4. SUPERINTENDENT UPDATE

Dr. Perry would like to thank the Colonie Police Department and the High School Administration for their flawless work handling a situation at the High School. Late last week we had a potential threat of a weapon rumored to be brought to school. This was investigated fully by the Colonie Police and deemed not to be a credible threat. This information was communicated out to families. Also, we are messaging out information related to our COVID testing. We are beginning with our staff on October 8th and October 12th. We will begin with students the following week. We will start with high school students and then work our way to the middle schools and elementary schools. We will not test students without parental consent. We do encourage families to get vaccinated if they can.

5. NEW BUSINESS

Ms. Gigliello stated that both she and Mr. Casey had the opportunity to visit all of the school nurses last week. She wanted to thank them and give them a big shout out for their dedication, professionalism, and compassion. It was an eye opener to see some of the small areas that the nurses are working in.

Mr. Casey also wanted to thank them and say how impressed he was with the professionalism shown. He said they would like to do that going forward with the other departments.

Ms. Cogan stated that she passes by the High School every morning just before school starts and she is pleased to see that Colonie Police are there to help with traffic. The morning traffic at the high school has been a problem for a long time and a good solution may never happen. She was wondering how long the plan to have them there would go on and if there was any cost to the District. Dr. Perry stated there is no cost to the District and they would continue to be there unless they are called out on other instances. We have been very fortunate to have them there each day so far this school year. We do have plans as part of Phase IV to change the transportation structure at the high school in terms of parent drop off and the route for buses to come in and out. This work is scheduled to be done this summer.

Mr. Ryan reminded the board that he is the voting delegate for the NYSSBA business meeting coming up in a few weeks. On October 7th at 12pm there will be a virtual orientation and the business meeting will take place on October 18th at 4:00pm. Mr. Ryan would like to get together with Dr. Perry regarding the proposed resolutions to solidify how the District will vote. Dr. Perry stated that the voting recommendations were in the Friday Bulletin and he would forward more specific information to Mr. Ryan.

Mr. Keane brought up the roof in the tech wing at the high school. He is curious when the tech wing was refurbished and why the roof was not done at the same time. Dr. Perry stated it was part of Phase III work that was delayed until Phase IV and the cost factor was the reason. It is a top priority for Phase IV work to be done this summer. There has been no major damage at this point in time.

6. OLD BUSINESS

Mr. Keane mentioned how at the last meeting we approved the funds for virtual teaching and he is looking for clarity. He was wondering where the money was coming from and was wondering how the percentages are accounted for as part of their working day. Dr. Perry stated that the money is coming from both general fund and stimulus monies. Historically teachers at the secondary level teach 5 classes. So teaching 1 additional class is 1/5 of their day or .20.

7. COMMUNICATIONS

Graham Knowles submitted an electronic comment inquiring about the progress of discussing changes in the way that the school board runs the election process. Dr. Perry stated that this would be discussed at the next Accountability/Board Operations committee meeting.
