

ADVANCED PLACEMENT

When you take an AP® course, you tackle topics head-on and go deeper into subjects that interest you. You also get the chance to discuss and debate your perspectives with your AP teacher and classmates.

Advanced Placement Basics

AP courses are offered in multiple subject areas. AP Exams take place each May and are scored on a scale of 1–5.

[Learn more about AP Exam scores.](#)

Taking the exam and getting a qualifying score is the only way students will earn college credit or advanced placement through the AP Program. Most colleges grant credit, advanced placement, or both for qualifying AP Exam scores.

Why AP?

AP enables you to:

- Stand out in college admission
- Earn college credit
- Skip introductory college classes
- Save money on tuition
- Build college skills and confidence
- Explore potential majors based on your interests
- Turn subjects you love into fulfilling career paths
