*Re: Internal Claims Audit Report for the period  
May 1, 2012 through May 31, 2012*

Board of Education:

I have completed my internal claims auditing services for the Rocky Point School District covering the period May 1, 2012 through May 31, 2012. The services I performed, as outlined within my proposal, include reviewing all claims against the District. The purpose of this report is to update the Board of Education on work performed to date, my findings, and recommendations.

For ease of reference I have categorized the remainder of this report as follow:

#### Internal Claims Audit Services

#### Exhibits

#### INTERNAL CLAIMS AUDIT SERVICES

The internal claims audit services performed on each claim against the District consisted of:

1. Verification of the accuracy of invoices and claim forms
2. Ensuring proper approval of all purchases; checking that purchases constitute legal expenses of the school district
3. Determining that purchase orders have been issued in accordance with Board of Education policy, and applicable state laws

*Re: Internal Claims Audit Report for the time period of  
May 1, 2012 through May 31, 2012*

4. Comparison of invoices or claims with previously approved contracts
5. Reviewing price extensions, claiming of applicable discounts, inclusion of shipping and freight charges
6. Approving all charges that are presented for payment which are supported with documentary evidence indicating compliance with all pertinent laws, policies and regulations

Over the time period of May 1, 2012 through May 31, 2012 I have audited 348 claims against the District in the amount of \$3,330,368.25. (See attached Exhibit I) I made inquiries and/ or observations into 38 claims in the amount of \$73,310.64. I have summarized the inquiries and/or observations as well as the resolutions within Exhibit II. It should be noted that currently, there are 0 outstanding inquiries in regards to the audit of the claims made against the District for the period of May 1, 2012 through May 31, 2012. I have summarized all voided checks and notable exceptions in Exhibit III.

WHEREAS the Board and Devereux wish to enter into an agreement to authorize Devereux to provide educational services to children from the Board;

NOW THEREFORE, in consideration of the mutual covenants contained in this Agreement, and intending to be legally bound, the parties agree as follows:

### 1. **Contract Term.**

The term of this Agreement shall be for the period beginning July 1, 2012 and ending June 30, 2013. ("The Term"). This Agreement shall pertain to all students from the Board's school district enrolled at any time during the term of this Agreement.

### 2. **Devereux's Responsibilities**

- a. Devereux agrees to provide appropriate instruction, in accordance with pertinent New York laws and regulations and the student's Individual Educational Plan ("IEP"), for children with disabilities approved by the Commissioner of Education to attend Devereux's school.
- b. Devereux shall keep in strict confidence, as required and to the fullest extent provided by any applicable law, including the Family Educational Rights and Privacy Act, any and all records and information, in whatever form or format received, pertaining to the Board's individual students, including but not limited to academic or grade information, attendance, discipline, receipt of special or supplementary educational services, receipt of social security or public benefits, or information as to race, ethnicity or disability.

- c. Devereux shall obtain appropriate legal consents or other required documents to permit it to provide to the Board full and complete reports concerning the education and progress of the students covered by this Agreement. Devereux shall provide such reports to the Board at the same time as such reports are made to the students and their parents or legal guardians. Devereux shall provide such additional reports as may be required by the State regarding the progress of the students covered by this Agreement.
- d. At all times during the term of this Agreement, Devereux shall maintain its status as an approved school for the education of children with disabilities. The parties agree that if Devereux fails to maintain this status, it shall not be entitled to compensation for any portion of the school year in which such approval is not maintained.

### **3. Board's Responsibilities**

- a. In consideration of Devereux's provision of educational services, the Board shall compensate Devereux as set forth below in Section 4.
- b. The Board shall file any and all required documents and provide all information necessary for placement of a child that is a resident in its School District with Devereux in a timely manner including, but not limited to, all System to Track and Account for Children (STAC) forms. All Summer 2012 STAC forms shall be filed with the STAC Unit by 7/1/12. All STAC forms for the Sept. 2012-June 2013 school year must be filed with the STAC Unit by 9/1/12.

### **4. Compensation**

- a. In consideration for Devereux's provision of educational services to students from the Board's School District as set forth above, the Board shall compensate Devereux for tuition, maintenance and transportation in accordance with the following provisions:

(1.) For 853 type residential students:

(a.) For the summer program (July 1 through August 31), the Board hereby agrees to compensate Devereux for each 853 type residential student from the School District for tuition at the rate approved by the Commissioner of Education and the Director of the New York State Division of the Budget, and for maintenance at the rate approved by the Commissioner of Social Services and the Director of the N.Y. State Division of the Budget.

(b.) For the regular school year (July 1 through June 30), the Board hereby agrees to compensate Devereux for each 853 type residential student from the School District at the approved tuition rate.

**(2.) For Day Students**

- (a.) For the period of July 1, 2012 through June 30, 2013 the Board hereby agrees to compensate Devereux for each student from the School District for tuition at the New York State Department of education approved rate. If applicable for Millwood School students only, and noted in the student's IEP, the Board agrees to pay for education one-to-one charges.**

**(3.) For Intermediate Care Facility ("ICF") Students**

- (a.) The Board shall compensate Devereux for one hundred percent (100%) of the tuition costs for each student at a rate approved New York State Education Department (SED) in accordance with the Children's Residential Project Agreement executed between Devereux and Board of Education which is incorporated herein by this reference.**
- b. In addition to the above charges, the Board hereby also agrees to compensate Devereux for psychological evaluations that are requested by the district.**
- c. Any applicable transportation charges shall be compensated at the standard Federal mileage rate times the number of miles plus prorated staff wages, reasonable food expenses for staff and clients, if necessary, and other associated expenses (such as tolls). Provided, however, that if Devereux hires a bus to transport the students, the transportation charges shall consist of the prorated share of the bus rental fees plus, if necessary, the applicable prorated staff wages related to the care of a specific student.**
- d. All compensation shall be paid on or before thirty (30) days after the Board's receipt of an invoice. Devereux shall invoice such services on a monthly basis. When there is a delay in the State's issuance of the education rate or the per diem rate for education aide costs, Devereux agrees to bill, and the Board agrees to pay, an amount based upon the most recent rates set by the State. When the actual rates are issued, the Board agrees to pay the difference in the rates. Devereux shall send a retroactive invoice for the difference to the Board for payment.**
- e. The amount due for each child shall be prorated for the specific days of attendance if a child does not attend for the entire school year, which would include those children who are admitted after July 1 and/or those who are discharged prior to June 30. After June 30, upon the submission of final attendance data, as pertinent, Devereux shall reimburse the Board for any overpayment of tuition and fees or the Board shall authorize payment of any balance of tuition payments owed.**
- f. For purposes of this Agreement, the definition and calculation of enrollment and attendance shall be determined in accordance with the Department of Education regulations.**

- g. The parties acknowledge that the tuition rates in New York may change and that retro-active increases or reimbursement may be necessary to assure appropriate payment of services.

**5. Audits.**

- a. During the term of this Agreement, the Department of Education and/or the Department of Audit and Control may audit any and all aspects of Devereux's performance under this Agreement, including but not limited to its billings and invoices. Devereux shall make available, upon request, any and all records pertaining to this Agreement for the purpose of inspection, audit or reproduction by any Auditor.
- b. During the term of this Agreement, Devereux agrees to furnish to the State, all reports required to make determinations as to its eligibility to provide educational services to disabled children under State law and regulations.
- c. During the term of this Agreement, and for a period of six (6) years after the expiration or termination of this Agreement, Devereux and the Board shall afford the State access to all relevant records to determine the parties' compliance with applicable Federal and state laws and regulations. The parties agree to retain all materials and records relevant to the execution or performance of this Agreement in accordance with applicable law, but no less than six (6) years following expiration or termination of this Agreement; if however, any litigation, claim or audit is commenced prior to expiration of the six-year period, such records shall be retained until all litigation, claims or audit findings have been completely terminated or resolved without right of further appeal.
- d. Inspections. During this Agreement, the Commissioner of Education and/or his or her designee may visit and inspect all sites, locations and facilities of Devereux related to its performance under this Agreement.

---

Enclosed are two copies of a contract between Maryhaven Center of Hope and the school district for students who will attend Maryhaven School in 2012-2013. Please sign one copy and return it to my attention as soon as possible. The second copy is for your records.

If you have your own contract, we will be happy to sign that instead of the enclosed. Please note your contract should include the following:

- That the district is responsible to obtain a complete and accurate STAC-3 in a timely manner.
- That tuition will be based on the amount approved by the Commissioner of Education for the 2012-2013 school year for the education of each handicapped student enrolled.
- Payments will be made on a monthly basis, following receipt of a properly executed bill from Maryhaven.

We hope to have all contracts in place as soon as possible. In no event should Maryhaven be expected to wait for payment on an invoice because the district fails to sign or issue a contract in a timely manner.

To Our Valued Clients:

With the end of the current academic year fast approaching, and many of you in the midst of planning your budget for next year, we enclose for your approval a Services Agreement Reinstatement for continuation of services by The Omni Group as Plan Administrator for your District's 403(b) plan.

Recognizing that the current economic climate is difficult and challenging for you, we are pleased to offer you **our renewal agreement at the same rate as last year**. The enclosed agreement is based on 403(b)/457(b) active accounts for the past year.

You still have time – in fact we will accept responses up to June 30th – to participate in our new Preferred Provider Program (P3©) that can save your District as much as 50% or more on annual administrative costs. ALL current employee accounts and investment choices are grandfathered under P3©. The only economic impact to the district or your employees will be to save you money and more importantly, the Investment Providers cannot pass these costs on to the participants in the form of higher investment fees or lower returns on their investments. All P3© costs must be borne by the Providers as a cost of doing business.

Let me assure you that the district and plan participants will continue to receive the highest level of quality service that you have come to expect from OMNI as we continue to provide ongoing services to all active, inactive and retired plan participants.

In light of significant increased IRS audit activity, please note that OMNI stands prepared to fully represent your District in the event of an IRS audit – at NO CHARGE. No other TPA offers to do this!

All of Omni's resources – our On-Line Forms Technology, Call-Center, Educational Platform, In-House General Counsel and more - will continue to be available without limit to all of your employees.

In the interim, should you have any questions regarding our services, please do not hesitate to contact your designated Compliance Specialist – or if you prefer – contact me directly.

We look forward to continuing to provide services to you in the upcoming academic year and as always thank you for your business and your loyalty.

Re: Refrigeration Bid 2012-13

\*\*\*\*\*

Please find attached a comparison of material costs and labor hours between Long Island Equipment, who we presently use and Total Mechanical who also participated in this years refrigeration bid. After reviewing several invoices (see attached) and discussing this years problems with the Food service program's freezers and refrigerators, we are recommending Long Island Equipment service for the following reasons:

- Reliability and timely service have been excellent
- Hourly rate is 8% lower than competition
- LI Equip only charged Rocky Point an over time rate of \$90/hr one time during the 2011-12 school year out of an average of one weekly visit per year.
- They frequently stay late working without charging extra fees
- Markup on parts is less than competition (10% vs. 20%)
- Due to the high maintenance needs on our regular equipment it is beneficial to utilize a company that is familiar with our requirements.

Please call with any questions.

**SUBJECT: BUDGET PLANNING AND DEVELOPMENT**

Budget planning and development for the District will be an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the School System. Budget planning will be a year-round process involving participation of District-level administrators, Principals, Directors, Coordinators, teachers, and other personnel. The process of budget planning and development should allow for community input and contain numerous opportunities for public information and feedback.

The Superintendent will have overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the Principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the School System's educational priorities.

All budget documents for distribution to the public shall be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents shall be complete and accurate and contain sufficient detail to adequately inform the public regarding such data as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in such information from the prior year's submitted budget.

In accordance with Commissioner's Regulations, the budget will be presented in three (3) components which are to be voted upon as one (1) proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

Additionally, the Board of Education shall append to the proposed budget the following documents:

For the 2007-2008 school year, surplus funds shall mean any operating funds in excess of three percent (3%); for 2008-2009 school year and thereafter, surplus funds shall mean any operating funds in excess of four percent (4%).

The proposed budget for the ensuing school year shall be reviewed by the Board of Education and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

**SUBJECT: CONTINGENCY BUDGET**

~~The School District budget for any school year or any part of such budget, or any proposition involving the expenditure of money for such school year, shall not be submitted for a vote of the qualified voters of the District more than twice in any school year.~~

~~If the original proposed budget is not approved by District voters at the Annual District Meeting and Election, the Board has the option of either resubmitting the original or revised budget for voter approval at a special meeting held at a later date; or the Board may, at that point, adopt a contingency budget and levy a tax for teachers' salaries and ordinary contingent expenses as enumerated in law. If the Board decides to submit either the original or a revised budget to the voters for a second time, and the voters do not approve the second budget submittal, the Board shall adopt a contingency budget and levy a tax for those expenditures mandated pursuant to law and/or for those services necessary to maintain the educational program.~~

~~The contingency budget will include the sum necessary for teachers' salaries (i.e., professional educator positions certificated by the State Education Department which include teachers, administrators, teaching assistants, and professional specialists in the various areas of pupil personnel services) and ordinary contingent expenses as determined by the Board in accordance with law including, but not limited to, the purchase of library books and other instructional materials associated with the school library; expenses for cafeteria or restaurant services; and expenses incurred for interscholastic athletics, field trips and other extracurricular activities. Ordinary contingent expenses include, but are not limited to, legal expenses incurred by the District; expenditures specifically authorized by statute; and other items necessary to maintain the educational program, preserve property, and assure the health and safety of students and staff. As deemed necessary, school counsel may be consulted for review as to those items considered to be ordinary contingent expenses prior to Board adoption of the contingency budget.~~

~~In accordance with law, the contingency budget will reflect the statutory expenditure limits imposed on the administrative component of the contingency budget as well as the total spending authorized in the overall contingency budget.~~

~~With regard to overall District spending, the contingency budget, as a whole, shall not result in a percentage increase in total spending over the District's total spending under the School District budget for the prior year that exceeds the lesser of:~~

- ~~a) The result when one hundred twenty percent (120%) is multiplied by the percentage increase in the Consumer Price Index (CPI), with the result rounded to two decimal places;~~  
~~or~~
- ~~b) Four percent (4%).~~

~~Additionally, the administrative component of the contingency budget shall not comprise a greater percentage of the contingency budget exclusive of the capital component than the lesser of:~~

(Continued)

~~SUBJECT: CONTINGENCY BUDGET (Cont'd.)~~

- ~~a) The percentage the administrative component had comprised in the prior year budget exclusive of the capital component; or~~
- ~~b) The percentage the administrative component had comprised in the last proposed defeated budget exclusive of the capital component.~~

~~The Consumer Price Index to be used refers to the percentage that represents the average of the national consumer price indexes determined by the U.S. Department of Labor for the twelve-month period preceding January first of the current year.~~

~~In determining the increase in total expenses when computing the contingency budget percentage increase, the following expenditures shall be disregarded:~~

- ~~a) Expenditures resulting from a tax certiorari proceeding;~~
- ~~b) Expenditures resulting from a court order or judgment against the School District;~~
- ~~c) Emergency expenditures that are certified by the Commissioner of Education as necessary as a result of damage to, or destruction of, a school building or school equipment;~~
- ~~d) Capital expenditures resulting from the construction, acquisition, reconstruction, rehabilitation or improvement of school facilities, including debt service and lease expenditures, subject to the approval of qualified voters;~~
- ~~e) Expenditures in the contingency budget attributable to projected increases in public school enrollment, which may include increases attributable to the enrollment of students attending a pre-kindergarten program established in accordance with Education Law Section 3602-e;~~
- ~~f) Non-recurring expenditures in the prior year's School District budget;~~
- ~~g) Expenditure; and~~
- ~~h) Expenditures for self-supporting programs (i.e., any programs that are entirely funded by private funds that cover all the costs of the program).~~

~~In addition, the Board of Education shall be authorized to add appropriations for the following:~~

- ~~a) The categories of expenditures listed in a) through h) above subject to the approval of qualified voters;~~

(Continued)

~~SUBJECT: CONTINGENCY BUDGET (Cont'd.)~~

- ~~b) Expenditures resulting from an actual increase in enrollment over the projected enrollment used to develop the contingency budget; and~~
- ~~c) Expenditures of gifts, grants in aid for specific purposes or for general use or insurance proceeds in addition to that which has been previously budgeted.~~

~~Should the Board of Education adopt a contingency budget, it will officially pass a resolution reflecting such action; and that resolution shall incorporate by reference a statement specifying the projected percentage increase or decrease in total spending for the school year, and explain the reasons why the Board disregarded any portion of an increase in spending in formulating the contingency budget.~~

The School District budget for any school year or any part of such budget, or any proposition involving the expenditure of money for such school year, shall not be submitted for a vote of the qualified voters of the District more than twice in any school year.

If the original proposed budget is not approved by District voters at the Annual District Meeting and Election, the Board has the option of either resubmitting the original or revised budget for voter approval at a special meeting held at a later date; or the Board may, at that point, adopt a contingency budget. If the Board decides to submit either the original or a revised budget to the voters for a second time, and the voters do not approve the second budget submittal, the Board must adopt a contingency budget and the tax levy cannot exceed the total tax levy of the prior year (0% levy growth).

The administrative component of the contingency budget shall not comprise a greater percentage of the contingency budget exclusive of the capital component than the lesser of:

- a) The percentage the administrative component had comprised in the prior year budget exclusive of the capital component; or
- b) The percentage the administrative component had comprised in the last proposed defeated budget exclusive of the capital component.

**NO CHANGES****SUBJECT: PURCHASING**

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board of Education. The purchasing process should enhance school operations and educational programs through the procurement of goods and services deemed necessary to meet District needs.

**Competitive Bids and Quotations**

As required by law, the Superintendent will follow normal bidding procedures in all cases where needed quantities of like items will total the maximum level allowed by law during the fiscal year, (similarly for public works-construction, repair, etc.) and in such other cases that seem to be to the financial advantage of the School District.

A bid bond may be required if considered advisable.

No bid for supplies shall be accepted that does not conform to specifications furnished unless specifications are waived by Board action. Contracts shall be awarded to the lowest responsible bidder who meets specifications. However, the Board may choose to reject any bid.

Rules shall be developed by the administration for the competitive purchasing of goods and services.

The Superintendent may authorize purchases within the approved budget without bidding if required by emergencies and are legally permitted.

The Superintendent and/or his designee is authorized to enter into cooperative bidding for various needs of the School District.

**Request for Proposal Process for the Independent Auditor**

In accordance with law, no audit engagement shall be for a term longer than five (5) consecutive years. The District may, however, permit an independent auditor engaged under an existing contract for such services to submit a proposal for such services in response to a request for competitive proposals or be awarded a contract to provide such services under a request for proposal process.

**Procurement of Goods and Services**

The Board of Education recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services must be procured in a manner so as to:

- a) Assure the prudent and economical use of public moneys in the best interest of the taxpayer;

(Continued)

**SUBJECT: PURCHASING (Cont'd.)**

- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud and corruption.

These procedures shall contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding
- b) With certain exceptions (purchases pursuant to General Municipal Law, Article 5-A; State Finance Law, Section 162; State Correction Law, Section 184; or those circumstances or types of procurements set forth in (f) of this section), provide that alternative proposals or quotations for goods and services shall be secured by use of written request for proposals, written quotations, verbal quotations or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;
- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles.
- h) Items of five thousand dollars \$5,000 or a purchase order totaling this amount shall be subject to three (3) competitive quotes.

(Continued)

**SUBJECT: PURCHASING (Cont'd.)**

Environmentally sensitive cleaning and maintenance products are those which minimize adverse impacts on health and the environment. Such products reduce as much as possible exposures of children and school staff to potentially harmful chemicals and substances used in the cleaning and maintenance of school facilities. The District shall identify and procure environmentally sensitive cleaning and maintenance products which are available in the form, function and utility generally used. Coordinated procurement of such products as specified by the Office of General Services may be done through central state purchasing contracts to ensure that the District can procure these products on a competitive basis.

The District shall notify their personnel of the availability of such guidelines, specifications and sample product lists.

**Contracts for Goods and Services**

No contracts for goods and services shall be made by individuals or organizations in the school that involve expenditures without first securing approval for such contract from the Purchasing Agent.

No Board of Education member or employee of the School District shall have an interest in any contract entered into by the District or the School District unless disclosed at the time of the signing of the contract.

The *District-wide school safety plan* shall be developed by the District-wide school safety team appointed by the Board of Education. **SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES**

Unless otherwise authorized in accordance with law and regulation, the District shall not employ or utilize a prospective school employee, as defined below, unless such prospective school employee has been granted a "full" clearance for employment by the State Education Department (SED). The School District shall require a prospective school employee who is not in the SED criminal history file to be fingerprinted for purposes of a criminal history record check by authorized personnel of the designated fingerprinting entity. For purposes of this provision of law, the term "criminal history record" shall mean a record of all convictions of crimes and any pending criminal charges maintained on an individual by the Division of Criminal Justice Services (DCJS) and the Federal Bureau of Investigation (FBI). **The District shall, however, obtain the applicant's consent to the criminal history records search.**

**The District shall utilize SED's Web-based application known as \*TEACH for instantaneous access to important information about certification and fingerprinting. Through TEACH, SED provides an individual with the ability to apply for fingerprint clearance for certification and/or employment and view the status of his/her fingerprint clearance request. Through TEACH, the School District is able, among other applications, to submit an online request for fingerprint clearance for a prospective employee, view the status of a fingerprint clearance request, and determine whether a subsequent arrest letter has been issued.**

Prior to initiating the fingerprinting process, the District shall furnish the applicant with written notice on a form prepared by the Commissioner of Education addressing the fingerprinting requirements and the applicant's right to obtain, review and seek correction of his/her criminal history information. Additionally, where the prospective school employee is not already in the SED criminal history file, the District shall obtain the signed, informed consent of the applicant to perform the criminal history check. Every set of fingerprints taken shall be promptly submitted to the Commissioner of Education for purposes of clearance for employment.

Where the prospective school employee is already in the SED criminal history file, the District shall request the clearance for employment on forms or an equivalent manner prescribed by SED. Furthermore, the District shall notify SED, in a manner prescribed by the Department, of a prospective school employee who has commenced employment with or began providing services for the District, the date of the commencement of such employment or service, and the position held by such individual. Similarly, the District shall notify SED, in a manner prescribed by the Department, of a fingerprinted employee who has been separated from employment with the District or ceased providing services for the School District, and the date of such separation from employment or cessation of services. All criminal history records processed by DCJS and the FBI and sent to the Commissioner of Education are confidential. The records may not be published or in any way disclosed to persons other than the Commissioner unless otherwise authorized by law.

Unless otherwise exempted pursuant to law, the applicant shall be responsible for the payment of fees to SED for a criminal history record check. However, if approved by Board resolution, the District may authorize the payment of such fees on behalf of prospective employees. The Board is also authorized to waive the payment of such fees in cases of unreasonable financial hardship to the applicant or his/her family. If the Board decides to waive payment of the fees for the prospective employee, payment of the fees becomes the District's responsibility.

**Who Must Be Fingerprinted**

All "prospective school employees" of the School District must be fingerprinted. For purposes of this policy and the applicable provisions in law and Commissioner's Regulations, "prospective school employee" shall mean any individual who will reasonably be expected by the School District to

**Individuals Who Are Specifically Excluded**

Individuals excluded from a criminal history record check/fingerprinting pursuant to this provision of law and regulation are those individuals who:

- a) Are seeking a position as a school bus driver or school bus attendant and are cleared for employment pursuant to the Vehicle and Traffic Law; or
- b) Have provided services to the District in the previous school year either in a compensated position, or as an employee of a provider of contracted services to the District, or as a worker placed within the School District under a public assistance employment program pursuant to Title 9-B of Social Services Law Article 5, directly or through contract; or
- c) Will reasonably be expected by the School District to provide services for the District on no more than five (5) days in the school year in which services are to be performed, provided that the District provides in-person supervision of such individual by one (1) or more employees of the District while that individual is providing such services. Individuals providing such time-limited and supervised services may include but shall not be limited to artists, guest lecturers and speakers, and sports officials.

Any prospective employee who previously has been fingerprinted in order to obtain certification, and whose fingerprints remain on file with the Division of Criminal Justice Services (DCJS), will not be required to be fingerprinted again for purposes of a criminal history record check.

**Removal from the SED Criminal History File**

Where individuals have been separated from employment at the School District and have not become employed in this District or another school district, BOCES or charter school within twelve (12) months of such separation, SED shall notify DCJS of such separation for the purpose of destroying the fingerprints of that individual. Further, upon request of such individual, SED shall notify DCJS prior to the expiration of such twelve-month period for the purpose of destroying his/her fingerprints. Such individuals shall be removed from the SED criminal history file.

**Conditional Appointments/Emergency Conditional Appointments**

Conditional Appointments

Whenever possible, a "full" clearance will be received for all new employees requiring such clearance before they begin work for the District. However, upon the recommendation of the Superintendent of Schools, the Board of Education may conditionally appoint a prospective employee. A request for conditional clearance shall be forwarded to the Commissioner of Education along with the prospective employee's fingerprints as mandated pursuant to law. Such conditional appointment shall not commence until notification by the Commissioner that the prospective employee has been conditionally cleared for employment, and such conditional employment shall terminate when the School District is notified of the determination by the Commissioner to grant or deny full clearance; however, if full clearance is granted, the appointment shall continue and the conditional status shall be removed.

Prior to commencement of such conditional appointment, the District must obtain a signed statement for conditional employment from the prospective employee indicating whether, to the best of his/her knowledge; the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction outside the state.

Emergency Conditional Appointments

Upon the recommendation of the Superintendent of Schools, the Board may make an emergency conditional appointment when an unforeseen emergency vacancy has occurred. When such an appointment is made, the process for conditional appointment as enumerated above must also be initiated.

Emergency conditional appointment may commence prior to notification from the Commissioner of Education on conditional clearance but shall terminate twenty (20) business days from the date such appointment commences or when the District is notified by the Commissioner that conditional clearance is either granted or denied, whichever occurs earlier; however, if conditional clearance is granted, the appointment shall continue as a conditional appointment.

(Continued)

## Personnel

**SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES (Cont'd.)**

Prior to the commencement of such appointment, the District must obtain a signed statement for emergency conditional appointment from the prospective employee indicating whether, to the best of his/her knowledge, the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction.

An unforeseen emergency vacancy shall be defined as:

- a) A vacancy that occurred less than ten (10) business days before the start of any school session including summer school, or during any school session including summer school, without sufficient notice to allow for clearance or conditional clearance (however, this ten (10) business day timeframe provision shall not apply if the Board of Education finds that the School District has been unable to fill the vacancy despite good faith efforts to fill the vacancy in a manner that would have allowed sufficient time for full clearance or conditional clearance); and
- b) When no other qualified person is available to fill the vacancy temporarily; and
- c) When the emergency conditional appointment is necessary to maintain services which the District is legally required to provide or services necessary to protect the health, education or safety of students or staff.

**Safety of Students**

The District will develop internal building and/or program procedures to help ensure the safety of students who have contact with an employee holding conditional appointment or emergency conditional appointment. Such procedures will address the safety of students in the classroom, students attending off-campus activities under the supervision of the School District, and students participating in extracurricular and/or co-curricular activities (including sports and athletic activities).

Safety procedures to be addressed include, but are not limited to, the following: supervision of the employee holding conditional appointment/emergency conditional appointment as determined appropriate by the applicable building/program administrator; and periodic visitations by the building/program administrator to the classroom, program and/or activity assigned to the employee holding conditional appointment/emergency conditional appointment.

**"Sunset" Provision for Conditional Appointments/Emergency Conditional Appointments**

The provisions in law which permit the conditional appointment and/or emergency conditional appointment of employees pending full clearance from SED shall terminate, in accordance with legislation, on July 1, ~~2009~~2013; and shall be rescinded as Board policy and procedure as of that date (unless subsequent revisions to applicable law provide otherwise).

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE  
ATTENDANCE PLAN****Objectives**

Attendance is a critical factor in school success for students. Studies have shown that consistent school attendance, academic success, and school completion have a positive correlation. The educational process requires continuity of instruction and students need to experience classroom discussions, debate, and independent study in order to increase achievement. The purpose of Rocky Point School District's Attendance policy is to ensure the maintenance of an adequate record of verifying the attendance of all children during days of instruction and to establish a mechanism by which the patterns of pupil absence can be examined to develop effective intervention strategies. This procedure will permit each school to know the whereabouts of every student for safety and school management reasons and will help students succeed at meeting the New York State learning standards.

School attendance is both a right and responsibility in New York State. Children have the right to attend school between the ages of 5 and 21. Parents are expected to make sure that their children attend school on a regular basis. To implement a successful attendance policy, the District needs the cooperation of all members of the educational community, including parents, students, teachers, administrators, and support staff. Through the implementation of this policy the District expects to reduce the current level of unexcused absences, lateness, and early dismissals.

**Strategies Employed to Accomplish Objectives**

Rocky Point School District will employ the following strategies to ensure the effectiveness of this attendance policy.

Increase awareness of policy among students by:

- a) Including a copy in the student agenda book for 6th through 12th grade students.
- b) Request signatures from students in grades 6 through 12 indicating that they have read and understand the goals and consequences established for them in the District's Attendance Policy.
- c) Including a copy of policy on the district's Web site. ([www.rockypointschools.org](http://www.rockypointschools.org))

(Continued)

Students

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE ATTENDANCE PLAN (Cont'd.)**

Increase awareness of policy among parents by:

- a) Including a summary of the policy with the mailing/ConnectEd inviting parents to Open School Night.
- b) Request a parent signature on policy indicating that they have read and understand what is expected of his/her child.
- c) Including a summary of attendance requirements in the school district's calendar.
- d) Reminding them of attendance requirements when daily phone calls are made to verify student absence.
- e) Including a copy of policy on the district's Web site. ([www.rockypointschools.org](http://www.rockypointschools.org))

**General Procedures**

Each absence, late, and early dismissal will be recorded as excused or unexcused along with a code noting specific reason for absence. Excused absences are defined as: an absence due to personal illness, illness or death in the family, religious observance, quarantine, required court appearances, approved college visits, approved cooperative work programs, or military obligations. All other absences, lateness, or early dismissals will be considered unexcused.

On the secondary level, grades 6 through 12, attendance will be taken during each class period and compiled in a central location within each school. A designated staff member responsible for attendance will cross reference class absence with daily absentee list. A mechanism for transferring classroom attendance data to the building level has been developed.

On the elementary level (grades K through 5), attendance will be taken **on a subject by subject basis (ELA/Math/Social Studies/Science) once at the beginning of each day during each assigned period.**

Any absence, lateness, or early dismissal must be accounted for. It is the parents' responsibility to notify the school within 24 hours of the absence AND to provide a written excuse upon the student's return to school. The written note should include student's name, date of absence, reason for the absence, and parent's signature. This note should be brought to the main office when he/she returns to school. Each day a child is absent a phone call from the parent is requested; however, all absences will be recorded as unexcused until a written note is received. At the secondary level it is the student's responsibility to provide documentation for all in-school appointments that will prevent a student from attending class prior to dismissal from class.

Students

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE  
ATTENDANCE PLAN (Cont'd.)**

Parents will be notified if their child is absent, late, or departs early from school. Students in grades 9 through 12, who enter school late with an unexcused reason, will be assigned after school detention. When a student is out of school for ten or more consecutive days or is hospitalized for any period of time, the parent or guardian must contact the health office prior to the student returning to school to set up a re-entry interview.

**Minimum Attendance Requirements for 9th through 12th Grade Students**

The high school attendance requirement states, in part, that to be granted academic credit for any course, a student must earn a passing grade in the course and attend each class a minimum of eighty five percent (85%) of the time.

Students will not receive course credit if absent more than:

- Full-year course 28 days
- Full-year alternating day course 14 days
- Half-year course 14 days

In each course, when a student exceeds the maximum number of absences, this student's work will no longer be evaluated. A notation of "no grade" for all subsequent reporting periods and exams will be entered on the report card. Students who have failed to meet the attendance requirements will be denied academic credit but will be responsible to complete course assignments while they audit the course. If a student is eligible to take a Regents examination, pursuant to Commissioner's Regulations, the score will be noted on the student's permanent record.

**Applicability**

- a) This policy shall apply to students in grades 9 through 12 and for accelerated 8th grade students enrolled in courses where they earn high school credit.
- b) This policy shall apply to each course independently.
- c) This policy shall apply to students with a handicapping condition unless otherwise noted in their individualized educational program or 504 plan.
- d) Students attending classes at other facilities, such as a BOCES center, shall be subject to the attendance policies at those other facilities. In addition, this policy shall apply for the portion of the students' program for which they are enrolled at Rocky Point High School.
- e) New students to the high school, who enroll after the first semester, shall be entitled to half the number of allowable absences for each scheduled course.
- f) Students who transfer from one class to another during the school year will have their class attendance transfer to the new class.

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE  
ATTENDANCE PLAN (Cont'd.)**

Absences

- a) All absences from class will be covered by this policy. No distinction will be made between the classification of excused or unexcused when determining the total number of days absent from each course.
- b) Students shall not be considered absent when they are authorized by school officials to be somewhere other than in their regularly scheduled class. For example, if school personnel expect a student to report elsewhere during their regularly scheduled class time for such activities as meetings, conferences with school personnel, testing, physical exams, music lessons, or field trips, the student shall not be considered absent. It is the responsibility of the student and/or the designated staff member to provide the teacher with written documentation to attend these sessions before they are permitted to leave the class.
- c) Absences resulting from the student being assigned to the alternative learning program will not count as a class absence. Absences resulting from a student assigned to out-of-school suspension will not count as an absence.
- d) Students who, for any reason, are removed from the Regular Attendance Register and placed on Homebound Instruction shall not be considered absent from their regular classes during that time.

Notification Sequence

The following refers to the notification process pertaining to the number of absences in a single course. A student may be notified several different times if excessive absences exist in more than one class.

- a) As soon as possible after the fourteenth, twenty-first, and twenty-eighth absence from a full year course, the high school administration shall send written notification to the student's parent(s) and guidance counselor. The letters shall notify the parent(s) as follows:
  - After the 14th absence: The student has been absent half the number of maximum absences and may lose credit if absences continue.
  - After the 21st absence: The student has only seven absences remaining and will lose credit if absences exceed the limit.
  - After the 28th absence: The student will not receive credit due to excessive absenteeism.
- b) Similarly, as soon as possible after the sixth, tenth, and fourteenth absence from a half-year course, or a full-year alternating day course, the high school administration shall send written notification to the student's parent(s) and guidance counselor. The letters shall notify the parent(s) as follow:

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE  
ATTENDANCE PLAN (Cont'd.)**

After the 6th absence:	The student has been absent nearly half the number of maximum absences and may lose credit if absences continue.
After the 10th absence:	The student has only four absences remaining and will lose credit if absences exceed the limit.
After the 14th absence:	The student will not receive credit due to excessive absenteeism.

In every letter to a student's parent(s), a request will be made for the parent to meet with the child's counselor. A phone call from the child's guidance counselor will follow this request. The impact of excessive absences on the student's education, possible intervention strategies to eliminate the problem, and the consequences associated with the student's absenteeism will be discussed. If contact between the parent(s) and the school is not made, the school may contact outside agencies for additional support in addressing the attendance problem. The parent(s) will have an opportunity to confer with the school staff; however, a conference with the parent(s) is not a prerequisite to denying academic credit to a student who has failed to meet the attendance requirements. The prime responsibility for the student's attendance in class rests with the student.

Appeals Process

For extenuating circumstances only, a parent has the right to file a written appeal for review by the appeals committee. The appeals committee will consist of an administrator, one counselor, and one teacher. The written appeal, including all supporting documentation, must be received by the Building Principal within ten (10) days of the date of the loss of credit letter. The committee will then rule on whether the student will continue as a regular student in the class or be placed on audit. The final decision will rest with the Principal. Any further absence during the appeals process may result in dismissal of appeal and loss of credit.

**Minimum Attendance Requirements for 6th-8th Grade Students**

The Middle School attendance requirement is consistent with the District's Attendance Policy. All students must attend each class a minimum of eighty-five percent (85%) of the time. This shall apply to all students in grades 6 through 8, unless otherwise stated on a classified student's individual educational plan or 504 plan. Eighth grade students taking courses for high school credit must maintain the minimum attendance requirements for students in grades 9 through 12. The High School definition of absences applies for all Middle School students.

Notification Sequence and Consequences

After 5th absence: Main office notification letter home.

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE  
ATTENDANCE PLAN (Cont'd.)**

- After 10th absence: Letter and phone call requesting parental meeting with guidance counselor and student.
- After 15th absence: Letter and phone call requiring parental meeting with Assistant Principal.
- After 20th absence: Require meeting with Principal.  
Require medical documentation.  
PINS consideration and/or outside agency consideration.
- After 25th absence: Require meeting with Principal.  
PINS if no medical documentation is provided.  
Outside agency contacted if no medical documentation provided.
- After 28th absence: PINS and outside agency may be contacted.  
Principal's decision on retention regardless of academic standing.

**Minimum Attendance Requirement for Pre-K through 5th Grade Students**

The Elementary Schools' attendance requirement is consistent with the District's Attendance Policy. All students must attend class a minimum of eighty-five percent (85%) of the time. This shall apply to all students in grades Pre-K through 5. The school staff will discuss the importance of school attendance and offer assistance to parents and guardians of students who are excessively absent.

Notification Sequence

- a) As soon as possible after the tenth day of absence and/or tardiness, the school administration shall send written notification of the number of absences to the student's parent(s) or guardian(s) reminding them of the importance of regular attendance.
- b) As soon as possible after the twentieth day of absence and/or tardiness, the school administration shall send written notification of the number of absences to the student's parent(s) or guardian(s) expressing concern about the impact of excessive absences on the student's education. (*request a conference*)
- c) As soon as possible after the twenty-fifth day of absence and/or tardiness, the school administration shall arrange for a conference with the parent(s) or guardian(s) and shall consider contacting outside agencies to protect the interest of the child.

(Continued)

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE ATTENDANCE PLAN (Cont'd.)**

Consequences of Excessive Absenteeism at the Elementary Level

- a) A doctor's note may be required.
- b) A child must demonstrate competence for promotion to next grade level by performance on district's standardized tests.
- c) Referrals will be made to outside agencies for additional support towards attendance problem.

**Incentives and Consequences for Attendance Patterns**

Each school, where administration deems appropriate, may use the following list of incentives to encourage good attendance.

- a) Community donated gifts are given or raffled to students who meet attendance standards.
- b) Students who meet the attendance standard can eat in a special area or with a special person in the school.
- c) Field trip arranged for students who meet the attendance standards.
- d) Participation in extra curricula activities for students who meet attendance standards.
- e) Recognition award for one hundred percent (100%) attendance each term.
- f) Students with perfect attendance selected to park in choice locations.
- g) Attendance record used when considering issuance of working papers.

Each school, where the administration deems appropriate, may use the following list of sanctions to discourage poor attendance.

- a) Loss of the right to play sports.
- b) Loss of the right to participate in extra-curricula activities.
- c) Loss of the right to attend school-related trips.
- d) Loss of parking privileges.
- e) Revocation of student's employment permit.
- f) Attendance at meeting with parents, administration and counselor to discuss impact of excessive absences.
- g) Repetition of course or grade level due to excessive absences.

**SUBJECT: ROCKY POINT SCHOOL DISTRICT'S COMPREHENSIVE  
ATTENDANCE PLAN (Cont'd.)****Procedure Review**

Each building will select a staff member responsible for initiating appropriate action to address excused and unexcused absence patterns. This person will lead all subsequent meetings with the attendance committee. This committee of teachers, administrators, students, and parents will meet each year to review the attendance policy. The committee will prepare a report providing recommendations and alterations to the District's Attendance Policy. The High School Principal will provide the Superintendent and the Board of Education with evaluation data and statistics on the implementation of this procedure at the end of each school year.

Written requests from the parent/guardian for the release of students generally will be honored. The appropriate time and reason for absence shall be recorded on the attendance record, using the procedures mandated by the State.

The Building Principal shall assume this responsibility or shall designate an individual to review and approve all requests.

**NO CHANGES****SUBJECT: CHILDREN'S INTERNET PROTECTION ACT: INTERNET CONTENT  
FILTERING/SAFETY POLICY**

In compliance with the Children's Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the District has adopted and will enforce this Internet safety policy that ensures the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. Such technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, considered harmful to such students. Further, appropriate monitoring of online activities of minors, as determined by the building/program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board of Education's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the schools including the selection of appropriate teaching/instructional materials and activities to enhance the schools' programs; and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing all inappropriate locations. Proper safety procedures, as deemed appropriate by the applicable administrator/program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet and World Wide Web *may* include, but shall not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using electronic mail, chat rooms, instant messaging and other forms of direct electronic communications. As determined by the appropriate building administrator, the use of e-mail and chat rooms may be blocked as deemed necessary to ensure the safety of such students;
- b) Monitoring logs of access in order to keep track of the web sites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy, unauthorized access (including so-called "hacking") and other unlawful activities by minors are prohibited by the District; and student violations of such policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use and dissemination of personal identification information regarding such students.

(Continued)

**SUBJECT: CHILDREN'S INTERNET PROTECTION ACT: INTERNET CONTENT  
FILTERING/SAFETY POLICY (Cont'd.)**

The determination of what is "inappropriate" for minors shall be determined by the District and/or designated school official(s). It is acknowledged that the determination of such "inappropriate" material may vary depending upon the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws/regulations as may be appropriate and implemented pursuant to the District's educational mission.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the School District.

The School District shall provide certification, pursuant to the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking/filtering of access to certain material on the Internet) for all School District computers with Internet access.

**Internet Safety Instruction**

In accordance with New York State Education Law, the School District may provide, to students in grades K through 12, instruction designed to promote the proper and safe use of the Internet. The Commissioner shall provide technical assistance to assist in the development of curricula for such course of study which shall be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information and support to aid in the safe usage of the Internet.

**Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices**

Despite the existence of District policy, regulations and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access such content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

**SUBJECT: CHILDREN'S INTERNET PROTECTION ACT: INTERNET CONTENT  
FILTERING/SAFETY POLICY (Cont'd.)**

**Notification/Authorization**

The District's Acceptable Use Policy and accompanying regulations will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

\*"Affirmative Consent" (Opt-in) Student use of the District's computer system (DCS) is conditioned upon written agreement by all students and their parents/guardians that student use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the individual school buildings.

The District has provided reasonable public notice and has held at least one (1) public hearing or meeting to address the proposed Internet Content Filtering/Safety Policy prior to Board adoption. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of the District's Internet Content Filtering/Safety Policy, as well as any other District policies relating to the use of technology

## Rocky Point Union Free School District

### Superintendent's Goals for 2012-2013

Proposed – For Board of Education consideration on June 18, 2012

#### I. Academic Excellence

- Through a collaborative effort of all stakeholder groups, continue to move Next STEP (Next Strategies and Tactics for Educational Progress) forward as follows :
  - Review and modify existing phases III-VI, as appropriate, and update Next STEP accordingly.
  - Define phase VII goals and associated action plans and articulate same with existing phases III-VI
- Implement and status phase-three elements of Next STEP and report on same to the Board of Education (see full Next STEP strategic plan for detail of phase III initiatives)

#### II. Organizational Development

- Via a collaborative process involving various willing stakeholders, continue development and implementation of new annual professional performance reviews (APPR) for teachers and principals that meet the needs of the District as well as fulfilling the requirements of the laws of New York state and the regulations of the Commissioner of Education, to the extent possible in consideration of requirements to collectively bargain certain elements of the APPRs in question.
- Review all open and existing positions for the purpose of determining opportunities for a more efficacious deployment of staffing resources.
- Execute phase two of assessing existing administrative procedures throughout the District toward the goal of creating a set of well aligned and articulated administrative procedures. Utilize the heretofore developed mechanism, as may be amended as necessary, in order to finalize an administrative handbook/guide, thus providing a single source for identification and implementation of administrative procedures in a clear and consistent manner.

**MEMORANDUM OF AGREEMENT**

**and**  
**THE ROCKY POINT ADMINISTRATORS' ASSOCIATION**

---

This Memorandum of Agreement is executed pursuant to Article IV: Fringe Benefits, Section 5 "Sick Leave Buyout" of the Collective Bargaining Agreement stated below. As set forth below, all other provisions of the Collective Bargaining Agreement shall remain unchanged.

It is hereby agreed, by and between the parties, that sick leave buyout and service payment upon separation of service provided under Article IV shall be made in the form of an employer non-elective contribution, not to exceed the applicable contribution limit under Section 415(c)(1) of the Internal Revenue Code, ("Code"), as adjusted for cost of living increases. For Employer Non-elective Contributions made post-employment to former employees' 403(b) accounts, the Contribution Limit shall be based on the employees' compensation, as determined under Section 403(b)(3) of the Code and in any event, no Employer Non-elective Contribution shall be made on behalf of such former employees after the fifth taxable year following the taxable year in which such employees terminated employment.

In the event that the calculation of the Employer Non-elective Contribution exceeds the applicable Contribution Limits, the excess amount shall be handled by the Employer as follows:

- A. For all members in the New York State Teachers' Retirement System ("TRS") with a membership date before June 17, 1971<sup>1</sup>, the Employer shall first make an Employer

---

<sup>1</sup> **Explanation for TRS Categories:** Under *Education Law* § 501(11)(a), the calculation of a pre-June 17, 1971 TRS Tier I member's last five years final average salary (upon which a member's life-time pension is, in part, calculated) includes any non-ordinary income (such as termination pay) which is received as compensation prior to December 31<sup>st</sup> of the year of retirement. Thus, such a member would benefit from receiving, as compensation, in their final year of employment that portion of the Employer Non-elective contribution, which is in excess of the **maximum Contribution Limits of IRC §415.**

Non-elective Contribution up to the Contribution Limit of the *Internal Revenue Code* and then pay any excess amount as compensation directly to the Employee. In no instance shall the Employee have any rights to, including the ability to receive, any excess amount as compensation unless and until the Contribution Limit of the *Internal Revenue Code* are fully met through payment of the Employer's Non-Elective Contribution; and

For Tier I members with membership dates prior to June 17, 1971, Employer Non-elective Contribution hereunder will be reported as non-regular compensation to the New York State Teachers' Retirement System.

- B. For all members in the New York State Teachers Retirement System ("TRS") with a membership date in the TRS on or after June 17, 1971, and for all members in the New York State Employees' Retirement System regardless of their membership date, the Employer shall first make an Employer Non-elective Contribution up to the Contribution Limit of the *Internal Revenue Code*. To the extent that the Employer Non-elective Contribution exceeds the Contribution Limit in the calendar year of retirement, such excess shall be reallocated to the Employee by January 15<sup>th</sup> of the following year as an Employer Non-elective Contribution until such time as the Employer Non-elective Contribution is fully deposited into the Employee's 403(b) account. In no case shall the Employer Non-elective Contribution exceed the Contribution Limit of the *Internal Revenue Code*.

Nothing set forth above shall constitute a representation by the District to the effect that the New York State Teachers' Retirement System and/or the Employees Retirement System shall deem the aforesaid contribution as eligible to be included in the calculation of final average salary for retirement purposes.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals this \_\_\_th day of June, 2012.

---

The final average salary of all other members of the TRS (*i.e.* all TRS members with a membership date on or after June 17, 1971) may not include any form of Termination Pay; therefore, the Employer's post-retirement payment into the employee's 403(b) account of that portion of the Employer Non-elective Contribution, which is in excess of the maximum Contribution Limits of IRC §415, is more advantageous for those member.
