# FY 2013 Budget Message

3

*The Saint Louis Public Schools will enter Fiscal Year 2013 with four consecutive years of improvement in student academic achievement, a second consecutive year of balanced finances and nearly four years of consistent leadership between the Special Administrative Board and the Superintendent. FY 2013 General Operating Budget has been developed to continue improving student academic achievement and promoting greater accountability. Continuous academic improvement since 2007 indicates we are on the right path, but with more to accomplish. Our students and their families deserve a high quality education, and we are working toward that goal.*
