

VOTING PROCEDURES

Eligibility to Vote

A person shall be entitled to vote in any school district election and in all matters placed upon the official ballot, if such person is:

1. a citizen of the United States;
2. at least 18 years of age;
3. a resident within the school district for a period of 30 days next preceding the election at which such person desires to vote;
4. qualified to register or is registered to vote in accord with section 5-106 of the Election Law which excludes:
 - a) those convicted felons who have not been pardoned or had their rights of citizenship restored, those whose maximum sentence of imprisonment has not expired; and/or those who have not been discharged from parole;
 - b) persons adjudged mentally incompetent by a court

Challenges to voters believed unqualified to vote may be undertaken pursuant to Education Law provisions. Each annual or special election or meeting shall have a presiding chairperson appointed by the Board. Such chair shall have the responsibility of properly handling any challenges to the qualification of any voter.

Voting

Voting machines shall be used for recording the votes on all elections, budget votes, and votes on special propositions. The only exception to the use of voting machines shall be a situation where the machines are unavailable due to mechanical failure. If this should arise, paper ballots will be used.

Each voting machine shall have at least two election inspectors appointed by the Board in attendance during all voting hours. It shall be the duty of the District Clerk and assistant clerk or clerks to keep a poll list containing the name and legal residence of each person before such person is permitted to vote.

Any district employee or registered voter who resides within the district may serve as an election inspector, unless they are a candidate for an office in the election or they are the spouse, parent, or child of any candidate for an office in the election. Election inspectors will be required to participate in a training session scheduled by the district clerk prior to each district vote.

Election inspectors shall not advise or induce such voter to vote on any proposition or candidate, and if the election inspector were to learn how the individual voted, the election inspector shall never reveal the vote(s) recorded to any other person at any time.

Write-in ballot spaces are required. Ballots containing the names of nominated candidates will be provided by the Board. There will be as many write-in spaces as there are vacancies at the time of election.

The writing in of a name in the blank space so provided, will sufficiently indicate a vote. The district cannot require a voter to place any other mark beside the name of a write-in candidate.

Absentee Ballots

The Board provides for the use of absentee ballots for voting. Such ballots shall be available for the election of members of the Board of Education, the adoption of the school district budget, and on questions and propositions submitted to the voters of the district. Applications must be received by the District Clerk at least seven days prior to the election, if the ballot is to be mailed to the voter; or received by the day before the election, if the ballot is to be personally delivered. Applications must be completed and returned, and the individuals must verify therein that they meet all voting requirements, and explain the reason for their inability to appear in person to vote.

The district shall request registration lists from the Board of Elections for those voters whose registration record has been marked “permanently disabled” and shall automatically mail absentee ballots to such voters in advance of each district vote or election.
