Course Selection Window Closes Wednesday, March 15th

Last week, the course selection window opened for returning students. Career Technical Education Fair (March 31st 9 AM-1:30 PM)

We will be holding our annual **Career Technical Education Fair on Friday, March 31st, from 9am-1:30pm**. This fair provides students with the opportunity to meet with presenters from various local organizations and industries in order to learn about postsecondary opportunities, summer jobs, internships and apprenticeship opportunities.

This year, we are excited to announce that the CTE Fair will be held in the new quad area between the new competition gym and the weightlifting gym. Students will be flowing through the fair in large numbers throughout the day. As part of the fair, designated senior and junior classes will be able to visit the fair during 2nd and 4th period. Carol will send out a schedule this coming week that will show which teachers/classes will come during which period. If you have any prior tests or projects scheduled on that day and would like to not have your 2nd or 4th period class called to the fair, please let Carol know in advance.

Additionally, seeing as we will be there during the tutorial period, this is a great opportunity to have any freshman or sophomore classes come check out the fair and speak with the presenters during that time. Please let Carol know in advance if you would like to bring your tutorial class.

Library Updates

Project Lit's mission is to promote literacy and a love of reading in our community, and as such, our club raised enough money to buy a class set of the picture book *What Do You Do With a Problem* for 2nd graders at Bahia Vista Elementary school. On Wednesday we did a read aloud with our 2nd grade buddies and gave everyone a copy of the book to take home. The club is planning another fundraiser and book share in May!

In celebration of National Poetry Month in April, we will be hosting a series of workshops during tutorial, including visits from local poets who will be reading their work and leading us in poetry writing lessons. We will end the month with a student open-mic and published book of student poetry. Students can sign up [here](#) or check out [this flyer](#) for more info!

ELD Students Visit College of Marin

A big thank you to Marta Posada, chaperones and College of Marin for coordinating a field trip to College of Marin for our ELD students. Students got to tour the campus, learn about Summer Bridge programs, College Success Saturday, Financial Aid and much more. An overall wonderful experience for our students.

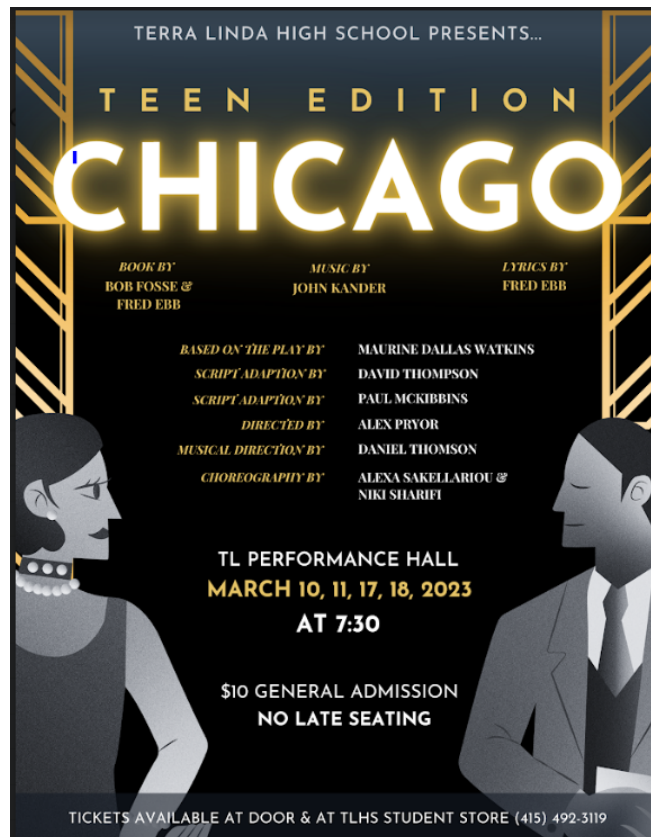

ELPAC Testing Update

Thank you all for your flexibility as we administered the ELPAC to our EL and LTEL students. We have a handful of students that we still need to assess; these will take place between March 10-16. Students will complete the 1:1 Speaking assessment between February 27-March 16. The proctors will test in the Library, have created a schedule, and have notified teachers of their scheduled date (during which their students will be assessed). Please send students promptly.

PIQE

More than 100 families have graduated from PIQE! Over the course of the past 6 weeks, families have joined PIQE to learn more about the ways to support their children as they navigate the world of education. They have learned the language of schools, the multitude of supports available, and the ways to advocate for their children. Marta Posada gave a moving graduation speech, and a parent of a 10th grader spoke about how, with knowledge, anything is possible! Thank you Marta, and thank you PIQE!
