SUPERINTENDENT'S REPORT

Dr. Ring announced that October is Board of Education appreciation month. He commented that a Board member's role is demanding, unpaid and at times a thankless job. Dr. Ring continued that rewards come intrinsically. He explained that Board of Education members must be jacks-of-all-trades, understanding education as well as finances and law. Dr. Ring expressed that they make very difficult decisions that affect the lives of students as well as employees. He added that these decisions are not made lightly. These are decisions that are right for the students, staff and community. Dr. Ring stated that it is also right that they are recognized for their role.

Dr. Ring presented each member with a plaque to symbolize the gratitude of the community.

The presentation was noted with a photograph of the Board of Education alongside Dr. Ring.

Mrs. Sullivan opened the floor to questions/comments.

- Dr. Pinkenburg commented on a letter that went out regarding AIS classes. He stated that the risks seemed high in regards to what classes the students must give up in order to fit these AIS classes in their schedule.

Dr. Ring stated that these classes are required to take place during the school day. Therefore, there are limits to what they can be substituted for on a student's schedule. He added that if the parent/guardian has a strong desire for their child to not take part in AIS classes, they may contact the Building Administration to see if they can accommodate their request.

Mrs. Sullivan requested a copy of this letter be provided to the Board of Education by Dr. Ring.

There were no further comments at this time.
