

# UPDATE: PORTFOLIO PLANNING AND PROPOSED SCHOOL ACTIONS

## *SPECIAL ADMINISTRATIVE BOARD*

Tuesday, December 20, 2016

# *Portfolio Planning and Proposed School Action*

## **AGENDA**

*Goal: To increase academic achievement and move all schools toward adequate enrollment and building utilization.*

1. Process to Date (3 min)
2. School Data and Recommendations (10 min)
3. Timeline and Next Steps (2 min)

# *Portfolio Planning and Proposed School Action*

## **PERFORMANCE BASED SCHOOLS**

In 2011, the SAB identified four factors to determine which schools should be **consolidated** or **transformed**:

1. Capacity Utilization and Enrollment
  - Elementary- 75% Utilization
  - Middle- 60% Utilization
  - High- 50% Utilization
2. Accreditation Performance (Academics, Attendance, Graduation, etc)
3. Age and Condition of Building
4. Feeder Patterns/ City-wide Development Plans

*Goal: To increase academic achievement and move all schools toward adequate enrollment and building utilization.*

# *Portfolio Planning and Proposed School Action*

## **PROCESS TO DATE**

1. **Schools were selected based on the following criteria:**
  - More than 10% below utilization goal (**Elem- 65%, Middle- 50%, High- 40%**).
  - No recent transformations implemented.
  - Historically low APR.
2. **Principals were notified and created school-specific community engagement plans.**
3. **11 Community engagement meetings were held at every site. Data was presented, and individual recommendations and additional data requests were collected. An email was given out for additional questions or comments (e.g., [lacledetransformation@slps.org](mailto:lacledetransformation@slps.org)).**
4. **Additional data was collected from the city development office and individual developers (e.g., recent or proposed developments in the communities).**
5. **District leadership held an extended meeting to review all data and community recommendations and confirm or create additional recommendations.**
6. **10 Final community meetings were held at every site to review the superintendent's recommendation and gather additional feedback.**
