

Family Connect Night at Lynwood

This year at Lynwood, we will continue to implement Family Connect Night for all students and parents. Family Connect Night will be designated as a "No Homework Night" and it will be celebrated on the dates listed below. Students will not receive any written homework so that they can plan activities with their families without worrying about doing homework that night. I hope that all parents and students take this opportunity to spend quality time together. The only assignment will be for families to come together and share. Activities can include games, puzzles or sharing photo albums and family history. The choice is yours! Please mark the dates on your calendar beginning with September 25, 2019 as Family Connect Night.

Let's use Family Connect Night to make memories that last a lifetime!
