

TIGER NEWS

Your source to stay "In the Know"

From the Main Office

This week at Lynwood was all about snow. All of our kindergarteners had a "snow day". They rotated through stations and did various activities centered around snow. Snowball fights, snowy animal habitats, and snow crafts were all part of the fun.

Third grade focused on science by making "hoppers". Students studied force to experiment with ways to make their "hoppers" jump high.

Second grade had a visit from The Long Island Science Center. The presenter helped make creations such as Flubber and homemade ice cream to showcase the three states of matter.

Finally, we were able to get outdoors for recess, something that has not been done in a while due to the weather. It was great to see all the happy students playing in the sunshine.

I hope everyone had a wonderful week and will have a great weekend!
