Wellsville Central School's Mission Statement

Our mission is to prepare our students to be successful contributing members of their communities through excellence in education.

General Information

Welcome to the Wellsville Elementary School. This handbook includes important information about various school policies and procedures, as well as general information, which may be of interest to you.

The Wellsville Elementary School is organized to provide a safe and secure environment for your child where s/he can explore and grow. If you have any questions about any programs please call. We encourage you to visit the websites and become a part of the school community.

Arrival, Dismissal & Tardiness

School begins and student supervision starts at 8:55 am; please do not arrive early, as the doors will be closed until that time. This year, arrival time is between 8:55-9:10 and dismissal time is between 3:05-3:15. Parent drop off/pick up and bus arrival/departure will take place during these windows of time. For safety reasons, students are pre-assigned to enter and exit doors by grade level.

Parent pick up and drop off from school will be behind Wellsville Elementary School. We ask parents to stay out of the front parking lot during arrival and dismissal unless you need to come to the main office.

Students are to report directly to their homeroom or to breakfast. Students are considered tardy if they are not in their classrooms by 9:15 am. Any tardy students arriving after 9:10 must enter in through the main doors to the office. A written excuse **MUST** accompany your child if s/he is late to school. Your child will be given a late pass at that time to go to class.

There will be NO changes to transportation requests unless it is an EMERGENCY. Any changes MUST be in written form and be into the main office by 1:00 pm.

School Visitation

In order to provide a safe environment for all students and staff at Wellsville Elementary School, we ask for cooperation from everyone on the following procedures during school hours.

In order to maintain safety within the WES building access is limited to our personnel or prearranged guests.

Parents or Guardians will not be allowed to walk students to their classrooms.

Parents or Guardians picking up students during the school day must report to the main office & your child will meet you there.

There will be no parent or guardian visitation to eat lunch with their child/s.

Student Attendance

Students are expected to attend school except in cases of emergency, illness, or school-approved absences. If your child is late or absent, please follow this procedure. For the safety and welfare of all students, strict adherence to this procedure will be followed.

When students are absent from school, it is our procedure to call home on a daily basis to ensure the safety and welfare of all students. If you know your child is going to be absent, please call 585-596-2122.

1. Anytime a student is tardy or absent, a written excuse is required when returning to school. Please send this excuse in with your child on the first day back.
2. A doctor's statement will be required for an extended illness of five days or more.
3. When a student is absent or tardy from school, s/he is expected to make up the work that was missed.
4. If academics are moved remotely for a period of time, students are required to log into online learning and participate in classes.

5. If your child cannot go out for recess or participate in physical education, s/he MUST bring a signed note from the doctor stating the reason for being excused. Also, a doctor's note MUST be provided for your child to resume activities.
6. If a student is excused from school during the school day a written excuse needs to be sent with the student when s/he comes to school. The excuse is then brought to the Main Office and his/her absence is recorded on the attendance bulletin. At the time the student is to be picked up s/he will be met in the Main Office. Parents ARE NOT to go directly to the classroom to pick up a child or meet them outside of the school building.

Missed School Work Due to Absence

When a child is absent due to an illness or other excused absence, missed school work may be provided at the end of the missed day. At the beginning of the day, parents may call and leave a request for work.

Registering New Students

When new students enter Wellsville Elementary School, a district registration packet must be picked up and returned at the Wellsville Central School District Office (registration paperwork can be found on the district website). For your child to enter school, an original birth certificate with parent's names, proof of residency, copy of photo ID and proof of immunization is required and must be presented when registering your child. Children entering from out of state are allowed to register, but proof of immunization and birth certificate must be presented within thirty (30) days. Improperly immunized children will not be allowed to remain in school.

Change of Phone Number or Address

Please let the office know by note or phone call if there is a change in contact information. It is important that we have the most up to date information in the event of an emergency.

Snacks & Celebration Treats

To account for the health of all our students, including those with food allergies, all snacks or celebration food items (birthday treats) must be store bought sealed or provided in individual pre-packaged sealed items (no homemade or re-packaged items). We encourage parents and guardians to have a conversation with their student's classroom teacher before sending in food items. All items should arrive a couple of days in advance, when possible.

Due to student allergies, some classrooms will have more restrictive snack/treat policies. Teachers will let you know at the start of the school year.

The school cafeteria offers party snacks for purchase. Please have a conversation with your child's teacher and arrange purchase with the cafeteria manager.

Treats or food items that do not follow this guidance will not be distributed and will be returned home.

Reporting Student Progress

In an effort to keep parents informed about student progress, the following measures are used:

1. A report card is issued 3 times a year (Fall, Winter & Spring). Report cards will be handed out during parent teacher conferences or mailed home in the Fall & Winter. All Spring report cards will be mailed home the last week of student attendance in June.
2. Intermittent notes, phone calls and conferences are also used to report progress.
3. On different occasions, home visits may be set up to address progress and needs of individual students.
4. New York State Performance tests in English Language Arts and Mathematics are administered at grades 3, 4, and 5. New York State Science Assessments will be administered at grade 5. Group results are provided annually to the Board of Education and school community.

School iPad Information

1. The Wellsville CSD Acceptable Use Policy is available on our school website. The Acceptable Use Policy is to be followed on and off of school grounds.
2. Students in grades PK-5 are to leave their iPads in school every day.
3. It is the students' responsibility to make sure their iPad is plugged in to charge before leaving school for the day.
4. The school provided iPad cover needs to remain on the iPad at all times.
5. Passcodes are not permitted.
6. Pictures and videos saved on the iPad should be for educational purposes only (they take up a great deal of memory on the iPads).
7. Adding or moving icons/shortcuts on the iPads are only to be done with the teacher's approval and supervision.
8. Students should not borrow or share iPads.
9. If you notice any damage or issues with your iPad—bring it to the main office immediately.
10. If school needs to be moved remotely for an extended period of time iPads will be distributed to families for learning.

Health Information & Medication in School

New York State Education Department regulations for all medications are as follows:

2. Written instruction from a physician must accompany the medication.
3. Written permission from the parent must accompany the medication.
4. Medication must be in the original container with the student's name and instructions on the label.

Should there be an emergency involving an accident and we cannot reach you, the child will be taken to the Jones Memorial Hospital Emergency Room and the doctor on call will administer emergency treatment.

Please remember to notify the Health/Main office of any changes of address or telephone numbers. It is imperative that our records are kept updated on these changes, especially in case of an emergency.

Please review the NYS Immunization form in this handbook.

1. If your child has a temperature above 100.0—they should stay home until they have a normal temperature (about 98.6) for 24 hours without the use of a fever reducing medication.
2. If your child has an unexplained skin rash, they should stay home until a doctor verifies it is not contagious.

Special Area Classes

All students in PreK through 5th grade participate in regularly scheduled special classes (Art, Music, Library & Physical Education). Please remember that your child will need to wear appropriate clothing for each class (aka. Not the best clothing on Art days or sneakers for Physical Education days). Students in grade K-5th will be graded in each of these areas.

Counseling/Social Emotional Services

Counseling is designed to help all children as they grow and develop. All students, teachers and parents have access to counseling services at school. Parents may call the counselor to schedule an appointment. Sessions focus on normal developmental concerns of children in elementary school. The following are frequent concerns: forming and maintaining friendships, school work habits, family concerns, getting along with brothers and sisters, and improving behavior at school and home.

In addition to individual sessions with children, parents, and teachers, the counselor conducts groups for children, which focus on a particular concern.

The counselor or outside Health agencies may also conduct classroom guidance for children. Topics may include social skills, making healthy decisions, hygiene, bullying, friendship making skills, personal safety skills and feelings. Classrooms may also receive character education lessons about P.R.I.D.E.

Academic Intervention Services

Academic Intervention Services are available to children throughout the elementary school in the following subjects:

- English Language Arts (including reading and writing)
- Mathematics

Newsletters

Most teachers send home newsletters on a regular basis. Teachers also communicate with families via the Parent Square. Information regarding school activities, rules, field trips, special events, etc. are contained in these articles. If there are special announcements for the entire Elementary School, a note will be sent from the Main Office or you will receive an automated phone call.

Lost & Found

Clothing and personal belongings that are brought to the school should be labeled with the child's name. Found articles are turned in to the school's Lost and Found Area. Unlabeled or unclaimed property is turned over to one of the local clothing closets at the end of the school year.

Parking

The lower back parking lot behind the school is OFF LIMITS to ALL non-District vehicles during the school day.

When buses are lined up during arrival and dismissal times, vehicles cannot enter or exit certain parking lots until the buses are gone. Failure to comply with this request could result in a fine for passing a stopped school bus. The posted speed limit during school hours is 5 MPH, and is strictly enforced. **All student drop off & pick up occurs in front of the school, parents MUST remain in their cars & use the “Parent Parking Ticket” distributed at the start of the school year.**

Throughout the campus, “NO PARKING” signs are posted that restrict parking in certain areas during school hours. If a vehicle is parked in a restricted area, a complaint will be lodged with the Police Department and a parking ticket will be issued.

Walkers/Bicycles/Scooters

Any student walking, biking or using a scooter to transport to and/or from school independently **MUST** have written parental permission submitted to the Elementary Main Office prior to this occurring.

Students may ride bicycles/scooters to school. However, the school will not accept responsibility for the safety of either. Locks are recommended. Upon arrival students should dismount their bikes/scooters and walk them to the bike rack at the end of the building by the playground. Bicycles/scooters are to remain there for the duration of the day. As per NYS law all children under the age of 14 must wear a bike helmet. Under no circumstances are skateboards and motorized bikes allowed on school property. This rule will be strictly enforced and if not adhered to, skateboards and motorized bikes/scooters will be turned over to the Police Department.

Part III: Student Conduct

Prohibited Student Conduct

The Board of Education expects all students to conduct themselves in an appropriate and civil manner and to show proper regard and respect for the rights and welfare of others, including students, district personnel and members of the school community. The Board of Education also expects proper care of school facilities and equipment. The best discipline is self-imposed. Students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Wellsville Central School District recognizes the need to make its expectations for student conduct specific and clear. These rules of conduct focus on safety and respect for the rights and property of others. Students who do not accept responsibility for their own behavior and violate these school rules will be required to accept penalties for their conduct.

Engage in Misconduct While on a School Bus:

It is crucial for students to behave appropriately while riding on District buses to ensure their safety and that of other passengers and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. Excessive noise, standing, jumping, pushing, shoving, fighting, harassment, and discrimination will not be tolerated. Students are expected to listen to and follow the bus driver and bus monitors requests and directions.

Part IV: Reporting Violations

All students are expected to promptly report violations of the Code of Conduct to a teacher, guidance counselor, the building principal, or any other appropriate school personnel. Any student observing a student possessing a weapon, alcohol, or illegal substance on school property or at a school function shall report this information immediately to a teacher, building principal, the principal's designee, or the superintendent.

District staff authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the Code of Conduct to their supervisor, who shall in turn impose an appropriate disciplinary action.

The building principal or designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school.

If you have knowledge that someone might bring harm to another person or is in possession of something dangerous, you must report this information to the office immediately.

Part V: Disciplinary Procedures and Referrals

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the student's ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. If the conduct of a student is related to a disability or suspected disability, the district and State policies and procedures will be followed.

Consequences

Students who are found to have violated the district's code of conduct may be subject to the following penalties, **either alone or in combination**. The school personnel identified after each penalty are authorized to impose the penalty, consistent with the student's rights to due process.

- Verbal warning: any member of the district staff
- Written warning: bus drivers, hall and lunch monitors, coaches, counselors, teachers, administrators, superintendent
- Verbal/written notification to parent: bus drivers, hall and lunch monitors, coaches, counselors, teachers, administrators, superintendent
- Scheduling of conferences with the parents/guardians, student, and needed personnel: teacher, administrators, superintendent

- Time out: teacher, administrators, superintendent
- Lunch detention: administrators, superintendent
- Removal from class by teacher: teacher, administrators
- Suspension from transportation: director of transportation, administrators, superintendent
- Suspension from social, athletic, or extracurricular activities: activity advisor, administrators, superintendent
- Short term removal from school (five days or less): principal, superintendent, Board of Education
- Long-term suspension from school (five days or more): principal, superintendent, Board of Education
- Referral to law enforcement: principal, superintendent, Board of Education
- Permanent suspension from school: superintendent, Board of Education

*Decisions will be made on an individual basis to determine which one/combination of consequences will be implemented.

Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the severity of the infraction. In all cases, regardless of the penalty, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below:

- Teacher disciplinary removal of a disruptive student: A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student briefly leave the classroom in order to give the student an opportunity to regain his/her composure and self-control in an alternative setting. Such practices may include, but are not limited to:
 1. Contacting a parent/guardian to discuss the concern
 2. Sending a student to another supervised location (time out)
 3. Sending a student to the principal's office for the remainder of the class time only
 4. Sending a student to a guidance counselor or other district staff member for counseling
- Suspension from transportation: If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building administration. Students who become a serious disciplinary problem may have their riding privileges suspended by the principal or superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his/her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education. A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and penalty involved.

- Suspension from athletics, extracurricular activities, and other privileges: Participation in school sports or activities is a privilege and if warranted, may result in loss of eligibility. A student subjected to a suspension from athletic participation, extracurricular activities, or other privileges is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.
- Suspension from school: Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent, disruptive, or whose conduct otherwise endangers the safety, morals, health, or welfare of others. The Board of Education retains its authority to suspend students, but places primary responsibility for the suspension of students with the superintendent and the building principals. Any staff member may recommend to the superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referrals warrant immediate attention. In such cases, a written report is to be prepared as soon as possible by the staff member recommending the suspension. The superintendent or principal/assistant principal, upon receiving recommendation or referral for suspension, or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation.
 1. **Short-term (5 days or less) suspension form school:** When the superintendent or principal (referred to as the “suspending authority”) proposes to suspend a student with misconduct for five days or less pursuant to Education Law 3214(3), the suspending authority must immediately notify the student verbally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be sent within 24 hours of the decision to propose suspension to the last known address for the parents. When possible, notice should also be provided by telephone if the school has been provided with a telephone number for the purpose of contacting the parents.
 2. **Long-term (more than 5 days) suspension from school:** When the offense determines that a suspension of more than five days may be warranted, the superintendent must provide reasonable notice to the student and the student’s parents of their right to a fair hearing (Superintendent's Hearing — Education Law 3214). This determination hearing is to be held within five school days.

Public Conduct on School Property:

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, “public” shall mean **all persons** on school property or attending a school function.

All persons on school property or attending a school function, including athletic events, shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose that they are on school property. All persons on school property should be put on notice that administrators will not tolerate improper behavior from any fans, students, graduates, parents, or residents of the community.

2023-24 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:

All children must be age-appropriately immunized to attend school in NYS. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). Intervals between doses of vaccine must be in accordance with the ["ACIP-Recommended Child and Adolescent Immunization Schedule."](#) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes must meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule

Serologic tests for polio are acceptable proof of immunity only if the test was performed before September 1, 2019, and all three serotypes were positive. A positive blood test for hepatitis B surface antibody is acceptable proof of immunity to hepatitis B. Demonstrated serologic evidence of varicella antibodies, laboratory confirmation of varicella disease or diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. If the fourth dose of DTaP was administered at 4 years or older, and at least 6 months after dose 3, the fifth (booster) dose of DTaP vaccine is not required.
 - c. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td or Tdap vaccine. If the first dose was received before their first birthday, then 4 doses are required, as long as the final dose was received at 4 years or older. If the first dose was received on or after the first birthday, then 3 doses are required, as long as the final dose was received at 4 years or older.

 - b. In addition to the grade 6 through 12 requirement, Tdap may also be given as part of the catch-up series for students 7 years of age and older who are not fully immunized with the childhood DTaP series, as described above. In school year 2023-2024, only doses of Tdap given at age 10 years or older will satisfy the Tdap requirement for students in grades 6 through 9; however, doses of Tdap given at age 7 years or older will satisfy the requirement for students in grades 10, 11, and 12.
 - c. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.

 - c. If the third dose of polio vaccine was received at 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
 - d. For children with a record of OPV, only trivalent OPV (tOPV) counts toward NYS school polio vaccine requirements. Doses of OPV given before April 1, 2016, should be counted unless specifically noted as monovalent, bivalent or as given during a poliovirus immunization campaign. Doses of OPV given on or after April 1, 2016, must not be counted.

Labs – 6th – 12th will have computer labs available as teachers reserve them for class time. In-classroom computers will be available on a per teacher request.

Filtered Internet and network access

Access granted via a Wellsville CSD monitored network account service. Access can be used on a WellsvilleCSD desktop computer, laptop computer and tablet (iPad) or student-owned devices (once logged in to network.)

Office 365 Email

Office 365 Email is a filtered and monitored web-based email system tied directly to students' network login account. This email system allows students in Grades K-12 to communicate and collaborate with their teachers, along with their peers. Additionally, students in grades 11 and 12 can communicate outside the system for research related to college and work force purposes.

Office 365 A3 – Student Advantage Account

Office 365 A3 is an Online software program that provides students with access to Microsoft Office Applications for educational use. The full version of Microsoft Office on the PC and Mac are available for offline. The web-based application is available using an Internet connected PC, Mac or tablet/mobile device. The Office for iPad version will be available for each student on their assigned iPad. Access to Office 365 A3 is directly tied to the students' school-monitored network account.

Office 365 A3 is offered to students at no additional charge because the school district pays for faculty and staff licenses through the Microsoft EES program.

Office 365 A3 includes:

- Office 365 A3 for PC (Office 2016 base applications)
- Office 365 A3 for Mac (Office 2016 for Mac base applications)
- Office for iPad

As part of the A3 - Student Advantage program, each student receives a license that allows him/her to install and run Microsoft Office on up to 5 machines: a combination of personal/home PC or Mac, mobile devices and tablets.

Managed Apple ID Account

Directly tied to school-owned iPads

Managed Apple ID accounts are directly tied to school-owned mobile devices and allow the following:

- Managed and automated installation of free apps using district monitored mobile-device-manager
- Managed and automated installation of purchased apps using district monitored mobile-device-manager
- Cloud storage and backup of the mobile device

Apple Classroom (Future Application)

Classroom turns student iPads into a powerful teaching assistant, helping to guide students through a lesson, see their progress and keep them on track. With Classroom, you can easily launch the same app on every student iPad at the same time or launch a different app for each group of students. Classroom helps teachers focus on teaching, so students can focus on learning.

YouTube.com

At the beginning of the 2015-2016 school year, YouTube became available to all students. Digital resources like YouTube provide our teachers and students a valuable academic video library. Wellsville CSD will implement every measure available to provide filtered safe access to this powerful learning resource.

GSuite

GSuite is a filtered and monitored web-based suite of applications including Gmail, Docs, Sheets, Slides, and Forms. These applications allow students to collaborate with one another in a user-friendly manner. The applications are available for student use on iPads and on the web.

Learning Management System

A Learning Management System uses web-based classroom systems developed for K-12 school districts. Designed with built-in safety features, the service provides a monitored and secure means of providing collaborative tools, along with student/teacher collaboration in classrooms.

Library based eBooks

These books will be available for students to check out on their iPads via two apps:

- Follett BlytheWave K-12 – Access to Wellsville CSD eBooks (Electronic Books) through Destiny
- OverDrive Media Console – Access to eText (Electronic Books) purchased by Wellsville and other library systems within the CA BOCES consortium that OverDrive is connected to.

Other

There are multiple other web based apps, iPad apps that require logins. The accounts for these are all created and controlled by Wellsville CSD.

What is Possible?

Access to the Internet will enable students to explore thousands of libraries, databases, museums, and other collections of information. Families should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive. The purpose of filtered Internet access, while at school and at home via school owned devices, is to use the Internet resources for constructive, educational goals. There is not “a filter system” capable of blocking 100% of education- inappropriate information on the Internet. Students may find ways to access these materials. We believe that the benefits to students from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. To reinforce this policy and to extend the partnership of school-to- home, parents and guardians of minors are encouraged to set and convey the standards that their children should follow when using technology at home and at school.

What is Expected?

Just as they are in a classroom or hallways, students are responsible for appropriate behavior on the school’s computer network via computers, tablets or student-owned devices. Communications on the network are often public in nature. General school rules for behavior and communication apply. It is expected that users will comply with district standards and the specific rules set forth below. The use of the network is a privilege, not a right, and misuse will result in disciplinary actions as indicated in each building’s Student Code of Conduct. The student is personally responsible for his/her actions in accessing and utilizing the school’s network resources. The students are advised never to access, keep, or send anything they would not want their parents or teachers to see.

While utilizing school technology (computers/tablets/peripherals), students are responsible for appropriate behavior in handling and use of said technology

What are the Rules?

Privacy

Student data files and other electronic storage areas will be treated like school lockers and as such, these areas shall be considered to be School District property, subject to control and inspection. Administration may access all such files and communications without prior notice to ensure student safety, system integrity and that users are complying with this policy.

Storage capacity

Students are expected to use storage space for an academic purpose and to use that space efficiently.

Illegal copying

Students may not download or install any commercial software, shareware, freeware, music, movies or TV shows onto the network drives, cloud storage, computers or tablets unless they have written permission from the Network Administrator. Students may not copy other people’s work or intrude into other people’s files.

Inappropriate materials and language

No profane, abusive, or offensive language may be used, nor may materials be accessed or created which aren't in line with the rules of school behavior. Should students encounter such material by accident, they should report it to their teacher immediately.

Inappropriate internet activity

Daily and weekly reports are run to monitor internet searches and visited content. If a student is found to have been purposely searching or viewing education-inappropriate materials, disciplinary actions will be taken.

The following activities are not permitted on the Wellsville Central Schools' networks

- Accessing, sending, displaying offensive or pornographic messages or pictures
- Using inappropriate or obscene language
- Damaging computers/tablets, computer systems or computer networks
- Plagiarizing or violating copyright laws
