Mr. Nofi, Mrs. Burke, Mr. Lesser and Mr. Reh confirmed their knowledge of the letter; Mrs. Hegggers stated she was not aware of the letter as she had been ill and did not open the e-mail containing the letter until after it was sent. Mr. Friscia commented that the letter contained inaccuracies and that the teacher association members wished to reply to its contents. Vice President Anthony Nobre presented a copy of the teachers' association response to each of the members of the board.
- Mrs. Intravaia stated that she believed her daughter's rights had been violated with respect to special education services her daughter had not been receiving. Mrs. Intravaia spoke in detail about a lawsuit she filed on behalf of her daughter in Federal Court and her need to hire an attorney for this lawsuit. Mrs. Intravaia said she is currently being countersued by the school district and that the district is seeking punitive damages against her. Mr. Nofi responded that the district was obligated to seek counsel in order to defend itself against the lawsuit Mrs. Intravaia filed against the district. Mr. Nofi then clarified that the current lawsuit she was referencing was not filed by the school district but by the district's school attorney on his personal behalf as he was personally named in Mrs. Intravaia's lawsuit.
- Mrs. Loomis stated her opinion that the services mandated by IEPs of special education students are not being met and it was her belief that it was a civil rights issue for children with disabilities. Mrs. Loomis was concerned that not all parents have the resources to advocate for their children.
- Mr. Nofi replied that he supported parents standing up for their children. Mrs. Burke shared that she fully understands and appreciates parents advocating for their children.
- Mrs. Heely referenced animosity between faculty and administration and suggested respectful open communication was necessary in order to ensure the success of every child. Mr. Nofi stated that respectful and open communication is important and must come from both sides.
- Mrs. Andersson invited members of the board to join committees in order to become more involved and gain a better understanding of raising a child with disabilities. Mrs. Andersson offered her gratitude to Mrs. Moscatiello for instituting the roundtable meetings. Mrs. Andersson spoke in detail about the ICT and CTD educational models and asked the board members to consider a policy change.

- Mr. Frank Centrone identified himself as a special education teacher in the middle school and expressed his opinion that the field of education has gone from an industry to a business and that this change has adversely affected students.

Board of Education:

I have completed my internal claims auditing services for the Rocky Point School District covering the period March 1, 2013 through March 31, 2013. The services I performed, as outlined within my proposal, include reviewing all claims against the District. The purpose of this report is to update the Board of Education on work performed to date, my findings, and recommendations.

For ease of reference I have categorized the remainder of this report as follow:

Exhibits

INTERNAL CLAIMS AUDIT SERVICES

The internal claims audit services performed on each claim against the District consisted of:

1. Verification of the accuracy of invoices and claim forms
2. Ensuring proper approval of all purchases; checking that purchases constitute legal expenses of the school district
3. Determining that purchase orders have been issued in accordance with Board of Education policy, and applicable state laws

4. Comparison of invoices or claims with previously approved contracts
5. Reviewing price extensions, claiming of applicable discounts, inclusion of shipping and freight charges
6. Approving all charges that are presented for payment which are supported with documentary evidence indicating compliance with all pertinent laws, policies and regulations

Over the time period of March 1, 2013 through March 31, 2013 I have audited 361 claims against the District in the amount of \$4,255,815.21. (See attached Exhibit I) I made inquiries and/ or observations into 27 claims in the amount of \$175,355.61. I have summarized the inquiries and/or observations as well as the resolutions within Exhibit II. It should be noted that currently, there are 0 outstanding inquiries in regards to the audit of the claims made against the District for the period of March 1, 2013 through March 31, 2013. I have summarized all voided checks and notable exceptions in Exhibit III.

I trust that the foregoing comments are clear. If you have any questions or you would like to discuss this matter further, please contact me at 631-928-5406.

SUBJECT: SCHOOL DISTRICT AND BOARD OF EDUCATION LEGAL STATUS AND AUTHORITY

The Constitution of New York State, as amended in 1894, instructs the Legislature to provide for a system of free common schools wherein all children of the State may be educated.

The State Legislature has implemented this constitutional mandate through the creation of school districts of various types. The Rocky Point Union Free School District is governed by the laws set forth for Union Free School Districts in Education Law Article 35, and bylaws relating to, or affecting, Common School Districts as set forth in Education Law Article 33.

The School District constitutes a corporate entity that possesses all the usual powers of a corporation for public purposes, and in that name may sue and be sued, purchase, hold and sell personal property and real estate, and enter into such obligations as are authorized by law.

The Constitution of the State of New York places the responsibility for public education on the State Legislature, and directs the establishment of a State Department of Education for general supervision over the schools and headed by a Commissioner of Education. The New York State Constitution further provides that local public schools under the general supervision of the State Education Department shall be maintained, developed and operated by locally elected boards. Legally, local boards are instruments of the New York State Constitution, the New York Statutes and the regulations of the State Education Department and its Commissioner.

Board of Education Authority

As a body created under the Education Law of New York State, the Board of Education of the Rocky Point Union Free School District has full authority, within the limitations of federal and state laws and the Regulations of the Commissioner of Education and interpretations of them, to carry out the will of the people of its District in matters of education.

In all cases where laws or regulations of the State Commissioner of Education do not provide, permit, or prohibit, the Board shall consider itself the agent responsible for establishing and appraising educational matters and activities.

Board members have no authority over school affairs as individuals. They have authority only when acting as a body duly called in session.

Education Law Sections 1604, 1701, 1709, 1804, 1805, 2502, 2503 and Articles 33, 35, 37, 51 and 53

SUBJECT: RESIGNATION AND DISMISSAL

Board members may resign at a District meeting of residents (i.e., the annual meeting, not a regular Board of Education meeting) or by filing a written resignation with the District Superintendent of the Supervisory District who must endorse his/her approval and file the resignation with the District Clerk.

Alternatively, a Board member may resign under Public Officers Law Section 31 by filing a written resignation with the District Clerk. The Clerk must then notify the School Board and the State Board of Elections.

The resignation shall take effect upon the date specified in the letter of resignation; however, if no effective date is specified, it shall take effect on the date of delivery to or filing with the District Clerk. If an effective date is specified in the letter of resignation, such date shall not be more than thirty (30) days subsequent to the date of its delivery or filing.

If the Board chooses to fill the vacancy by appointment, the appointment requires a majority vote of the full Board and shall be only for a term ending with the next annual election of the School District.

The Board, at its own option, may instead call a special election within ninety (90) days to fill the unexpired term. If not filled by Board appointment or special election, the District Superintendent of the Supervisory District may appoint a competent person to fill the vacancy until the next annual election. Alternatively, the Commissioner of Education may order a special election for filling a vacancy. When such special election is ordered, the vacancy shall not be otherwise filled.

A person elected or appointed to fill a vacancy shall take office immediately upon filing the oath of office.

A Board member who has been removed from office shall be ineligible to appointment or election to any office in the District for a period of one (1) year from the date of such removal.

SUBJECT: ACCEPTABLE USE POLICY - STAFF/STUDENTS/VISITORS TO THE DISTRICT FOR DISTRICT NETWORK, COMPUTERS, E-MAIL, AND THE INTERNET

Introduction

New technologies are changing the ways that information may be accessed, communicated, and transferred. These technological shifts also offer the opportunity to enhance instruction and student learning. The Board of Education will provide access to various computerized information resources through the District's computer system ("DCS" hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, so called "on-line services" and the "Internet." It may include the opportunity to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations. Further, all such use must be in support of education and/or research and consistent with the goals and purposes of the School District. District staff, students, and visitors are authorized to use the District's on-line services in accordance with the user obligations and responsibilities specified below.

Purpose

The purpose of this policy is to define guidelines for student, staff, and visitors for the use of District networked computer equipment, including those that provide access to the Internet.

Student Internet Access

The use of computer technology may be revoked or be the subject of student discipline, or employee reprimand/termination, if abused. Users will follow a sequential, structured approach to gaining skills, which will allow them to become independent, responsible users of the Internet. This approach addresses Internet use from an age and topic appropriate standpoint.

- a) In elementary schools (K through 2), teachers will actively supervise student's use of the computer, peripherals and/or Internet access. Students will access Internet resources, which the teacher has previously explored and selected. Teachers will make every effort to ensure that students are directed to sites with only age-and topic-appropriate material and resources.
- b) In upper elementary school (3 through 5), teachers will supervise and model appropriate use of computers, peripherals, and the Internet. Students will continue to have Internet access under direct teacher supervision; however, students will also experience guided practice leading towards gaining skills to become an independent, responsible user of the Internet. Teachers will model skills needed to search for information within an area of study, to filter information for credibility and worth, and to recognize areas of inappropriate information sources or access. Teachers will explore an Internet site before directing students to that site. Teachers will make every effort to ensure that students are directed only to sites with age-and topic-appropriate material and resources.

(Continued)

- c) In middle school and high school (6 through 12), teachers will provide guided practice and model appropriate use of computers, peripherals, other electronic technology, and the Internet. Teachers will supervise student initiated information search activities and provide support for students as they begin to assume responsibility for becoming independent users of the Internet. Teachers will make every effort to ensure that students explore only sites with age-and topic-appropriate material and resources.

Electronic Mail

Students and visitors to the District will not be issued individual electronic mail accounts. Select staff will be issued electronic e-mail accounts. Students and visitors who have electronic mail accounts from sources outside the school division may be granted permission to use school resources to access those accounts. At the discretion of the Superintendent or his/her designee, some e-mail providers may be blocked. (Example: AOL, Yahoo)

Right to Privacy

The Superintendent or his/her designee has the right to access information stored in any user directory, on the computer hard drive, school-issued disks/flash memory, or in electronic mail. Users are advised not to place confidential documents in their user directory or attempt to access folders that are not their own. Network management and monitoring software packages will be used for random access to individual accounts to review educational progress and for security purposes. Each computer keeps a history of Internet sites visited if that information is required.

Acceptable Uses

The following actions, which are not exhaustive, constitute acceptable use of the Internet, whether that use is initiated from a school or any other site:

- a) All Internet or computer equipment use shall be consistent with the purposes, goals, and policies of the School District.
- b) Use of computers, software, peripherals, and other information resources to support learning and to complete school assignments.

In accordance with federal, state, and local regulations, filtering software is used to control access to the Internet. This blocks or filters visual depictions that are obscene and other content that is harmful to minors. Parents are advised, however, that filtering technology is imperfect, and that the possibility exists of obtaining access to prohibited materials. Educational staff will, to the best of their ability, monitor students' use of the Internet and will take reasonable measures to prevent access to inappropriate materials.

From time to time the District will make a determination on whether specific uses of the network are consistent with the regulations stated above. For security and administrative purposes, the District reserves the right for authorized personnel to review network use and content. The District reserves the right to remove an individual's network access privileges to prevent further unauthorized activity.

Plagiarism and Copyrighted Infringement

SUBJECT: BUDGET ADOPTION

The Board of Education shall review the recommended budget of the Superintendent of Schools and shall seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven (7) nor more than fourteen (14) days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. SUBJECT: CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES

The Board of Education is committed to ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with the provisions of Commissioner's Regulations Section 100.5. However, **through June 30, 2013**, when necessary, the District may award high school individualized education program (IEP) diplomas to students with disabilities.

High School Diplomas

Beginning on July 1, 2013 and thereafter, IEP diplomas will be eliminated as a graduation option for students with disabilities. Pursuant to Commissioner's Regulation Section 100.6, a Skills and Achievement Commencement Credential will be available for students with severe disabilities who have been designated to take the New York State Alternative Assessment (NYSAA). Pursuant to Commissioner's Regulation Section 100.5, the Local Diploma Compensatory Option will be available for those students with disabilities who are pursuing a Local Diploma.

Students pursuing either a Regents or a local high school diploma must acquire a certain number of units of credit in specified courses and also meet subject sequence requirements. It is critical that students with disabilities be provided access to the required courses and testing programs needed for graduation with these awards.

Regents Diploma Requirements

To earn a high school Regents diploma, all students, **including students with disabilities**, need to take and pass five (5) specific Regents examinations with a score of 65 or higher and earn twenty-two (22) units of credit. The required Regents Examinations are English, Mathematics, Science, Global History and Geography, and U.S. History and Government.

High School Individualized Program (IEP) Diplomas

~~Each individualized education program (IEP) diploma awarded shall be accompanied by a written statement of assurance that the student named as its recipient shall continue to be eligible to attend school until the student has earned a high school diploma or until the end of the school year of such student's twenty-first (21st) birthday, whichever is earlier.~~

~~The Superintendent shall report to the State Education Department, within fifteen (15) days after the June graduation, the total number and the names of the students awarded IEP diplomas that school year.~~

SUBJECT: CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES (Con't)**Local Diploma Safety Net Options for Students with Disabilities****Students with Disabilities Entering Grade 9 Prior to September ~~2010~~2011**

Student with disabilities who first enter grade 9 prior to September 2011 may earn credit toward a Local Diploma by:

- a) Achieving a score of 55-64 on any or all Regents Examinations required for graduation (English, Mathematics, Science, Global History and Geography, and/or U.S. History and Government); or
- b) Passing the corresponding Regents Competency Test (RCT) of a failed required Regents Examination.

The school may administer the RCT before or after the Regents Examination, but in all cases the student MUST take the required Regents Examination in order to earn the Local Diploma.

The RCT Examinations shall remain available until the student graduates or reaches the age of twenty-one (21). This provision of law applies only to students with disabilities who are entitled to attend school pursuant to Education Law Section 3202 or 4402(5).

Students with Disabilities Entering Grade 9 After September ~~2010~~2011

The option to take the Regents Competency Test (RCT) will not be available for any students entering grade 9 beginning in September 2011 and thereafter. The student's grade level is based on the grade in which the student was enrolled during the school year (September to June) prior to September 2011. While the RCT safety net ends with the class of students that entered grade 9 during the 2010-2011 school year, the local diploma option remains available to all students with disabilities provided they earn a score of 55-64 on one (1) or more required Regents examinations.

Local Diploma Compensatory Option

As of October 31, 2012, the Board of Regents has provided an additional option for students with disabilities to earn a local diploma. This option is known as the Local Diploma Compensatory Option.

To earn a local diploma using this compensatory option a student must:

- a) Score between 45-54 on one (1) or more of the required Regents exams, other than on the English Language Arts (ELA) or the mathematics exams, in which case the lower score(s) can be compensated by the higher scores;
 - 1. A score of at least 55 must be earned on both the ELA and mathematics exams;

 - b) Obtain a passing grade that meets or exceeds the required passing grade by the school, for the course in the subject area of the Regents examination in which he or she received a score of 45-54; and
 - c) Have a satisfactory attendance rate in accordance with the District's or school's attendance policy for the school year during which the student took the examination in which he or she received a score of 45-64, exclusive of excused absences; and
 - d) Not already be using a passing score on one or more Regents Competency Tests (RCTs) to graduate with a local diploma. A student may not use the compensatory score option if he or she is using a passing score on one (1) or more RCTs to receive a local diploma.

A student meeting all of the necessary components listed above, using the compensatory option, may be issued a local high school diploma.

High School Individualized Program (IEP) Diplomas (Available through June 30, 2013)

Each individualized education program (IEP) diploma awarded shall be accompanied by a written statement of assurance that the student named as its recipient shall continue to be eligible to attend school until the student has earned a high school diploma or until the end of the school year of such student's twenty-first (21st) birthday, whichever occurs first.

Students will no longer be awarded an IEP diploma after July 1, 2013 pursuant to the addition to Commissioner's Regulations in Section 100.9(g). Students who are currently on track to receive an IEP diploma prior to June 30, 2013 must be given prior written notice that students continue to be entitled to a free appropriate public education until the end of the school year in which the student turns age twenty-one (21) or until the receipt of a regular high school diploma.

The Superintendent shall report to the State Education Department, within fifteen (15) days after the June graduation, the total number and the names of the students awarded IEP diplomas that school year.

Skills and Achievement Commencement Credential

Beginning with the 2013-14 school year and thereafter, the Board of Education or the trustees of a school district **shall**, and the Principal of a nonpublic school **may**, issue a skills and achievement commencement credential to a student who has taken the New York State Alternative Assessment for students with severe disabilities.

Prior to awarding the skills and achievement commencement credential, the governing body of the School District shall ensure that:

- c) The student has been given appropriate opportunities to participate in community experiences and development of employment and other instructional activities to prepare the student for post-secondary living, learning and employment.

The credential option may be issued at any time after a student has attended school for at least twelve (12) years, excluding kindergarten, or has received a substantially equivalent education elsewhere, or at the end of the school year that the student turns twenty-one (21) years of age.

The skills and achievement commencement credential shall be similar in form to the diploma issued by the School District except the credential must contain a clear annotation on it that it is based on alternate academic achievement standards.

The credential shall be issued with a summary of the student's academic achievement and functional performance as defined by Commissioner's Regulations Section 200.4(c)(4).

If the student receiving the credential is less than twenty-one (21) years of age, the credential shall be accompanied with a written statement of assurance that the student receiving the credential is eligible to attend the public schools without payment of tuition until the student has either received a regular high school diploma or until he/she turns age twenty-one (21), whichever occurs first.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY

The Board of Education seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Acceptable Use Policy (AUP), the District's Code of Conduct, and the Dignity for All Students Act.

Personal electronic devices have become a common means of communication and information access in today's society. However, these devices have the potential of disrupting the orderly operation of the district's schools. The district has created this policy to govern the possession and use of personal electronic devices on school premises, at school-sponsored activities and on school transportation.

For the purposes of this policy "**Personal Electronic Device**" means a privately owned device that is used for audio, video, or text communication or any other type of computer-like instrument.

- Portable internet devices (mobile messengers, iPads, etc.)
- Current or emerging wireless handheld technologies or portable information technology systems that can be used for word processing, wireless internet access, image capture/recording, sound recording, and information transmitting/receiving/storing, etc.

Elementary, Intermediate, Middle, High (K-12) Schools

Personal electronic devices **may not be used** by students for any disruptive purpose including telephone calls, text messaging, taking photographs and videos or any other functions during the regular school day. Students may possess PEDs but they must be powered off and out of sight in backpacks/purses or lockers. It is not permissible for PEDS to be on "silent" or vibrate" during this time. Students are permitted to possess and use personal electronic devices only before and after the regular school day.

Personal electronic devices shall not be used in any way that threatens, humiliates, harasses or intimidates students, school personnel or visitors, or otherwise violates district policies and regulations or local, state or federal laws. Students are prohibited from sending, sharing, viewing, or possessing pictures, text messages, emails or other material of a sexually explicit nature on their personal electronic devices while on school premises, at school-sponsored activities, or on school transportation. Further, students are prohibited from using the camera, video or recording functions of their personal electronic devices on school premises or at school-sponsored activities where another student or individual has an expectation of privacy. The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices and any other areas where a person would reasonably expect some degree of personal privacy.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY (Cont'd.)

Students are responsible for the security of the personal electronic devices brought to school. Further, the district is not liable to any student or his or her parent/guardian for any claims, losses, damages, suits, expenses or costs of any kind arising out of or related to the use or possession of a student's personal electronic device. The District reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

SUBJECT: INSTRUCTIONAL TECHNOLOGY

The Board of Education recognizes its responsibility to further the District's educational goals through the use of appropriate and high quality technological materials and equipment. For the purpose of this policy, technology refers to computers, peripherals, CD/DVD devices, local area networks, satellite and wireless transmission, interactive whiteboards, document cameras, video camcorders, digital projectors, PALM pilots, and other telecommunications equipment.

Continuing advances in technology are bringing about changes that have an increasing impact on the way we obtain, process, evaluate and use information. Therefore, the District is committed to:

- a) Supporting the integration and use of computers and related technology to enhance instruction, distance learning and other modes of delivery. Computers should also improve management and delivery of instruction to all students and other uses in support of the Board-approved curriculum.
- b) A comprehensive staff development program to ensure appropriate and effective use of technology.
- c) The preparation of students to utilize multiple types of technology.
- d) The equitable distribution and access to technological equipment and materials for all students.
- e) The promotion of technology as an alternative to traditional methods of gathering, organizing and synthesizing information.
- f) Carefully selecting and evaluating educational software so as to meet the teachers' and students' needs and conform to District policy and regulations.
- g) The provision of sufficient funds, within the budgetary constraints of the Board, for the implementation of technology instruction.
- h) Investigating the availability of a variety of funding sources for developing, enhancing and expanding the curriculum through the use of technology.

The Board recognizes that technology will be changing and directs the Superintendent or his/her designee to assess the technological needs of the District's instructional program, fiscal and human resources, staff development needs, equipment and supplies, and research and review current materials and make recommendations to the Board.

Computer users will recognize and adhere to existing copyright laws.

**SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING
AND THE USE OF WEB 2.0 AND 3.0 TOOLS**

To enhance communication with students, parents/guardians, staff, and community members, the Board of Education encourages the development and ongoing maintenance of District and school web sites using online services. Web sites shall be aligned with the District's plans for communications and media relations.

Teacher Web Pages

An exciting innovation in technology is the opportunity for District teachers and staff to create teacher Web pages using a variety of online services including, but not limited to eBoard. The Board and the administration encourage the development of Web pages by teachers and staff in order to increase communication and provide information to parents, students and the community about classroom and student activities as well as instructional resources. To be considered authorized by the School District, teacher Web pages must be developed in accordance with this regulation using resources consistent with the District's Web presence.

The following guidelines apply to all teacher Web pages developed by District teachers or staff and housed within Web sites authorized by the District. All information must be in compliance with District policies, regulations, and Web standards.

Content Integrity

- a) All subject matter on the Web pages and their links must relate to:
 1. Curriculum and instruction;
 2. District authorized activities and services;
 3. Information about the School District or its mission.
- b) Safety – Information about students and staff posted on a teacher Web page should be general in nature. Do not use students' full names on the Web. Also, for example, do not give specific locations and times when listing a field trip or activity. Remember that this information is public for anyone to access.
- c) Always refer to our organization by using its proper name, Rocky Point Union Free School District.
- d) ~~To reduce the possibility of spam, use broken e-mail addresses that do not automatically create a link.~~

- e) Confidential information regarding students, staff, or the organization may not be posted on teacher Web pages.
- f) Treat your audience with respect. Avoid any objectionable language, and use proper grammar and spelling at all times.
- g) No individual or outside organization will be permitted to publish personal Web Pages as part of the District/school/classroom Web Page(s).
- h) Internet access for the creation of Web Pages is provided by the District and all information must be reviewed by the Superintendent of Schools or his/her designee.
~~prior to publishing it on the Web.~~
- i) Personnel designing information for the Web Pages must familiarize themselves with and adhere to District standards and procedures. Failure to follow District standards or responsibilities may result in disciplinary sanctions in accordance with law and/or the applicable collective bargaining agreement.
- j) The District shall provide general training on relevant legal considerations and compliance with applicable laws and regulations including copyright, intellectual property, and privacy of student records as well as relevant District procedures to those staff members and students who are allowed to develop or place material on the District/school/classroom Web Page(s).

Content Standards

- a) Approval for posting a Web Page must be obtained from the Superintendent or his/her designee(s). If at any time, the Superintendent of Schools or his/her designee believes the proposed material does not meet the standards approved by the District, it will not be published on the Web. Decisions regarding access to active Web Pages for editing content or organization will be the responsibility of the Superintendent/designee(s).
- b) A Web Page must be sponsored by a member of the District faculty, staff or administration who will be responsible for its content, design, currency and maintenance. The sponsor is responsible for ensuring that those constructing and maintaining the Web Page have the necessary technical training and that they fully understand and adhere to District policies and regulations. The Web Page must include the name of the sponsor.
- c) Staff or student work should be published only as it relates to a school/classroom authorized project or other school-related activity.

- e) An authorized teacher who is publishing the final Web Page(s) for himself/herself or for a student will edit and test the Page(s) for accuracy of links and check for conformance with District standards and practices.
- f) A disclaimer statement about the content of Web Pages must be part of individual sites:

Example: "The District has made every reasonable attempt to ensure that our Web Pages are educationally sound and do not contain links to questionable material or material that can be deemed in violation of the School District's Standards and Guidelines for Web Page Publishing Policy."
- g) Commercial advertising or marketing on the District/school/classroom Web Page(s) (or the use of school-affiliated Web Pages for the pursuit of personal or financial gain) shall be prohibited unless otherwise authorized in accordance with law and/or regulation. Decisions regarding Website advertising must be consistent with existing District policies and practices on this matter. School-affiliated Web Pages may mention outside organizations only in the context of school programs that have a direct relationship to those organizations (e.g., sponsorship of an activity, student community service project).

- j) All Web Pages must be approved through the designated process before being posted to the District/school/classroom Websites.
- k) All staff and/or students authorized to publish material on the District/school/classroom Web Page(s) shall acknowledge receipt of the District's Web Page Standards and agree to comply with same prior to posting any material on the Web.

Release of Student Education Records/Directory Information

Release of Student Education Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information contained in student education records, **other than student directory information**, only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that such signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates such person's approval of the information contained in the electronic consent.

Student Directory Information

Per FERPA, Districts must publish an annual public notice informing parents or eligible students of their right to refuse the release of student directory information and indicating a time period for their response. Following such public notice and a reasonable response period, the District may release such information to an outside group without individual consent.

Parental/Eligible Student Consent Required and Privacy Concerns

Written parental/eligible student consent shall be obtained by the District before education records or personally identifiable information contained therein is released to any party unless:

- a) Such release is authorized by the Family Educational Rights and Privacy Act, or its implementing regulations;
- b) The information released is "directory information" as designated by the District in accordance with FERPA. The District shall provide parents and eligible students with annual notification of their rights under FERPA and designation of directory information (i.e., disclosure of personally identifiable information contained in student records);
- c) For anything not specifically designated as "directory information" by the District, the District must receive a "signed and dated written consent" from the parent/eligible student prior to releasing such information (unless otherwise authorized per FERPA);
- d) However, even if student photographs are designated as directory information per FERPA, due to privacy and safety concerns, **the District requires specific affirmative written parent/eligible student consent prior to posting student photographs on District/school/classroom Web Pages.** Whenever possible, group photographs of students

and/or the use of photographs where the student is not easily identifiable is preferable to the use of individual student photographs for safety reasons;

- e) Web Pages **shall not** include a student's full name, telephone number, address, e-mail address or post such information of other family members or friends. Posting of student names will be limited to first name only. Permission forms from parents are strongly suggested;
- f) Online posting of building layouts, school bus schedules, inclement weather bus stops, and/or other specific activity schedules detailing dates/times/locations (e.g., field trips) is prohibited on school-affiliated Websites, **without the authorization of the Superintendent**, as such information ~~can~~**may** pose risks of child abduction or other security concerns. Password protected Websites may be authorized by the Superintendent/designee.

Staff Use of Computerized Information Resources**Use of Copyrighted Materials and "Fair Use" Exceptions/Intellectual Property and Works Made for Hire****Fair Use of Copyrighted Materials**

All employees and students are prohibited from copying materials not specifically allowed by the copyright law, "Fair Use" guidelines, licenses or contractual agreements, or the permission of the copyright proprietor. Web Page publications must include a statement of copyright when appropriate and indicate that permission has been secured when including copyrighted materials or notice that such publication is in accordance with the "Fair Use" provisions of the Copyright Law.

Pursuant to Section 107 of the Copyright Law ("Fair Use" provisions), the use of copyrighted material for criticism, comment, news reporting, teaching, scholarship, or research may be permitted under certain circumstances. It is the intent of the Board of Education to abide by the provisions of the United States Copyright Law (Title 17 United States Code (USC) Section 101 et seq.) (Board Policy #8350)

Generally, ~~you cannot post a copy of any~~ copyrighted materials **may not be posted** on your Web site without the copyright owner's permission. Merely acknowledging the source of the copyrighted material is *not* a substitute for obtaining this permission. Materials that may be subject to copyright include photographs, logos, music, videos, cartoons, drawings/paintings/graphs/charts/animation, articles, and other Web pages.

Teachers and staff should assume that any such materials, even if found on the Internet and even in the absence of the © symbol or other copyright notice, are subject to copyright.

Instruction

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)

- a) Under certain limited circumstances, teachers are authorized to use portions of copyrighted works in traditional classroom settings under the doctrine of "fair use," without specific permission. However, a copy of a copyrighted work placed by a teacher on a Web site is less likely to be seen as a "fair use" of that work. Therefore, reliance on considering such use on a Web site as "fair use" should be avoided.
- b) Generally, links to copyrighted resources available elsewhere online may be created as long as the link merely directs the user to another site and does not cause a copy of the copyrighted work to be created and stored on District sites or Web servers. Include link disclaimer language:
- c) The District has made every reasonable attempt to ensure that our Web pages are educationally sound and do not contain links to questionable material or material that can be deemed in violation of the School District's Standards and Guidelines for Web Page Publishing Policy.
- d) These links are provided for your information and convenience. By clicking on a link you will be leaving the School District's Web site. Please be aware that, while we make every effort to evaluate all the sites to which we link, we cannot endorse nor be responsible for the content provided on these sites. Surf Safely!
- e) Framing (displaying another site's Web page within the District's Web page design) is not permitted. Your link must create a separate Web page to appear.
- f) Students are the copyright owners of their own work. You must get the written permission of the student, as well as his or her parent, to post a copy of a student's work on your Web pages.

Additional Guidelines for the Use of Photos and Images

- a) Written parental permission or permission from an "eligible" student (one who is eighteen years of age or older or who is attending an institution of post-secondary education) must be obtained before posting photos of students on the Web site under any circumstances, even if the students are not identified on the Web site by name. This includes students whose parents who may have otherwise "consented" to the use of their child's photo in other contexts by not "opting out" of designation of their child's photo as directory information under FERPA.
- b) When uploading a file containing an approved photo, please make certain the file name does not list students' names (ex.: SallyMae.jpg). If it does, please re-save the photo using another generic description to then upload onto the Web. Students' names could be inadvertently shared, accessed as part of the image's code, if not corrected.
- c) Photos of individual students or staff are not recommended for security reasons. Group pictures make it harder to identify a specific person in the photo.

(Continued)

Instruction

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)

- d) When using the School District logo, use only the standard logo and do not modify it in any way. When using the logo of another organization, you must get permission in writing first.
- e) You may only use images on your Web page with the permission of the copyright owner, unless the image is from a source that specifically grants permission for such use. You cannot scan material from a book and paste it onto your Web page. Handouts created by anyone but you cannot be posted on the Web page. Clip art may be used if from a source that grants permission for such use.

Intellectual Property/ Works Made for Hire

All works completed by employees as part of their employment shall be considered "works made for hire" as described in the United States Code Annotated, Title 17, Copyrights to the extent permitted by law. This determination includes, but is not limited to, the following activities:

- a) Work prepared by an employee within the scope of his/her employment, whether tangible or intangible;
- b) Work specifically ordered or commissioned for use as a contribution to a collective work, as enumerated in law.
- c) Any work created within the scope of such a relationship will be considered a work made for hire when a regular employment relationship exists.
- d) Work covered under this policy is the property of the School District, not the creator of such work. The District shall own any and all rights to such works, or derivatives thereof, unless there is a written agreement to the contrary.

Student Work

Students are the copyright holders of their own original work. The District must receive written permission from both the parent and the student prior to publishing students' original work on the District/school/classroom Websites.

Google Docs, Microsoft Office Live/Sky Drive, Blogs, Podcasts and Vodcasts

In addition to or as part of a teacher Web page, teachers may choose to create blogs to engage students in effective dialogue on selected topics. They may choose to create or make available podcasts or vodcasts for instructional purposes as well. Teachers and staff are encouraged to utilize Web 2.0 communications tools such as Google Docs, Microsoft Office Live, blogs, podcasts and vodcasts that are developed and/or used in accordance with this regulation using resources provided by and hosted on sites consistent with the District's Web presence.

(Continued)

Instruction

**SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING
AND THE USE OF WEB 2.0 AND 3.0 TOOLS (Cont'd.)**

Teachers who use interactive Web 2.0 and greater tools including blogs, podcasts or vodcasts as instructional tools should remember that their content may be viewed by anyone who has the ability to access the Web site on which the blog, podcast or vodcast is located. Blogs, podcasts and vodcasts should be reserved for classroom use only and must be "locked," so as not to allow the general public to post their comments, thus keeping your learning project on task. In addition, the District requires that all blogs developed pursuant to this regulation be monitored by the teacher or staff member. Therefore, teachers and staff members are not authorized to use the "unmoderated" option when setting up a blog.

Teachers and staff members are responsible for the content of Web 2.0 tools, instructional blogs, podcasts and vodcasts that they create. These 21st century tools will be monitored in the same manner as teacher Web pages. Inappropriate material may not be posted by staff or students. If inappropriate content is found, it will be removed immediately and notification will be made to the teacher or staff member who created the blog, podcast or vodcast. Appropriate disciplinary action may be taken.

The information above on content integrity, copyright and use of images and photos on teacher Web pages also applies to all Web 2.0 communication tools including, but not limited to, blogs, wikis, podcasts and vodcasts.

Blogs, podcasts and vodcasts should be used to enhance learning, and topics for those online presentations should align with the curriculum. Controversial topics may be addressed using these tools in accordance with Board policy and administrative regulations. Blogs, podcasts and vodcasts can be used to share the exciting and creative curriculum-based activities experienced by our staff and students.

Applicable Policy and Regulation

All development and use of teacher Web pages and Web 2.0 communication tools such as blogs, podcasts and vodcasts shall be subject to any other applicable Board policies and regulations regarding the use of the DCS.

Student Free Speech Issues (School-sponsored Publications)

In general, School Districts can exercise editorial control over the style and content of student expression in school-sponsored publications, theatrical productions, and other expressive activities that students, parents and members of the public might reasonably perceive to bear the imprimatur of the school.

However, the school's actions in such a case must be reasonably related to legitimate pedagogical concerns and may not amount to viewpoint discrimination.

The Plant Facilities Administrator and his/her designees are designated to notify individuals who smoke in a non-smoking area that they are in violation of the New York State Public Health Law, Education Law, the federal Pro-Children Act of 1994 and District policy.
