seventeen (17) years of age or older or in the eleventh grade (or its equivalent) or higher) to Military Recruiters. In compliance with the Elementary and Secondary Education Act (ESEA) of 1965, as amended by the No Child Left Behind Act of 2001 (NCLB), and the National Defense Authorization Act, the School District shall notify parents that by law it routinely releases this information to Military Recruiters upon request subject to a parents'/eligible students' written request not to disclose such information.

SUBJECT: MILITARY RECRUITERS AND INSTITUTIONS OF HIGHER EDUCATION**Requests for Information**

The District will comply with requests from military recruiters and institutions of higher education (IHEs) for access to the name, address and telephone listing of each secondary school student, except for any student whose parent (or the student, if he or she is at least 18 years of age) has submitted a written request to opt out of this disclosure, in which case the information will not be released without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

Annual Notification and Opt Out Opportunity

The District will annually notify parents of a secondary student (or the student, if he or she is at least 18 years of age) of the opportunity to submit a written request to opt out of disclosure of the student's name, address, and telephone listing to military recruiters and IHEs. If a written opt out request is submitted, the District will not disclose the student's information to military recruiters or IHEs without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

Military Recruiter Access

The District will provide military recruiters the same access to secondary school students as is provided generally to IHEs or prospective employers of those students.

Education Law § 2-a

Students

SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS

The Protection of Pupil Rights Amendment (PPRA) governs the administration to students of a survey, analysis, or evaluation that concerns one or more of the following **eight protected areas**:

- a) Political affiliations or beliefs of the student or the student's parent/guardian;
- b) Mental or psychological problems of the student or the student's family;
- c) Sex behavior or attitudes;
- d) Illegal, anti-social, self-incriminating, or demeaning behavior;
- e) Critical appraisals of other individuals with whom respondents have close family relationships;
- f) Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- g) Religious practices, affiliations, or beliefs of the student or student's parent/guardian; or
- h) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors.

General Provisions

The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA). Further, PPRA does not supersede any of the requirements of the Family Educational Rights and Privacy Act (FERPA).

The rights provided to parents/guardians under PPRA transfer from the parent/guardian to the student when the student turns eighteen (18) years old or is an emancipated minor under applicable State law.

The School District may use funds provided under Part A of Title V of the Elementary and Secondary Education Act of 1965 to enhance parental/guardian involvement in areas affecting the in-school privacy of students.

SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS (Cont'd.)

Annual Parental Notification of Policies/Prior Written Consent/"Opt Out" Provisions

The School District shall provide for reasonable notice of the adoption or continued use of this policy directly to parents/guardians and eligible students enrolled in the District. At a minimum, the District shall provide such notice at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy.

Further, in the notification, the District shall offer an opportunity for parents/guardians to provide written consent or opt their child out of participation in the following activities in accordance with law and the surveys conducted:

- a) The administration of **any survey** containing one or more of the **eight protected areas**.
 1. **U.S. Department of Education-Funded Surveys: Prior written consent from parents must be obtained** before students are required to submit to the survey.
 2. **Surveys funded by sources other than U.S. Department of Education:** Notification may indicate the specific or approximate dates during the school year when surveys will be administered and provide an opportunity for the parent to opt his/her child out of participating upon receipt of the notification.
- b) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
- c) Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students. The term "*invasive physical examination*" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but *does not include a hearing, vision or scoliosis screening*.

Specific Notification

In the event that the District does not identify the specific or approximate dates of the activities or surveys to be administered in the general annual notification, it shall "directly" notify, such as through U.S. Mail or e-mail, the parents of students who are scheduled to participate in the specific activities or surveys prior to participation and provide an opportunity for the parent to provide written consent or opt his/her child out of participation in accordance with law and the surveys conducted.

U.S. Department of Education-Funded Surveys

In compliance with the Protection of Pupil Rights Amendment (PPRA), the School District is committed to protecting the rights and privacy interests of parents/guardians and students with regard to surveys funded in whole or part by any program administered by the U.S. Department of Education (DOE).

The District shall make instructional materials available for inspection by parents/guardians if those materials will be used in connection with a DOE-funded survey, analysis, or evaluation in which their children participate. In addition, the School District **shall obtain prior written parental/guardian consent** before minor students are required to participate in any DOE-funded survey, analysis, or evaluation that reveals information concerning any of the **eight protected areas**.

Surveys Funded by Sources Other than U.S. Department of Education

The School District has developed and adopted this Board policy, in consultation with parents/guardians, regarding the following:

- a) The right of the parent/person in parental relation to inspect, upon request, a survey created by a third party (i.e., by a party other than the DOE) before the survey is administered or distributed by the school to a student. Requests by parents/guardians to inspect such surveys are to be submitted, in writing, to the Building Principal no more than fourteen (14) days prior to the administration or distribution of any survey. Further, the District shall grant a request by the parent/guardian for reasonable access to such survey within a reasonable period of time after the request is received by the District.
- b) Arrangements shall be provided by the District to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the **eight protected areas**, including the right of the parent/guardian of the student to inspect, upon request, any survey containing one or more of the **eight protected areas**. Such requests must be submitted by the parent/guardian, in writing, to the Building Principal no more than thirty (30) days prior to the administration or distribution of any survey.
- c) Parents/guardians shall be granted, upon request, reasonable access and the right to inspect instructional materials used as part of the educational curriculum for the student within a reasonable period of time (*defined by the School District, for the purposes of this policy, as thirty [30] days) after such request is received by the District. Requests shall be submitted by parents/guardians, in writing, to the Building Principal. The *term "instructional material" means* instructional content that is provided to a student,

regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). *The term does not include academic tests or academic assessments.*

- d) The administration of physical examinations or screenings that the School District may administer to a student.

Further, this law does not apply to any physical examination or screening that is permitted or required by State law, including physical examinations or screenings that are permitted without parental notification.

In the implementation of this provision regarding the administration of physical examinations or screenings that the school may administer to the student, the School District incorporates by reference Board policies that address student health services, as applicable, including but not limited to policies regarding the administration of medication, immunization of students, and student physicals.

- e) Unless mandated/authorized in accordance with Federal or State law and/or regulation, it is policy of the Board of Education, to **not permit** the collection, disclosure, or use of personal information (the term "*personal information*" is defined as individually identifiable information including a student's or parent/guardian's first and last name; home address; telephone number; or Social Security number) collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose), *unless otherwise exempted pursuant to law as noted below*. Questions regarding the collection, disclosure, or use of personal information collected from students for such marketing purposes may be referred to the school attorney as deemed necessary by the Superintendent/designee.

This law is not intended to preempt applicable provisions of State law that require parental/guardian notification.

These requirements **do not apply** to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

- a) College or other postsecondary education recruitment, or **military recruitment*;

**Military recruiter access to student information is governed by the Family Educational Rights and Privacy Act of 1974 (FERPA) and the National Defense Authorization Act for Fiscal Year 2002.*

- b) Book clubs, magazines, and programs providing access to low-cost literary products;
- c) Curriculum and instructional materials used by elementary schools and secondary schools;
- d) Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- e) The sale by students of products or services to raise funds for school-related or education-related activities;
- f) Student recognition programs.

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION

In accordance with General Obligations Law Title 15-A, a parent of a minor or incapacitated person may designate another person as a person in parental relation to such minor or incapacitated person for certain health care and educational decisions for a period not exceeding six (6) months. However, such parental designation is conditioned upon there being no prior order of any court in any jurisdiction currently in effect that would prohibit the parent from himself/herself exercising the same or similar authority; and provided further that, in the case where a court has ordered that both parents must agree on education or health decisions regarding the child, a designation pursuant to this law shall not be valid unless both parents have given their consent.

The designation of a person in parental relation must be in writing in the form prescribed by General Obligations Law Title 15-A, and shall include specified information as enumerated in law for designations of thirty (30) days or less, as well as additional information required for designations of more than thirty (30) days. The designation of a person in parental relation may be presented to any school that requires such designation by either the parent or designee. The designation may specify a period of time less than six (6) months for which such designation shall be valid unless earlier revoked by the parent in accordance with law. *However, a designation specifying a period of more than thirty (30) days shall be notarized.*

If no time period is specified in the designation, it shall be valid until the earlier of:

- a) Revocation; or
- b) The expiration of thirty (30) days from the date of signature if the designation does not meet the requirements for designations of more than thirty (30) days, or
- c) Six (6) months from the date of commencement specified in the designation if the designation meets the requirements for designations of more than thirty (30) days.

Scope of Designation

A designation made pursuant to this law may specify:

- a) The treatment, diagnosis or activities for which consent is authorized;
- b) Any treatment, diagnosis or activity for which consent is not authorized; or
- c) Any other limitation on the duties and responsibilities conveyed by the designation.

Revocation of Designation

A parent may revoke a designation by notifying, either orally or in writing, the designee or a school to which the designation has been presented, or by any other act evidencing a specific intent to

(Continued)

Students

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

revoke the designation. A designation shall also be revoked upon the execution by the parent of a subsequent designation. Revocation by one parent authorized to execute such a designation shall be deemed effective and complete revocation of a designation pursuant to law.

A designee who receives notification from a parent of any such revocation shall immediately notify any school to which a designation has been presented. A parent may directly notify any such school of the revocation, in which case the failure of the designee to notify the school of such revocation shall not make revocation ineffective.

Effect of Designation

- a) A designee shall possess all the powers and duties of a person in parental relation pursuant to Public Health Law Sections 2164 and 2504 and Education Law Sections 2 and 3212, unless otherwise specified in the designation.
- b) A designation shall not impose upon a designee a duty to support pursuant to Family Court Act Section 413.
- c) A designation shall not cause a change in the school district of residence of the child for purposes of the Education Law, and during the period of validity of the designation, the child shall be presumed to be a resident of the school district in which the parent resided at the time the designation was made.
- d) A designation shall terminate and be revoked upon the death or incapacity of the parent who signed the designation.
- e) The decision of a designee shall be superseded by a contravening decision of a parent.

A person who acts based upon the consent of a designee reasonably and in the good faith belief that the parent has in fact authorized the designee to provide such consent may not be deemed to have acted negligently, unreasonably or improperly in accepting the designation and acting upon such consent. However, any such person may be deemed to have acted negligently, unreasonably or improperly if he/she has knowledge of facts indicating that the designation was never given, or did not extend to an act or acts in question, or was revoked.

No provision of General Obligations Law Title 15-A shall be construed to require designation of a person in parental relation as provided within the statute where such designation is not otherwise required by law, rule or regulation.

SUBJECT: SCHOOL CONDUCT AND DISCIPLINE

The Board of Education acknowledges its responsibility to protect the educational climate of the District and to promote responsible student behavior. Accordingly, the Board delegates to the Superintendent the responsibility for assuring the implementation of a *Code of Conduct for the Maintenance of Order on School Property*, including school functions, which shall govern the conduct of students as well as teachers, other school personnel, and visitors.

School property shall mean in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus as defined in Vehicle and Traffic Law Section 142. A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

The Board shall further provide for the enforcement of such Code of Conduct, which shall be developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel and other personnel and shall incorporate, at a minimum, those components addressed in law and enumerated in Policy #3410 -- Code of Conduct on School Property. Specific components may vary as appropriate to student age, building levels, and educational needs.

In accordance with the *Code of Conduct on School Property*, areas addressing student conduct and behavior will further utilize the following strategies in promoting acceptable student behavior:

- a) A bill of rights and responsibilities of students that focuses upon positive student behavior, and is publicized and explained to all students on an annual basis;
- b) A Code of Conduct for student behavior setting forth prohibited student conduct and the range of penalties that may be imposed for violation of such Code, that is publicized and disseminated to all students and parents/guardians on an annual basis pursuant to law;
- c) Strategies and procedures for the maintenance and enforcement of public order on school property that shall govern the conduct of all persons on school premises, in accordance with Education Law Section 2801 and accepted principles of due process of law;
- d) Procedures within each building to involve student service personnel, administrators, teachers, parents/guardians and students in the early identification and resolution of discipline problems. For students identified as having disabilities, procedures are included for determining when a student's conduct shall constitute a reason for referral to the Committee on Special Education for review and modification, if appropriate, of the student's individualized education program;
- e) Alternative educational programs appropriate to individual student needs;

(Continued)

Students

SUBJECT: SCHOOL CONDUCT AND DISCIPLINE (Cont'd.)

- f) Disciplinary measures for violation of the school policies developed in accordance with subparagraphs b) and c) of this paragraph. Such measures shall be appropriate to the seriousness of the offense and, where applicable, to the previous disciplinary record of the student. Any suspension from attendance upon instruction may be imposed only in accordance with Education Law Section 3214; and
- g) Guidelines and programs for in-service education for all District staff to ensure effective implementation of school policy on school conduct and discipline.

SUBJECT: LOSS OR DESTRUCTION OF DISTRICT PROPERTY OR RESOURCES

The District is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:

- a) Has willfully, maliciously, or unlawfully damaged, defaced or destroyed real or personal property in the care, custody and/or ownership of the District; or
- b) Has knowingly entered or remained in a District building, and wrongfully taken, obtained or withheld personal property owned or maintained by the District.

In instances where the District has sought and obtained a judgment from a court of competent jurisdiction, parent/guardian liability for civil damages shall not exceed five thousand dollars (\$5,000). Under certain circumstances, prior to the entering of a judgment in the sum total of five hundred dollars (\$500) or more, a court may consider the parent's or guardian's financial inability to pay any portion or all of the amount of damages which are in excess of five hundred dollars (\$500), and enter a judgment in an amount within the financial capacity of the parent or guardian. However, no such judgment shall be entered for an amount which is less than five hundred dollars (\$500).

False Reporting of an Incident and/or Placing a False Bomb

A School District is also authorized to seek restitution, as described in law, from a parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:

- a) Has falsely reported an incident; or
- b) Has placed a false bomb as defined in the New York State Penal Law.

Damages for falsely reporting an incident or placing a false bomb shall mean the funds reasonably expended by the School District in responding to such false report of an incident or false bomb, less the amount of any funds which have been or will be recovered from any other source as enumerated in law.

In seeking restitution, the School District shall file with the court, the County District Attorney and defense counsel an affidavit stating that the funds reasonably expended for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding, except as provided for pursuant to General Obligations Law Section 3-112.

SUBJECT: STUDENT DRESS CODE

The responsibility for the dress and appearance of students shall rest with individual students and parents. They have the right to determine how the student shall dress, provided that such attire does not interfere with the operation of the school or infringe upon the general health, safety and welfare of District students or employees. Student dress and appearance must be in accordance with the *District Code of Conduct*. The administration is authorized to take action in instances where individual dress does not meet these stated requirements.

While the school administration may require students participating in physical education classes to wear certain types of clothing such as sneakers, socks, shorts, and tee shirts, they may not prescribe a specific brand which students must wear.

This policy does not mean that student, faculty, or parent groups may not recommend appropriate dress for school or special occasions. It means that a student shall not be prevented from attending school or a school function, or otherwise be discriminated against, so long as his/her dress and appearance meet the above requirements. A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

Students

SUBJECT: SUSPENSION OF STUDENTS

The Superintendent and/or the Principal may suspend the following students from required attendance upon instruction:

- a) A student who is insubordinate or disorderly; or
- b) A student who is violent or disruptive; or
- c) A student whose conduct otherwise endangers the safety, morals, health or welfare of others.

SuspensionFive (5) School Days or Less

The Superintendent and/or the Principal of the school where the student attends shall have the power to suspend a student for a period not to exceed five (5) school days. In the absence of the Principal, the designated "Acting Principal" may then suspend a student for a period of five (5) school days or less.

When the Superintendent or the Principal (the "suspending authority") proposes to suspend a student for five (5) school days or less, the suspending authority shall provide the student with **notice** of the charged misconduct. If the student denies the misconduct, the suspending authority shall provide an **explanation** of the basis for the suspension.

When suspension of a student for a period of five (5) school days or less is proposed, administration shall also immediately notify the parent/person in parental relation in writing that the student *may be* suspended from school.

Written notice shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within twenty-four (24) hours of the decision to propose suspension at the last known address or addresses of the parents/persons in parental relation. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents/persons in parental relation.

The notice shall provide a description of the incident(s) for which suspension is proposed and shall inform the student and the parent/person in parental relation of their right to request an immediate informal conference with the Principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference shall be in the dominant language or mode of communication used by the parents/persons in parental relation. At the informal conference, the student and/or parent/person in parental relation will have the opportunity to present the student's version of the event and to ask questions of the complaining witnesses.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The notice and opportunity for informal conference shall take place **prior to** suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practical.

Teachers shall immediately report or refer a violent student to the Principal or Superintendent for a violation of the *District's Code of Conduct* and a minimum suspension period.

More Than Five (5) School Days

In situations where the Superintendent determines that a suspension in excess of five (5) school days may be warranted, the student and parent/person in parental relation, upon reasonable notice, will have had an opportunity for a fair hearing. At the hearing, the student has protected due-process rights such as the right to be represented by counsel, with the right to question witnesses against him/her, and the right to present witnesses and other evidence on his/her behalf.

Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law Section 265.01, the hearing officer or Superintendent shall not be barred from considering the admissibility of such weapon, instrument or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of such weapon, instrument or appliance was the result of an unlawful search or seizure.

Minimum Periods of Suspension

In accordance with law, Commissioner's Regulations and the *District's Code of Conduct*, minimum periods of suspension shall be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

- a) Consistent with the federal Gun-Free Schools Act, any student who is determined to have brought a firearm to school or possessed a firearm on school premises shall be suspended for a period of not less than one (1) calendar year. However, the Superintendent has the authority to modify this suspension requirement on a case-by-case basis.
- b) A minimum suspension period for students who repeatedly are substantially disruptive of the educational process or substantially interfere with the teacher's authority over the classroom, provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law. The definition of "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority" is set forth in Commissioner's regulations.

(Continued)

Students

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

- c) A minimum suspension period for acts that would qualify the student to be defined as a violent student pursuant to Education Law Section 3214(2-a)(a), provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law.

Suspension of Students with Disabilities

Generally, disciplinary action against a student with a disability or presumed to have a disability will be in accordance with procedures set forth in the District's *Code of Conduct* and in conjunction with applicable law, and the determination of the Committee on Special Education (CSE).

For suspensions or removals up to ten (10) school days in a school year that do not constitute a disciplinary change in placement, students with disabilities must be provided with alternative instruction or services on the same basis as non-disabled students of the same age.

If suspension or removal from the current educational placement constitutes a disciplinary change in placement because it is for more than ten (10) consecutive school days or is a pattern of removals which constitutes a change of placement, a manifestation determination must be made. The District determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

Manifestation Determinations

A review of the relationship between the student's disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability must be made by a manifestation team immediately, if possible, but in no case later than ten (10) school days after a decision is made:

- a) By the Superintendent to change the placement to an interim alternative educational setting (IAES);
- b) By an Impartial Hearing Officer (IHO) to place the student in an IAES; or
- c) By the Board, District Superintendent, Superintendent or Building Principal to impose a suspension that constitutes a disciplinary change of placement.

The manifestation team shall include a representative of the District knowledgeable about the student and the interpretation of information about child behavior, the parent and relevant members of the CSE as determined by the parent and the District. The parent must receive written notice prior to

(Continued)

Students

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

the meeting to ensure that the parent has an opportunity to attend. This notice must include the purpose of the meeting, the names of those expected to attend and notice of the parent's right to have relevant members of the CSE participate at the parent's request.

The manifestation team will review all relevant information in the student's file including the student's individualized education program (IEP), any teacher observations, and any relevant information provided by the parents to determine if: the conduct in question was caused by or had a direct and substantial relationship to the student's disability; or the conduct in question was the direct result of the District's failure to implement the IEP. If the team determines the conduct in question was the direct result of failure to implement the IEP, the District must take immediate steps to remedy those deficiencies.

Finding of Manifestation

If it is determined, as a result of this review, that the student's behavior is a manifestation of his/her disability, the CSE shall conduct a functional behavioral assessment, if one has not yet been conducted, and implement or modify a behavioral intervention plan.

Functional behavioral assessment (FBA) means the process of determining why the student engages in behaviors that impede learning and how the student's behavior relates to the environment. FBA must be developed consistent with the requirements of Commissioner's Regulations Section 200.22(a) and shall include, but not be limited to, the identification of the problem behavior, the definition of the behavior in concrete terms, the identification of the contextual factors that contribute to the behavior (including cognitive and affective factors) and the formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

Behavioral intervention plan (BIP) means a plan that is based on the results of a functional behavioral assessment and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs and intervention strategies that include positive behavioral supports and services to address the behavior.

Unless the change in placement was due to behavior involving serious bodily injury, weapons, illegal drugs or controlled substances, the student must be returned to the placement from which the student was removed unless the parent and the District agree to a change of placement as part of the modification of the behavioral intervention plan.

No Finding of Manifestation

If it is determined that the student's behavior is not a manifestation of his/her disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

student in the same manner and for the same duration for which they would be applied to students without disabilities, subject to the right of the parent/person in parental relation to request a hearing objecting to the manifestation determination and the District's obligation to provide a free, appropriate public education to such student.

Provision of Services Regardless of the Manifestation Determination

Regardless of the manifestation determination, students with a disability shall be provided the services necessary for them to continue to participate in the general education curriculum and progress toward meeting the goals set out in their IEP as delineated below:

- a) During suspensions or removals for periods of up to ten school days in a school year that do not constitute a disciplinary change in placement, students with disabilities of compulsory attendance age will be provided with alternative instruction on the same basis as nondisabled students. Students with disabilities who are not of compulsory attendance age will be entitled to receive services during suspensions only to the extent that services are provided to nondisabled students of the same age who have been similarly suspended.
- b) During subsequent suspensions or removals for periods of ten consecutive school days or less that in the aggregate total more than ten school days in a school year but do not constitute a disciplinary change in placement, students with disabilities will be provided with services necessary to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the student's IEP and to receive, as appropriate, an FBA, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. School personnel, in consultation with at least one of the student's teachers, will determine the extent to which services are needed, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress in meeting the goals set out in the student's IEP.
- b) During suspensions or other disciplinary removals, for periods in excess of ten school days in a school year which constitute a disciplinary change in placement, students with disabilities will be provided with services necessary to enable the student to continue to participate in the general education curriculum, to progress toward meeting the goals set out in the student's IEP, and to receive, as appropriate, an FBA, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. The IAES and services will be determined by the CSE.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**Interim Alternative Educational Setting (IAES)**

Students with disabilities who have been suspended or removed from their current placement for more than ten (10) school days may be placed in an IAES which is a temporary educational setting other than the student's current placement at the time the behavior precipitating the IAES placement occurred.

Additionally, an Impartial Hearing Officer in an expedited due process hearing may order a change in placement of a student with a disability to an appropriate IAES for up to forty-five (45) school days if the Hearing Officer determines that maintaining the current placement is substantially likely to result in injury to the students or others.

There are three (3) specific instances when a student with a disability may be placed in an IAES for up to forty-five (45) school days without regard to a manifestation determination:

- a) Where the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the District; or
- b) Where a student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the District; or
- c) Where a student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the District. Serious bodily harm has been defined in law to refer to one of the following:
 1. Substantial risk of death;
 2. Extreme physical pain; or
 3. Protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

School premises means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school.

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

In all cases, the student placed in an IAES shall:

- a) Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress towards the goals set out in the student's IEP, and
- b) Receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The period of suspension or removal may not exceed the amount of time a non-disabled student would be suspended for the same behavior.

Suspension from BOCES

The BOCES Principal may suspend School District students from BOCES classes for a period not to exceed five (5) school days when student behavior warrants such action.

In-School Suspension

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student shall be considered present for attendance purposes. The program is used to keep each student current with his/her class work while attempting to reinforce acceptable behavior, attitudes and personal interaction.

BOCES Activities

BOCES activities, such as field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES is to be considered as an act within the School District itself.

A student who is ineligible to attend a District school on a given day may also be ineligible to attend BOCES classes. The decision rests with the Superintendent or his/her designee.

Exhaustion of Administrative Remedies

Any appeal of a decision of the building principal or Superintendent to suspend a student from school, regardless of the length of the student's suspension, must be made to the Board before it can be made to the Commissioner of Education. An appeal to the Board must be commenced within 30 days from the date of the Superintendent's decision. To be timely, the appeal must be received by the District Clerk within this 30-day period.

Procedure after Suspension

When a student has been suspended and is of compulsory attendance age, immediate steps will be taken to provide alternative instruction which is of an equivalent nature to that provided in the student's regularly scheduled classes.

When a student has been suspended, the suspension may be revoked by the Board of Education whenever it appears to be for the best interest of the school and the student to do so. The Board of Education may also condition a student's early return to school and suspension revocation on the student's voluntary participation in counseling or specialized classes, including anger management or dispute resolution, where applicable.

SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES

The parent of a student who has violated any rule or code of conduct of the School District and who was not identified as a student with a disability at the time of such behavior may assert several protections provided for under the Individuals with Disabilities Education Act (IDEA) and State regulations *if the School District is deemed to have had knowledge (as determined in accordance with law and/or regulations and referenced below) that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.*

Basis of Knowledge

The School District shall be deemed to have knowledge that the student had a disability if prior to the time the behavior occurred:

- a) The parent of the student has expressed concern in writing to supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education and related services. However, expressions of concern may be oral if the parent does not know how to write or has a disability that prevents a written statement;
- b) The parent of the student has requested an evaluation of the student in writing; or
- c) A teacher of the student, or other District personnel, has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the Director of Special Education or to other supervisory personnel in accordance with the District's established child find or special education referral system.

Exception

A student is not a student presumed to have a disability for discipline purposes if, as a result of receiving the information specified above (i.e., subheading "Basis of Knowledge"):

- a) The parent of the student has not allowed an evaluation of the student pursuant to law and/or regulations;
- b) The parent of the student has refused services under law and/or regulations; or
- c) The student has been evaluated and it was determined that the student is not a student with a disability.

(Continued)

**SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE
PURPOSES (Cont'd.)****Responsibility for Determining Whether a Student is a Student Presumed to Have a Disability**

If it is claimed by the parent of the student or by School District personnel that the District had a basis for knowledge, in accordance with law and/or regulation, that the student was a student with a disability prior to the time the behavior subject to disciplinary action occurred, it shall be the responsibility of the Superintendent of Schools, Building Principal or other school official imposing the suspension or removal to determine whether the student is a student presumed to have a disability.

Conditions That Apply if There is No Basis of Knowledge

If it is determined that there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other nondisabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made during the time period in which such nondisabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted in accordance with law and/or regulations. Pending the results of the evaluation, the student shall remain in the educational placement determined by school authorities.

If the student is determined to be a student with a disability, taking into consideration information from the evaluation and information provided by the parents, the District shall provide special education and related services in accordance with law and/or regulations.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY

The Board of Education seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Acceptable Use Policy (AUP), the District's Code of Conduct, and the Dignity for All Students Act.

Personal electronic devices have become a common means of communication and information access in today's society. However, these devices have the potential of disrupting the orderly operation of the district's schools. The district has created this policy to govern the possession and use of personal electronic devices on school premises, at school-sponsored activities and on school transportation.

For the purposes of this policy **"Personal Electronic Device"** means a privately owned device that is used for audio, video, or text communication or any other type of computer-like instrument.

Personal Electronic Devices (PEDs) permitted are limited to:

- Existing and emerging mobile communication systems and smart technologies (cellular phones, iPhones, Smartphones, internet-enabled phones)

Instructional Uses

Personal electronic device use by students in grades 6-12 is permitted during the school day and is expected to be in support of educational activities. The District defines acceptable academic use as activities that directly or indirectly support the instructional practices of our school. Teachers will indicate when and if classroom use is acceptable. Students must act responsibly and thoughtfully when using personal electronic devices. Students bear the burden of responsibility to inquire with school administrators and/or teachers when they are unsure of the permissibility of a particular use of technology prior to engaging in such use. Personal electronic devices must remain in silent mode at all times except when being used for instructional purposes and permission has been granted by the teacher.

Non-Instructional Uses

Students in grades K-8 are not permitted to use personal electronic devices for non-instructional uses outside the classroom. Devices must be powered off and out of sight when not in use under teacher direction. For students in grades 9-12, appropriate use of personal electronic devices during non-instructional time is also allowed in the following approved locations--school library, cafeteria, study halls, and during passing time. However, the use of ear buds or headphones is not permitted at any time during passing time. Additionally, use during non-instructional time must be conducted in a safe and unobtrusive manner and devices must be in silent mode to avoid disrupting others.

Personal electronic devices shall not be used in any way that threatens, humiliates, harasses or intimidates students, school personnel or visitors, or otherwise violates district policies and regulations or local, state or federal laws. Students are prohibited from sending, sharing, viewing, or possessing pictures, text messages, emails or other material of a sexually explicit nature on their personal electronic devices while on school premises, at school-sponsored activities, or on school transportation. Further, students are prohibited from using the camera, video or recording functions of their personal electronic devices on school premises or at school-sponsored activities where another student or individual has an expectation of privacy. The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices and any other areas where a person would reasonably expect some degree of personal privacy.

SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES

The Board recognizes that the misuse of alcohol, drugs, tobacco, electronic cigarettes (e-cigarettes, vapor devices and such similar items), and other illegal substances is a serious problem with legal, physical, emotional, and social implications for our students, as well as the entire community. Therefore, the consumption, sharing, selling, use, or possession of alcoholic beverages, tobacco products, e-cigarettes, vaping devices, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of these drugs is prohibited at any school-sponsored function, on school grounds, and on school buses at all times. The unauthorized use or misuse of prescription and over-the-counter drugs is also prohibited.

Students are not permitted to be under the influence of alcohol or other prohibited substances on school grounds or at school-sponsored events. A school-sponsored function includes a school sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place.

Smoking

Smoking is not permitted and no person is permitted to smoke within 100 feet of the entrance, exits, or outdoor areas of any public or private elementary or secondary schools. However, this prohibition does not apply to smoking in a residence or within the real property boundary lines of residential real property. Similarly, the use of e-cigarettes and other vaping devices is prohibited on school grounds, as defined in Public Health Law.

Non-Medical Use of Prescription Drugs

Non-medical use of prescription drugs is prohibited. If a student is found to be in possession of these substances, he or she will be disciplined in accordance with the District *Code of Conduct*.

Disciplinary Measures

Disciplinary measures for students consuming, sharing, selling, using, or possessing alcoholic beverages, tobacco products, e-cigarettes, vaping devices, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of these drugs are outlined in the District *Code of Conduct*.

SUBJECT: SEARCHES AND INTERROGATIONS

Students are protected by the Constitution from unreasonable searches and seizures. A student may be searched and contraband seized on school grounds or in a school building by a School District employee only when the School District employee has reasonable suspicion to believe the student is engaging in proscribed activity which is in violation of school rules and/or illegal.

Factors to be considered in determining whether reasonable suspicion exists to search a student include:

- a) The age of the student;
- b) The student's record and past history;
- c) The predominance and seriousness of the problem in the school where the search is directed; and
- d) The urgency to conduct the search without delay.

If reasonable suspicion exists to believe that a student possesses a weapon, it is permissible for a School District employee to search that student.

Lockers

Lockers are provided by the school for student use and the administration has the right to search lockers. A student may have exclusive use of a locker as far as other students are concerned but he/she does not have such exclusivity over the locker as it relates to the school authorities.

The District owns all lockers, locks, and combinations and students have no right to secure the lockers with personally owned locks and that if they do, the locks will be removed by District personnel. Students have no expectations or right of privacy for anything stored within the lockers and the sole purpose for the school locker is to prevent the theft of student property stored within. The District maintains the right to access lockers at any time with or without notice. Students are solely responsible for items contained within their assigned lockers, they should not share their combinations nor allow others to share their lockers, and should immediately notify District authorities if their locks or lockers do not function properly or cannot be properly secured.

Questioning of Students by School Officials

School officials have the right to question students regarding any violations of school rules and/or illegal activity. In general, administration may conduct investigations concerning reports of misconduct which may include, but are not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private by the appropriate school administrator. The student's parent/guardian may be contacted; the degree, if any, of parental/guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

(Continued)

Students

SUBJECT: SEARCHES AND INTERROGATIONS (Cont'd.)

The questioning of students by school officials does not preclude subsequent questioning/interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right/responsibility of school officials to contact appropriate law enforcement agencies, as may be necessary, with regard to such statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of or on behalf of law enforcement officials (at least until after the questioning of students by school authorities has been conducted) are not required to give the so-called "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him/her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

If deemed appropriate and/or necessary, the Superintendent/designee may also review the circumstances with School District legal counsel so as to address concerns and the course of action, if any, which may pertain to and/or result from the questioning of students by school officials.

Law Enforcement Officials

It shall be the policy of the Rocky Point Union Free School District that a cooperative effort shall be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and the authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions. The School District's administrators shall at all times act in a manner that protects and guarantees the rights of students and parents.

Interrogation of Students by Law Enforcement Officials

If police are involved in the questioning of students on school premises, whether or not at the request of school authorities, it will be in accordance with applicable law and due process rights afforded students. Generally, police authorities may only interview students on school premises without the permission of the parent/guardian in situations where a warrant has been issued for the student's arrest (or removal). Police authorities may also question students for general investigations, general questions regarding crimes committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant they should take the matter up directly with the student's parent/guardian.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS (Cont'd.)

Whenever police wish to question a student on school premises, administration will attempt to notify the student's parent/guardian.

If possible, questioning of a student by police should take place in private and in the presence of the Building Principal/designee.

Child Protective Services' Investigations

From time to time, Child Protective Services may desire to conduct interviews of students on school property. Such interviews generally pertain to allegations of suspected child abuse and/or neglect. The Board encourages cooperation with Child Protective Services in accordance with applicable Social Services Law.

SUBJECT: BUS RULES AND REGULATIONS

The Rocky Point Union Free School District furnishes transportation to those students whose disability or distance from the school make the service essential. Except as otherwise mandated in a student's Individualized Education Program (IEP), riding these buses is a privilege and may be withdrawn if the student does not comply with the rules and regulations set forth in this District.

Bus drivers shall be held responsible for reasonable and acceptable behavior of students while riding the school bus. Students riding school buses are expected to conform to the rules of conduct in order to permit the bus driver to transport his/her passengers safely.

The Board of Education, the Superintendent and/or his/her designee has the authority to suspend the transportation privileges of children who are disorderly and insubordinate on buses. Generally, parent(s)/guardian(s) will be required to make alternative transportation arrangements for their children who have been suspended from riding the bus. However, the effect of a suspension from transportation on the student's ability to attend school will be considered. If a suspension from transportation effectively results in a suspension from attendance because of the distance between the home and the school and the absence of alternative public or private means of transportation, the District shall make appropriate arrangements to provide for the student's education.

If a student with a disability who receives transportation as a related service as part of his/her Individualized Education Program is being considered for suspension from transportation, and that suspension would effectively result in a change in placement, the student shall be referred to the Committee on Special Education.

The Board directs the administration to establish rules and regulations for student conduct on buses, including applicable due process rights to be afforded students suspended from transportation privileges. These rules and regulations shall be promulgated to all concerned, including the non-public schools to which students are transported.

SUBJECT: CORPORAL PUNISHMENT

Corporal punishment as a means of discipline shall not be used against a student by any teacher, administrator, officer, employee or agent of this School District.

Whenever a school employee uses physical force against a student, the school employee shall, within the same school day, make a report to the Superintendent describing in detail the circumstances and the nature of the action taken.

The Superintendent of Schools shall submit a written report semi-annually in accordance with reporting deadlines set by NYSED, to the Commissioner of Education, which shall be available to the Board of Education, setting forth the substance of each written complaint about the use of corporal punishment received by the Rocky Point Union Free School District authorities, if any, during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

SUBJECT: USE OF EMERGENCY INTERVENTIONS

This policy applies to all students, whether or not they are students with disabilities. The Board of Education recognizes and acknowledges that students with disabilities may exhibit inappropriate behaviors that impede learning or present unsafe circumstances for themselves and others. As a result, students with disabilities may require emergency interventions so that they, and others, can be safe and continue to benefit from their educational programs.

Staff will adhere to federal and state statutes and regulations in the administration of these measures.

For the purpose of this policy, the term “parent” refers to parents, guardians, and persons in parental relation, as defined in Education Law- §2.

Emergency Interventions

For the purpose of this policy, a non-aversive physical intervention is to be defined as a safe, nonharmful, and last resort response to a person in crisis displaying risk behavior posing a threat to self or others. These interventions are to include disengagement and/or holding skills that are reasonable and proportionate to the level of risk the behavior presented generates.

Staff will not utilize physical interventions as a substitute for systematic and purposeful interventions to modify inappropriate behaviors. Staff who may be called upon to physically intervene with a student will be trained in safe and effective ways to do so; the emergency intervention will be used as a last resort in effecting necessary behavior modification.

Physical interventions may be used in circumstances when no other approach could be reasonably considered effective in controlling the student’s behavior and therefore avoiding harm to himself or herself or to other students, staff or property. A physical intervention will be used as a last resort in controlling a behavior.

The immediate intervention by staff in employing the use of physical interventions may be necessary, either to protect students, staff and property from injury or damage, or to remove students whose behaviors are interfering with the orderly functioning of the school. Physical interventions may be used if a student has refused to comply with a request to refrain from further disruptive acts and has not been susceptible to non- 146 physical means in effecting behavior modifications. Physical interventions will be used as a last resort along the continuum of behavior modification.

The District will document the use of physical interventions in each event. The record will include the student’s name and date of birth, the setting and location of the incident, the staff member(s) involved, other persons involved, a description of the incident, the intervention used, the duration of the incident, a statement as to whether the student possessed a current Behavioral Intervention Plan (BIP), and details of any injuries sustained by either the student or others as a result of the incident. Documentation of physical interventions will be reviewed by school supervisory personnel and, as necessary, the school nurse or other medical personnel. Parents will be notified of each incident of physical interventions as outlined in the “Parent Notification” section below.

Parent Notification

Pursuant to Education Law §4402(9), the Board is required to develop procedures for “same-day” parent notifications of the use of physical interventions. Whenever a student needs to a physical intervention, the Building Principal or designee will notify the parent on the day that such occurs, via means reasonably intended to reach parents (e.g., email, text, phone, apps, etc.).

Building Principals are responsible for establishing any building-level protocols necessary to implement the notification requirement of this policy. If the parent cannot be contacted (including if the District does not receive a response) after reasonable attempts are made, the Principal will record and report such attempts to the Committee on Special Education.

Training

Training for staff on the policies and procedures related to the use of physical interventions and related behavioral management practices, will be provided annually or as needed. The Executive Director of PPS is responsible for the implementation and oversight of this policy.

SUBJECT: WEAPONS IN SCHOOL AND THE GUN-FREE SCHOOLS ACT

With the exception of those students who receive prior written permission from the Board of Education or its designee, no student may bring in or possess any "firearm" or "weapon" on school property, on a school bus or District vehicle, in school buildings, or at school sponsored activities or settings under the control or supervision of the District regardless of location. Any student who has been found guilty of bringing in or possessing a firearm or weapon in violation of this policy will be disciplined in a manner consistent with State and Federal law and the District's Code of Conduct. Such discipline may include a mandatory suspension for a period of not less than one (1) calendar year for a student who is determined to have violated the Federal Gun-Free Schools Act and its implementing provisions in the New York State Education Law, provided that the Superintendent may modify the suspension requirement on a case-by-case basis.

Students who have brought a "weapon" or "firearm" to school will be referred by the Superintendent to either a presentment agency (the agency or authority responsible for presenting a juvenile delinquency proceeding) or to appropriate law enforcement officials. Such referrals will be made as follows: a student who is under the age of sixteen (16) and who is not a fourteen (14) or fifteen (15) year-old who qualifies for juvenile offender status under the Criminal Procedure Law will be referred to a presentment agency for juvenile delinquency proceedings; a student who is sixteen (16) years old or older, or who is fourteen (14) or fifteen (15) and qualifies for juvenile offender status, will be referred to the appropriate law enforcement authorities.

For the purposes of this policy, the term "weapon" will be as defined in 18 USC 930(g)(2).

For the purposes of this policy, the term "firearm" will be as defined in 18 USC 921(a).

Students with disabilities continue to be entitled to all rights enumerated in the Individuals with Disabilities Act and Education Law Article 89. This policy shall not be deemed to authorize suspension of students with disabilities in violation of those authorities.

This policy does not diminish the authority of the Board of Education to offer courses in instruction in the safe use of firearms pursuant to Education Law Section 809-a.

SUBJECT: EXTRACURRICULAR ACTIVITIES

The Board of Education considers extracurricular activities to be a valuable part of the program of the school and shall support these activities within the financial means of the District.

Limited Open Forum

The Board of Education maintains a limited open forum where secondary students may meet for voluntary student-initiated activities unrelated directly to the instructional program, regardless of religious, political or philosophical content.

To provide "a fair opportunity" to students who wish to conduct a meeting, the Board of Education, in accordance with the provisions of the Equal Access Act, shall ensure that:

- a) The meeting is voluntary and student-initiated;
- b) There is no sponsorship of the meeting by the school, the government, or its agents or employees;
- c) Employees or agents of the school or government are present at religious meetings only in a nonparticipatory capacity;
- d) The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e) Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups (20 USC Section 4071[c]).

The Board prohibits student organizations whose activities may be unlawful or may cause disruption or interference with the orderly conduct of the educational process.

Administration is responsible for establishing regulations governing the use of school facilities by student organizations.

Eligibility for Attendance

- a) Students who receive an in school suspension are not eligible to attend the activity on the day(s) of the in school suspension and one day following the in school suspension.

Students who receive an out of school suspension are not eligible to attend the activity for the duration of the out of school suspension plus five additional days of the school activity.

If an event (game/play/performance) is within the first five days following the student's out school suspension the student may return to the activity the day following the event (game/play/performance).

- b) In order for students to attend a school-sponsored function, it is necessary that students in the high school must be in attendance before 8 a.m. and students in the middle school must be in attendance before 8:45 a.m.

(Continued)

SUBJECT: EXTRACURRICULAR ACTIVITIES (Cont'd.)

School property shall mean in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus as defined in Vehicle and Traffic Law Section 142. A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

Academic Eligibility for Extracurricular Participation:

To ensure that all students work toward achieving their academic potential, the district has established the following academic eligibility criteria for extracurricular activity participation:

- A student's academic status will be determined after the review of the latest marking period report. The 4th quarter report card grades of the previous school year will be used to determine a student's academic eligibility for the start of the next school year.
- Students who fail two (2) subjects (all subjects included) within a marking period of a report card will be placed on academic probation. Students who fail three (3) or more subjects within a marking period of a report card will be ineligible for participation. Ineligible students have the right to appeal their eligibility to the appeals committee.
- A student will have a week to address an appeal to the committee after the student has been informed of his/her ineligible status. Extenuating or mitigating circumstances should be included when writing the appeal. A student's grades at summer school may be included as part of his/her appeal. The appeal committee will be comprised of an administrator, a coach/club advisor, Athletic Director, teacher, and a guidance counselor. The guidance counselor is not a voting member of the committee. The committee will review the case and render its decision as quickly as possible. Any student who has appealed their ineligible status may not participate in any activities while his/her appeal is being reviewed. Students who are granted an appeal will be placed on academic probation.

Procedures for a student on academic probation:

- Student is required to attend two (2) mandatory academic extra-help sessions per week in courses where the student is demonstrating difficulty.
- Student must submit a completed weekly progress report to the designated administrator by the last day of the school week.
- If a student is not doing work, not attending extra-help sessions, not handing in a fully complete progress report, he/she may be ineligible to participate.
- Review of academic probation:
- The 2nd gradebook update will be used to determine a student's academic probation status.
- If a student is passing all subjects, the extra-help sessions will be optional. The student will no longer be on academic probation and will not be required to complete a weekly progress report.
- A student who continues to fail one (1) subject (all subjects included) will remain on academic probation.
- A student who continues to fail two (2) or more subjects (all subjects included) will be ineligible to continue to participate in his/her activity.
- All students who are currently participating in an activity are required to have his/her eligibility reviewed during the posting of each marking period report card grades.

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM

Athletics are an integral part of a well balanced educational program. Therefore, the Board supports within its resources a broad sports program with equal access for both males and females, with emphasis on maximum participation, through interscholastic and intramural activity. The District will comply with recommendations from the U.S. Department of Education's Office for Civil Rights (OCR) regarding Title IX equal opportunity for males and females in the District's total athletic program regarding any of the following factors which may be applicable:

- a) The nature and extent of the sports program to be offered (including the levels of competition, such as varsity, club, etc.);
- b) The provision of equipment and supplies;
- c) The scheduling of games and practice time;
- d) The provision of travel and per diem allowances;
- e) The nature and extent of the opportunity to receive coaching and academic tutoring;
- f) The assignment and compensation of coaches and tutors;
- g) The provision of locker rooms, practice and competitive facilities;
- h) The provision of medical and training facilities and services;
- i) The provision of housing and dining facilities and services; and
- j) The nature and extent of support, publicity and promotion including cheerleading, bands, published programs distributed at games, and booster club activities.

The interscholastic athletic program shall conform to the Regulations of the Commissioner of Education as well as the established rules of the New York State Public High Schools Athletic Association and the State Education Department.

Eligibility for interscholastic athletic competition requires that the students:

- a) Provide written parental/guardian consent. A consent form for a student's participation in interscholastic sports must contain information regarding mild traumatic brain injuries (concussions) as specified in Commissioner's Regulations;
- b) Pass satisfactorily the medical examination administered by the school physician/nurse practitioner or the student's personal physician. The school physician/nurse practitioner retains final approval on all physicals performed by the student's personal physician; and
- c) Meet the requirements for interscholastic competition as set forth by the Commissioner's Regulations and the New York State Public High School Athletic Association.

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)**Athletic Placement Process for Interscholastic Athletic Programs (APP)**

The APP is a method for evaluating students who want to participate in sports at higher or lower levels, consistent with their physical and emotional maturity, size, fitness level, and skills. The Board approves the use of the APP for all secondary school interscholastic team members. The Superintendent will implement procedures for the APP, and will direct the athletic director to maintain records of students who have successfully completed the APP.

Student Athletic Injuries

No student should be allowed to practice or play in an athletic contest if he/she is suffering from an injury. The diagnosis of and prescription of treatment for injuries is strictly a medical matter and should under no circumstances be considered within the province of the coach. A coach's responsibility is to see that injured players are given prompt and competent medical attention, and that all details of a doctor's instructions concerning the student's functioning as a team member are carried out. No student will be allowed to practice or compete if there is a question whether he/she is in adequate physical condition.

A physician's certificate may be required before an athlete is permitted to return to practice or competition.

Concussions

A student who has sustained or is believed to have sustained a mild traumatic brain injury (concussion) must be immediately removed from athletic activities. If there is any doubt, it shall be presumed that the student is so injured until proven otherwise. Before being permitted to return to athletic activity, a student must be symptom free for not less than twenty-four (24) hours and have been evaluated by and received written and signed authorization from a licensed physician. Additionally, for extra class athletic activities, a student must have received clearance from the School District Medical Director to participate in such activity.

Athletic Program - Safety

The District will take reasonable steps to see that physical risks to students participating in the interscholastic athletic program shall be kept at a minimum by:

- a) Requiring medical examinations of participants;
- b) Obtaining appropriately certified and/or licensed staff to coach all varsity, junior varsity, and modified games; along with certified and/or licensed officials to referee all such competitions;
- c) Ensuring that equipment is both safe and operative within approved guidelines and
- d) Providing professional development and training opportunities for all coaching staff.

SUBJECT: SPECIAL PROCEEDING TO DETERMINE THE PHYSICAL CAPACITY OF STUDENTS FOR PARTICIPATION IN ATHLETIC PROGRAMS

Upon the District's determination that a student will not be permitted to participate in an athletic program by reason of a physical impairment based on a medical examination conducted by the school physician, the student may commence a special proceeding in State Supreme Court to enjoin the School District from prohibiting his/her participation. Such special proceeding may be brought in the county in which the student resides or in the county in which the School District is located.

The petition shall be a verified petition of the parent or guardian of the student and the petition shall also have annexed affidavits of at least two (2) licensed physicians setting forth that, in their opinion, the student is physically capable of participating in an athletic program, that participation would be reasonably safe, and what, if any, special or preventive measures are needed to protect the student.

The court shall grant such petition if it is satisfied that it is in the best interest of the student to participate in an athletic program and that it is reasonably safe for him/her to do so. The District shall not be held liable for any injury sustained by a student granted such court order, *provided* that the injury is incurred during the student's actual participation in such court ordered athletic program and, further, that such injury is attributable to the physical impairment for which the court order was obtained.

Unless specifically prohibited by the court, an order granted pursuant to such special proceeding shall be considered valid and sufficient for subsequent years, *provided* that the student has not changed athletic programs and, further, that two (2) licensed physicians set forth *current affidavits* that, in their opinion, the student's physical impairment has not changed since the time of the original court order.

In no event shall a successful petitioner be entitled to costs in any such special proceedings.

Further, the District shall not be responsible for providing or bearing the cost of any special or preventive measures or devices needed to protect the student *unless* such special or preventive measures or devices are contained in the student's Individualized Education Program (IEP) recommended by the Committee on Special Education and such student is determined to have a disability as defined in Education Law Section 4401.

In accordance with the applicable provision of Education Law, a *physically impaired child* eligible to commence such a special proceeding shall be defined as any child determined by the school physician as ineligible for participation in an athletic program on the basis of State Education Department Regulations, the American Medical Association Guide for Medical Evaluation for Candidates for School Sports, or by any standard established by the School District.

SUBJECT: MIXED COMPETITION ON INTERSCHOOL ATHLETIC TEAMS

In accordance with Regulations of the Commissioner of Education, the Board of Education seeks to preserve the health and safety of students while assuring that students of both sexes have the opportunity to participate successfully in interschool athletic competition. Athletic opportunity in mixed competition will be allowed under the conditions set forth in Commissioner's Regulations and as enumerated in District policy and accompanying regulations.

Equal opportunity to participate in interschool competition, either on separate teams or in mixed competition on the same team, shall be provided to male and female students, except as enumerated in Commissioner's Regulations and as indicated below. Where separate competition is not provided for male and female students in specific sport, no student shall be excluded from such competition solely by reason of sex, except in accordance with Commissioner's Regulations.

In the sports of baseball, basketball, boxing, field hockey, football, ice hockey, lacrosse, rugby, soccer, softball, speedball, team handball, power volleyball where the height of the net is set at less than eight feet, and wrestling, the fitness of a given student to participate in mixed competition shall be determined by a review panel consisting of the school physician, a physical education teacher designated by the Building Principal, and if requested by the parents/guardians of the student, a physician selected by such parents/guardians. Such review panel shall make its determination by majority vote of the members, and in accordance with standards and criteria by the State Education Department.

Where separate competition is provided for male and female students in interschool athletic competition in a specific sport, the Superintendent of Schools may permit females to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females.

Where separate competition is not provided for male and female students in interschool athletic competition in a specific sport, the Superintendent of Schools may decline to permit males to participate on a team organized for females upon finding that such participation would have a significant adverse effect upon the opportunity of females to participate successfully in interschool competition in that sport.

In those instances where a student wishes to participate in mixed competition (e.g., a female athlete wishing to play on the male football team), the dates for filing an application shall be:

The District recognizes the importance of voting and civic engagement. As such, the District seeks to encourage student voter registration and pre-registration. A person who is at least 16 years of age and who is otherwise qualified to register to vote may pre-register to vote, and will then be automatically registered to vote upon reaching the age of eligibility as provided by law.

The District promotes student voter registration and pre-registration through the following means:

- a) Communicating with the county board of elections to discuss voter registration and pre-registration in the District's high school(s),
- b) Encouraging voter registration and pre-registration at various student events throughout the year: and
- c) Posting the New York State Board of Elections voting register link to the district website.

The District will inform students of New York State's requirements for voter registration and pre-registration, as well as provide access to voter registration and pre-registration applications during the school year and provide assistance with filing these applications. SUBJECT: FUND RAISING BY STUDENTS

Fund raising projects in which students sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the Building Principal. Any such plan shall have a clearly defined purpose and, in general, shall contribute to the educational experience of students and shall not conflict with instructional programs or state mandates. Fund raising activities away from school property shall be held to a minimum. All participation shall be voluntary.

Door to door sales projects undertaken by any organization using the Rocky Point Union Free School District name shall require previous approval of the Board of Education. Profits shall be used to enhance school programs by providing money for expenditures not normally funded by the District.

Employees are cautioned against giving the impression to students that the purpose of selling items (e.g., "scratch off" cards, holiday wrappings, etc.) or paying a fee is to defray a portion of the District's educational program. At no time should a student's participation in an educational activity include such sales or fees. In addition, it is imperative that employees not deposit the proceeds of any legitimate sales activity in their own personal accounts. These activities may jeopardize a student's right to participate in the educational program on a tuition and/or fee-free basis. Further, employees engaged in such activities may be held personally liable.

SUBJECT: IMMUNIZATION OF STUDENTS

Every child entering or attending a District school must present proof of immunization or proof of immunity by seriology (blood test) if applicable unless a New York State licensed physician certifies that the immunization may be detrimental to the child's health.

Except for this valid medical exemption, the District will not permit a student lacking acceptable evidence of immunization to remain in school for more than fourteen (14) days, or more than thirty (30) days for an out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

Whenever a child has been refused admission to or continued attendance at a District school for lack of acceptable evidence of immunization, immunity, or exemption, the principal of the school will:

- a) Notify the person in parental relation to the child of his or her responsibility to have the child immunized and of the public resources available for doing so;
- b) Notify the local health authority of the name and address of the excluded child and of the immunization or immunizations which the child lacks; and
- c) Provide, with the cooperation of the local health authority, for a time and place at which the required immunization or immunizations may be administered.

For homeless children, the enrolling school must immediately refer the person in parental relation to the child to the District's homeless liaison, who must assist them in obtaining the necessary immunizations, or medical records.

The District will provide an annual summary of compliance with immunization requirements to the Commissioner of Health.

All schools will also post educational information on influenza and the benefits of influenza immunization which will be in plain view and available to persons in parental relation.

Health Examination and Certificate

Health Examination

Each student enrolled in a District school must have a satisfactory health examination conducted by a duly licensed physician, physician assistant, or nurse practitioner within 12 months prior to the commencement of the school year of the student's entrance into:

- a) A District school at any grade level;
- b) Pre-kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

The District will also provide health examinations before participation in strenuous physical activity and periodically throughout the season as necessary, as well as for the issuance of employment certificates, vacation work permits, newspaper carrier certificates, and street trades badges. In addition, the District requires a certificate of physical fitness for:

- a) All athletes prior to their first sport of the school year, then only those who were injured or ill during their sport before participating for the remainder of the current season or in a second sport during the school year;
- b) All students either suspected of or sustaining a mild traumatic brain injury (concussion) must receive a written and signed authorization from the District's chief medical officer assigned to head trauma injuries.

Health Certificate

Each student must submit a health certificate attesting to the health examination within 30 calendar days after his or her entrance into:

- a) A District school at any grade level;
- b) Pre-Kindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The building principal or designee will send a notice to the parent of, or person in parental relation to, any student who does not present a health certificate, that if the required health certificate is not furnished within 30 calendar days from the date of the notice, an examination by health appraisal will be made of the student by the Director of School Health Services.

The health certificate will be filed in the student's cumulative record. The health certificate must:

- a) Be on a form prescribed by the Commissioner;

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

- b) Describe the condition of the student when the examination was given, provided that such examination was not given more than 12 months prior to the commencement of the school year in which the examination is required;
- c) State the results of any test conducted on the student for sickle cell anemia;
- d) State whether the student is in a fit condition of health to permit his or her attendance at a District school and, where applicable, whether the student has impaired sight or hearing, has received a scoliosis screening, or has any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student;
- e) State the student's body mass index (BMI) and weight status category; and
- f) Be signed by a duly licensed physician, physician assistant, or nurse practitioner, who is:
 - 1. Authorized by law to practice in New York State consistent with any applicable written practice agreement; or
 - 2. Authorized to practice in the jurisdiction in which the examination was given, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to those of New York State.

A licensed health professional with appropriate training may conduct a scoliosis screening.

Dental Health Certificate

The District will request a dental health certificate from each student within 30 calendar days after his or her entrance into:

- a) A District school at any grade level; and
- b) 1st, 3rd, 5th, 7th, and 9th grades.

The District may also request an assessment and dental health history of a student when it is determined by the District that it would promote the educational interests of the student.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

A notice of request for a dental health certificate will be distributed at the same time that the parent or person in parental relation is notified of health examination requirements. The notice of request for a dental health certificate will list dental practices, dentists, and registered dental hygienists to which students may be referred for dental services on a free or reduced cost basis upon request of the student's school.

The dental health certificate will be filed in the student's cumulative record. The dental health certificate must:

- a) Describe the dental health condition of the student when the assessment was given, provided that the assessment was not given more than 12 months prior to the commencement of the school year in which the assessment is requested; and
- b) State whether the student is in fit condition of dental health to permit his or her attendance at a District school; and
- c) Be signed by a duly licensed dentist, or a registered dental hygienist, who is:
 1. Authorized by law to practice in New York State, and consistent with any applicable written practice agreement; or
 2. Authorized to practice in the jurisdiction in which the assessment was performed, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to New York State.

Examination by Health Appraisal

The Director of School Health Services will cause students who are required to, but have not submitted, the required health certificate and students with disabilities to be separately and carefully examined and tested to ascertain whether any student has impaired sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of work to prevent injury to the student.

Each examination will include a calculation of the student's BMI and weight status category. Further, the physician, physician assistant, or nurse practitioner administering the examination will determine whether a one-time test for sickle cell anemia is necessary or desirable and, if so determined, will conduct the test and include the results in the health certificate.

Unless otherwise prohibited by law, if it is ascertained that a student has impaired sight or hearing, or a physical disability or other condition, including sickle cell anemia, the building principal or designee will notify, in writing, the student's parent or person in parental relation as to the existence of the

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

disability. If the parent or person in parental relation is unable or unwilling to provide the necessary relief and treatment for the student, it will be reported by the building principal or designee to the Director of School Health Services, who then has the duty to provide relief for the student.

District Reporting of BMI and Weight Status Category

Each school year, the New York State Department of Health randomly selects a certain number of districts across New York State to report, in the aggregate, students' BMI and weight status categories. Selected districts must report BMI results on-line using the Department of Health's Health Provider Network secure website. A student's parent or person in parental relation may refuse to have the student's BMI and weight status category included in such survey.

Health Screenings

The District will provide a:

- a) Scoliosis screening, if not documented on the student's health certificate, at least once each school year for male students in grade 9, and for female students in grades 5 and 7. The positive results of any scoliosis screening examination will be provided in writing to the student's parent or person in parental relation within 90 calendar days after the finding;
- b) Vision screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. The vision screening will test the student's color perception, distance acuity, and near vision. In addition, all students will be screened for distance acuity and near vision in grades pre-kindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. The results of abnormal vision screening examinations will be provided in writing to the student's parent or person in parental relation while the student is enrolled in the District School; and
- c) Hearing screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. In addition, all students will receive a hearing screening in grades pre-kindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. Each hearing screening will include, but not be limited to, pure tone screening. The results of any hearing tests requiring a follow-up examination will be provided in writing to the student's parent or person in parental relation while the student is enrolled in the District school.

The results of all health screenings will be recorded in the student's cumulative health record which will be maintained by the school for at least as long as the minimum retention period for such records.

SUBJECT: STUDENT PHYSICALS (Cont'd.)

Student Health Records

The health records of individual students will be kept confidential in accordance with the federal Family Educational Rights and Privacy Act (FERPA) and any other applicable federal and state laws.

Accommodation for Religious Beliefs

No health examinations, health history, examinations for health appraisal, screening examinations for sickle cell anemia and/or other health screenings will be required where a student or the parent or person in parental relation to that student objects on the grounds that the examinations, health history, and/or screenings conflict with their genuine and sincere religious beliefs. A written and signed statement from the student or the student's parent or person in parental relation that the person holds these beliefs must be submitted to the building principal or designee, in which case he or she may require supporting documents.

Students in Temporary Housing

For students in temporary housing (i.e., homeless children and youth), the enrolling school must immediately refer the parent or guardian of the student to the District's McKinney-Vento liaison, who will assist them in obtaining the necessary medical records.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS**Administration of Medication**

The school's registered professional nurse may administer medication to a student during the school day under certain conditions. For the purpose of this policy, the term "medication" includes both prescription and non-prescription medications. The school must receive the following before medication will be administered to a student:

- a) The original written order from the student's provider stating the name of the medication, precise dosage, frequency, and time of administration;
- b) A written, signed consent from the student's parent or person in parental relation requesting the administration of the medication, as prescribed by the physician, to the student in school; and
- c) The medication, properly labeled in its original container, must be delivered to the school health office by the student's parent or person in parental relation. The term "properly labeled," in the context of this policy, means that the container must include the following information: the student's name, name of medication, dosage, frequency, and prescribing physician. A student is not permitted to carry any medication on his or her person in school, or on the school bus, or keep any medication in his or her school locker(s). Exceptions may apply, however, for students diagnosed with asthma or other respiratory illnesses, diabetes, or allergies who will be permitted to carry and self-administer medication under certain conditions.

All medication orders must be reviewed annually by school health office personnel or whenever there is a change in dosage.

Self-Administration of MedicationGenerally

Each student who is permitted to self-administer medication should have an emergency care plan on file with the District. Further, the school will maintain a record of all written parental consents in the student's cumulative health record.

School health office personnel will also maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the health office on a periodic basis as determined by health office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who self-administer medication without proper authorization will be referred for counseling by school nursing personnel, as appropriate. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may determine the proper resolution of this behavior.

(Continued)

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)Students with Asthma or Another Respiratory Disease

A student will be permitted to carry and self-administer their prescribed inhaled rescue medication during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of asthma or other respiratory disease for which inhaled rescue medications are prescribed to alleviate respiratory symptoms or to prevent the onset of exercise induced asthma; the student has demonstrated that he or she can self-administer the prescribed medication effectively; and the expiration date of the order, the name of the prescribed medication, the dose the student is to self-administer, times when the medication is to be self-administered, and the circumstances which may warrant the use of the medication; and
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra inhaled rescue medication in the care and custody of the school's registered professional nurse, nurse practitioner, physician assistant, or school physician.

Students with Allergies

A student will be permitted to carry and self-administer his or her prescribed EpiPen during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of an allergy for which an EpiPen is needed for the emergency treatment of allergic reactions; the student has demonstrated that he or she can self-administer the prescribed EpiPen effectively; and the expiration date of the order, the name of the medicine, the dose the student is to self-administer, and the circumstances which may warrant the use of the medication; and
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra EpiPen in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)Students with Diabetes

A student will be permitted to carry and self-administer his or her prescribed insulin through an appropriate medication delivery device, carry glucagon, and carry and use equipment and supplies necessary to check blood glucose and/or ketone levels during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of diabetes for which insulin and glucagon through appropriate medication delivery devices, and the use of equipment and supplies to check blood glucose and/or ketone levels are necessary; the student has demonstrated that he or she can self-administer effectively, can self-check glucose or ketone levels independently, and can independently follow prescribed treatment orders; and the expiration date of the order, the name of the prescribed insulin or glucagon, the type of insulin delivery system, the dose of insulin and/or glucagon the student is to self-administer, times when the insulin and/or glucagon is to be self-administered, and the circumstances which may warrant administration by the student. The written permission must also identify the prescribed blood glucose and/or ketone test, the times testing is to be done, and any circumstances which warrant checking a blood glucose and/or ketone level.
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain extra insulin, insulin delivery system, glucagon, blood glucose meter, and related supplies to treat the student's diabetes in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with diabetes will also be permitted to carry food, oral glucose, or other similar substances necessary to treat hypoglycemia in accordance with District policy.

Storage and Disposal of Medication

The District will comply with relevant state laws, regulations, and guidelines governing the District's receipt, storage, and disposal of medication.

Personal Care ItemsFeminine Hygiene Products

Each school building within the District serving students in any grade from six through twelve will provide feminine hygiene products in building restrooms. These products will be provided at no charge to students.

Alcohol-Based Hand Sanitizers

The New York State Education Department (SED) permits the use of alcohol-based hand sanitizers in schools. The school medical director may approve and permit the use of alcohol-based hand sanitizers in the District's schools without a physician's order. Parents may provide written notification to the school in the event that they do not wish to have their child use this product.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)Sunscreen

Students may carry and use FDA-approved sunscreen products for over-the-counter use. The student's parent or person in parental relation must provide written permission for the student to carry and use sunscreen. This written parental consent will be maintained by the school. A student who is unable to physically apply sunscreen may be assisted by unlicensed personnel when directed to do so by the student, if permitted by a parent or person in parental relation, and authorized by the school.

SUBJECT: HEALTH RECORDS

The school shall keep a convenient, accurate, and up-to-date health record of every student. Insofar as the health records include confidential disclosures or findings, they shall be kept confidential.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy interests of students. For Pre-K through grade 12 students, health records maintained by the School District, including immunization records and school nurse records, generally are considered "education records" and subject to FERPA because they are:

- a) Directly related to the student;
- b) Maintained by an education agency or institution, or a party acting for the agency or institution; and
- c) Not excluded from the definition of education records as treatment or sole-possession records, or on some other basis.

Health records and immunization records that are considered "education records" under FERPA are not subject to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy requirements. In addition, school nurse or other health records maintained on students receiving services under the Individuals with Disabilities Act (IDEA) are considered "education records" and also subject to that Act's confidentiality provisions. Consequently, these records are subject to FERPA and not the HIPAA Privacy Rule.

Individual records may be interpreted by the school's registered professional nurse to administrators, teachers, and counselors, consistent with law.

Education Law Sections 902(b) and 905

SUBJECT: ACCIDENTS AND MEDICAL EMERGENCIES

Procedures shall be established and maintained by the Superintendent for the handling of student injuries and medical emergencies that occur on school property and during school activities.

Student Emergency Treatment

All staff members of the School District are responsible to obtain first aid care for students who are injured or become ill while under school supervision.

In most instances first aid should be rendered, and then the parent should be contacted to come to school and transport the student to the family physician. Beyond first aid, the medical care of the student is the parent's responsibility. However, the student's welfare is always the primary concern, and it is the responsibility of school personnel to exercise good judgment and care under all circumstances.

The Board of Education encourages all staff members to become qualified to give emergency treatment through instruction in first aid, Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillators (AEDs).

Transporting an Ill or Injured Student

In the event of an illness or injury to a student, an ambulance may be called if warranted. This solution will be used after other alternatives, including parent/person in parental relation contact, have been made.

Insurance

The Board of Education shall approve provisions for all students to be covered by group insurance.

Such student accident insurance policies are to be a co-insurance with family coverage(s) as primary.

SUBJECT: STUDENTS WITH LIFE THREATENING ALLERGIES

Students, parents, school personnel and health care providers must all work together to provide the necessary information and training to allow children with chronic health problems to participate as fully and safely as possible in the school experience.

Particularly for those students with chronic conditions such as asthma and allergies (food, insect sting, etc.) which may result in severe, life-threatening reactions to various environmental triggers, it is necessary that the District work cooperatively with the parent(s) and the healthcare provider to:

- a) Develop an individual health care plan that includes all necessary treatments, medications, training and educational requirements for the student. If the student is eligible for accommodations based upon the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act, the appropriate procedures will be followed regarding evaluation and identification;
- b) Obtain appropriate health care provider authorization in writing that includes the frequency and conditions for any testing and/or treatment; symptoms and treatment of any conditions associated with the health problem; and directions for emergencies; and
- c) Secure written parent permission and discuss parental responsibility that includes providing the health care provider's orders, providing any necessary equipment, and participation in the education and co-management of the child as he/she works toward self-management.

The District will work toward assisting students in the self-management of their chronic health condition based upon the student's knowledge level and skill by:

- a) Adequately training all staff involved in the care of the child;
- b) Assuring the availability of the necessary equipment and/or medications;
- c) Providing appropriately trained licensed persons as required by law;
- d) Providing additional appropriately trained adults to complete delegated tasks as allowed by law;
- e) Developing an emergency plan for the student; and
- f) Providing ongoing staff and student education.

SUBJECT: STUDENTS WITH LIFE THREATENING ALLERGIES (Cont'd.)**Use of Epinephrine Auto-Injector Devices (Epi-Pens) in the School Setting**

The administration of epinephrine by epi-pen to a student with a known severe allergy needing an anaphylactic treatment agent may be performed by a school staff member responding to an emergency situation when such use has been prescribed by a licensed prescriber. However, a registered professional nurse/nurse practitioner/physician/physician's assistant must have trained the staff member to administer the epi-pen for that particular emergency situation and given him/her approval to assist the student in the event of an anaphylactic reaction.

Documentation of training must be maintained in the Anaphylaxis Protocol for Non-Licensed School Staff Members for each affected student. The emergency response by non-licensed school staff members is permitted under the Medical Practice Act (Education Law Section 6527(4)(a)) and the Nurse Practice Act (Education Law Section 6908 (1)(a)(iv)) and is covered by the "Good Samaritan Law" (Public Health Law Section 3000-a).

Establish a protocol whereby a student experiencing anaphylaxis that has not been previously diagnosed may also be treated at school, under a patient non-specific order written by the District's medical director. This order authorizes only the school nurse (a registered professional nurse) using his/her best judgment to administer medication in the event of an unanticipated anaphylactic episode. This may include an allergic reaction to food, insect stings and latex allergens.

SUBJECT: CONCUSSION MANAGEMENT

The Board of Education recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of our students is a primary concern. Therefore, the Rocky Point Union Free School District adopts the following Policy to support the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI). A concussion occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management. Concussions can impact a student's academics as well as their athletic pursuits.

Concussion Management Team (CMT)

In accordance with the Concussion Management and Awareness Act, the School District is authorized, at its discretion, to establish a Concussion Management Team (CMT) which may be composed of the certified athletic director, a school nurse, the school physician, a coach of an interscholastic team, a certified athletic trainer or such other appropriate personnel as designated by the School District. The Concussion Management Team may oversee and implement the School District's concussion policy and regulations, including the requirement that all school coaches, physical education teachers, nurses and certified athletic trainers who work with and/or provide instruction to pupils engaged in school-sponsored athletic activities complete training relating to mild traumatic brain injuries. Furthermore, every concussion management team may establish and implement a program which provides information on mild traumatic brain injuries to parents and persons in parental relation throughout each school year.

Staff Training/Course of Instruction

Each school coach, physical education teacher, school nurse and certified athletic trainer who works with and/or provides instruction to students in school-sponsored athletic activities (including physical education class and recess) shall complete a course of instruction every two (2) years relating to recognizing the symptoms of concussions or MTBIs and monitoring and seeking proper medical treatment for students who suffer from a concussion or MTBI.

Components of the training will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;

(Continued)

Students

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The course can be completed by means of instruction approved by SED which include, but are not limited to, courses provided online and by teleconference.

Information to Parents

The District shall include the following information on concussion in any permission or consent form or similar document that may be required from a parent/person in parental relation for a student's participation in interscholastic sports. Information will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The District will provide a link on its website, if one exists, to the above list of information on the State Education Department's and Department of Health's websites.

Identification of Concussion and Removal from Athletic Activities

The District shall require the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a mild traumatic brain injury (MTBI) or concussion. Any student demonstrating signs, symptoms or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity shall be removed from the class, game or activity and must be evaluated as soon as possible by an appropriate health care professional. Such removal must occur based on display of symptoms regardless of whether such injury occurred inside or outside of school. If there is any doubt as to whether the student has

(Continued)

Students

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

sustained a concussion, it shall be presumed that the student has been injured until proven otherwise. The District shall notify the student's parents or guardians and recommend appropriate evaluation and monitoring.

The School District may choose to allow credentialed District staff to use validated Neurocognitive computerized testing as a concussion assessment tool to obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose and treat a concussion.

Return to School Activities and Athletics

The student shall not return to physical activity (including athletics, physical education class and recess) until he/she has been symptom-free for not less than twenty-four (24) hours, and has been evaluated and received written authorization from a licensed physician. In accordance with Commissioner's Regulations, the School District's Medical Director will give final clearance on a return to activity for extra-class athletics. All such authorizations shall be kept on file in the student's permanent health record. The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

The District shall follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. The District's Medical Director may also formulate a standard protocol for treatment of students with concussions during the school day.

In accordance with NYSED guidelines, this Policy shall be reviewed periodically and updated as necessary in accordance with New York State Education Department guidelines. The Superintendent, in consultation with the District's Medical Director and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.

SUBJECT: CHILD ABUSE AND MALTREATMENT

The School District takes seriously the obligations of its officers and employees to report cases of child abuse or maltreatment.

Regulations shall be developed, maintained and disseminated by administration regarding the:

- a) Mandatory reporting of suspected child abuse or maltreatment;
- b) Reporting procedures and obligations of persons required to report;
- c) Provisions for taking a child into protective custody;
- d) Mandatory reporting of deaths;
- e) Immunity from liability and penalties for failure to report;
- f) Obligations for provision of services and procedures necessary to safeguard the life of a child; and
- g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials shall be established and implemented to enable the staff to carry out their reporting responsibilities.

Reporting Information

The District will post the child abuse hotline telephone number and directions for accessing the Office of Children and Family Services (OCFS) website in English and Spanish on its website and in clearly and highly visible areas of school buildings. The District will also make this information available from its administrative offices; provide it to parents and persons in parental relation at least once per school year by electronic communication, sending the information home with students, or otherwise; and provide it to each teacher and administrator. The District may post and provide this information in other, common languages used by the school community.

Any report shall include the name, title and contact information for every staff member who is believed to have direct knowledge of the allegations in the report.

Prohibition of Retaliatory Personnel Action

Further, no school or school official shall impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

In any case where an oral or written allegation is made to a teacher, school's nurse, school counselor, school psychologist, school social worker, school administrator, School Board member, or other school personnel required to hold a teaching or administrative license or certificate, as well as a licensed and registered physical therapist, licensed and registered occupational therapist, licensed and registered speech-language pathologist, teacher aide or school resource officer that a child has been subjected to child abuse by an employee or volunteer in an educational setting, that person shall upon receipt of such allegation:

Such written report shall be completed on a form prescribed by the Commissioner of Education.

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

In any case where it is alleged a child was abused by an employee or volunteer of a school other than a school within the District, the report of these allegations shall be promptly forwarded to the Superintendent of the District and the Superintendent of the school district where the abuse of the child allegedly occurred. If a case involves a school that is not a school district or public school, the appropriate school administrator or administrators, in addition to any appropriate Superintendent, must be notified of the allegations of abuse.

If it is alleged the child was abused by the Superintendent or administrator, the report of the allegations will be made to another designated administrator.

Any employee, volunteer, or supervisor who is employed by a person or entity that contracts with the District to provide transportation services to children who reasonably and in good faith makes a report of allegations of child abuse in an educational setting in accordance with the reporting requirements of the law shall have immunity from civil liability which might otherwise result by reason of such actions.

Upon receipt of a written report alleging child abuse in an educational setting, a school administrator or the Superintendent must then determine whether there is "reasonable suspicion" to believe that such an act of child abuse has occurred. Where there has been a determination as to the existence of such reasonable suspicion, the school administrator or Superintendent must follow the procedures mandated in law and further enumerated in administrative regulations including parental notification. When the school administrator receives a written report, they shall promptly provide a copy of such report to the Superintendent and promptly forward the report to appropriate law enforcement. In no event will reporting to law enforcement be delayed by an inability to contact the Superintendent.

Where the Superintendent or, in a school other than a school district or public school, the school administrator has forwarded a written report of child abuse in an educational setting to law enforcement authorities, the Superintendent shall also refer such report to the Commissioner of Education if the employee or volunteer alleged to have committed such an act of child abuse holds a certification or license issued by the State Education Department.

Any school administrator or Superintendent who reasonably and in good faith makes a report of allegations of child abuse in an educational setting, or reasonably and in good faith transmits such a report to a person or agency as required by law, shall have immunity from civil liability which might otherwise result by reason of such actions.

(Continued)

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

Any school administrator or Superintendent who reasonably and in good faith makes a report of allegations of child abuse in an educational setting, or reasonably and in good faith transmits such a report to a person or agency as required by law, shall have immunity from civil liability which might otherwise result by reason of such actions.

Reports and other written material submitted pursuant to law with regard to allegations of child abuse in an educational setting, and photographs taken concerning such reports that are in the possession of any person legally authorized to receive such information, *shall be confidential and shall not be redisclosed except* to law enforcement authorities involved in an investigation of child abuse in an educational setting or as expressly authorized by law or pursuant to a court-ordered subpoena. School administrators and the Superintendent shall exercise reasonable care in preventing such unauthorized disclosure.

Additionally, teachers and all other school officials shall be provided an annual written explanation concerning the reporting of child abuse in an educational setting, including the immunity provisions as enumerated in law. The Commissioner shall furnish the District with required information, including rules and regulations for training necessary to implement District/staff responsibilities under the law.

All persons employed by the District, in titles equivalent to teacher or administrator, and any school bus drivers employed by a person or entity that contracts with the District to provide transportation services to children, are required to complete coursework or training regarding the identification and reporting of child abuse and maltreatment in accordance with law and Commissioner's regulations.

Prohibition of "Silent" (Unreported) Resignations

The Superintendent and other school administrators are prohibited from withholding from law enforcement authorities, the Superintendent or the Commissioner, where appropriate, information concerning allegations of child abuse in an educational setting against an employee or volunteer in exchange for that individual's resignation or voluntary suspension from their position.

The Superintendent (or other school administrator) who reasonably and in good faith reports to law enforcement officials information regarding allegations of child abuse or a resignation as required pursuant to the law shall have immunity from any liability, civil or criminal, which might otherwise result by reason of such actions.

SUBJECT: SUICIDE

The suicide of a student has an extremely disturbing effect on the school and the local community. Unfortunately, there has been a significant increase in the number of adolescents who choose suicide as a way to resolve their problems. It is the intent of this District to alert school personnel to the implications of suicide by a student, to help the school and the community cope with the aftermath of such a tragic event should it occur, to recommend ways of identifying children and adolescents at risk of attempting suicide and to suggest ways to prevent such occurrences.

Suicide prevention will be incorporated into the curriculum to make students aware of this growing problem. This will be done in a manner so as not to glamorize the situation but to educate students in regard to this policy.

The administration is responsible for informing staff of regulations and procedures of suicide prevention, intervention, and post-intervention that have been developed by the administration.

SUBJECT: COMPLAINTS AND GRIEVANCES BY STUDENTS

While students have the responsibility to abide by the policies and regulations of the District, they shall also be afforded opportunity to present complaints and grievances free from interference, coercion, restraint, discrimination or reprisal. Administration shall be responsible for:

- a) Establishing rules and regulations for the redress of complaints or grievances through proper administration channels;
- b) Developing an appeals process;
- c) Ensuring that students have full understanding and access to these regulations and procedure; and
- d) Providing prompt consideration and determination of student complaints and grievances.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of discrimination. Follow-up inquiries shall be made to ensure that discrimination has not resumed and that all those involved in the investigation of the discrimination complaint have not suffered retaliation.

Complaints and Grievances Coordinator

Additionally, the Board shall ensure compliance with Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Americans With Disabilities Act (ADA). The Superintendent shall designate a District employee as the Title IX/Section 504/ADA Coordinator; and regulations and procedures shall be implemented to resolve complaints of discrimination based on sex or disability.

Prior to the beginning of each school year, the District shall issue an appropriate public announcement which advises students, parents/guardians, employees and the general public of the District's established grievance procedures for resolving complaints of discrimination based on sex or disability. Included in such announcement will be the name, address and telephone number of the Title IX/Section 504/ADA Coordinator.

The Title IX/Section 504/ADA Coordinator shall also be responsible for handling complaints and grievances regarding discrimination based on race, color, creed, religion, national origin, political affiliation, sexual orientation, age, military status, marital status, or use of a recognized guide dog, hearing dog or service dog.

SUBJECT: SEXUAL HARASSMENT OF STUDENTS

Overview

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses sexual harassment of students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District prohibits all forms of sexual harassment of students by any individual on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment of students. The District will promptly respond to reports of sexual harassment of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)), Title IX Coordinator(s), and/or the Dignity Act Coordinator(s) (DAC(s)).

What Constitutes Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful. It includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment can occur between any individuals, regardless of their sex or gender.

Generally stated, sexual harassment consists of subjecting an individual to unwelcome conduct which is either of a sexual nature or which is directed at an individual because of that individual's sex.

This conduct may, among other things, have the purpose or effect of: creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting a student's educational opportunities. Petty slights or trivial inconveniences generally do not constitute harassing conduct.

Determinations as to whether conduct or an incident constitutes sexual harassment will be made consistent with applicable law and regulation, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. The examples below are intended to serve as a general guide for individuals in determining what may constitute sexual harassment. These examples should not be construed to add or limit the rights that students possess as a matter of law.

(Continued)

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)Examples of Sexual Harassment

 - 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another person's body, or poking another person's body; and
 - 2. Rape, sexual battery, molestation, or attempts to commit these assaults.
- b) Engaging in sexual conduct with an individual who is unable to consent due to age, use of drugs or alcohol, intellectual disability, or other disability.
- c) Unwanted sexual advances or propositions, such as:
 - 1. Demanding sexual favors of a student, insinuating that refusal to acquiesce to such favors will adversely affect a student's grades, references, academic or scholastic placement, and/or participation in extracurricular activities; and
 - 2. Subtle or obvious pressure for unwelcome sexual activities.
- d) Verbal abuse or ridicule, including profanity, innuendoes, stories, and jokes that are sexual in nature and/or gender-related. This might include inappropriate sex-oriented comments on appearance, including dress or physical features.
- e) Asking or commenting about an individual's sexual activities.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, and the status of being transgender.
- g) Displaying or distributing pornographic or other sexually explicit materials (print or digital) such as magazines, pictures, cartoons, etc.
- h) Unwelcome staring, leering, or gesturing which is sexually suggestive in nature.
- i) Unwelcome and/or offensive public displays of sexual or physical affection.
- j) Clothing that reflects sexually obscene and/or sexually explicit messages, slogans, or pictures.

- k) Any other unwelcome and unwanted sexually oriented and/or gender-based behavior which is sexually demeaning, belittling, intimidating, or perpetrates sexual stereotypes and attitudes.

Reporting Allegations of Sexual Harassment

In order for the District to enforce this policy, and to take corrective action as warranted, it is essential that students who believe that they have been a victim of sexual harassment in the school environment, as well as any other person who has knowledge of or witnesses any possible sexual harassment, immediately report the alleged conduct or incident. Reports of sexual harassment may be made orally or in writing to any District employee including, but not limited to, a teacher, building principal, CRCO, Title IX Coordinator, or DAC.

All District employees who witness or receive an oral or written report of sexual harassment must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*.

Grievance Process for Complaints of Sexual Harassment

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of sexual harassment of students and will promptly take appropriate action to protect students from further sexual harassment.

Various District policies and documents address sexual harassment of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) and/or

DAC(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that sexual harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of sexual harassment.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

SUBJECT: BULLYING: PEER ABUSE IN THE SCHOOLS

The Board of Education is committed to providing a safe and productive learning environment within its schools. Bullying of a student by another student is strictly prohibited on school property, in school buildings, on school buses, and at school sponsored events and/or activities whether occurring on or off campus. The Board of Education shall require the prohibition of bullying - along with the range of possible intervention activities and/or sanctions for such misconduct - to be included in the *District Code of Conduct* for all grade levels.

For purposes of this policy, the term "bullying" among children is defined, in general, as: "a variety of negative acts carried out repeatedly over time. It involves a real or perceived imbalance of power, with a more powerful child or group attacking those who are less powerful." Bullying can take three forms:

- a) Physical (including, but not limited to, hitting, kicking, spitting, pushing, taking personal belongings);
- b) Verbal (including, but not limited to, taunting, malicious teasing, name calling, making threats); and
- c) Psychological (including, but not limited to, spreading rumors; manipulating social relationships; or engaging in social exclusion, extortion, or intimidation).

The District also prohibits "Internet bullying" (also referred to as "cyber-bullying") including the use of instant messaging, e-mail, web sites, chat rooms, and text messaging when such use interferes with the operation of the school; or infringes upon the general health, safety and welfare of District students or employees.

However, it is important to note that a single negative act as enumerated above may also constitute "bullying" (if not more serious misconduct) based upon the particular circumstances such as the seriousness of the act and/or the intent of the actor.

Any student who believes that he/she is being subjected to bullying behavior, as well as any other person who has knowledge of or witnesses any possible occurrence of bullying, shall report the bullying to any staff member or the Building Principal. The staff member/Building Principal to whom the report is made (or the staff member/Building Principal who witnesses bullying behavior) shall investigate the complaint and take appropriate action to include, as necessary, referral to the next level of supervisory authority and/or other official designated by the District to investigate allegations of bullying. Investigation of allegations of bullying shall follow the procedures utilized for complaints of harassment within the School District. Allegations of bullying shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

SUBJECT: BULLYING: PEER ABUSE IN THE SCHOOLS (Cont'd.)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of bullying. Follow-up inquiries and/or appropriate monitoring of the alleged bully and victim shall be made to ensure that bullying behavior has not resumed and that all those involved in the investigation of allegations of bullying have not suffered retaliation.

Personnel at all levels are responsible for taking corrective action to prevent bullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior to their immediate supervisor. Further, staff training shall be provided to raise awareness of the problem of bullying within the schools and to facilitate staff identification of and response to such bullying behavior among students.

Prevention and intervention techniques within the District to prevent against bullying behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to bullies, victims and their parents to help ensure that the bullying stops.

Rules against bullying shall be publicized District-wide and shall be disseminated as appropriate to staff, students and parents. Disciplinary sanctions for violation of this policy shall be outlined in the *District Code of Conduct* as enumerated above and may also be incorporated in staff and student handbooks.

SUBJECT: HAZING OF STUDENTS

The Board of Education is committed to providing a safe, productive and positive learning environment within its schools. Hazing activities are demeaning, abusive and/or illegal behaviors that harm victims, and are inconsistent with the educational goals of the District by negatively impacting the school environment. Hazing of a student by another student or group of students is strictly prohibited on school property; in school buildings; on school buses; by school sponsored groups, clubs or teams; and at school sponsored events and/or activities whether occurring on or off-campus. Hazing of a student refers to soliciting, encouraging, aiding, or engaging in "hazing" behavior as defined pursuant to District policy, regulation and/or law. The Board of Education shall require the prohibition of hazing - along with the range of possible intervention activities and/or sanctions for such misconduct - to be included in the *District Code of Conduct* for all grade levels.

For purposes of this policy, the term "*hazing among students is defined as any humiliating or dangerous activity expected of a student to join a group, regardless of their willingness to participate.*" Hazing behaviors include, but are not limited to, the following general categories:

- a) Humiliation: socially offensive, isolating or uncooperative behaviors.
- b) Substance abuse: abuse of tobacco, alcohol or illegal drugs.
- c) Dangerous hazing: hurtful, aggressive, destructive, and disruptive behaviors.

Incorporated within this definition are various forms of physical, emotional and/or sexual abuse which may range in severity from teasing/embarrassing activities to life threatening actions.

Even if the hazing victim participated "willingly" in the activity, or there was no "intent" by the hazer to harm or injure another individual, hazing is still hazing and against District policy, the *District Code of Conduct* and may be in violation of New York State Law. However, hazing of students does not need to rise to the level of criminal activity for such conduct to be in violation of District rules and subject to appropriate disciplinary sanctions. Any hazing activity, whether by an individual or a group, shall be presumed a forced activity and in violation of Board policy, regardless of the "willingness" of the student to participate.

Any student who believes that he/she is being subjected to hazing behavior, as well as students, school employees or third parties who have knowledge of or witness any possible occurrence of hazing, shall report the incident to any staff member or the building principal. Anonymous student complaints of hazing behavior will also be investigated by the District. The staff member/building principal to whom the report is made (or the staff member/building principal who witnesses hazing behavior) shall investigate the complaint/incident and take appropriate action to include, as necessary, referral to the next level of supervisory authority and/or other official designated by the District to investigate allegations of hazing. Investigations of allegations of hazing shall follow the procedures

utilized for complaints of harassment within the School District. Allegations of hazing shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

Prohibition of Retaliation

The Board of Education prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of hazing. Follow-up inquiries and/or appropriate monitoring of the alleged hazer(s) and victim(s) shall be made to ensure that hazing behavior has not resumed and that all those involved in the investigation of allegations of hazing have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

Knowingly Makes False Accusations

Students who *knowingly* make false accusations against another individual as to allegations of hazing may also face appropriate disciplinary action.

District Responsibility/Training

Personnel at all levels are responsible for taking corrective action to prevent hazing behavior of which they have been made aware at School District sites; by school sponsored groups, clubs or teams; and at school sponsored events and/or activities whether occurring on or off-campus. Further, as may be applicable, personnel are to report such hazing behavior to their immediate supervisor. Staff training shall be provided to raise awareness of the problem of hazing within the schools and to facilitate staff identification of, and response to, such hazing behavior among students.

Prevention and intervention techniques within the District to help prevent hazing behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to hazers, victims and their parents to help ensure that the hazing stops.

Rules against hazing shall be publicized District-wide and shall be disseminated as appropriate to staff, students and parents. Disciplinary sanctions for violation of this policy shall be outlined in the *District Code of Conduct* and may also be incorporated in staff and student handbooks. SUBJECT: DIGNITY FOR ALL STUDENTS**Overview**

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. This policy is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by employees or other students on school property and at school functions.

In addition, other acts of harassment, bullying, and/or discrimination that occur off school property may be subject to discipline or other corrective action, where such acts create or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation, or abuse might reach school property.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of harassment, bullying, and/or discrimination of students. The District will promptly respond to reports of harassment, bullying, and/or discrimination of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Dignity Act Coordinator(s) (DAC(s)).

In the event a DAC is unable to perform the duties of the position for an extended period of time, the District will immediately designate another eligible employee as an interim DAC, pending the return of the previous individual to the position.

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

Internal Reports and Investigations of Discrimination and Harassment

All District employees who witness or receive an oral or written report of harassment, bullying, and/or discrimination are required to take action. District employees must make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination. No later than two school days after making the oral report, the District employee must file a written report with the Superintendent or principal, their designee, or the DAC.

The Superintendent or principal, their designee, or the DAC will lead or supervise the thorough investigation of all reports of harassment, bullying, and/or discrimination and ensure that all investigations are promptly completed after the receipt of a written report. In investigating any allegation, the investigator may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s) in investigating, responding to, and remedying complaints of harassment, bullying, and/or discrimination.

Additionally, other District policies and documents address harassment, bullying, and discrimination of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7551 -- Sexual Harassment of Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the DAC may work with other District staff such as the District's CRCO(s) and/or Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the Superintendent or principal, their designee, or the DAC will take prompt action, consistent with applicable laws and regulations as well as the District's *Code of Conduct*, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom the behavior was directed.

The Superintendent or principal, their designee, or the DAC will promptly notify the appropriate local law enforcement agency when it is believed that any harassment, bullying, and/or discrimination constitutes criminal conduct.

At least once during each school year, all employees, students, and parents or persons in parental relation will be provided with a written or electronic copy of this policy, or a plain-language summary of it. The policy or summary will include information relating to how students, parents or persons in parental relation, and may report harassment, bullying, and/or discrimination. Additionally, the District will maintain a current version of this policy on its website at all times.

Application

Nothing in this policy or its implementing regulations should be interpreted to preclude or limit any right or cause of action provided under any local, state, or federal ordinance, law or regulation including, but not limited to, any remedies or rights available under the Individuals with Disabilities Education Act, Title VII of the Civil Rights Law of 1964, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990.

SUBJECT: NOTIFICATION OF SEX OFFENDERS

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board of Education supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. This policy is enacted in order to minimize the possibility that the sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District shall cooperate with local police authorities and the local community in promoting and protecting the safety and well being of its students.

It is the policy of the Board of Education to disseminate all information which the District receives from local police authorities in conjunction with Megan's Law to designated staff members who might have possible contact with the offender during the course of their school duties including, but not limited to, Building Principals, supervisors, teachers, office personnel, coaches, custodians, bus drivers, and security personnel. The Superintendent reserves the right to automatically disseminate such information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents/guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of such data in order to protect the safety of our students.

All staff members shall be informed of the availability of the information received by the District pursuant to Megan's Law upon written request to the applicable Building Principal/designee or supervisor. Community residents shall be notified of the availability of this information, with written requests directed to the District Office.

Staff members shall inform their immediate supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was provided to the District by local law enforcement authorities. Such law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the School District pursuant to Megan's Law may be disclosed or not disclosed by the District in its discretion. Any information which the School District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law (FOIL).

Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of eighteen (18) or who has been designated a Level 3 sex offender, the court requires that such sentenced offender refrain from knowingly entering into or upon

- a) The offender is a registered student, participant or employee of the facility;
- b) The offender is an employee of an entity contracted by the facility; or

SUBJECT: CHILDREN WITH DISABILITIES

A child with a disability means a student under the age of twenty-one who is entitled to attend public schools and who, because of mental, physical or emotional reasons can only receive appropriate educational opportunities from a program of special education. A child is not considered as having a disability if his/her educational needs are due primarily to unfamiliarity with the English language; environmental, cultural or economic factors; or lack of appropriate instruction in reading or mathematics.

If the State Education Department finds that the District has inappropriate policies, procedures or practices resulting in a significant disproportionality by race/ethnicity in the suspension, identification, classification and/or placement of students with disabilities, the District will ensure that it publicly reports on the subsequent revisions to those policies, procedures or practices.

The Board of Education recognizes the existence of individual differences in the intellectual, social, emotional and physical development of children attending school in the District. In recognizing these differences the Board supports a system of services offered in the least restrictive environment for children with disabilities which includes:

- a) Not requiring any student to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving services.
- b) Education in regular classes with or without support services, education in a resource room, education for part of the day in a special class, full time education in a special class, home instruction and education in a residential setting.
- c) Providing for the education of students with disabilities with non-disabled peers to the extent appropriate.
- d) Taking the following measurable steps to recruit, hire, train and retain highly qualified personnel to provide special education programs and services:
 1. Advertise in one or more of the following: newspapers, OLAS and/or listservs;
 2. Attend recruiting fairs at local colleges;
 3. Provide appropriate candidates the opportunity to go through the District hiring process;
 4. After being hired, provide training through the New Teacher Workshop, staff development, and assigned mentors.

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

- e) Establishing the following guidelines for the provision of appropriate accommodations necessary to measure the academic achievement and functional performance of the student in the administration of District-wide assessments:
 - 1. Ensure that necessary accommodations are specified on individualized education program (IEP);
 - 2. Review the need for accommodations at Committee on Special Education (CSE) evaluations/re-evaluations;
 - 3. Provide for testing accommodations.
- f) To the extent feasible, using universal design principles (defined as a concept or philosophy for designing and delivering products and services that are usable by people with the widest range of functional capabilities, which include products and services that are directly usable without requiring assistive technologies and products and services that are made usable with assistive technologies) in developing and administering District-wide assessment programs by:
 - 1. New York State assessment and practice New York State assessment;
 - 2. Standardized testing instruments;
 - 3. WIAT;
 - 4. DIBELS;
 - 5. Literacy Collaborative.
- g) Consideration of the location of a school program(s) to a student's residence, before placement into an educational program.
- h) Adoption of written policies and procedures ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with Commissioner's Regulations.
- i) Allocation of appropriate space within the District for special education programs that meet the needs of students with disabilities.
- j) Assurance that appropriate space will be available to meet the needs of resident students with disabilities who attend special education programs provided by BOCES.

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**Provision of Special Education Services to Nonpublic School Students with Disabilities who are Parentally Placed**

The **district of location** is responsible for child find, including individual evaluations, Committee on Special Education (CSE) meetings, provision of special education services, and due process to parentally placed nonpublic school students attending nonpublic schools located in the geographic region of the public school district.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools or to Charter schools.

The actual cost for Committee on Special Education (CSE) administration, evaluations and special education services provided to a student with a disability who is a resident of New York State, but a nonresident to the district of location, may be recovered from the student's school district of residence. Because federal regulations require parental consent before any personally identifiable information about the student relating to special education is shared between officials in the public school district of location and officials in the public school district of residence, parent consent to share special education information between the two public school districts is required before billing a district of residence for the cost of special education services provided to the student by the district of location.

If the school district of residence disagrees with the amount of the costs charged by the school district of location for the special education services provided to parentally-placed nonpublic school students, and the two (2) districts cannot reach an agreement, the district of residence will utilize the administrative review process specified in Commissioner's Regulations Section 177.2

Parental consent must be obtained by the school district of location before any personally identifiable information about the student is shared between officials in the public school district of residence and officials in the public school district of location.

The school district of location must consult with nonpublic school representatives and representatives of parents of parentally placed nonpublic school students with disabilities enrolled in nonpublic elementary and secondary schools located within the boundaries of the school district. The school district must engage in consultation regarding the child find process and services generally; consultation is not specific to individual students. Individual services are determined by the CSE.

The consultation process must be timely and meaningful and include discussion of:

- 1) Child Find;

(Continued)

Students

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

- 2) Provision of Special Education Services; and
- 3) Use of Federal Funds.

The school district of location must provide, as appropriate, special education services to an eligible student who legally resides in another state and who is parentally placed in a nonpublic school located in New York State. The services to be provided to out-of state students must be documented on a services plan that is developed by the CSE of the district of location. The services plan is the written plan that describes the specific special education and related service that the district of location will provide to the student consistent with the services that the school district of location has determined through the consultation process and in relation to the proportionate shares of federal IDEA Part B dollars, to be provided to the student.

SUBJECT: GROUPING BY SIMILARITY OF NEEDS

The Board of Education will provide appropriate special education and related services to students with disabilities. For those students for whom an appropriate education requires that they be placed together for purposes of special education, the following guidelines shall apply:

- a) That each student with a disability shall be identified, evaluated and placed as determined by the Committee on Special Education (CSE).
- b) The CSE shall determine written goals, including academic and functional goals, for each student with a disability by considering the special and individual needs of each student with a disability. Short-term instructional objectives and/or benchmarks will be created for each preschool student with a disability and for students who take New York State alternate assessments.
- c) The CSE shall recommend to the Board of Education appropriate educational programs and services for each student with a disability based upon the CSE evaluation.
- d) The CSE shall provide information to those teachers and professionals who arrange instructional groups for students with disabilities. Information shall include physical, psychological and social information as well as achievement test results.
- e) The curriculum and instruction provided to students with disabilities who are grouped by similarity of needs shall be consistent with the individual needs of each student in the group.
- f) Students with disabilities may be grouped according to:
 1. Academic achievement, functional performance and learning characteristics;
 2. Social development;
 3. Physical development; and
 4. Management needs.
- g) When grouping students by similarity of needs, the social needs or physical development of a student shall not be the sole determinant for placement of a student in a special education program.
- h) The management needs of such students may vary, provided that environmental modifications, adaptations, or human or material resources required to meet the needs of any one student in the group are provided and do not consistently detract from the opportunities of other students in the group to benefit from instruction.

**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM**

The Board of Education shall establish at least one Committee on Special Education (CSE) and one Committee on Preschool Special Education (CPSE). The Board shall also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

Committee on Special Education

The Board of Education shall, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board shall notify the parent/guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE shall provide a recommendation to the Board which shall arrange for the appropriate special education programs and services to be provided within sixty (60) school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation shall be provided to the Board which shall arrange for the appropriate special education programs and services to be provided within sixty (60) school days of the referral for review. However, if such recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board shall arrange for such special education programs and services for students with disabilities within thirty (30) days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board of Education disagrees with such recommendation, the Board shall follow one of the following procedures:

- a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider such objections or concerns. The CSE shall consider the Board's objections or concerns, revise the individualized education program (IEP) where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,
- b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with such new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider such objections or

concerns. The second CSE shall consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

Pursuant to Commissioner's Regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board shall provide the student's parents/guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Section 200.5 of the Regulations of the Commissioner.

Committee on Preschool Special Education

Upon receipt of the recommendation of the Committee on Preschool Special Education (CPSE), the Board of Education shall arrange for the preschool student with a disability to receive such appropriate programs and services in accordance with the student's IEP, commencing with the July, September or January starting date for the approved program, unless such services are recommended by the CPSE less than thirty (30) school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, such services shall be provided no later than thirty (30) days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board shall send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board of Education shall provide such notice as required by federal and state law and regulations.

Subcommittee on Special Education

The number of Subcommittees on Special Education will be determined by the CSE and the CSE will be responsible for the oversight and monitoring of the activities of each subcommittee to assure compliance with the requirements of applicable state and federal laws and regulations.

Each Subcommittee may perform the functions for which the CSE is responsible, except:

- a) When a student is considered for initial placement in a special class; or

(Continued)

Students

**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)**

- b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or
- c) When a student is considered for placements in a school primarily serving students with disabilities or a school outside the District.

Subcommittees shall report annually to the CSE regarding the status of each student with a disability within its jurisdiction. Upon receipt of a written request from the parent or person in parental relation to a student, the Subcommittee shall refer to the CSE any matter in which the parent disagrees with the Subcommittee's recommendation concerning a modification or change in the identification, evaluation, educational placement or provision of a free appropriate education to the student.

SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM

The Board recognizes the need for educational programs for three (3) and four (4) year old children with disabilities and directs that administrative practices and procedures be developed to:

- a) Ensure the timely evaluation and placement of each preschool child with a disability residing in the District so the child has the opportunity to participate in preschool programs.
- b) Establish a Committee on Preschool Special Education (CPSE) which shall be comprised in accordance with applicable federal and state law and regulation.
- c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

Evaluations for Preschool Children with Disabilities

The District is required to collect entry assessment data in the three (3) outcome areas on all preschool children who receive an initial evaluation. As currently required by Commissioner's Regulation Section 200.5, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This would include a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three (3) outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three (3) outcome areas for all preschool children evaluated and found to be eligible. The form is kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department (SED).

SUBJECT: LEAST RESTRICTIVE ENVIRONMENT

Least restrictive environment means that placement of students with disabilities in special classes, separate schools or other removal from the regular educational environment occurs only when the nature or severity of the disability is such that even with use of supplementary aids and services, education in regular classes cannot be satisfactorily achieved. The placement of an individual student with a disability in the least restrictive environment shall:

- a) Provide the special education and related services, as well as supplementary aids and services, needed by the student. The term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of such device;
- b) Provide for education of the student to the maximum extent appropriate to the needs of the student with other students who do not have disabilities; and
- c) Be as close as possible to the student's home.

The District has an obligation, pursuant to law and regulation, to educate students with disabilities in the least restrictive environment. The School District shall ensure that:

- a) Placement is based on the student's individualized education program and determined at least annually;
- b) Placement is as close as possible to the student's home, and unless the student's individualized education program requires some other arrangement, the student shall be educated in the school he/she would have attended if not disabled;
- c) In selecting the least restrictive environment, consideration will be given to any potential harmful effect on the student or on the quality of services that he/she needs; and
- d) A student with a disability will not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

The District shall ensure that a continuum of alternative placements, in accordance with law and/or regulation, will be available to meet the needs of students with disabilities. To enable students with disabilities to be educated with nondisabled students to the maximum extent appropriate, specially designed instruction and supplementary services may be provided in the regular class, including, as appropriate, related services, resource room programs and special class programs within the general education classroom.

**SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION
(PRIOR TO A REFERRAL FOR SPECIAL EDUCATION)**

The School District shall establish a plan for implementing schoolwide approaches and prereferral interventions in order to remediate a student's performance *prior to referral* for special education. This plan may include a Response to Intervention (RTI) process.

The provision of programs and/or services for students starts with consideration/implementation of instruction in the general education curriculum, with appropriate supports and/or modifications as may be necessary. In implementing prereferral intervention strategies, the District may utilize resources/strategies already in place for qualified students including, but not limited to, services available through Section 504 of the Rehabilitation Act of 1973, and Educationally Related Support Services and Academic Intervention Services as defined in Education Law and/or Commissioner's Regulations. All of these programs may be considered as possible components of Prereferral/Intervention Instructional Support Plans. The District will ensure that they have a system in place, with appropriate personnel, for developing, implementing and evaluating prereferral intervention strategies.

The District will provide general education support services, instructional modifications, alternative instructional approaches, or alternative program options to address a student's performance prior to a referral to a Committee on Special Education (CSE). Formal Instructional Support Teams (IST) will be formed in accordance with law and/or regulations as may be applicable as well as District guidelines. The IST will include representatives from general and special education as well as other disciplines and include individuals with classroom experience. Parents/persons in parental relation to students will be involved in developing prereferral strategies to address the educational needs of their child. Additionally, the District will seek collaboration between outside agencies and the school prior to a referral of the student to the CSE in order to address necessary student support services.

Administration shall ensure that appropriate opportunities exist for collaboration between general educators and special educators, and that consultation and support are available to teachers and other school personnel to assist parents/persons in parental relation to students and teachers in exploring alternative approaches for meeting the individual needs of any student prior to formal referral for special education.

The determination of prevention and prereferral intervention strategies/services shall consider the student's strengths, environment, social history, language and cultural diversity in addition to the teacher's concerns. The building administrator will further ensure that all staff are familiar with intervention procedures and procedures for operating an IST.

**SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION
(PRIOR TO A REFERRAL FOR SPECIAL EDUCATION) (Cont'd.)**

Prereferral/Intervention Instructional Support Plans shall be proactive in their strategies to meet the broad range of student needs and to improve student performance. Prereferral/Intervention strategies and/or Instructional Support Plans are to be reviewed and evaluated to determine their effectiveness, and modified as may be appropriate. Appropriate documentation of the prevention and/or intervention strategies implemented shall be maintained.

However, should a referral be made to the CSE during the course of implementing prereferral/intervention instructional support services, the CSE is obligated in accordance with law to continue its duties and functions, and must meet mandatory time lines in evaluating the student for special education services and implementation of an individualized education program, if applicable.

Educational Related Support Services

Educational related support services (ERSS) means curriculum and instructional modification services; direct student support team services; assessment and non-career counseling services; special instruction to eligible students with disabilities as defined in Education Law Section 4401, which does not generate excess cost aid including related services but excluding transportation and transition services; and to eligible, qualified students pursuant to Section 504 of the Rehabilitation Act of 1973. These services are provided to eligible students, individually or in groups, and may include those related consultation services provided to their families and related school personnel in order to enhance the academic achievement and attendance of such students. Educational related support services shall also mean speech and language improvement services as defined in Commissioner's Regulations.

ERSS may be utilized as a component of any Prereferral/Intervention Instructional Support Plan.

Section 504 of the Rehabilitation Act of 1973

For students who are qualified for services pursuant to Section 504 of the Rehabilitation Act, but are not classified as students with disabilities as defined in Education Law Section 4401, Section 504 Accommodation Plans may address instructional support services that can be utilized as components of any prereferral/intervention strategies as deemed necessary and/or appropriate.

Academic Intervention Services

Academic intervention services means additional instruction which supplements the instruction provided in the general education curriculum and assists students in meeting the State learning standards as defined in Commissioner's Regulations and/or student support services which may include guidance, counseling, attendance, and study skills which are needed to support improved academic performance.

**SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION
(PRIOR TO A REFERRAL FOR SPECIAL EDUCATION) (Cont'd.)**

However, such services shall not include services provided to students with limited English proficiency pursuant to Commissioner's Regulations or special education services and programs as defined in Education Law Section 4401. Academic intervention services are intended to assist students who are at risk of not achieving the State learning standards in English language arts, mathematics, social studies and/or science, or who are at risk of not gaining the knowledge and skills needed to meet or exceed designated performance levels on State assessments.

The District has developed a description of the academic intervention services offered to grades K through 12 students in need of such services. The District will review and revise this description every two (2) years based on student performance results.

Parental notification of students who have been determined to need academic intervention services will be provided as per Commissioner's Regulations.

In implementing prevention and/or prereferral intervention support strategies in order to remediate a student's performance prior to referral for special education, the utilization of academic intervention services, as enumerated in Commissioner's Regulations, may be included as a component of any such Prereferral/Intervention Instructional Support Plan.

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES

The School District shall establish and implement a plan for the appropriate declassification of students with disabilities which must include:

- a) The regular consideration for declassifying students when appropriate;
- b) A reevaluation of the student prior to declassification; and
- c) The provision of educational and support services to the student upon declassification.

Eligibility Determinations

The School District must evaluate a student with a disability prior to determining that a student is no longer a student with a disability as defined in accordance with Commissioner's Regulations, and the District shall provide a copy of the evaluation report and the documentation of eligibility to the student's parent at no cost to the parent. The results of any reevaluations must be addressed by the Committee on Special Education (CSE) in a meeting to review and, as appropriate, revise the student's individualized education program (IEP).

Prior to the reevaluation, the School District shall obtain informed written parental consent unless otherwise authorized pursuant to law and/or regulation. Parental consent need not be obtained if the District can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parents fail to respond. The District must have a record of its attempts to obtain parental consent. Should the student's parents refuse consent for the reevaluation, the District may continue to pursue the reevaluation by using mediation and/or due process procedures.

The District shall take whatever action is necessary to ensure that the parent understands the proceedings at the meeting of the CSE, including arranging for an interpreter for parents with deafness or whose native language is other than English.

Graduation/Aging Out

The District is not required to conduct a reevaluation of a student before the termination of a student's eligibility due to graduation with a local high school or Regents diploma or exceeding the age eligibility for a free appropriate public education. However, the District must provide the student with a summary (Student Exit Summary) of the student's academic achievement and functional performance, including recommendations on how to assist the student in meeting his/her post secondary goals. Although not required to do so, the District will also provide this Student Exit Summary (www.vesid.nysed.gov/specialed/idea/studentexit.htm) to students exiting with a High School Equivalency Diploma.

Students

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES (Cont'd.)

In addition, the parent must receive prior written notice, in accordance with Commissioner's Regulations, before the student's graduation from high school with a local or Regents diploma or before he/she receives an Individualized Education Program (IEP) diploma. If the student will be graduating with an IEP diploma, this prior written notice must indicate that the student continues to be eligible for a free appropriate public education until the end of the school year in which the student turns twenty-one (21) or until receipt of a regular high school diploma.

Recommendation for Declassification

If the student has been receiving special education services, but it is determined by CSE that the student no longer needs special education services and can be placed in a regular educational program on a full-time basis, the recommendation shall:

- a) Identify the declassification support services, if any, to be provided to the student; and/or the student's teachers; and
- b) Indicate the projected date of initiation of such services, the frequency of provision of such services, and the duration of these services, provided that such services shall not continue for more than one (1) year after the student enters the full-time regular education program.

Declassification Support Services

When appropriate, the District shall provide declassification support services to students who have moved from special education to a full-time regular educational program in accordance with the recommendation of the CSE.

Declassification support services means those services provided by persons appropriately certified pursuant to Part 80 of Commissioner's Regulations, or holding a valid teaching license in the appropriate area of service, to a student or the student's teacher to aid in the student's move from special education to full-time regular education, including:

- a) For the student, psychological services, social work services, speech and language improvement services, noncareer counseling, and other appropriate support services; and
- b) For the student's teacher, the assistance of a teacher aide or a teaching assistant, and consultation with appropriate personnel.

Procedural Safeguards Notice

The District shall use the procedural safeguards notice prescribed by the Commissioner of Education. The District will further ensure that the procedural safeguards notice is provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly

not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the District shall take steps to ensure that the notice is translated orally or by other means to the parent in his/her native language or other mode of communication; that the parent understands the content of the notice; and that there is written evidence that all due process procedures, pursuant to law and/or regulation, have been met.

SUBJECT: USE OF TIME OUT ROOMS

"Time out" is a technique used to interrupt an unacceptable behavior by removing the student from the situation where the misbehavior is occurring. The New York State Education Department (NYSED) does not regulate the use of time outs, but does regulate the use of a separate room where a student may be removed for a time out.

Except as provided below, the District will not employ the use of time out rooms as a means of regulating student behavior.

A time out room is defined as an area for a student to safely deescalate, regain control, and prepare to meet expectations to return to their education program. If a time out room is used, it must be used in conjunction with a behavioral intervention plan that is designed to teach and reinforce alternative appropriate behaviors. The student is removed to a supervised area in order to facilitate self-control. Time outs may also be used in unanticipated situations that pose an immediate concern for the physical safety of a student or others. Unanticipated or emergency use requires proper documentation, in accordance with Commissioner's regulations.

The District has adopted and implemented the following policy and procedures governing school use of time out rooms as part its behavior management approach consistent with Commissioner's Regulations, including the physical and monitoring requirements, parental rights and individualized education program (IEP) requirements for students with disabilities.

At a minimum, the use of time out rooms will be governed by the following rules and standards:

- a) The District prohibits placing a student in a locked room or space or in a room where the student cannot be continuously observed and supervised. The time out room will be unlocked and the door must be able to be opened from the inside. The use of locked rooms or spaces for purposes of time out or emergency interventions is prohibited.

Staff will continuously monitor the student in a time out room. The staff must be able to see and hear the student at all times.

Under no circumstances will a time out room in a school program be used for seclusion of the student, where the term "seclusion" is interpreted to mean placing a student in a locked room or space or in a room where the student is not continuously observed and supervised.

(Continued)

Students

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)b) Factors which may precipitate the use of the time out room:

The District may place a student in a time out room when: (1) the student's behavior affects the teacher's ability to teach and/or the ability of the other students in the classroom to learn and the student's removal is necessary to maintain or restore control over the classroom; (2) the student's behavior poses a threat to him/herself or another individual; (3) the student requests a break in the time out room to regain his/her composure or self-control; or (4) a potentially dangerous situation arises. Except in the event of a potentially dangerous situation, the placement of a student in a time out room will be in conjunction with that student's behavioral intervention plan.

c) Time limitations for the use of the time out room:

When the child is demonstrating signs of being ready, they should be offered the opportunity to return to class. Students should not remain in the time out room for excessive periods of time.

Further, a student's IEP will specify when a behavioral intervention plan includes the use of a time out room for a student with a disability, including the maximum amount of time a student will need to be in a time out room as a behavioral consequence as determined on an individual basis in consideration of the student's age and individual needs.

School administration or other personnel will be notified in the event a student is placed in a time out room for excessive amounts of time; and such information will be considered when determining the effectiveness of the student's behavioral intervention plan and the use of the time out room for the student. Whether the student requires a debriefing following the use of a time out room will be left to the staff knowledgeable about the individual student.

d) Staff training on the policies and procedures related to the use of time out rooms will include, but not be limited to, the following measures:

1. The Director of Special Education will be responsible to the Assistant Superintendent for establishing administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Commissioner's Regulations relating to the use of time out rooms, including members of the Committee on Special Education (CSE) and Committee on Preschool Special Education (CPSE).
2. Training for staff on the policies and procedures related to the use of time out rooms, physical restraint, aversives, and related behavior management practices, will be provided annually or as needed. The Director of Special Education will be responsible to the Assistant Superintendent or his/her designee for implementation and oversight of this policy.

(Continued)

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)e) Data collection to monitor the effectiveness of the use of time out rooms:

District schools will establish and implement procedures to document the use of time out rooms. This data would be subject to review by NYSED upon request.

Such data collection should include, but is not limited to, the following information:

1. A record for each student showing the date and time of each use of the time out room;
2. A detailed account of the antecedent conditions/specific behavior that led to the use of the time out room;
3. The amount of time that the student was in the time out room; and
4. Information to monitor the effectiveness of the use of the time out room to decrease specified behaviors which resulted in the student being placed in the room.

f) Information to be provided to parents.

The School District will inform the student's parents prior to the initiation of a behavioral intervention plan that will incorporate the use of a time out room for a student, and will give the parent the opportunity to see the physical space that will be used as a time out room and provide the parent with a copy of the District's policy on the use of time out rooms.

Additionally, parents will be notified if their child was placed in a time out room. Additionally, whenever a time out room is used as an emergency intervention the parents will be notified of the emergency intervention. Notifications will be provided on the same day. When the student's parent cannot be contacted after reasonable attempts are made, the building principal will record and report the attempts to the CSE.

Parent reports of alleged inappropriate interventions used in a time out room should be directed to school administrators.

(Continued)

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)**Physical Space Used as a Time Out Room**

The physical space used as a time out room must meet certain standards.

- a) The room will provide a means for continuous visual and auditory monitoring of the student;
- b) The room will be of adequate width, length and height to allow the student to move about and recline comfortably;
- c) Wall and floor coverings should be designed to prevent injury to the student, and there will be adequate lighting and ventilation;
- d) The temperature of the room will be within the normal comfort range and consistent with the rest of the building; and
- e) The room will be clean and free of objects and fixtures that could be potentially dangerous to a student and will meet all local fire and safety codes.

SUBJECT: STUDENTS WITH DISABILITIES PARTICIPATING IN SCHOOL DISTRICT PROGRAMS

All students with disabilities residing in the District, including those of preschool age, shall be provided with full access and opportunity to participate in School District programs, including nonacademic and extracurricular programs and activities, that are available to all other students enrolled in the public schools of the District. Nonacademic and extracurricular programs and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the School District, referrals to agencies that provide assistance to individuals with disabilities and employment of students (both by the School District and assistance in making outside employment available).

Parents/guardians of students with disabilities, including those students placed in out-of-District programs, shall receive timely notice of such District programs and activities.

SUBJECT: SECTION 504 OF THE REHABILITATION ACT OF 1973

The Board of Education affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility.

Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District shall make its program and facilities accessible to all its students with disabilities.

The District shall also identify, evaluate and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

The District official responsible for coordination of activities relating to compliance with Section 504 is the Superintendent of Schools. This official shall provide information, including complaint procedures, to any person who feels his/her rights under Section 504 have been violated by the District or its officials.

Prohibition Against Disability-Based Discrimination in Accelerated Programs

The practice of denying, on the basis of disability, a qualified student with a disability the opportunity to participate in an accelerated program violates both Section 504 and Title II. A school district may not impose or apply eligibility criteria that screens out or tends to screen out a student with a disability from fully and equally enjoying any service, program, or activity, unless such criteria can be shown to be necessary.

It is also unlawful to deny a student with a disability admission to an accelerated class or program solely because of his/her need for special education or related aids or services (i.e., related services, supplementary aids and services, program modification and supports for school personnel) or because the student has an Individualized Education Program (IEP) or a plan under Section 504.

Schools may employ appropriate eligibility requirements or criteria in determining whether to admit students, including students with disabilities, into accelerated classes or programs. Additionally, nothing in Section 504 or Title II requires schools to admit into accelerated classes or programs students with disabilities who would not otherwise be qualified for these classes or programs.

- b) Not less than one (1) regular education teacher of such child (if the child is, or may be, participating in the regular education environment);
- c) Not less than one (1) special education teacher of the child or, where appropriate, not less than one (1) special education provider (i.e., related service provider) of such child;
- d) A representative of the School District who is qualified to provide, or supervise the provision of, special education and who is knowledgeable about the general education curriculum and about the availability of preschool special education programs and services and other resources of the District and the municipality (who shall serve as Chairperson of the CPSE);

SUBJECT: APPOINTMENT AND TRAINING OF COMMITTEE ON PRESCHOOL SPECIAL EDUCATION (CPSE) MEMBERS (Cont'd.)

- h) For a child's smooth transition from early intervention programs and services (Infant and Toddler Programs), at the request of the parent/person in parental relation, the appropriate professional designated by the agency that has been charged with the responsibility for the preschool child. This professional must attend all meetings of the CPSE conducted prior to the child's initial receipt of services; and

However, except for the parents/persons in parental relation and the appointee from the municipality (a) and i) above) a member of the CPSE is not required to attend a meeting of the team in whole or in part if the parent/person in parental relation and the District agree in writing that the attendance is not necessary because the member's area of the curriculum or related services is not being modified or discussed at that meeting.

Additionally, a member as described in letters b) through h) of this subheading may be excused from attending the CPSE meeting, in whole or in part, if the parent/person in parental relation to the student with a disability and the School District agree, in writing to the excusal not less than five (5) calendar days prior to the meeting date, that the attendance of the member is not necessary because:

- a) The member's area of the curriculum or related services is being modified or discussed in the meeting but, not less than five (5) calendar days prior to the meeting, the excused member has submitted to the parents/persons in parental relation and the CSE written input into the development of the IEP, particularly with respect to their area of curriculum or related services; or
- b) The committee member is unable to attend due to an emergency or unavoidable scheduling conflict and the District submits the written input listed in a) above to the parents/persons in parental relation within a reasonable time prior to the meeting and prior to obtaining written consent to the excusal by the parents/persons in parental relation.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION****Development of Individualized Education Program**

The Board of Education directs that the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) shall have prepared a written statement (program) for each child with a disability.

Such an Individualized Education Program (IEP) will be developed by the CSE or CPSE upon referral, and reviewed or revised, whichever is appropriate, for every child with a disability at least annually or in the event that the program no longer appears to be appropriate to meet the student's needs and ability level.

The District shall ensure that each student with a disability has an IEP in effect at the beginning of each school year.

IEPs developed on or after September 1, 2009 will be on the form prescribed by the Commissioner.

Functional Behavioral Assessments/Behavioral Intervention Plans

A Functional Behavioral Assessment (FBA) is an integral part of the evaluation and reevaluation of a student with a disability which should be used throughout the process of developing, reviewing and revising a student's IEP when the student's behavior impedes learning of the child or others. The FBA is the process of determining why a student engages in challenging behavior and how the student's behavior relates to the environment.

The FBA provides a baseline of the student's problem behaviors with regard to frequency, duration, intensity and/or latency across activities, settings, people and times of the day and includes:

- a) The identification of the problem behavior,
- b) The definition of the behavior in concrete terms,
- c) The identification of the contextual factors that contribute to the behavior (including cognitive and affective factors), and
- d) The formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

The CSE/CPSE will ensure that Functional Behavioral Assessments, when appropriate, are conducted and reviewed to:

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

- a) Identify supplementary aids and services, modifications and/or related services appropriate to address the identified behaviors to promote the student's involvement and progress in the general curriculum;
- b) Determine a student's eligibility for special education services;
- c) Develop the IEP which includes behavioral goals and objectives and positive behavioral supports and strategies.

In the case of a student whose behavior impedes his or her learning or that of others, the CSE/CPSE shall consider strategies, including positive behavioral interventions and supports and other strategies to address that behavior. The need for a Behavioral Intervention Plan (BIP) shall be documented on the IEP and such plan shall be reviewed at least annually by the CSE/CPSE. In addition, regular progress monitoring of the frequency, duration and intensity of the behavioral interventions shall be conducted at scheduled intervals, documented and reported to the parents and CSE/CPSE.

A behavioral intervention plan may not include the use of aversive interventions or time out rooms except in accordance with specific Board policy regulating these techniques.

Individual Evaluations

Parental consent must be provided for an initial evaluation. If such consent is not received within thirty (30) calendar days of receipt of the referral, the CSE/CPSE Chairperson will document all attempts made to obtain the consent and, if appropriate, advise the Board of its right to utilize the due process procedures to conduct an evaluation without parental consent.

Unless a referral is withdrawn, an individual evaluation at no cost to the parent will be completed by the CSE/CPSE within sixty (60) calendar days after written parental consent has been obtained or a parental refusal to consent is overridden, unless:

- a) An extension is mutually agreed to by the parent and the CSE/CPSE for the following situations:
 1. Transfer students: A student enrolls in the District after sixty (60) days and prior to a determination by the student's previous school district as to whether the student has a disability, but only if the new school district is making sufficient progress to ensure a prompt completion of the evaluation and the parent and the new district agree in writing to a specific timeframe for completion; or

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

2. Students suspected of having learning disabilities; or
- b) The parent or student repeatedly fails or refuses to produce the student for evaluation.

No student shall be required to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving an evaluation.

The individual evaluation will include a variety of assessment tools and strategies, including information provided by the parent. The purpose of the evaluation is to gather relevant functional, developmental and academic information that may assist in determining whether the student is a student with a disability and the content of the student's IEP. This shall include information relating to enabling the student to participate and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities.)

As part of any evaluation, a group that includes the CSE/CPSE and other qualified professionals, as appropriate, shall review existing evaluation data on the student including evaluations and information provided by the parents of the student, current classroom-based assessments, local or state assessments, classroom-based observations, and observations by teachers and related services providers. In addition, the group will consider information about the student's physical condition, social or cultural background, and adaptive behavior.

On the basis of that review, and input from the student's parents, the group shall identify what additional data, if any, are needed to determine:

- a) Whether the student has or continues to have a disability;
- b) The present levels of academic achievement and related developmental needs of the student, including:
 1. Academic achievement, functional performance, and learning characteristics;
 2. Social development;
 3. Physical development; and
 4. Management needs.
- c) In the case of a reevaluation of a student, whether the student continues to need special education; and

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

- d) Whether any additions or modifications to the special education services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.

If additional data are not needed, the District must notify the parents of that determination and the reasons for it and of the right of the parents to request an assessment to determine whether, for purposes of services provided in accordance with law and Commissioner's Regulations, the student continues to be a student with a disability and to determine the student's educational needs. The District is not required to conduct the assessment unless requested to do so by the student's parents.

The determination that a student has a learning disability will be made in accordance with the procedures outlined in Section 200.4(j) of Commissioner's Regulations.

Individual Re-evaluations

A CSE/CPSE shall arrange for an appropriate re-evaluation of each student with a disability:

- a) If the District determines that the educational or related services needs, including improved academic achievement and functional performance of the student warrant re-evaluation;
- b) If the student's parent or teacher request a re-evaluation;
- c) At least once every three (3) years, unless the District and the parent/person in parental relation agree in writing that such re-evaluation is unnecessary.

A re-evaluation shall not be conducted more frequently than once a year unless the parent and the District representative appointed to the CSE/CPSE agree otherwise.

The re-evaluation will be conducted by a multi-disciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of the student's disability. The re-evaluation shall be sufficient to determine the student's individual needs, educational progress and achievement, the student's ability to participate in instructional programs in regular education and the student's continuing eligibility for special education. The results of any re-evaluations must be addressed by the CSE/CPSE in reviewing, and as appropriate, revising the student's IEP.

To the extent possible, the District shall encourage the consolidation of re-evaluation meetings for the student and other CSE/CPSE meetings for the student.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)****Amendments to the IEP**

Amendments to the IEP made after the annual review by the CSE/CPSE may be made by reconvening the CSE/CPSE and rewriting the IEP or by developing a written document to amend or modify the student's current IEP, provided that:

- a) The parents/persons in parental relation request an amendment to the IEP and the District and parents/persons in parental relation agree to the amendment in writing; or
- b) The District provides the parents/persons in parental relation a written proposal to amend a provision or provisions of the IEP conveyed in language understandable to the parents/persons in parental relation in their native language or other dominant mode of communication, informs and allows the parents/persons in parental relation the opportunity to consult with the appropriate personnel or related service providers concerning the proposed changes, and the parents/persons in parental relation agree in writing to the amendments.

If the parents/persons in parental relation agree to amend the IEP without a meeting, they shall be provided prior written notice (notice of recommendation) of the changes to the IEP and the Committee notified of the changes. If the changes are made by rewriting the entire IEP, the District shall provide the parents/persons in parental relation a copy of the rewritten IEP. If the amendment is made without rewriting the entire document, the District shall provide a copy of the document that amends the IEP or, upon request, a revised copy of the entire IEP with the amendments incorporated.

Use of Recording Equipment at IEP Meetings

The Board of Education shall allow recording equipment to be used at meetings regarding individualized education programs for students with disabilities.

Provision of Individualized Education Program

The Board of Education directs that the Superintendent/designee(s) establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider and/or other service provider who is responsible for the implementation of a student's IEP is *provided a paper or electronic copy of such student's IEP (including amendments to the IEP) prior to the implementation of such program*. For purposes of this policy, "other service provider" means a representative of another public school district, charter school, Board of Cooperative Educational Services (BOCES) or school enumerated in Education Law Articles 81, 85 or 89 where the student receives or will receive IEP services. Further, the District will designate at least one school official who shall be responsible for maintaining a record of the personnel who have received IEP copies for each student.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

Any copy of a student's IEP shall remain confidential in compliance with the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, and District policy regarding confidentiality of student records; and shall not be disclosed to any other person other than the parent of such student, except in accordance with federal and state laws and/or regulations. Appropriate training and information will be provided to designated school personnel, as applicable, to ensure the confidentiality of such information. Procedures will be established to ensure that copies of students' IEPs are stored in secure locations and retrieved or destroyed when such professionals are no longer responsible for implementing a student's IEP.

The Chairperson of the CSE, CSE subcommittee, or CPSE shall designate for each student one or, as appropriate, more than one professional employee of the School District with knowledge of the student's disability and education program who will be responsible to, prior to the implementation of the IEP, inform each regular education teacher, special education teacher, related service provider, other service provider, supplementary school personnel (i.e., a teaching assistant or a teacher aide as defined in Commissioner's Regulations), and other provider and support staff person of his/her responsibility to implement the recommendations on a student's IEP, including the responsibility to provide specific accommodations, program modifications, supports and/or services for the student in accordance with the IEP. In selecting the professional staff person(s), the Chairperson could select him/herself for this responsibility, another administrator, or a teacher, related service provider or other professional based on the particular circumstances of the student's disability and education program.

The School District shall also ensure that each teaching assistant, teacher aide and each other provider responsible for assisting in the implementation of a student's IEP has the opportunity to review a copy of the student's IEP (including amendments) prior to the implementation of such program. Further, each teaching assistant, teacher aide and such other provider responsible for assisting in the implementation of a student's IEP shall have ongoing access to a copy of the IEP, which may be the copy provided to the student's special education teacher or the teacher or related service provider under whose direction the supplementary school personnel or other provider works. However, the District may, at its discretion, provide a copy of the IEP to teaching assistants and/or teacher aides.

A copy of a student's IEP shall be provided to the student's parents at no cost to the student's parents.

SUBJECT: TRANSITION SERVICES

Beginning not later than the first IEP to be in effect when the student is age fifteen (15) (and at a younger age, if determined appropriate), and updated annually, the student's IEP must include:

- a) A statement of the student's needs taking into account the student's strengths, preferences and interests as they relate to transition from school to post-school activities;
- b) Appropriate measurable postsecondary goals based upon age appropriate transition assessments relating to training, education, employment and, where appropriate, independent living skills;
- c) A statement of transition service needs that focuses on the student's courses of study, such as participation in advanced-placement courses or a vocational educational program;
- d) Needed activities to facilitate the student's movement from school to post-school activities, including instruction, related services, community experiences, the development of employment and other post-school adult living objectives and, when appropriate, acquisition of daily living skills and functional vocational evaluation; and
- e) A statement of the responsibilities of the District and participating agencies, when applicable, for the provision of such services and activities, before the student leaves the school setting, that promote movement from school to post-school opportunities.

In accordance with the Code of Federal Regulations, the district must invite a child with a disability to attend the child's CSE meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals. If the child does not attend the CSE meeting, the district must take other steps to ensure that the child's preference and interests are considered. To the extent appropriate, with the consent of the parent or a child who has reached the age of majority, the district must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

As defined by the Commissioner's Regulations, transition services means a coordinated set of activities for a student with a disability, designed within a results-oriented process that is focused on improving the academic and functional achievement of the student with a disability to facilitate movement from school to post-school activities. Post-school activities include, but are not limited to, post-secondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities must be based on the student's strengths, preferences and interests and shall include needed activities in the following areas:

- a) Instruction;

SUBJECT: EXTENDED SCHOOL YEAR (JULY/AUGUST) SERVICES AND/OR PROGRAMS

The School District shall provide, directly or by contract, special services and/or programs during July and August (i.e., extended school year) to those students whose disabilities are severe enough to exhibit the need for a structured learning environment of twelve (12) months duration in order to prevent substantial regression as determined by the Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE). Written consent of the parent is required prior to initial provision of special education services in a twelve (12) month special service and/or program.

The CSE/CPSE must determine whether a student requires extended school year special education services and/or programs in order to prevent substantial regression. Substantial regression would be indicated by a student's inability to maintain developmental levels due to a loss of skill, set of skill competencies or knowledge during the months of July and August. In accordance with Commissioner's Regulations, students must be considered for twelve (12) month special services and/or programs to prevent substantial regression if they are:

- a) Students whose management needs are determined to be highly intensive and require a high degree of individualized attention and intervention and who are placed in special classes; or,

Preschool students whose management needs are determined to be highly intensive and require a high degree of individualized attention and intervention;

- b) Students with severe multiple disabilities, whose programs consist primarily of habilitation and treatment and are placed in special classes; or

Preschool students with severe multiple disabilities, whose programs consist primarily of habilitation and treatment;

- c) Students who are recommended for home and/or hospital instruction whose special education needs are determined to be highly intensive and require a high degree of individualized attention and intervention or who have severe multiple disabilities and require primarily habilitation and treatment; or

Preschool students whose special education needs are determined to be highly intensive and require a high degree of individualized attention and intervention or who have severe multiple disabilities and require primarily habilitation and treatment in the home; or

SUBJECT: EXTENDED SCHOOL YEAR (JULY/AUGUST) SERVICES AND/OR PROGRAMS (Cont'd.)

- e) Students who are not in programs as described in subparagraphs (a) through (d) above during the period from September through June and who, because of their disabilities, exhibit the need for a twelve (12) month special service and/or program provided in a structured learning environment of up to twelve (12) months duration in order to prevent substantial regression as determined by the CSE; or

Preschool students who are not described in subparagraphs (a) through (d) above whose disabilities are severe enough to exhibit the need for a structured learning environment of twelve (12) months duration to prevent substantial regression as determined by the Preschool Committee on Special Education (CPSE).

For students eligible for twelve (12) month service and/or program, per Commissioner's Regulations Section 200.4(d)(2)(x), the student's Individualized Education Program (IEP) shall indicate the identity of the provider of services during the months of July and August, and, for preschool students determined by the CPSE to require a structured learning environment of twelve (12) months duration to prevent substantial regression, a statement of the reasons for such recommendation.

The IEP shall indicate the projected date of the review of the student's need for such services and shall indicate the recommended placement.

The State Education Department (SED) is authorized to approve programs and to establish State Aid reimbursement rates for all special services and programs provided during July and August, both public and private. Therefore, if the School District plans to operate a July/August program, the District must first apply to SED for approval in accordance with SED guidelines/procedures.

- b) As the new school district take reasonable steps to promptly obtain the student's records from the previous school, including the Individualized Education Program (IEP), supporting documents and any other records relating to the provision of special education services.
- c) Provide to a student with a disability (as defined in Section 200.1(zz) of Commissioner's Regulations) who transfers school districts within the same school year a free appropriate education including services comparable to those described in the student's previous IEP.
 1. For transfers within New York State, the previously held IEP will be followed in consultation with the parents until the District adopts the previously held IEP or develops, adopts and implements a new IEP consistent with federal and State law and regulation.
 2. For transfers from outside New York State, in consultation with the parents the previously held IEP will be followed until the District conducts an evaluation and, if appropriate, develops a new IEP consistent with federal and State law and regulation.

**SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES
(CHILD FIND)**

The School District of residence is required to locate and identify all students with disabilities who reside in the District, including students who do not attend public school (with the exception of students with disabilities who are parentally placed in nonpublic schools outside the district of residence). Therefore, it is the policy of the Board of Education to conduct a census in order to have all children with disabilities within its jurisdiction under the age of twenty-one (21) identified, located and evaluated, including children of preschool age, homeless children, children who are wards of the State as defined in Commissioner's Regulations and children in all public and private agencies and institutions.

Any student suspected of having a disability is to be referred to the applicable Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE) for evaluation and possible identification as a student with disability.

Census data shall be reported by October 1 to the CSE/CPSE as appropriate. The CSE/CPSE will maintain and revise annually a register and related summary reports containing the data requirements indicated in Commissioner's Regulations.

Nonpublic School Students with Disabilities Who are Parentally Placed

If the School District boundaries encompass a nonpublic school, the District, as the district of location, must develop and implement methods to identify, locate and ensure the identification and evaluation of students with disabilities who have been, or are going to be, parentally placed in such nonpublic school.

The child find activities must be similar to activities for students with disabilities in the public schools and must be completed in a time period comparable to that for other students attending public schools in the School District.

As the public school district of location, the District must consult with the nonpublic schools where students are parentally placed to determine an accurate count of students with disabilities attending such schools and receiving special education services.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools; or to Charter schools.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board of Education recognizes the rights of the parent/guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation and educational placement of a child with a disability.

All due process procedures for parents/guardians and children in the Commissioner's Regulations shall be observed by the School District.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relationship to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation pursuant to General Obligations Law Title 15-A including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent or other relative with whom the child resides), or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's Regulations. The term does not include the State if the student is a ward of the State.

A foster parent may act as a parent unless State law, regulations or contractual obligations with a State or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

It is the duty of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law. This determination shall be completed within a reasonable time following the receipt of a referral for an initial evaluation or re-evaluation.

In the event that no parent or guardian for a child with a disability can be identified; or after reasonable efforts the whereabouts of the parent or guardian cannot be determined; or the student is an unaccompanied homeless youth; or the child with a disability is a ward of the State and does not have a "parent" as defined above; or the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law; the Board shall assign an individual to act as a surrogate for the parents or guardians.

Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, and shall have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education to the student. Prior written notice must also be provided informing the parents when no additional data is required to determine the student's educational needs, the reasons for this determination and their right to request an assessment.

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's Regulations.

A parent may elect to receive prior written notice and other required notifications by electronic mail (e-mail) communication if the District makes this option available.

Effective September 1, 2009 the prior written notice will be on the form prescribed by the Commissioner.

Parent Participation in Meetings

The School District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE)/Committee on Preschool Special Education (CSPE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. The School District must document its attempts to involve parents, such as:

- a) Detailed records of telephone calls made or attempted and the results of these calls;
- b) Copies of correspondence sent to the parents and any responses received; and
- c) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

A meeting may be conducted without a parent in attendance if the School District is unable to convince the parents that they should attend.

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

Additionally, the School District must take whatever action is necessary to ensure the parent understands the proceedings of this meeting including arranging for an interpreter for parents with deafness or whose native language is other than English.

Parental Consent

In accordance with due process, a parent (as defined in Commissioner's Regulations Section 200.1(l)) of a special education student or a student suspected of having a disability must provide informed consent before the School District can take certain actions. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of the attempts.

Consent for Evaluations

The parent or guardian must provide informed consent to the initial evaluation, or reevaluations in accordance with law and/or regulations. If a parent does not provide consent for an initial evaluation, the School District *may* pursue the evaluation by commencing a due process hearing to override the refusal to provide consent.

Parental consent for a reevaluation is not needed if the District can demonstrate that it has taken reasonable measures to obtain consent, but the parents or guardians have failed to respond.

Consent for the Initial Provision of Services

Parental consent is also required for the initial provision of special education services. Consent for an initial evaluation does not constitute consent for the initial provision of services. If a parent does not provide consent for the initial provision of services, the School District *shall not* provide the special education program and services to the student and shall not use the due process procedures to challenge the parent's refusal to consent. The School District shall not be considered to be in violation of the requirements to provide a free appropriate public education (FAPE), shall not be required to convene a meeting of the committee on special education or develop an individualized education program (IEP).

Consent for Other Actions

Prior written consent must also be provided:

- a) Prior to releasing any personally identifiable information; and
- b) Prior to each time the District proposes to access a parent's private or public insurance.

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the State means a child or youth under the age of twenty-one (21):

- a) Who has been placed or remanded pursuant to Social Services Law or the Family Court Act or freed for adoption pursuant to Social Services Law; or
- b) Who is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Who is a destitute child under Social Services Law.

In the event that a child is a ward of the State, the School District shall make reasonable efforts to obtain the informed consent from the parent of the child for an initial evaluation to determine whether the child is a child with a disability.

The School District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the School District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or
- b) The rights of the parents of the student have been terminated in accordance with State law; or
- c) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.

Consent for a Student Who is Home Instructed or Parentally Placed in a Private School at the Parent's Expense

If a parent of a student who is home instructed or placed in a private school by their parents at their own expense does not provide consent for an initial evaluation or reevaluation, or the parent fails to respond to a request to provide consent, the District may not continue to pursue those evaluations by

using the due process procedures and the District is not required to consider the student as eligible for special education services.

Parental Revocation of Consent

Parental revocation of consent for continued provision of special education and related services must be in writing. When the parent revokes such consent, the District still must provide the parent with the usual written notice of its intentions with respect to the child.

The provision of law regarding the right to be represented in an impartial due process hearing by non-attorneys applies to any party to such a hearing, not just to parents.

Procedural Safeguards Notice

The School District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one (1) time per year and also:

- a) Upon initial referral or parental request for evaluation;
- b) Upon the first filing of a due process complaint notice to request mediation or an impartial hearing;
- c) Upon request by a parent;
- d) Upon a decision to impose a suspension or removal that constitutes a disciplinary change in placement; and
- e) Upon first receipt of a State complaint.

SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS**Due Process Complaints**

The District is committed to making every effort to amicably resolve disputes regarding educational programs for students with disabilities. In the event such disputes cannot otherwise be resolved, either a parent or the District may file a due process complaint challenging the identification, evaluation or educational placement of a student with a disability, or a student suspected of having a disability, or the provision of a free appropriate public education to such student. The complainant may not have an impartial due process hearing until the complainant, or the attorney representing the complainant, files a due process complaint notice that meets the requirements set forth in law for such notice. Any and all due process hearings will be conducted in a manner consistent with the timelines and procedures set forth in law and regulation.

Except as otherwise provided by law, all requests for impartial due process hearings must be submitted within two (2) years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. Upon receipt or filing of the due process complaint notice, the District will provide a procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and of any free or low-cost legal and other relevant services available in the area.

An impartial due process hearing will be conducted at a time and location reasonable and convenient to the parent and student involved. The hearing will be closed to the public unless the parent requests otherwise.

A student whose education is the subject of a due process complaint will remain in his/her current placement during the pendency of the impartial due process hearing unless both parties agree or as otherwise permitted by law.

All issues relating to a request for and conduct of an impartial due process hearing must be kept confidential by all District staff.

Resolution Process

Prior to the opportunity for an impartial due process hearing, the District will convene a meeting with the parents and the relevant member or members of the committee on special education or committee on preschool special education who have specific knowledge of the facts identified in the complaint. Such meeting will provide the parents with an opportunity to discuss their complaint and the facts that form the basis of the complaint, and an opportunity to resolve the complaint with the District. The District will take steps to ensure that one or both of the parents of the student with a disability are present at the resolution meeting, and will notify parents of the meeting early enough to ensure that they have the opportunity to attend. The resolution meeting will be at a mutually agreed

upon time and place, and in a location that is physically accessible to the parents. The District will ensure that all resolution meetings conform to the requirements set forth in the Regulations of the Commissioner of Education.

The parents and the District may agree, in writing, to waive the resolution process or agree to use the mediation process to resolve the dispute.

Selection and Board Appointment of Impartial Hearing Officers

In the event a due process complaint notice is filed pursuant to the Individuals with Disabilities in Education Act (IDEA), the Board of Education will arrange for an impartial due process hearing to be conducted. In such instances, the Board will immediately-but not later than two (2) business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent-initiate the process to select an impartial hearing officer (IHO) through a rotational selection process. To expedite this process, the Board may designate one (1) or more of its members to appoint the IHO on its behalf.

The District will utilize the New York State Education Department's Impartial Hearing Reporting System (IHRS) to access the alphabetical list of the names of each IHO certified in New York State and available to serve in the District. The appointment of an IHO will be made only from such list and in accordance with the alphabetical rotation selection process and the timelines and procedures established by the Commissioner of Education. The District will record and report to the State Education Department required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by the Department.

The District will be responsible for compensating the IHO for prehearing, hearing and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The District will also reimburse the IHO for certain travel and other hearing-related expenses (e.g., duplication and telephone costs) pursuant to an annually determined schedule.

Administrative procedures will be developed governing the implementation of this policy.

SUBJECT: INDEPENDENT EDUCATIONAL EVALUATIONS

Parents of children with disabilities have the right under Federal and State regulations to obtain an independent educational evaluation (IEE) at public expense under certain conditions. Regulatory standards are outlined in New York State Regulations of the Commissioner of Education Part 200.5(g). Additionally, the Federal Regulations (34 Code of Federal Regulations [CFR] 300.503) specify requirements for an independent evaluation.

A parent is entitled to only one IEE at public expense each time the District conducts an evaluation with which the parent disagrees.

Administrative regulations on independent evaluations will be developed in order to explain the rights of parents and the responsibilities of school districts with regard to independent evaluations, and also to avoid any misunderstandings.

SUBJECT: SPECIAL EDUCATION MEDIATION

The District will offer mediation to resolve any disputes involving any matter for which an impartial due process hearing may be brought, including matters arising prior to the filing of a due process complaint notice.

Such mediation shall be conducted by mediators furnished by a Community Dispute Resolution Center who are not employees of any school district or State agency that is involved in the education or care of the student who is the subject of the mediation process. Mediators may not have a personal or professional interest which would conflict with their objectivity in the mediation process and should be knowledgeable in laws and regulations relating to the provision of special education services.

Parents or persons in parental relation to students suspected of or having disabilities will receive written notice of the availability of the mediation program each time they receive notice of their entitlement to the impartial due process hearing procedures in accordance with Federal and State law and regulations. If the parent and District agree, alternative means of meeting participation may be utilized, such as video conferences and conference calls.

Discussions during the mediation process must be confidential and may not be used as evidence in any subsequent due process hearing or civil proceedings.

If resolution to the complaint is reached through mediation, the parent and the representative of the District who has the authority to bind the District will execute a legally binding written agreement specifying the resolution and stating that all discussions occurring during the mediation process are confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding of any Federal or State court. If the written agreement is inconsistent with the student's current individualized education programs (IEP), the IEP must be immediately amended to reflect the mediation agreement.

The mediation process is voluntary and will not operate to diminish or limit any rights provided for in law, including the right of the parent or person in parental relation to request an impartial due process hearing subsequent to mediation. Parents or persons in parental relation to students suspected of or having disabilities continue to have full access to all rights, including due process procedures, provided for in federal and state laws and regulations. Similarly, mediation shall not be construed to limit a parent or person in parental relation from requesting an impartial due process hearing without having first utilized mediation procedures set forth in Education Law.

SUBJECT: CURRICULUM DEVELOPMENT, RESOURCES AND EVALUATION

The Board of Education supports and encourages development of a District-wide, articulated curriculum that conforms to State mandates and is responsive to the needs of children in a rapidly changing society. The Principals of the elementary and secondary schools shall be responsible to the Superintendent for developing District-wide efforts toward the short and long-range improvement of curriculum and instruction.

Curriculum Resources

There are many resources for curriculum development that exist in our School District, and the instructional staff, under the guidance of the administration, is expected to delve into those resources for possible improvement of the instructional program. Each teacher has the privilege of being an initiator of improvement, as well as a reactor to changing conditions, and the Principals shall be involved in curriculum development.

From the staff, the Superintendent may appoint curriculum study committees; and their findings, as well as the collective judgments of the staff about the pertinence of various possible changes, shall be submitted by the Superintendent to the Board of Education for consideration in the forming of curriculum policy.

Curriculum Evaluation

The Board of Education shall direct a continuing evaluation of the curriculum as part of a program of instructional improvement. All aspects of the curriculum shall be subjected to a searching and critical analysis in an attempt to improve the learning and growth of students.

The administrative staff shall evaluate the curriculum in a systematic manner, involving school personnel and others as appropriate and make periodic recommendations for action by the Board. The Board of Education from time to time may invite teachers or others to discuss the curriculum.

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses the provision of equal educational opportunities to students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District provides equal opportunity for students and does not discriminate against any student enrolled in (or any candidate for admission to) its programs and activities on the basis of any legally protected class or category including, but not limited to: race; color; religion; disability; national origin; sexual orientation; gender identity or expression; military status; sex; age; marital status; pregnancy; parental status; weight; ethnic group; or religious practice. Further, the District provides equal access to its facilities to any group officially affiliated with the Boy Scouts of America or any other youth group listed in Title 36 (as a patriotic society).

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination. The District will promptly respond to reports of discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Educational Services for Married/Pregnant Students

The opportunity to participate in all of the programs and activities of the District will not be restricted or denied because of pregnancy, parenthood, or marriage. Pregnant students will be encouraged to remain and participate in District programs. The forms of instruction provided to these students may include any or all of the following:

- a) Remain in school with provisions for special instruction, scheduling, and counseling as needed;
- b) Receive home instruction;
- c) Attend BOCES programs.

The Superintendent or designee, in consultation with student services staff, the school physician, and the student's personal physician, may make program modifications which are feasible and necessary to accommodate the special needs of these students.

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES (Cont'd.)**Reporting Allegations of Discrimination**

In order for the District to enforce this policy, and to take corrective action as warranted, it is essential that students who believe that they have been a victim of discrimination, as well as any other person who has knowledge of or witnesses any possible discrimination, immediately report the alleged conduct or incident. Reports of discrimination may be made orally or in writing to any District employee including, but not limited to, a teacher, building principal, or CRCO.

All District employees who witness or receive an oral or written report of discrimination must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*.

Grievance Process for Complaints of Discrimination

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of discrimination and will promptly take appropriate action to protect students from further discrimination.

Various District policies and documents address discrimination. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) and/or Dignity Act Coordinator(s) (DAC(s)) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that discrimination has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law

and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of discrimination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Such instruction shall be provided by or under the direct supervision of regular classroom teachers and the Board of Education shall provide appropriate training and curriculum materials for the regular classroom teachers who provide such instruction. However, at the Board's discretion, such instruction may be provided by any other public or private agency.

The Commissioner of Education will provide technical assistance to assist in the development of curricula for such courses of study which must be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness skills, information, self-confidence, and support to aid in the prevention of child abduction.

**SUBJECT: CHILDREN'S INTERNET PROTECTION ACT: INTERNET CONTENT
FILTERING/SAFETY POLICY**

In compliance with the Children's Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the District has adopted and will enforce this Internet safety policy that ensures the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. Such technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, considered harmful to such students. Further, appropriate monitoring of online activities of minors, as determined by the building/program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board of Education's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the schools including the selection of appropriate teaching/instructional materials and activities to enhance the schools' programs; and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing all inappropriate locations. Proper safety procedures, as deemed appropriate by the applicable administrator/program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet and World Wide Web *may* include, but shall not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using electronic mail, chat rooms, instant messaging and other forms of direct electronic communications. As determined by the appropriate building administrator, the use of e-mail and chat rooms may be blocked as deemed necessary to ensure the safety of such students;
- b) Monitoring logs of access in order to keep track of the web sites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy, unauthorized access (including so-called "hacking") and other unlawful activities by minors are prohibited by the District; and student violations of such policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use and dissemination of personal identification information regarding such students.

(Continued)

**SUBJECT: CHILDREN'S INTERNET PROTECTION ACT: INTERNET CONTENT
FILTERING/SAFETY POLICY (Cont'd.)**

The determination of what is "inappropriate" for minors shall be determined by the District and/or designated school official(s). It is acknowledged that the determination of such "inappropriate" material may vary depending upon the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws/regulations as may be appropriate and implemented pursuant to the District's educational mission.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the School District.

The School District shall provide certification, pursuant to the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking/filtering of access to certain material on the Internet) for all School District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the School District may provide, to students in grades K through 12, instruction designed to promote the proper and safe use of the Internet. The Commissioner shall provide technical assistance to assist in the development of curricula for such course of study which shall be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information and support to aid in the safe usage of the Internet.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

Despite the existence of District policy, regulations and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access such content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

(Continued)

**SUBJECT: CHILDREN'S INTERNET PROTECTION ACT: INTERNET CONTENT
FILTERING/SAFETY POLICY (Cont'd.)****Notification/Authorization**

The District's Acceptable Use Policy and accompanying regulations will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

"Passive Consent" (Opt-out) Student access to the District's computer system will automatically be provided unless the parent has submitted written notification to the District that such access not be permitted. Procedures will be established to define the process by which parents may submit a written request to deny or rescind student use of District computers.

The District has provided reasonable public notice and has held at least one (1) public hearing or meeting to address the proposed Internet Content Filtering/Safety Policy prior to Board adoption. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of the District's Internet Content Filtering/Safety Policy, as well as any other District policies relating to the use of technology.

All users of the district's computer network, including access to the Internet and World Wide Web, must understand that use is a privilege, not a right, and that any such use entails responsibility. They must comply with the requirements of this policy and accompanying regulation, in addition to generally accepted rules of network etiquette, and the district's policy on the acceptable use of computers and the internet (policy 7314). Failure to comply may result in disciplinary action including, but not limited to, the revocation of computer access privileges.

Instructional materials should contribute to the development of positive social and intellectual values of the students.

The Board of Education shall provide the faculty and students in the District with such instructional materials as are educationally needed and financially feasible to make the instructional program meaningful to students of all levels of ability. In addition, the Board will ensure that all instructional materials will be made available in a usable alternative format for each student with a disability at the same time as such instructional materials are available to non-disabled students. The alternative format must meet the National Instructional Materials Accessibility Standard (NIMAS) defined in federal law.

SUBJECT: SELECTION OF LIBRARY AND MULTIMEDIA MATERIALS

A school library/library media center shall be established and maintained in each school district. The library in each elementary and secondary school shall meet the needs of the pupils, and shall provide an adequate complement to the instructional program in the various areas of the curriculum. Each school district shall also employ a certified school library media specialist, unless equivalent service is provided by an alternative arrangement approved by the Commissioner.

The Board of Education agrees that the responsibility of the school media center is:

- a) To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities and maturity levels of the students served.
- b) To provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values and ethical standards.
- c) To provide a background of information that will enable students to make intelligent judgments in their daily lives.
- d) To provide materials on opposing sides of controversial issues so that young citizens may develop, under guidance, the practice of critical reading and thinking.
- e) To provide materials representative of the many religious, ethnic, and cultural groups and their contribution to our American heritage.
- f) To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.

In interpreting these principles, the following will apply:

- a) Broad and varied collections will be developed systematically by the library media specialist, based on recommendations of the professional staff and suggestions of students and parents. Final approval will be made by the Building Principal.
- b) Qualitative standards of selection involving factual accuracy, authoritativeness, artistic quality and appeal will be applied by library media specialists before purchases are made.
- c) Materials will not be excluded because of the race, nationality, political opinions or religious views of the author.
- d) Materials will be continuously re-evaluated in relation to changing curriculum and instructional needs. Worn out, out-dated materials will be discarded.

Instruction

SUBJECT: OBJECTION TO INSTRUCTIONAL MATERIALS

Any criticism of instructional materials that are in the schools should be submitted in writing to the Superintendent. The Board of Education will be informed. A committee, including the librarian and Building Principal, will be designated by the Superintendent to investigate and judge the challenged material according to the principles and qualitative standards stated in Policy #8320 -- Selection of Library and Multimedia Materials.

Curriculum Areas in Conflict with Religious Beliefs

In accordance with applicable law and regulation, a student may be excused from the study of specific materials relating to health and hygiene if these materials are in conflict with the religion of his/her parents/guardians. Alternatives may be provided that are of comparable instructional value.

SUBJECT: CONTROVERSIAL ISSUES

Controversial issues may be studied as part of the curriculum and teachers shall present these issues in their classrooms in an impartial and objective manner.

Teachers wishing to call upon outside speakers in the presentation of controversial issues are required to obtain the approval of the Principal who shall keep in mind the obligation for presenting opposing views as well, and who shall inform the Superintendent prior to the presentation.

It is recognized that parents and citizens of the community have a right to protest to the school administration when convinced that unfair and biased presentations are being made by the teacher. In considering such protests, the Superintendent of Schools shall provide for a hearing so that both parties may fairly express their views. If requested, the Superintendent's decision may be appealed to the Board of Education.

Instruction

SUBJECT: TEXTBOOKS/WORKBOOKS/INSTRUCTIONAL COMPUTER HARDWARE

The term "textbook" shall refer to a book supplied to a student for a fixed period of time for his/her personal use and basic to the study of a subject. The Board of Education shall make provision for funds to be budgeted for the purchase of textbooks and related instructional materials

Upon the recommendation of the Superintendent of Schools, the Board of Education shall designate the textbooks to be used. Textbooks, once designated, cannot be superseded within a period of five (5) years except by a three-fourths (3/4) vote of the Board.

Each school district has the option of participating in the National Instructional Materials Access Center (NIMAC). Whether a district does or does not participate in NIMAC, the district will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards (8 NYCRR Section 200.2(b)(10)). The New York State Education Department (NYSED) recommends that school districts choose to participate in NIMAC, because this national effort to centralize the distribution of instructional materials in alternate formats will help guarantee timely provision of such materials to students.

For school districts, Boards of Cooperative Educational Services (BOCES), State-operated schools, State-supported schools and approved private schools that choose to participate in NIMAC, **contracts with publishers executed on and after December 3, 2006** for textbooks and other printed core materials *must* include a provision that requires the publisher to produce NIMAS files and send them to the NIMAC (this will not add any cost to the contract).

For more information regarding NIMAC including model contract language, Steps for Coordinating with NIMAC and an IDEA Part B Assurances Application please see: <http://www.vesid.nysed.gov/specialed/publications/persprep/NIMAS.pdf>.

Students will be required to pay for lost books or for excessive damage to books.

Textbooks for Resident Students Attending Private Schools

Resident students attending private schools will be supplied non-sectarian textbooks in accordance with the requirements of Education Law.

Workbooks

The term "workbook" shall refer to the type of book that provides spaces to write in and is consumed each year. It is usually paper-covered and designed to be used in connection with a textbook. The Board of Education shall approve the expenditure of funds for the purchase of workbooks and manuals.

**SUBJECT: TEXTBOOKS/WORKBOOKS/INSTRUCTIONAL COMPUTER HARDWARE
(Cont'd.)****Instructional Computer Hardware**Loan to Students Attending Nonpublic Schools in the District

The School District shall loan, upon request of an individual or a group of individual students, to all students legally attending nonpublic elementary or secondary schools located in the School District, instructional computer hardware which is designated for use in any public elementary or secondary schools of the State or is approved by any school authorities as such term is defined in Education Law Section 2(12).

Such instructional computer hardware is to be loaned free to such children, subject to such rules and regulations as are or may be prescribed by the Board of Regents and school authorities and shall be required for use as a learning aid in a particular class or program. Instructional computer hardware containing computer software programs which are religious in nature or content shall not be purchased or loaned by the School District.

The School District shall not be required to loan instructional computer hardware to nonpublic school students in excess of that acquired pursuant to Education Law Section 753 and shall be loaned on an equitable basis to children attending nonpublic schools in the District and to students with disabilities residing in the District who attend programs under the provisions of Education Law Sections 4401(2)(c),(2)(e),(2)(g),(2)(i), and (2)(l). However, the School District shall not be required to loan instructional computer hardware purchased with local or federal funds or with State funds, other than Instructional Computer Hardware Aid funds.

School authorities shall specify a date by which written requests for the purchase and loan of instructional computer hardware must be received by the District. Such date shall not be earlier than the first day of June of the school year prior to that for which such instructional computer hardware is being requested. For a child not attending a nonpublic school prior to June first, the parent/guardian may submit a written request for instructional computer hardware within thirty (30) days after such child is enrolled in the nonpublic school. In no event, however, shall a request made later than the times otherwise provided pursuant to Education Law Section 754 be denied where a reasonable explanation is given for the delay in making the request. All nonpublic schools in the School District shall be notified of the specified date.

The form of request used by a lending District may provide for a guarantee by a parent or guardian for the return of such hardware or, in the case of loss or damage, for payment of the value thereof.

SUBJECT: USE OF COPYRIGHTED MATERIALS

Pursuant to Section 107 of the Copyright Law ("Fair Use" provisions), the use of copyrighted material for criticism, comment, news reporting, teaching, scholarship, or research may be permitted under certain circumstances. It is the intent of the Board of Education to abide by the provisions of the United States Copyright Law (Title 17 United States Code Section 101 et seq.).

All employees are prohibited from copying materials not specifically allowed by the copyright law, fair use guidelines, licenses or contractual agreements, or the permission of the copyright proprietor.

The Board recognizes that federal law makes it illegal to duplicate copyrighted materials without authorization of the holder of the copyright, except for certain exempt purposes. Severe penalties may be imposed for unauthorized copying or using of audio visual or printed materials and computer software, unless the copying or using conforms to the "fair use" doctrine.

Under Fair-Use Statute Section 107, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship or research. If duplicating or changing a product is to fall within the bounds of fair use, these four standards must be met for any of the foregoing purposes:

The Purpose and Character of the Use

The use must be for such purposes as teaching or scholarship and must be nonprofit.

The Nature of the Copyrighted Work

Staff may make single copies of the following for use in research, instruction or preparation for teaching: book chapters; articles from periodicals or newspapers; short stories, essays or poems; and charts, graphs, diagrams, drawings, cartoons or pictures from books, periodicals or newspapers in accordance with these guidelines.

The Amount and Substantiality of the Portion Used

In most circumstances, copying the whole of a work cannot be considered fair use; copying a small portion may be if these guidelines are followed.

The Effect of the Use Upon the Potential Market for or Value of the Copyrighted Work

If resulting economic loss to the copyright holder can be shown, even making a single copy of certain materials may be an infringement, and making multiple copies presents the danger of greater penalties.

Instruction

SUBJECT: USE OF COPYRIGHTED MATERIALS (Cont'd.)

While the District encourages its staff to enrich the learning programs by making proper use of supplementary materials, it is the responsibility of District staff to abide by the District's copying procedures and obey the requirements of the law. In no circumstances shall it be necessary for District staff to violate copyright requirements in order to perform their duties properly. The District cannot be responsible for any violations of the copyright law by its staff.

A Copyright Officer may be appointed by the Superintendent to provide information for all personnel regarding current copyright law and to maintain copyright records. The Copyright Officer will also serve as the designated agent registered with the U.S. Copyright Office to expeditiously respond to any notices of claimed copyright infringement.

Any staff member who is uncertain as to whether reproducing or using copyrighted material complies with the District's procedures or is permissible under the law should contact the person designated as the Copyright Officer. The Copyright Officer will also assist staff in obtaining proper authorization to copy or use protected material when such authorization is required.

Regulations and procedures shall be developed by the administration detailing what can and cannot be copied. Appropriate copyright notices will be placed on or near all equipment used for duplication.

Copyright Permission Letter Directions: (Refer to page 3)

Whenever a student or staff member wishes to "re-publish" someone else's writing or graphics on a Rocky Point School web site (example: eBoard), explicit permission must be obtained from the owner of copyright or evidence must be provided that the materials are "in the public domain". The form below may be copied and pasted into an e-mail message sent to the owner of the site and/or the owner of copyright. SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM

The Board of Education acknowledges the importance of religion to the understanding of society and the richness of the human experience. In approaching the teaching about religion in the school, the District will be guided by three concepts when making decisions about the appropriateness of activities for inclusion in the school program: the activity should have a secular purpose; the activity should neither advance nor inhibit religion; and the activity must not foster an excessive entanglement of "government" with religion.

Nurturing the development of knowledge and respect for the rights of all cultural and religious groups is a continuing goal of the School District. Students, faculty and administration are reminded of the pluralism of religious beliefs and are urged to be conscious of and respect the sensitivity of others.

Opportunities to learn about cultural and religious traditions should be provided within the framework of the curriculum. Information about religious and cultural holidays and traditions focusing on how and when they are celebrated, their origins and histories should be part of this instruction. This educational opportunity should be handled with great care, sensitivity and respect for the feelings and beliefs of individuals.

An environment should be created and encouraged where students of various ethnic backgrounds feel comfortable in sharing comments about their religious and cultural traditions. No student should be singled out to share or participate in such discussions solely on the basis of that student's identification with the cultural/religious heritage being addressed. A student's preference not to share or participate in such discussions should be honored and respected without penalty.

School Activities Related to Religious Holidays or Themes

School activities related to the teaching about religious holidays or themes must be consistent with, representative of, and congruent with the District's curriculum.

In planning school activities related to the teaching about religious holidays or themes, special effort must be made to ensure that the activity is not devotional and that students of all faiths can join without feeling they are betraying their own beliefs.

In planning school activities related to the teaching about religious holidays or themes, age appropriate activities are encouraged within the framework of the curriculum. Teaching about religious and cultural holidays may include such special activities as parties and special foods, if they reinforce educational goals.

(Continued)

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM (Cont'd.)**Symbols in the Schools**

The purpose of using religious symbols should be to teach about religious concepts and traditions, and to convey historical or cultural content, not to promote or celebrate religious concepts, events or holidays.

Music in the Schools

The purpose of using religious music should be to teach musical concepts, to convey historical and cultural content, or to create aesthetic experiences in a setting which emphasizes artistic expression and educational value, not to promote or to celebrate a religious faith.

Curriculum Areas in Conflict with Religious Beliefs

Students shall be given the option to be excused from participating in those parts of an activity, program, or area of instruction involving a religious theme which conflicts with their own religious beliefs or that of their parents/guardians in accordance with applicable law and regulations. Alternatives may be provided that are of comparable instructional value.

Implementation

Administrative regulations will be developed to implement the terms of this policy. Further, the District shall vigorously publicize and disseminate this policy and accompanying regulations in order to ensure community, faculty, student, and parental/guardian awareness.

**SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING
AND THE USE OF WEB 2.0 AND 3.0 TOOLS**

To enhance communication with students, parents/guardians, staff, and community members, the Board of Education encourages the development and ongoing maintenance of District and school web sites using online services. Web sites shall be aligned with the District's plans for communications and media relations.

Teacher Web Pages

An exciting innovation in technology is the opportunity for District teachers and staff to create teacher Web pages using a variety of online services including, but not limited to eBoard. The Board and the administration encourage the development of Web pages by teachers and staff in order to increase communication and provide information to parents, students and the community about classroom and student activities as well as instructional resources. To be considered authorized by the School District, teacher Web pages must be developed in accordance with this regulation using resources consistent with the District's Web presence.

The following guidelines apply to all teacher Web pages developed by District teachers or staff and housed within Web sites authorized by the District. All information must be in compliance with District policies, regulations, and Web standards.

- c) Always refer to our organization by using its proper name, Rocky Point Union Free School District.

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)**Release of Student Education Records/Directory Information**Release of Student Education Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information contained in student education records, other than student directory information, only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that such signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates such person's approval of the information contained in the electronic consent.

Student Directory Information

Per FERPA, Districts must publish an annual public notice informing parents or eligible students of their right to refuse the release of student directory information and indicating a time period for their response. Following such public notice and a reasonable response period, the District may release such information to an outside group without individual consent.

Parental/Eligible Student Consent Required and Privacy Concerns

Written parental/eligible student consent shall be obtained by the District before education records or personally identifiable information contained therein is released to any party unless:

- a) Such release is authorized by the Family Educational Rights and Privacy Act, or its implementing regulations;
- b) The information released is "directory information" as designated by the District in accordance with FERPA. The District shall provide parents and eligible students with annual notification of their rights under FERPA and designation of directory information (i.e., disclosure of personally identifiable information contained in student records);
- c) For anything not specifically designated as "directory information" by the District, the District must receive a "signed and dated written consent" from the parent/eligible student prior to releasing such information (unless otherwise authorized per FERPA);
- d) However, even if student photographs are designated as directory information per FERPA, due to privacy and safety concerns, **the District requires specific affirmative written parent/eligible student consent prior to posting student photographs on District/school/classroom Web Pages.** Whenever possible, group photographs of students

- e) Web Pages **shall not** include a student's full name, telephone number, address, e-mail address or post such information of other family members or friends. Posting of student names will be limited to first name only. Permission forms from parents are strongly suggested;
- f) Online posting of building layouts, school bus schedules, inclement weather bus stops, and/or other specific activity schedules detailing dates/times/locations (e.g., field trips) is prohibited on school-affiliated Websites, without the authorization of the Superintendent, as such information may pose risks of child abduction or other security concerns. Password protected Websites may be authorized by the Superintendent/designee.

Staff Use of Computerized Information Resources**Use of Copyrighted Materials and "Fair Use" Exceptions/Intellectual Property and Works Made for Hire****Fair Use of Copyrighted Materials**

All employees and students are prohibited from copying materials not specifically allowed by the copyright law, "Fair Use" guidelines, licenses or contractual agreements, or the permission of the copyright proprietor. Web Page publications must include a statement of copyright when appropriate and indicate that permission has been secured when including copyrighted materials or notice that such publication is in accordance with the "Fair Use" provisions of the Copyright Law.

Pursuant to Section 107 of the Copyright Law ("Fair Use" provisions), the use of copyrighted material for criticism, comment, news reporting, teaching, scholarship, or research may be permitted under certain circumstances. It is the intent of the Board of Education to abide by the provisions of the United States Copyright Law (Title 17 United States Code (USC) Section 101 et seq.) (Board Policy #8350)

Generally, copyrighted materials may not be posted on your Web site without the copyright owner's permission. Merely acknowledging the source of the copyrighted material is *not* a substitute for obtaining this permission. Materials that may be subject to copyright include photographs, logos, music, videos, cartoons, drawings/paintings/graphs/charts/animation, articles, and other Web pages.

Teachers and staff should assume that any such materials, even if found on the Internet and even in the absence of the © symbol or other copyright notice, are subject to copyright.

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)

- a) Under certain limited circumstances, teachers are authorized to use portions of copyrighted works in traditional classroom settings under the doctrine of "fair use," without specific permission. However, a copy of a copyrighted work placed by a teacher on a Web site is less likely to be seen as a "fair use" of that work. Therefore, reliance on considering such use on a Web site as "fair use" should be avoided.
- b) Generally, links to copyrighted resources available elsewhere online may be created as long as the link merely directs the user to another site and does not cause a copy of the copyrighted work to be created and stored on District sites or Web servers. Include link disclaimer language:
- c) The District has made every reasonable attempt to ensure that our Web pages are educationally sound and do not contain links to questionable material or material that can be deemed in violation of the School District's Standards and Guidelines for Web Page Publishing Policy.
- d) These links are provided for your information and convenience. By clicking on a link you will be leaving the School District's Web site. Please be aware that, while we make every effort to evaluate all the sites to which we link, we cannot endorse nor be responsible for the content provided on these sites. Surf Safely!
- e) Framing (displaying another site's Web page within the District's Web page design) is not permitted. Your link must create a separate Web page to appear.
- f) Students are the copyright owners of their own work. You must get the written permission of the student, as well as his or her parent, to post a copy of a student's work on your Web pages.

Additional Guidelines for the Use of Photos and Images

- a) Written parental permission or permission from an "eligible" student (one who is eighteen years of age or older or who is attending an institution of post-secondary education) must be obtained before posting photos of students on the Web site under any circumstances, even if the students are not identified on the Web site by name. This includes students whose parents who may have otherwise "consented" to the use of their child's photo in other contexts by not "opting out" of designation of their child's photo as directory information under FERPA.
- b) When uploading a file containing an approved photo, please make certain the file name does not list students' names (ex.: SallyMae.jpg). If it does, please re-save the photo using another generic description to then upload onto the Web. Students' names could be inadvertently shared, accessed as part of the image's code, if not corrected.
- c) Photos of individual students or staff are not recommended for security reasons. Group pictures make it harder to identify a specific person in the photo.

- d) When using the School District logo, use only the standard logo and do not modify it in any way. When using the logo of another organization, you must get permission in writing first.
- e) You may only use images on your Web page with the permission of the copyright owner, unless the image is from a source that specifically grants permission for such use. You cannot scan material from a book and paste it onto your Web page. Handouts created by anyone but you cannot be posted on the Web page. Clip art may be used if from a source that grants permission for such use.

Intellectual Property/ Works Made for Hire

All works completed by employees as part of their employment shall be considered "works made for hire" as described in the United States Code Annotated, Title 17, Copyrights to the extent permitted by law. This determination includes, but is not limited to, the following activities:

- a) Work prepared by an employee within the scope of his/her employment, whether tangible or intangible;
- b) Work specifically ordered or commissioned for use as a contribution to a collective work, as enumerated in law.
- c) Any work created within the scope of such a relationship will be considered a work made for hire when a regular employment relationship exists.
- d) Work covered under this policy is the property of the School District, not the creator of such work. The District shall own any and all rights to such works, or derivatives thereof, unless there is a written agreement to the contrary.

Student Work

Students are the copyright holders of their own original work. The District must receive written permission from both the parent and the student prior to publishing students' original work on the District/school/classroom Websites.

Google Docs, Microsoft Office Live/Sky Drive, Blogs, Podcasts and Vodcasts

In addition to or as part of a teacher Web page, teachers may choose to create blogs to engage students in effective dialogue on selected topics. They may choose to create or make available podcasts or vodcasts for instructional purposes as well. Teachers and staff are encouraged to utilize Web 2.0 communications tools such as Google Docs, Microsoft Office Live, blogs, podcasts and vodcasts that are developed and/or used in accordance with this regulation using resources provided by and hosted on sites consistent with the District's Web presence.

Instruction

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)

Teachers who use interactive Web 2.0 and greater tools including blogs, podcasts or vodcasts as instructional tools should remember that their content may be viewed by anyone who has the ability to access the Web site on which the blog, podcast or vodcast is located. Blogs, podcasts and vodcasts should be reserved for classroom use only and must be "locked," so as not to allow the general public to post their comments, thus keeping your learning project on task. In addition, the District requires that all blogs developed pursuant to this regulation be monitored by the teacher or staff member. Therefore, teachers and staff members are not authorized to use the "unmoderated" option when setting up a blog.

Teachers and staff members are responsible for the content of Web 2.0 tools, instructional blogs, podcasts and vodcasts that they create. These 21st century tools will be monitored in the same manner as teacher Web pages. Inappropriate material may not be posted by staff or students. If inappropriate content is found, it will be removed immediately and notification will be made to the teacher or staff member who created the blog, podcast or vodcast. Appropriate disciplinary action may be taken.

The information above on content integrity, copyright and use of images and photos on teacher Web pages also applies to all Web 2.0 communication tools including, but not limited to, blogs, wikis, podcasts and vodcasts.

Blogs, podcasts and vodcasts should be used to enhance learning, and topics for those online presentations should align with the curriculum. Controversial topics may be addressed using these tools in accordance with Board policy and administrative regulations. Blogs, podcasts and vodcasts can be used to share the exciting and creative curriculum-based activities experienced by our staff and students.

Applicable Policy and Regulation

All development and use of teacher Web pages and Web 2.0 communication tools such as blogs, podcasts and vodcasts shall be subject to any other applicable Board policies and regulations regarding the use of the DCS.

Student Free Speech Issues (School-sponsored Publications)

In general, School Districts can exercise editorial control over the style and content of student expression in school-sponsored publications, theatrical productions, and other expressive activities that students, parents and members of the public might reasonably perceive to bear the imprimatur of the school.

However, the school's actions in such a case must be reasonably related to legitimate pedagogical concerns and may not amount to viewpoint discrimination.

**SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING
AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)****Consequences for Non-Compliance**

Web Pages that do not comply with the above criteria are subject to revocation of approval and removal from the District/school/classroom Websites.

Staff

Faculty or staff posting non-approved or inappropriate material on a school-affiliated Website are subject to the imposition of discipline, including possible suspension or revocation of access to the District's computer network, in accordance with law and applicable collective bargaining agreements. In the case that a violation may constitute a criminal offense, it will be reported to the appropriate authorities.

Students

Students posting non-approved or inappropriate material on a school-affiliated Website are subject to the imposition of discipline, including possible suspension or revocation of access to the District's computer network, in accordance with applicable due process procedures and the District Code of Conduct. In the case that a violation may constitute a criminal offense, it will be reported to the appropriate authorities.

Oversight

The Superintendent of Schools or his/her designee shall have the authority to approve or deny the posting of any proposed Web Pages on school-affiliated Websites based upon compliance with the terms and conditions set forth in this policy as well as applicable District practices and procedures.

SUBJECT: INDEPENDENT STUDY FOR TRANSFER CREDIT

Independent study, for credit, will be available to meet the individual needs of students in grades 9 through 12. The Principal, after consultation with relevant faculty, may award transfer credit for work done through independent study. The decision should be based on whether the student's record indicates that the work is consistent with New York State commencement level learning standards and is of comparable scope and quality to that which would have been done in the school awarding the credit. Credit shall be granted only for courses in the approved curriculum.

SUBJECT: HOMEWORK

The Board of Education acknowledges the educational validity of homework as an adjunct to and extension of the instructional program of the schools. "Homework" shall refer to those assignments to be prepared by the student outside of the school or independently while in attendance at school.

Instruction

SUBJECT: HOME TUTORING (HOMEBOUND INSTRUCTION)

Resident children attending public or non-public schools who qualify for home tutoring due to a long term illness or are physically unable to attend classes shall be provided with such instruction in accordance with New York State Education Law and Commissioner's Regulations.

The building administrator shall make reasonable efforts to ensure that the provision of home tutoring services takes into consideration the impact of school absences on class attendance and grading (i.e., minimal attendance).

Licensed Health Care Provider's certification, Committee on Special Education recommendation, or Superintendent's direction is necessary for students to be eligible to receive home tutoring in a student's home, in a District facility, or at a neutral site such as the public library. At the District's discretion, additional verification may be required by the District's physician

Procedures:

The following procedures for students requiring home tutoring have been developed under the direction of the Superintendent:

Parent/Guardian must:

- a) Provide Licensed Health Care Provider's certification stating date when the student was treated, evaluated, or seen, the nature of the illness or injury, and anticipated duration of home tutoring. (Such note will be accepted only if it is dated and signed by the Licensed Health Care Provider. . A stamped signature is not acceptable.)
- b) Except as provided by law, no home tutoring will be provided for illnesses of less than two consecutive school weeks' duration.
- c) If a student will be out for longer than two consecutive weeks, the School District may require the student to be seen by a physician of the District's choice.
- d) After the student is seen by a District physician, a final determination will be made as to the duration of home tutoring.
- e) If a student receives home tutoring and is expected to be out of school for more than 30 days,, monthly medical evaluations from the student's treating Licensed Health Care Provider must be provided by the parent to continue tutoring services.
- f) Provide clearance documentation from the treating Licensed Health Care Provider when home tutoring is no longer necessary, and the student must return to school immediately.

Instruction

SUBJECT: FIELD TRIPS

The Board of Education recognizes that field trips are an educationally sound and important ingredient in the instructional program of the schools.

For purposes of this policy, a field trip shall be defined as any journey by a group of students away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study and conducted for the purpose of affording a first-hand educational experience not available in the classroom.

Field trips are a part of the curriculum of the schools, and student conduct and attendance on field trips are governed by the same rules that govern regular classroom activities. The School System shall obtain written parental/guardian permission for students going on school-sponsored field trips.

The Superintendent shall prepare procedures for the operation of a field trip activity. Field trip support shall be determined annually by the Board during its budget deliberations. Regardless of the fiscal support for field trips, the rules of the School District for approval and conduct of such trips shall apply.

The Superintendent/designee may cancel previously approved field trips due to extenuating circumstances.

Instruction

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING)

The School District will attempt to cooperate with parents who wish to provide home instruction for their children. The child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to students of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic, and sequential manner, specifically in relation to the required courses as enumerated in Commissioner's Regulation Section 100.10.

Provision of Services to Home-Instructed Students

They are not awarded a high school diploma. A high school diploma may only be awarded to a student enrolled in a registered secondary school who has completed all program requirements set by the Board of Regents, the school or the District.

a) Extracurricular Participation

Students instructed at home are *not* eligible to participate in interscholastic sports. Commissioner's Regulations mandate that only students enrolled in the public school are allowed to participate in interscholastic sports. However, the School District *does* permit home-instructed students to participate in intramural and other school-sponsored extracurricular activities.

b) Textbooks and Materials

The District is not required to loan available textbooks and other materials (e.g., library materials, microscopes, computer software, movie projectors) to home-instructed students. The District shall not provide such items to home-instructed students.

c) Health Services

The School District is *not required* to furnish health services.

d) Remedial Programs

The District *is not responsible* for providing remedial programs.

e) Career and Technical/Gifted Education

The District is *not authorized* to provide Occupational and Vocational Education programs (career and technical education) nor programs for the Gifted to home-instructed students.

(Continued)

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING) (Cont'd.)f) Special Education Services

Solely for the purpose of Education Law Section 3602-c, home-instructed students with disabilities are deemed to be students enrolled in and attending a non-public school, which enables them to receive special education services.

The Committee on Special Education (CSE) will develop an Individualized Education Services Program (IESP) for the student. The IESP shall be developed in the same manner and with the same content as an IEP. The Board of Education will determine a location where special education services are to be provided to a home-instructed student. This location may, but is not required to be, in the student's home.

g) Use of School Facilities

Students instructed at home shall be allowed to use school facilities provided that there is a mutual agreement on the part of all involved parties.

Primary responsibility for determining compliance with Commissioner's Regulations addressing home instruction rests with the Superintendent of Schools of the school district in which a home-instructed student resides.
