Unpaid School Meal Charges

The District adopts the following policy to ensure District employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, avoid identifying to other students or bystanders students with insufficient funds to pay for school meals, and maintain the financial integrity of the school nutrition program.

Unpaid Meal Charges

When a student's school meal account funds are exhausted, a student paying the full or reduced price for meals may charge no more than \$15.00 to his or her school meal account. Students may charge breakfasts and/or lunches and/or afternoon snacks up to the maximum amount. Charging of a la carte or extra items to a student's account will not be permitted.

Students who have charged the maximum amount allowed will not be allowed to charge further meals until the negative account balance has been paid in full. However, such students will be allowed to purchase a meal if the student pays for the meal when it is received.

Students who have charged the maximum amount and cannot pay out of pocket for a meal will be provided an alternate meal which meets the federal requirements for reimbursement. Alternate meals shall be provided for **breakfasts and/or lunches and/or afternoon snacks**. This meal shall be provided at **no cost. Such alternate meals shall be provided for no more than two days.**

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases.

The District will make reasonable efforts to notify families prior to going into a negative balance. If an account does have a negative balance, additional communications will be advanced to the family in order to seek payment for the negative fund balance and to re-establish a positive account balance for the student's use. At least one written warning shall be provided to a student and his or her parent or guardian prior to denying meals for exceeding the District's charge limit. Families will be notified by **automated calling system and/or a letter sent home with the student and/or by mail and/or by email.**

This notice may include a copy or description of this policy and information regarding how to apply for free or reduced price meals, including contact information for the Child Nutrition Director who can help them with the application process. Active efforts to encourage eligible households to apply for free or reduced lunch may be used to prevent meal charges.

If payment of the negative balance is not received within 10 days of the maximum charge limit being attained, the debt will be turned over to the Superintendent or the Superintendent's designee for collection. If the debt is not paid within 10 days of mailing the final notice of the negative account balance, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges. Such bad debt must be restored using non-federal funds, from sources such as the District's general fund, special funding from state or local governments, or other sources.

Efforts to collect payment may include use of collection agencies, small claims court, or any other method permitted by law, provided the benefits of potential collections outweigh the costs incurred to achieve those collections.

Students and parents/guardians of students are encouraged to prepay meal costs. Payments for school meals may be made by

1. Bringing payment to the school OR Child Nutrition office;
2. Making payment on-line
3. Using bill pay from their banking institution
