Student Spotlight

Dallas Lattin is the Math Department's selection for the Student Spotlight. Dallas always does a great job in class with a smile on his face. He also makes sure he understands every concept and is always willing to help other students. Dallas had to miss school due to an injury. During the time he missed, Dallas continued to do his work to the best of his ability and when he returned to school asked great clarifying questions on the assignments from when he was absent.

All Students recognized in the student spotlight receive a free meal from Sierra Energy/Squeeze Burger
