School Description

Laurel Dell Elementary School is a small, multi-cultural school located in central San Rafael. It draws its attendance from the Bret Harte, Picnic Hill, and East Gerstle Park neighborhoods, and is considered a school of request by families throughout San Rafael. Laurel Dell prides itself on the power of its community and a true sense of family among the students, families and staff.

Laurel Dell is committed to teaching basic learning skills, offering enrichment programs in Art, Music, P.E., Garden, and Dance. The school community is dedicated to providing equal access to educational opportunities for all students, and challenging students at their educational level. Involving families and providing educational and support opportunities is an important part of this work. Laurel Dell's Vision Statement:

- Students will develop a deep understanding of essential knowledge, benchmark state standards, and life skills.
- Students will develop the capacity to apply their learning, to produce quality work, to reason and solve problems, preparing them for the challenges of the future.
- Students will be enriched by recognizing the contributions of many cultures, values, and ideas.
- Each student's unique physical, social, emotional, and intellectual contributions are valued, ensuing a safe and supportive learning environment.
- Effective collaboration and communication between school staff, district staff, families, and community members will facilitate the shared responsibility of advancing the school's mission and goals.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council reviews curriculum recommendations and revisions materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Laurel Dell School, the campus is orderly, and students feel safe at school. The school ensures that on-site supervision is provided for programs that take place before and after school. Beginning at 8:30 a.m., there is supervision for those students who have arrived on campus before the 8:45 a.m. start time. After school, many of the students participate in the LEAP intervention program for grades 1-5.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a “visitor pass” to identify them for security personnel and all staff and students. The physical quality of the school campus influences teaching and learning. All students and faculty have a reasonable amount of classroom and open space. The playground is sufficient for the size of the student population and is easily supervised during recess. The campus offers sufficient spaces for pull-out groups and counseling services.

Laurel Dell Elementary was opened at its current location in 1961. The school has a total of nine classrooms (five permanent and four portable), a multipurpose facility, a library and technology center, community meeting room, covered eating area, and a student services (administration) building. Portable classrooms were added in 2003, 2004, 2005 and 2007. The school underwent modernization in recent years with the use of voter-approved school bond funds. Improvements included modernization of the technology center and library, community meeting room, installation of a new covered eating area, new roof, repair and replacement of gutters and downspouts, new heating and air ventilation system, electrical distribution upgrades, and new external lighting. In addition, the parking lot and fencing were reconfigured to expand the play area.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

San Rafael voters approved Measure A in November 2015 to fund capital facilities projects to improve our school facilities. Measure A provides \$108 million to update the district's elementary and middle school facilities.

SRCS' bond program is providing much needed capital improvements to our facilities to create safe, innovative learning environments and to provide instructional technology to support 21st century learning. Additional classrooms, labs and equipment are being built and improved to reduce overcrowding in our schools and to better meet the growing demand for hands-on science, technology, engineering, arts and math (STEAM) classes. Site Design Teams and architects, led by the District's Capital Facilities Team, have contributed greatly to shape the plans for these improvements, and the construction work is ongoing throughout the district.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016-17 and 2017-18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018-19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and the CAA for Science will be field-tested in 2018-19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Contact Person Name: Josh Deming jecs95@msn.com

Parent involvement is a vital component of the educational program at Laurel Dell Elementary School. San Rafael City Schools would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

Parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including parent council, district and school English language advisory committees, parent teacher associations, district and school site committees, fundraising campaigns and special events.

At Laurel Dell School, specific opportunities for parent participation include the Site Leadership Team, Parent Teacher Association, and School English Language Advisory Council.

Parents are also made to feel welcome through various informational and community-building events, including back-to-school nights, parent conferences, parent education nights, PTA meetings, parent coffees/Charla Cafes, and student performances.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Date Reviewed and Updated: August 22, 2018 Date Discussed with School Faculty: August 22, 2018

Laurel Dell has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. The school has staff members who are trained in cardiopulmonary resuscitation (CPR) and first aid. Disaster drills are held once a semester throughout the year. The school also participates in an annual county-wide disaster preparedness drill.

Key elements in the school safety plan include: disaster procedures, abuse reporting procedures, suspension/expulsion policies, sexual harassment policies, school dress code, and school discipline policies.

Professional Development provided for Teachers

Elementary School District number of dedicated negotiated staff development days:

2016-2017 – 3

2017-2018 – 3

2018-2019 – 3

District professional development during the 2018-2019 school year will focus on focus on math district wide during differentiated professional development offerings and buy back days. Additionally, teachers at three schools will be participating in a robust year-long professional development on writing workshop including a Beginning Summer Writing Workshop Institute, lab sites and more. With coach support, teachers will continue using assessments to inform differentiated reading instruction through small groups and conferencing. Finally, all teachers are also able to choose from a wide range of differentiated professional development opportunities such as “Math Talks” and “Next Generation Science Standards: Key Instructional Shifts,” among others. These topics were chosen based on teacher surveys, student learning data and district foci. Teachers also participate in site based professional development and other offerings through the county and other organizations as appropriate. District wide, we are also in our fifth year of professional development for all PK-3 teachers in SEAL to support our English Learners. Teachers also participate in site based professional development and other offerings through the county and other organizations as appropriate.

In 2017-18, training topics included: California Common Core Standards, Balanced Literacy and Guided Reading, Strategies and Curriculum Planning for ELD, Fountas and Pinnell Benchmark Assessments, EL Achieve Designated ELD (Grades 4 and 5), use of data for differentiated instruction, and instructional strategies to meet the needs of English language learners. These topics were selected based on CELDT scores, fluency scores, district benchmark data, and other student data.

Teachers and other key school staff members have opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent-teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.

Types of Services Funded

Laurel Dell School offers programs and supplemental services that are available at the school and funded through categorical funds or other sources. For the 2017-2018 school year, these programs and services included the following:

- Supplementary educational programs
- Before and after school intervention
- Translation services for conferences, meetings and training's
- Materials and supplies
- Professional development for staff and parents
- Instructional Coach
- Intervention Specialists

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
