

2019-2020 Budget Preparation Community Newsletter

Dear Sachem Central School District Resident:

This is the time of year when we begin thoughtful consideration for the District's spending plan for the 2019-2020 school year. It is our intent to provide clear and thorough communication to the community throughout the budget cycle process, and we openly welcome stakeholder feedback. Our goal is to develop a plan which is educationally responsible to our students and fiscally responsible to our taxpayers. We have engaged in an internal process that allows us to analyze all areas of our expenditures with an eye towards finding efficiencies, decreasing costs whenever possible, preserving our vital programs, and addressing identified strategic priorities. We will strive to post updated information throughout the process and we look forward to you joining us at the following meetings.
