4. SUPERINTENDENT UPDATE

Dr. Perry gave a quick update on summer programming. We completed our Camp Invention, which was a successful week of stem related activities. There were approximately 240 students and this was funded by our federal stimulus monies. We have also completed our K-4 Summer Academy, which went very well. We are deep into summer school at the 5-12 level, as well as our ESY program at Forest Park. All reports say that things are running smoothly and the kids are working hard this summer.

A few Capital Project Phase IV updates. If you have driven by the high school this summer, you will see we are making progress with the road and the sidewalks, as well as the gravel in the turnaround. Our goal is to have that roadway reopened September 1st. We appreciate everyone's patience. Other work that is ongoing: We have some auditorium work happening and we have received clean air quality results back for the asbestos removal on the staging area. We are waiting for some additional contractors to come in and do the steel reinforcement work and that is something that will delay the availability of the auditorium use until after Thanksgiving.

Roofing materials did arrive at the high school for the roof over the tech wing and art wing and seems to be on schedule. They did discover some asbestos in the Sand Creek tech rooms and there is a remediation plan but it is something we are looking at additional quotes for because the cost is extremely high. We anticipate some action between now and the end of August. The special vote for the BOCES property will be held on August 9th

All residents within the 24 component school districts, including South Colonie residents, can vote for the sale of the BOCES property. The local voting will be held at 900 Watervliet Shaker Road between the hours of 8am and 8pm. This does have an impact on us, as we are looking to purchase that property. We appreciate the support.

5. NEW BUSINESS

Mr. Casey wanted to make sure everyone knew about the fundraiser in support of the building of Charlie's Playground in honor of Charlie Fernandez. The BBQ will take place at Midway Fire House on Saturday, August 13th from 3pm to 7pm. He encourages everyone to go.

Mr. Ryan stated that they just finished the exterior walk through's and wanted to thank everyone who participated in that. He encourages all board members to participate in the future if they have a chance. It is amazing how much you see when you walk around and the way our buildings and properties are kept is impressive. They do a great job and we have a lot of upcoming projects. Thank you to the O&M staff for continuously doing a great job.

Ms. Cogan seconded what Mr. Ryan said. She said they have seen a great improvement from last summer to this summer. There have been so many improvements and kudos to the O&M team. They have done a great job and everyone is working together to get things done. We are very grateful.
