Rachel Joy Scott, for whom the program is named after, was a high school student and first victim of the Columbine High School tragedy in 1999. Since then, Rachel's family has put together this powerful program to share Rachel's message of caring, compassion, and kindness, and how one good deed can cause "a chain reaction." This program includes two student assemblies and a training session for student influencers (leaders). Rachel's Challenge is more than a one day event; students are involved before and after through curriculum-based lessons as well as the integration of Rachel's message into our Friends of Rachel Club. After accumulating several tickets, students can cash their tickets in for a variety of prizes, including a cafeteria line "fast pass" or the right to choose the music played over the public address system between periods. In an effort to display and store the various PRIDE rewards, the committee determined that a prize cart, located in the main lobby, would best showcase this program. 2. Ensuring proper approval of all purchases; checking that purchases constitute legal expenses of the school district
3. Determining that purchase orders have been issued in accordance with Board of Education policy, and applicable state laws

Members of the Board:

I am writing this request in response to a recent phone conversation with Susan Wilson, the Executive Director for Education Services RPUFSD. It was brought to my attention that there is an issue with my children being enrolled in the Rocky Point School District for the past school year. There is also an issue with a request for services rendered by St Anthony's H.S. where my daughter Emily is a freshman. I am therefore requesting that they are allowed to finish the 2014-15 school year enrolled within the district and have the request for services mitigated due to the following circumstances.

I am a current homeowner and tax payer in the RPUFSD, and have been since 1997. My children and I are all involved within the community through the schools and many extracurricular activities as athletes, coaches, and sponsors. During the summer of 2014 my former wife Barbara, the mother of Emily, Christopher, and Andrew passed away suddenly due to complications from cancer. At the time of her death, she was residing at 8 Old Orchard Ct, Rocky Point, with my three children who were raised there since birth. Concurrently, I was living in my own home in Wading River with my current wife Nancy. After our own careful consideration and advice from child psychologists Dr. Deanna Walsh and Dr. Brianna Fava, we decided to keep the children in Rocky Point during their time of grief. My mother agreed to help us with the children for the school year and stay at our home in Rocky Point to help with scheduling issues. There was overwhelming support for this decision from our family and many friends within the Rocky Point community. Everyone involved felt it was important not to change anything else in their lives at that point in time. To quote Dr. Fava, "it is in the best interests of the children to be in a stable and familiar environment during their time of duress and throughout the grieving process."

I am certain the board members would agree that keeping the children in that familiar environment was in fact the proper decision. To be around educators, coaches, and community members who are familiar with them, and can spot adjustment issues based on past behavior was a key element in the decision. This whole situation has been nerve wrecking for them and they have pulled through it wonderfully. Their grades have been outstanding as well as their involvement in activities and sports within the district. I hope and trust that this request meets no resistance for the sake of my three children. It is not a cost factor for any of them to remain there or have services paid for because I am paying taxes on my home within the school district. There were absolutely no wrongful intentions behind this decision. The only intent was to keep the children grounded and as stable as possible while being around people they were familiar with so they could continue to prosper as they have in the past.

Thank you for your time and consideration regarding this matter. Any further documentation or questions can be referred to Mr. Steven Bardak. My contact information is as follows: 631-873-6817 or stevenbardak@yahoo.com.

Respectfully,

A handwritten signature in black ink, appearing to be "S. Bardak". The signature is written in a cursive style with a large initial "S" and a long horizontal stroke at the end.

Re: RFP#: R16-01- Internal Auditing Services

As a member firm in the Private Companies Practice Section of the American Institute of Certified Public Accountants, we have recently undergone a peer review of our Firm's quality control procedures in rendering professional services. We are proud to announce that the results of our peer review were exceptional, as we received both an unqualified opinion on our Firm's quality control procedures, as well as no "letter of comment". This represents the fifth consecutive peer review in which our Firm attained this highest quality rating. Our Firm is also a member of the American Institute of Certified Public Accountants and the New York State Society of Certified Public Accountants. Additionally, individuals of our Firm are members of the Association of Certified Fraud Examiners, an organization whose mission is to educate and train professionals in the specialty areas of forensic accounting and investigative auditing and the Institute of Internal Auditors an organization committed to education and excellence in internal auditing.

OUR APPROACH TO PROVIDING SERVICES

No two organizations are the same. Each has specific needs and requirements when it comes to their internal auditing professionals. We pride ourselves on tailoring a plan for providing services to each client situation. The following is an overview as to how we would approach this engagement:

- (1) ***Communications*** - We believe it is important for an organization to maintain a continuous exchange of ideas with its internal auditing firm. We intend to maintain an ongoing dialogue with the District throughout the year to provide more timely input to current events and avoid any year-end "surprises" which may have audit and reporting consequences.
- (2) ***Responsiveness*** - The District's internal audit firm should be sensitive to its needs and respond to its questions or concerns on a timely basis. We recognize the importance of follow-up and assure you that we will do everything possible to provide you with easy access to our Firm and immediate action in responding to your needs and questions.
- (3) ***Creativity*** - The District should expect its internal auditors to provide ideas and suggestions to improve its internal controls and maximize effectiveness of such controls. As part of our internal audit services planning ideas and suggestions would be brought to your attention.
- (4) ***Efficiency and Timeliness*** - The internal audit services provided for the District should be well planned, efficiently executed and completed on a timely basis. Upon appointment, we would meet with you and develop an effective plan in order to address all of your requirements with minimum disruption to your operations.

Re: RFP#: R16-01- Internal Auditing Services

We have designed our internal audit services to meet the “Internal Audit Function” standards that have been identified by the Comptrollers office. The standard as identified within the 2005 School Financial Oversight and Accountability Legislation – Implementing the Comptrollers “5 – Point Plan” includes:

- * Risk assessment, including review of policies/procedures and testing of internal controls
- * Annual review and update of risk assessment
- * Provide reports to the Board of Education, which includes summary of findings and recommendations for improvement.

As we continue to serve as the District’s internal auditor, the District will benefit from cost effectiveness and efficiencies of Nawrocki Smith updating the annual risk assessment which will identify and assess where the District has potential risk and also serve as the internal audit plan into the future.

Our previous risk assessment reports include a grid which outlines functional areas along with sub-categories in which we rate the risk in each area based upon the work performed. The areas continuously assessed and rated as part of our on-going internal audit approach consist of:

- Accounting and Reporting
- Benefits
- Extraclassroom Activity Funds
- Facilities
- Fixed Assets
- Food Service
- Grants
- Governance & Planning
- Human Resources
- Information Technology
- Payroll
- Pupil Personnel Services
- Purchasing and Accounts Payable
- Revenue and Cash Management
- Transportation

Re: RFP#: R16-01- Internal Auditing Services

Our evaluation within each of the above functional areas consists of:

- a. Interviewing and documenting the current business process in the functional area
- b. Analyzing the effectiveness, efficiency and segregation of duties
- c. Identifying potential weaknesses and areas of improvement, if any
- d. Recommending and discussing enhancements to the business process
- e. Assisting in the implementation of such enhancements, if any
- f. Testing the enhanced internal controls

The output of the evaluation, as noted above, will be an improved internal controls structure within each functional area. These internal controls will be documented for the District in our report to the Board inclusive of flow charts illustrating the detailed controls and key controls.

Key Control Internal Audit Services – Key Control Assessment

Nawrocki Smith provides Internal Audit Services each year to Key Controls within the Business Office in the following areas:

- a. Review of the Claim Audit function
- b. Review of journal entries and wire transfers
- c. Vendor address review
- d. Compliance with Investment Policy
- e. Review overtime and stipends
- f. Review payroll registers and salary notices
- g. Review of Bank Reconciliations and Treasurer's reports
- h. Conduct fixed asset verification
- i. Review of Extraclassroom Activity Accounts
- j. Vendor address analysis
- k. Other areas as identified, requested and outlined within the RFP

Internal Audit of Other Identified Risk Areas

While performing internal audit services for the District, other areas of risk may come to our attention or to the attention of the Business Office and/or the Board of Education. In our experiences at other School District clients such related areas requiring internal audit services have included:

Sensory/Behavioral Classroom Consultation Program:

This consultation program was developed in order to provide classroom teachers with the appropriate support system in dealing with sensory and behavioral issues that impact on learning. An OTR sensory and/or behavioral specialist will initially provide a sensory/behavioral classroom consultation by pushing into the classroom for a one hour visit taking note of the classroom organization and layout and any environmental distracters on the walls, desks, shelves, and/or floor. The specialists will also take note of the desk layout and position of the teacher in relation to the students. The specialist will observe all the students looking for any antecedent behaviors or triggers that elicit "problem behaviors". Once the initial observation has been completed a report is generated with recommendations for environmental changes and layout of the classroom. During the same visit in that classroom, the specialist(s) will screen to identify any student presenting as "at risk". If a student(s) are identified as "at risk" additional sensory/behavioral student consultation visit can be scheduled with the specialist to discuss and review a plan of recommendations specifically designed for that student. This includes: completing a Function Behavior Assessment (FBA), behavioral strategies and/or a sensory diet to assist with any "problem behaviors" identified by teacher interview and/or classroom observations. A third visit will be conducted once the student(s) have been identified, a FBA is completed, teacher interview conducted and a behavioral plan needs to be put in place. Additional visits may be requested for individual student(s) at an individual consultation rate basis (please see below).

Sensory/Behavioral Classroom Consultation Program:

This consultation program was developed in order to provide classroom teachers with the appropriate support system in dealing with sensory and behavioral issues that impact on learning. An OTR sensory and/or behavioral specialist will initially provide a sensory/behavioral classroom consultation by pushing into the classroom for a one hour visit taking note of the classroom organization and layout and any environmental distracters on the walls, desks, shelves, and/or floor. The specialists will also take note of the desk layout and position of the teacher in relation to the students. The specialist will observe all the students looking for any antecedent behaviors or triggers that elicit "problem behaviors". Once the initial observation has been completed a report is generated with recommendations for environmental changes and layout of the classroom. During the same visit in that classroom, the specialist(s) will screen to identify any student presenting as "at risk". If a student(s) are identified as "at risk" additional sensory/behavioral student consultation visit can be scheduled with the specialist to discuss and review a plan of recommendations specifically designed for that student. This includes: completing a Functional Behavior Assessment (FBA), behavioral strategies and/or a sensory diet to assist with any "problem behaviors" identified by teacher interview and/or classroom observations. A third visit will be conducted once the student(s) have been identified, a FBA is completed, teacher interview conducted and a behavioral plan needs to be put in place. Additional visits may be requested for individual student(s) at an individual consultation rate basis (please see below).

Sensory/Behavioral Classroom Consultation Program:

This consultation program was developed in order to provide classroom teachers with the appropriate support system in dealing with sensory and behavioral issues that impact on learning. An OTR sensory and/or behavioral specialist will initially provide a sensory/behavioral classroom consultation by pushing into the classroom for a one hour visit taking note of the classroom organization and layout and any environmental distracters on the walls, desks, shelves, and/or floor. The specialists will also take note of the desk layout and position of the teacher in relation to the students. The specialist will observe all the students looking for any antecedent behaviors or triggers that elicit "problem behaviors". Once the initial observation has been completed a report is generated with recommendations for environmental changes and layout of the classroom. During the same visit in that classroom, the specialist(s) will screen to identify any student presenting as "at risk". If a student(s) are identified as "at risk" additional sensory/behavioral student consultation visit can be scheduled with the specialist to discuss and review a plan of recommendations specifically designed for that student. This includes: completing a Function Behavior Assessment (FBA), behavioral strategies and/or a sensory diet to assist with any "problem behaviors" identified by teacher interview and/or classroom observations. A third visit will be conducted once the student(s) have been identified, a FBA is completed, teacher interview conducted and a behavioral plan needs to be put in place. Additional visits may be requested for individual student(s) at an individual consultation rate basis (please see below).

Sensory/Behavioral Classroom Consultation \$150 per hour

Sensory/Behavioral Classroom Consultation Program:

This consultation program was developed in order to provide classroom teachers with the appropriate support system in dealing with sensory and behavioral issues that impact on learning. An OTR sensory and/or behavioral specialist will initially provide a sensory/behavioral classroom consultation by pushing into the classroom for a one hour visit taking note of the classroom organization and layout : any environmental distracters on the walls, desks, shelves, and/or floor. The specialists will also take note of the desk layout and position of the teacher in relation to the students. The specialist will observe all the students looking for any antecedent behaviors or triggers that elicit "problem behaviors". Once initial observation has been completed a report is generated with recommendations for environmental changes and layout of the classroom. During the same visit in that classroom, the specialist(s) will seek to identify any student presenting as "at risk". If a student(s) are identified as "at risk" additional sensory/behavioral student consultation visit can be scheduled with the specialist to discuss and review a plan of recommendations specifically designed for that student. This includes: completing a Functional Behavior Assessment (FBA), behavioral strategies and/or a sensory diet to assist with any "problem behaviors" identified by teacher interview and/or classroom observations. A third visit will be conducted once the student(s) have been identified, a FBA is completed, teacher interview conducted and a behavioral plan needs to be put in place. Additional visits may be requested for individual student(s) on an individual consultation rate basis (please see below).

Differentiated Instruction and Learning Strategies Professional Development Trainings can be done in conjunction with one another or can be separated into individual professional development trainings based on the District's needs.

Differentiated Learning: **\$500.00**

AAK's Professional Development Training for Differentiated Learning provides District teachers/staff with 2.5 hours of lecture/presentation, as well as a 1 hour follow-up meeting for any additional classroom/teacher support that may be needed.

This Professional Development Training trains District teachers/staff to maximize their student's learning regardless of skill level or background and focuses on helping teachers to identify and utilize the best teaching practices and strategies to create different avenues that respond to the needs of diverse learners. The training also takes into consideration that students vary in their interests, academic abilities, learning styles, personalities, background knowledge, and levels of motivation for learning. Role playing techniques will be incorporated to provide "real world" scenarios that can be applied to the classroom setting, and as a result of the training the District's teachers/staff will be able to:

- Open up learning opportunities for all students by offering varied learning experiences
- Utilize evidence-based best practices into meaningful context for learning
- Understand and use assessment as a critical tool to drive instruction
- Utilize new instructional strategies and receive reinforcing techniques that help teachers focus on essentials of curriculum

Learning Strategies: **\$500.00**

AAK's Professional Development training in Learning Strategies for District teachers/staff offers 2.5 hours of lecture/presentation, as well as a 1 hour follow-up meeting for any additional classroom/teacher support that may be needed. This Professional Development Training will focus on Learning Styles and Strategies for Auditory, Visual, and Tactile-Kinesthetic Learners. As part of the training role playing techniques will be incorporated to provide "real world" scenarios that can be applied to the classroom setting.

Strategies will build on a student's strengths and develop a confidence in their abilities to acquire knowledge. As a result of this training the District's teachers/staff will be able to:

- Identify a student's strengths in learning styles.
- Incorporate an appropriate teaching technique for each student.
- Learn how to develop a multi-sensory lesson plan incorporating all learning styles to teach in a group setting.
- Help student's identify what type of learning style or styles they respond to the best.

Long Island School Nutrition Directors Cooperative Bid ANNUAL MEMBER REQUIREMENTS

for participation in the Long Island School Nutrition Cooperative Bid. 2015-16 School Year

- ☞ This agreement is to be signed annually by all participating school districts and submitted with BOE resolution on or before September 1.
- ☞ Every District must be a member in good standing of the Long Island School Nutrition Directors Association and have a School Lunch Manager or Director operating their program. Membership is \$150.00 per year for the LISNDA.
- ☞ Districts participating in the bidding process must remit \$500.00 (350.00 for website, \$150.00 for cooperative advertising) by September 1, to the Cooperative Treasurer, for the bidding program that is used to organize and analyze our bids. This includes attorney fees and advertising fees. (Please remit when invoice is received, do not send prior to July 1, 2015)
- ☞ A member from each district must work on at least one bid, to assist the cooperative in meeting its goal of competitive and fair bidding. This requires that members step up and take active roles in organizing, preparing, distributing and analyzing bids, as is necessary.
- ☞ There are several **MANDATORY** meetings each year, which must be attended by a representative of the school district. If a district is not represented at these meetings, without prior acceptable notification to the Bid Chair, they will be unable to participate in the bid cycle for that period.
- ☞ Districts must provide yearly, by September 1, a Board approved Resolution, granting the district permission to participate in the cooperative and authority for the Coop to recommend bid awards to the Board. This resolution is passed at the reorganization meeting in school districts, however, **you** are responsible for getting it approved and submitted by September 1 of each year, to the Cooperative Secretary. If the resolution is not received, the district will not have access to bid prices for one year.
- ☞ Districts must provide the names and addresses of the Food Service Director and the Assistant Superintendent of their district. In addition, they must have email or the ability to access email, as much correspondence in the coop is done via email. If district's email or address changes, the district must notify the Cooperative Coordinator and Secretary.

- ☞ It is the district's responsibility to stay involved with other cooperative members to remain aware of dates, requirements, etc. This includes and is not limited to bid development, item specifications, district needs in terms of volumes, deliveries, etc. All established timelines must be met. If any are not met the district forfeits bid participation for that period and/or maybe assessed an additional fee up to \$2,000 for covering cost to complete tasks assigned and not done in a timely fashion. The fee will cover the cost of personnel and time to complete the original task.

- ☞ It is also the district's responsibility to submit the bids to their board of education for award and approval to conduct business with recommended vendors.

SUBJECT: DISTRICT WELLNESS POLICY

The purpose of a Wellness Policy is to assist the Board of Education, Administration, and District Staff to support student achievement by creating a healthy school environment, as well as encourage students to make healthy choices.

In 2004 the United States Congress passed The Child Nutrition and WIC (Women, Infants, and Children) Reauthorization Act. This Federal Public Law (Pl 108.265 Section 204) requires school districts with federally funded food service programs to develop and adopt a Wellness Policy that addresses the nutritional and physical activities of their students. School districts must comply with this mandate by the start of the 2006-2007 school year beginning July 1. As districts develop their own specifically tailored Wellness Policy, they should receive input from their stakeholders, parents, students, school board members, school food service professionals, school administrators, licensed professionals, and the community. The law requires each school district to develop a Wellness Policy that includes references to nutrition and childhood obesity.

It is understood that children should have access to healthy foods, the opportunity to be physically active, and the opportunity to achieve personal success so that they can strive to become responsible citizens of our communities. It is commonly accepted that overall wellness improves student attendance, which in turn can improve a child's ability to learn.

Through the legislation cited above, the school community has been charged with aiding parents in being responsible for the overall health and well-being of their children. It is now predicted that the current generation of students will be the first to see a decline in their life expectancies compared to that of their parents. It has been reported that obesity rates are on the rise. It appears that physical inactivity and increased caloric intake are the predominant causes for this alarming trend. At the current time, it has been reported that heart disease, cancer, stroke, and diabetes are responsible for two-thirds of the deaths in the United States. The major risk factors for these diseases – unhealthy eating habits, physical inactivity, and obesity – are often established in a child's formative school years.

Whereas, children need access to an environment that encourages the practice of eating healthy foods and participating in life-long physical activities in order to grow, learn and thrive;

Whereas, health eating, adequate physical activity and better health enhances optimal student attendance and learning;

Thus, the Rocky Point Union Free School District is committed to providing school environments that educate and protect children's health, well-being, and ability to learn through healthy eating and physical activity. Therefore, it is the policy of the Rocky Point Union Free School District that:

A public school cannot sell or serve soda or candy of any type in the student store or from a machine located **anywhere there is student access** in the building before the school day officially ends.

~~In a non-public school, the only time foods of minimal nutritional value are not allowed to be sold to students is during the lunch period; the food service area is the only location that they may not be sold.~~

CURRENT Rocky Point UFSD Mentor Plan

Those having torches will pass them on to others.

Plato, The Republic

The origin of the term “mentor” dates to the time of Homer, specifically to *The Odyssey*. Homer describes his hero, Odysseus, preparing to set out on an epic voyage, though his son, Telemachus, must remain behind. Odysseus asks a trusted friend, Mentor, to guide and counsel Telemachus in his absence. From this ancient literary figure, mentor has come to mean one who helps guide a protégée through a developmental process, whether that process be the transition from childhood to adulthood or from student to professional. Because of the complexity of this task, mentors are considered to be teachers, counselors, friends, role models, and more.

The benefits derived from working closely with a mentor are great. “The condition of not knowing is common to beginning teachers. No matter how extensive the beginner’s pre-service education, beginning teachers are faced by and accountable for or to – sometimes it is not clear which - unknown students, teaching colleagues, administrators, university supervisors, and parents. In the midst of so many strangers, it is difficult to know to whom to turn or where to begin. In addition, the school and community environments have norms and rituals that to most probably are new and strange. The large number of factual and procedural unknowns can send the beginning teacher into a state of shock wherein it becomes impossible to transfer previously mastered concepts and skills from the university to the public school classroom” (Corcoran 1981). The increased demands on teachers have only exasperated this situation for beginning teachers.

Purpose

The purpose of the Rocky Point Union Free School District’s Mentor Plan is to provide structured guidance and on-going support for first-year teachers. In conjunction with the Professional Development Plan, the Mentor Plan will give support to new teachers in meeting the demands of higher instructional standards, guide them to implement best practices, provide for professional sharing, growth, observations, discussions, and model the belief that educators must be life-long learners. Congruent with the school district’s goals, the Mentor Plan will also help to improve student achievement through more effective instruction, incorporate technology as a learning/instructional tool and provide tools to the new teacher for increased communication with all stakeholders.

Scope

Mentoring will be provided to all first-year teachers with an initial or transitional certificate.

Intended Outcomes

- Provide guidance and support to first-year teachers
- Assist new teachers transitions from preparation to practice
- Facilitate assimilate of new teachers into the culture of the school and district
- Familiarize the mentees with the district and building resources
- Improve instruction for students and insure that instruction is aligned with the New York State Standards
- Increase the rate of new teacher retention
- Create a professional learning culture

Mentor Selection Criteria

- Tenured teachers
- Evidence of superior teaching abilities, mastery of pedagogical and subject area skills as demonstrated by formal observations, performance reviews, participation in staff development projects, achievements and teacher leadership roles

- Effective interpersonal skills as evidenced through administrative, peer and community relationships
- Ability to allow the mentee to develop his/her own effective teaching style
- Willingness and time to serve as a mentor
- Active member of the Rocky Point school community
- Proficiency/knowledge in technology integration
- A model of life-long learning
- Certification areas will be a primary consideration

Role of the Mentor

Mentors will function as the partner, support system and guide to their mentees. The primary objective is to establish a nurturing and trusting relationship, which will allow the mentee to be open and reflective about his/her professional growth needs and for the mentor to present supportive ideas in a non-threatening atmosphere. The mentor will not evaluate the mentee and interactions between the mentee and mentor will not be used in any evaluative manner. All participants will respect the confidentiality of the mentor-mentee relationship.

The possibility exists for one full time mentor per building.

Activities of the mentor may include but are not limited to:

- Assisting the mentee in setting goals
- Modeling effective instruction
- Assisting with effective lesson planning
- Assisting the mentee in assimilating into the culture of the building and district
- Guiding the mentee in the areas of classroom management, scheduling, planning and organization
- Providing guidance, methodology and teaching strategies such as cooperative learning, differentiating instruction, integration of technology, multiple intelligences, classroom management techniques, standards based instruction, inclusion groups, etc.
- Participating in training activities and collegial circles
- Participating in regular meetings with the mentee to provide support, guidance and coaching
- Maintaining an open door policy for the mentee to visit the mentor's classroom
- Modeling effective teaching practices as outlined in Danielson's *Enhancing Professional Practice: A Framework for Teachers*
- Engaging in collaborative needs assessment of the mentees pedagogical knowledge and experience
- Assisting in the collaborative establishment of goals and activities for the mentoring experience
- When possible, attending with the mentee staff development conferences
- Providing collaborative consultation on the mentee's lesson and unit planning
- Providing opportunities for the mentee to become familiar with resources, building and organizational structure, and support systems available in the district
- Assisting the mentee with parent contact/conferences
- Assisting the mentee with fieldtrips

Development of District Needs Assessment

- Determine the scope and depth (topics to cover) of training (1-2 days)
- Assess the amount of training or skills already in place
- Identify the internal and external resources available
- Determine when training will be provided
- Include prospective mentors in the training

- Activities should be researched based in the areas of instructional strategies and classroom management
- Log of activities and dates will be maintained by the mentor and mentee

Compensation

- In-service credit for the mentor, stipend, compensation for before or after school meetings

Time to Perform Mentor Activities

- Before and/or after school, team meeting time, release time, Superintendent's Conference Days, Superintendent's Meetings, building, departmental and grade level meetings

Record Keeping

- Mentor and mentee will complete a weekly activity log with topics and times listed

- The mentor program will be jointly reviewed by the teaching and administrative staff through the PDP

Problem Resolution Mechanism

- Concerns will be brought to the attention of the president of the Rocky Point Teacher's Association president who will ameliorate the situation and may present problems to the PDP committee chairperson for resolution.

Claim#: RP 13-0004

Dear Mr. Hilton:

This will supplement ours of May 13, 2015 with respect to the above captioned matter. Since our last report of May 13, 2015, defense counsel received a revised demand of \$8,500.00 down from the previous demand of \$18, 500.00 to settle the claim.

Given the fact that HCC Public Risk the excess carrier for Rocky Point Union Free School District requested that the claim be settled within the Self-Insured Retention of \$15,000.00, and the fact that the settlement amount of \$8,500.00 fell within the Self-Insured Retention, we instructed defense counsel to settle the claim.

Please be advised we recently received an e-mail from defense counsel at Sokoloff Stern indicating that they had settled the claim for \$8,500.00. As a result, at this time we are requesting the Rocky Point UFSD Board authorize the settlement amount of \$8,500.00 as soon as possible.

At this time we are awaiting the closing paperwork including a release from defense counsel and plaintiff's counsel with respect to the \$8,500.00 settlement. Normally, once a claim is settled according to NYS Law one would have 21 days to issue the payment. As a result, we are requesting the settlement authority from your board preemptive of the receipt of the full settlement and release.

In the meantime if you should have any questions regarding this report or would like to discuss further, please feel free to contact the undersigned at your earliest convenience.

Very truly yours,
CLAIMS SERVICE BUREAU OF NEW YORK INC.

AGREEMENT, made as of _____, 2015, by and between the Board of Education of the Rocky Point Union Free School District, Suffolk County, New York (hereinafter the “Board”), and Paul Martinez (hereinafter the “Director of Facilities III”).

WITNESSETH:

WHEREAS, the Board desires to employ Mr. Martinez as Director of Facilities III; and

WHEREAS, the parties believe that a written contract specifying the terms and conditions of employment shall promote effective communication and true understanding between the parties; and

WHEREAS, the parties have mutually agreed upon the following terms and conditions relative to Mr. Martinez’s employment by the Board,

NOW, THEREFORE, in consideration of the agreements hereinafter set forth, together with other good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound thereby, the parties hereto agree as follows:

1. Term of Agreement: This Agreement shall be effective _____, 2015 and shall remain in full force and effect through June 30, 2020, unless otherwise extended by the Board of Education.

2. Compensation: Provided that this Agreement shall not have been terminated as set forth herein, during the first year of this agreement the Director of Facilities III’s annual salary shall be \$117,500.00, prorated, to be paid as an exempt employee in accordance with the rules of the Board governing salary payment to other district supervisory employees. Said compensation shall be increased on the first day of July of each year of this agreement by a percentage equal to the combined weighted average step and general percentage increase in compensation provided to the aggregate full-time membership (excluding from the

calculation those who have served less than the full previous year) of the Rocky Point School-Related Professional Association, it is understood that increases in salary beyond that specified for the 2015-2016 period are subject to the Director of Facilities III having successfully achieved established goals for the immediately preceding year. Said goals shall be established between the Director of Facilities III and the Superintendent of Schools or, in the event that agreement cannot be achieved, as directed by the Superintendent of Schools. In the event that the Director of Facilities III does not substantially achieve his goals, the Superintendent may reduce or eliminate any salary increase for the following year.

f. The Director of Facilities III may elect to join, at his sole cost and expense, a disability income insurance plan, if one is instituted by the School District.

- d. Supervise custodial, maintenance, grounds, security, and clerical functions reporting to the Director of Facilities III;
- e. Other functions and duties assigned by the Superintendent, or his designee.

12. Indemnification. During the term of this Agreement, the Board agrees to provide legal counsel and to indemnify the Director of Facilities III against all financial loss arising out of any proceeding, claim, demand, suit or judgment by reason of alleged negligence or other conduct resulting in bodily or other injury to any person or damage to the property of any person committed while he is acting within the scope of his employment.

13. Severability. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed on the day and year first set forth above.
