Student Spotlight Isabella Icenogle

This week the Science Department would like to recognize Isabella (Bella) Icenogle for the student spotlight. Ms. Olson states that "Bella is a very hard-working and positive student. She always strives to do her best and shows amazing knowledge on her assignments. I have loved using her work as excellent examples for the class. She is so pleasant and always has a smile on her face. She is such a great team player in her labs. It is obvious that she is passionate about her studies and loves science."
