

Clarifications 2 to the Construction Management RFQ CM-001

March 1, 2016

Given the limited page count, can full resumes as well as additional program/project information be included in the appendices portion of the SOQ, as mentioned on page 4 of the RFQ?

Statements of Qualifications must be limited to twenty (20) pages of text. This count does not include tabs, tables of contents, or appendices. SOQs shall include, within the twenty page limit, a list of key personnel and the qualifications of each. More extensive resumes may be attached as appendices, which will not count toward the 20 page limit.

SOQs shall include all program and project information within the twenty page limit.
