Fuel (Credit Recovery)

Credit recovery will begin on Wednesday, September 7th. Steve Coleman will oversee our REMOTE LEARNING Fuel Credit Recovery and Carolyn Quinby will instruct IN PERSON Fuel Credit Recovery. Maria Tinnel will be the administrator overseeing Fuel should you have any questions. Fuel Course Lists are available from counselors.

Chromebook Repair or Replacement

Students in need of Chromebook repair or Chromebook replacement - Someone will be able to assist you in the Innovation HUB every Wednesday between the hours of 8am-12pm. Please do not use class time for this without a pass from your teacher, or come before school, during brunch, or during a gap period.

Attendance Letters

Please continue to update attendance by period, each day. We are working to communicate attendance reporting expectations with families. Though we have given a grace period for the first few days of school (schedule changes, new students), we will send Attendance Absence and Tardy letters home this week. Questions? Please see Maria Tinnel.

Tardy Enforcement

In an effort to reduce campus tardies, Dean Chapman has been meeting with habitually tardy students to discuss the importance of being in class on time. Starting the week of 9/12, administration will be tracking student tardies. Students with 5 or more tardies in a week will be assigned a lunch detention. Tardies will reset each Monday.

Initial ELPAC Administration

Similar to previous years, we will be assessing our EL students in two waves: ELPAC *Initials* in fall and ELPAC *Summative* in February. TL is scheduled to begin ELPAC Initials individual testing on Monday, September 12th. On this day, students will be called out individually for the speaking portion of the assessment. Testing takes approximately 30 minutes. If you receive a call slip for a student on Monday, 9/12, please send the student down at the time listed so that testing can be completed in a timely manner and reduce any additional disruptions to class. See Lauren Inman with any questions.

All about YOU!

In an effort to build connections with students AND create a buzz around our college going culture, we are creating fun signage for outside of your classroom. You can answer as many or as few of the optional questions available on the form. It is okay if you only share a few facts about yourself! Please complete [this Google Form](#) at your earliest convenience.

Culturally Responsive Classroom Training - Ed Services, Tyler Graff

In addition to expanding professional development time at the High Schools this year, our District is looking forward to offering other meaningful professional development opportunities and curriculum planning sessions throughout the year. One of those offerings is the Culturally Responsive Classroom Training with Dr. Lori Watson which will meet eight times over the course of the year to examine identity and the strategies and mindsets that help to create an inclusive classroom environment for students of color or other minoritized students. With over 60% of our students being students of color, it's important that we all have the skills to recognize patterns that need to be disrupted and proactively affirm students and their identities as learners, advocates, and citizens.

Who's Invited: All 6-12 teachers

Compensation: You will be paid hourly out of the Educator Effectiveness Grant

Dates: 10/20, 11/17, 12/6, 1/5, 2/7, 3/2, 4/6, 5/4

Time: 4:00-5:30

Do I need to come to all the trainings? The program is progressive and each training builds on the preceding it, so it is recommended that you attend all scheduled dates. We also recognize everyone is busy and that scheduling issues will come up over the course of the year.

If you're interested in participating in this training, please fill out [this form](#) by September 9th. Once folks have registered Dr. Watson will send a welcome email and I'll send calendar invites with location details.
