

# Spring 2024 School Survey Snapshot

Our school administered surveys to measure student, staff, and family perception of factors pertaining to school climate and student life skills. Below are some of the main take-aways and how we plan to use this data!

## Student Data

Highlights: Student's have reported they have great teachers, enjoy sibling classes, SEL, and eating in the gym.

Area for Growth: BHAT will target self-awareness data through SEL efforts.

## Staff Data

Highlights: Teachers have voiced that they find support in their peers.

Area for Growth: Providing staff the opportunity to share and have voice in decision making and promoting a better understanding what is happening in the classroom.

## Family Data

Highlights: Easy and inclusive communication from teachers and family nights

Area for Growth: Finding more opportunities for family involvement within the classroom setting.

## Goals

1. BY Fall 2024: student data will show a positive increase of those responding favorably to self-awareness questions by practicing building wide circles.
2. BY Fall 2024: staff will increase the amount who responded favorably to questions about positivity of colleagues and the working environment by providing opportunities for fair process.
3. By Fall 2024: families will positively increase who responded favorably to family engagement by holding a family meeting at the beginning of the year to set expectations and offer volunteer opportunities.

## Action Steps

Using staff voice to create a circle implementation plan.

Beginning of the year kick off with parents about volunteer opportunities and shared expectations.

CKH/Siblings Class kick off celebration.

Creating of BHAT Jr to amplify student voices.
