

Dear Parent/Guardian,

Our records indicate that your child has a valid religious or medical exemption from immunizations required by Public Health Law 2164 to attend school

If an “outbreak” of a communicable disease occurs in school, your child may need to be excluded from school to avoid potential complications of the disease. The length of exclusion will depend upon the incubation period of the particular disease. The medical director and the Department of Health will be consulted if an outbreak does occur.

Please return this notice with your signature indicating you understand the school district’s policy about this matter.

Signature of Parent/Guardian_____ Date_____
