

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Summary & Background

SOUTH COLONIE CSD

010601060000

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Submission Instructions

Submission Instructions

SOUTH COLONIE CSD

010601060000

Directions for Submitting the Application:

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs - Rm 320 EB

RE: ARP-ESSER Application – Part 2

New York State Education Department

89 Washington Avenue

Albany, NY 12234.

Deadline for Submitting the Applications:

The *ARP-ESSER Application – Part 2* is due by August 31, 2021.

SOUTH COLONIE CSD

010601060000

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.

The South Colonie Central School District has done the following to engage a diverse set of representatives and stakeholders in developing this plan:

- Developed a Reopening Taskforce that has stakeholder, parent and community representation and has met multiple times over the past three months
- Created and distributed a survey to the school community to solicit feedback concerning the plan and received over 40 responses
- Responded to public comments during Board of Education meetings throughout the planning process
- Posted the ARP-ESSER Plan for review by the public
- The South Colonie Central School District continues to hold "Re-Opening Committee 2.0" meetings during the school year and will continue during the course of the implementation of the grant.
- The Reopening Committee will meet on at least on a quarterly basis.

2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.

This information includes the ARP ESSER plan, the reopening plan and the Google Doc is the PDF of the complete plan.

The information is on a banner on the opening page of the district website. We have also pushed out the information through ParentSquare, which is our outreach tool.

The website has the ability to translate to over 70 languages.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

ARP-ESSER LEA Base 90% Allocation - Program Information

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

The South Colonie Central School District will use the funds for prevention and mitigation in the following ways:

- make capital improvements to locker rooms and bathrooms to improve ventilation that will support mitigation strategies and social distancing
- cleaning equipment, floor scrubber and wet vacs to control the spread of any virus
- district signage to encourage and promote social distancing
- address social emotional learning for both students and adults

We will use the funds to renovate bathrooms (ventilation) to reduce the spread of COVID and reduce the risk of transmission all of which will contribute to the safe operation of school and the continuation of in-person learning.

The floor scrubbers and wet vacs will allow us to clean the buildings in a more efficient manner in light of staffing shortages. The cleaner the buildings the less spread of COVID.

We will replace well-worn rugs to help mitigate dirt and promote overall cleanliness and district signage will change traffic patterns in all the buildings to promote social distancing.

Finally, we will support the social emotional learning of the both the students and the staff so that students and staff will be feel safe to attend school be present for in-person instruction.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

The South Colonie Central School District will use the following data to identify student needs and monitor:

- Results on Regents Exams
- Results on Grade 3-8 State Assessments
- i-Ready Data in ELA and Math
- F&P Results
- SEL Baseline Data through

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

The South Colonie Central School District will implement evidence-based interventions such as increased reading instruction and smaller group instruction related to special education students. These services will be coordinated by the SPED administrator and the higher frequency and smaller groups will be facilitated by the addition of a special education teacher. \$193,444

In addition, we will work with evidence-based strategies for speech students that have experienced learning loss of learning gaps due to being virtual for 18 months and unable to experience in-person speech services. The additional speech teacher will allow for smaller groups and more frequent services, which evidence would support, will benefit the students. \$97,222

School to work coaches will enable the district to provide job-site support for our students with significant disabilities. These students are embedded in Colonie Center and have opportunities to work in the various businesses located in the mall. The additional job coaches will allow these students the opportunity to experience real life job training that evidence shows provides them the opportunities for post graduate success. Due to COVID these students have not had on-site job experiences for 18 months and these additional coaches will help to address the learning gaps and learning loss. \$400,000

To promote students to be more engaged in literacy, we will use a portion of our funds to provide clerical support for elementary libraries. By having more clerical support this will free up the librarians to provide flexible scheduling and collaboration with classroom teachers, which the evidence shows will promote literacy engagement. \$270,000

Based on the district's allocation, the 20% reserve should be at least \$804,583.

The activities listed above are equal to \$960,666

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.Playground and Field Maintenance:

Identified Need: The fields and playground are in dire need of renovation and remediation. The fields and playgrounds are underused and many cases not used, which inhibits outside play and exercise.

Planned Outcome: We will improve the condition of our fields and playgrounds and that will lead to more students being engaged in outdoor activities and outside play.

Monitoring Plan: We will enter into a contract with Saratoga Turf Management to monitor the upkeep and progress of the fields over the three years.

Water Fountain Upgrades:

Identified Need: The school district still has "old school" water fountain and would like to transition to water bottle filling stations. We have had positive feedback in areas of the district where these stations have been installed.

Planned Outcome: Eliminating the traditional water fountain will reduce virus transmission and more importantly encourage students to consume water during the course of the day.

Monitoring Plan: First, we will look at the number of water fountains installed. Secondly, the bottle filler stations have a counter that indicate the number of bottles that are filled and we will monitor the number of times the new stations are used.

Chromebooks:

Identified Need: In wake of the shutdown students are more reliant than ever on their Chromebooks for a combination of in-person and hybrid instruction. We will need to provide Chromebooks in a 1:1 setting and a replacement plan for end-of-life devices.

Planned Outcome: We will increase student engagement and options for instruction as a result of having an increase number of devices for student.

Monitoring Plan: We have a UPK-12 District-Wide Technology plan that addresses all aspects of 1:1 implementation. We will continue to work within that monitoring process that is included in that plan.

Entrance Way Rugs/District Signage/District Windscreens

Identified Need: The district as changed most of its entry and exit plans due to either COVID or COVID related outcomes, such as changes in traffic patterns due to more parents driving their children to school. We need have clear and consistent messaging across the district for foot and vehicle traffic.

Planned Outcome: The plan is to change the flow of foot traffic and increase the number of entrances and exits to increase social distancing. The outside signage is to deal with the increase in vehicle traffic and make the pick-up/drop-off more efficient which will lead to two outcomes. First, increase instructional time due to less students being late to school and shorten the arrival time in the buildings. And second, with more efficient pick-up/drop-off we plan that parents will be more willing to drive their children to school to reduce quarantines for COVID exposures on the bus. Also, we are faced with a impending driver shortage and we will need more parents to drive students.

Monitoring Plan: We will review the foot traffic patterns to determine if they are reducing congestion. In addition, we plan to record and monitor the start time of the various schools to see if pick-up/drop-off times are reduced and instructional time increased.

Floor Scrubbers/Orbital Scrubber/Autoscrubber

Identified Need: In light of a staffing shortage we need more efficient ways to keep our buildings clean. By adding mechanical floor scrubbers, we will be able to keep the buildings clean using less staffing or at least our existing staffing.

Planned Outcome: We also hope that the cleaner the buildings are the more likely our community will have faith that we are able to reduce COVID transmission.

Monitoring Plan: We will determine if we are able to clean the buildings with additional equipment and the existing staffing.

Masks

Identified Need: It's COVID, we need masks.

Planned Outcome: We will have enough masks for students and adults.

Monitoring Plan: That we have enough masks.

Renovation Bathrooms

Identified Need: The bathrooms in the high school and middle schools are outdated and the ventilation and physical layout are not conducive to a COVID or post-COVID environment.

Planned Outcome: We will update the bathrooms to improve ventilation. These changes should reduce virus transmission and promote more social distancing.

Monitoring Plan: Our plan to monitor will be that the renovations actually take place and that we are able to have better ventilation in the bathrooms.

Playground Equipment

Identified Need: The playgrounds need renovation and new equipment to promote outside play and build interest in our outside spaces. The fields and playgrounds are underused and many cases not used, which inhibits outside play and exercise.

Planned Outcome: We will improve the condition of our playgrounds and that will lead to more students being engaged in outdoor activities and outside play.

Monitoring Plan: We will work with the teachers and the community to gauge student use of the equipment.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

The South Colonie Central School District will work to increase learning enhancement, improve engagement, bridging learning opportunities of all students. And in particular students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

For instance, we will have our job coaches work on school-to-work skills with our children with disabilities and our students from low-income families. These coaches will be front line for monitoring and aiding in the social emotional needs of our children with disabilities.

The additional special education teacher and administrators will also allow for additional opportunities and monitoring of the social emotional needs for our children with disabilities.

The addition of STEAM coordinator will allow for exposure to science and technology for all students, but it will allow us to target our UPK-4 buildings and increase the exposure, on a more intimate scale for students of color, ELL, homeless students, migratory students and students in foster care. By exposing those students to STEAM at a younger age, we have a better chance of engaging them later in their academic career. By engaging these students in school, they will have better social, emotional and mental health.

Chormebook 1:1 implementation is a very important step to making all students feel included in the school environment. By having every student, regardless of background and income level have a device will support students social, emotional and mental health.

Finally, we need to have all the playgrounds in the district be equal and accessible. By supporting improvements to all schools playgrounds we will be able to support all students, but more importantly to support schools that might not have had PTAs that built playgrounds

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

ARP-ESSER Return to In-Person Instruction

SOUTH COLONIE CSD

010601060000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

https://www.southcolonieschools.org/covid-19_protocols_and_procedures/

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

The South Colonie Central School District has a Reopening Committee that has been established that has stakeholders, community and parent representatives. The Committee will review the plan on a quarterly basis and operationalize the feedback provided. In addition, the district will solicit feedback from the district website and through Board of Education meetings.

ARP-ESSER LEA Base 90% Allocation - Construction-Related Costs

SOUTH COLONIE CSD

010601060000

PLEASE NOTE:

The Office of Facilities Planning, in collaboration with NYSED's Chief Financial Officer and the Office of ESSA-Funded Programs, is developing guidance regarding capital construction projects based on the United States Department of Education (USDE) recently issued FAQs for this federal program. The Use of Funds FAQ (released May 26, 2021) may be of particular interest, since it discusses construction and combination of funds. Links to the federal program website are below:

<https://oese.ed.gov/offices/american-rescue-plan/american-rescue-plan-elementary-and-secondary-school-emergency-relief/>

ESSER.GEER_FAQs_5.26.21_745AM_FINALb0cd6833f6f46e03ba2d97d30aff953260028045f9ef3b18ea602db4b32b1d99

Local Educational Agencies (LEAs) which intend to do federally funded work using ARP-ESSER funds must first file FS-10s and other documents as required by the Office of ESSA-Funded Programs. If a project would normally require a building permit if supported by state/local funds, it must also have a building permit if supported by federal funds (or a combination of funding streams). Facilities Planning forms are under development at this time.

1. What is the amount of funds that the LEA plans to use for construction related projects?

845,600

2. In the space provided below, please described the planned construction activities and costs.

Contractor for field remediation: \$63,000

Contractor to re-glaze walls of renovated bathrooms: \$178,096

Contractor for labor associated with bathroom renovations: \$176,752

We will upgrade the water fountains from traditional water fountains to bottle filler type fountains. This is equipment costs only, the work will be done in-house: \$35,000

Supplies for the renovation of the bathrooms: \$230,112

New playground equipment: \$162,640

3. Will the planned construction impact and/or effect any district, site, building, structure, or object that is: Included in the National Register of Historic Places; or Eligible under criteria established by the Secretary of Interior for inclusion in the National Register of Historic Places?

No, the planned construction will not impact and/or effect any district, site, building, structure, or object that is: Included in the National Register of Historic Places; or Eligible under criteria established by the Secretary of Interior for inclusion in the National Register of Historic Places.

ARP-ESSER - Construction-Related ASSURANCES**4. The LEA assures it will have or obtain a full title or other interest in the site, including right of access, that is sufficient to insure the grantee's undisturbed use and possession of the facilities for 50 years or the useful life of the facilities, whichever is longer. § 75.603 (Authority: 20 U.S.C. 1221e-3 and 3474)**

YES, the LEA provides the above assurance.

5. The LEA assures it will ensure that sufficient funds are available to meet any non-Federal share of the cost of constructing the facility. § 75.604

YES, the LEA provides the above assurance.

6. The LEA assures work will begin on construction within a reasonable time after the grant for the construction is made. § 75.605 (Authority: 20 U.S.C. 1221e-3 and 3474)

YES, the LEA provides the above assurance.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Construction-Related Costs

7. **The LEA assures the construction will be completed within a reasonable time and the LEA shall complete the construction in accordance with the application and approved drawings and specifications. § 75.606**
 YES, the LEA provides the above assurance.
8. **The LEA assures that the construction is functional; economical; and not elaborate in design or extravagant in the use of materials, compared with facilities of a similar type constructed in the State or other applicable geographic area. § 75.607. Further, the LEA assures that it shall, in developing plans for the facilities, consider excellence of architecture and design and inclusion of works of art. The grantee may not spend more than one percent of the cost of the project on inclusion of works of art. § 75.607 Authority: 20 U.S.C. 1221e-3 and 3474)**
 YES, the LEA provides the above assurance.
9. **In planning for and designing facilities, the LEA assures it shall observe the standards under the Occupational Safety and Health Act of 1970 (Pub. L. 91-576) (See 36 CFR part 1910); and State and local codes, to the extent that they are more stringent. § 75.609 Further, the LEA assures it will submit an application for a Building Permit to NYSED Office of Facilities Planning for review and approval prior to construction.**
 YES, the LEA provides the above assurance.
10. **The LEA assures that it shall comply with the Federal regulations on access by the handicapped that apply to construction and alteration of facilities. These regulations are:**
• **For residential facilities - 24 CFR part 40; and**
• **For non-residential facilities - 41 CFR subpart 101-19.6. § 75.610**
 YES, the LEA provides the above assurance.
11. **The LEA assures that, in planning the construction, the LEA shall, in accordance with the provisions of Executive Order 11988 of February 10, 1978 (43 FR 6030) and rules and regulations that may be issued by the Secretary to carry out those provisions: Evaluate flood hazards in connection with the construction; and as far as practicable, avoid uneconomic, hazardous, or unnecessary use of flood plains in connection with the construction. § 75.611**
 YES, the LEA provides the above assurance.
12. **The LEA assures that it shall maintain competent architectural engineering supervision and inspection at the construction site to insure that the work conforms to the approved drawings and specifications. § 75.612**
 YES, the LEA provides the above assurance.
13. **The LEA assures that it will comply with the regulations on relocation assistance and real property acquisition in 34 CFR part 15. § 75.613**
 YES, the LEA provides the above assurance.
14. **The LEA assures that, when construction is completed, sufficient funds will be available for effective operation and maintenance of the facilities. § 75.614**
 YES, the LEA provides the above assurance.
15. **The LEA assures that it shall operate and maintain the facilities in accordance with applicable Federal, State, and local requirements. § 75.615**
 YES, the LEA provides the above assurance.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Construction-Related Costs

16. The LEA assures that, to the extent feasible, it shall design and construct facilities to maximize the efficient use of energy. § 75.616 Further, the LEA shall comply with ASHRAE standards in designing and constructing facilities built with project funds. § 75.616 The following standards of the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE) are incorporated by reference in this section:

- ASHRAE-90 A-1980 (Sections 1-9).
- ASHRAE-90 B-1975 (Sections 10-11).
- ASHRAE-90 C-1977 (Section 12)

Incorporation by reference of these provisions has been approved by the Director of the Office of the Federal Register pursuant to the Director's authority under 5 U.S.C. 552 (a) and 1 CFR part 51. The incorporated document is on file at the Department of Education, Grants and Contracts Service, rm. 3636 ROB-3, 400 Maryland Avenue, SW., Washington, DC 20202-4700 or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to:

http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html. These standards may be obtained from the publication sales department at the American Society of Heating, Refrigerating, and Air Conditioning Engineers, Inc., 1791 Tullie Circle, NE., Atlanta, Georgia 30329. § 75.616

YES, the LEA provides the above assurance.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Allocation - Budget

ARP-ESSER LEA Base 90% Allocation - Budget

PLEASE NOTE - the FS-10 and Budget Narrative are used to provide NYSED with a specific itemization of proposed project expenditures and to provide NYSED and the Office of the State Comptroller with the necessary documentation upon which payments can be based. FS-10s with missing quantities or unit costs, or with terms such "TBD" or "Varies" cannot be accepted on the FS-10 or Budget Narrative forms.

Please note: LEAs that have been allocated funds from the mandated SEA-Level Reserves in the 2021-22 enacted state budget will apply for those funds via a separate application process. NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the SED Monitoring and Vendor Reporting System. The sections below are only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

- 1. Please upload a completed and signed copy of the FS-10 Budget for the ARP-ESSER LEA Base 90% Funds.**

FS-10 ARP ESSER2 October 28 2021.pdf

- 2. Please upload a completed copy of the Budget Narrative for the ARP-ESSER LEA Base 90% Funds.**

ARP - ESSER 2 Budget Narrative.docx

- 3. Please complete the following table by providing total proposed expenditures by budget code for funding in relation to the ARP-ESSER Application – Part 2. This information should match the Budget Summary page of the FS-10 budget form.**

	Total Funds (\$)
15 - Professional Salaries	2,503,052
16 - Support Staff Salaries	420,000
