

SAT and ACT exam information for students with testing accommodations.

Students with testing accommodations must coordinate SAT and ACT test dates with their guidance counselors. It will take up to 7 weeks after the required accommodation paperwork is received by the SAT and ACT organizations for them to make a decision about accommodations for your child. Apply as early as possible to avoid missing one of the listed test dates.

For students with accommodations, C.W. Baker High School offers one ACT and one SAT test date in the fall and one ACT and one SAT test date in the spring. The other dates listed on the ACT and SAT website will not be accommodated as proctors are not available. Proctors at C.W. Baker HS are only available for the dates listed. You may have to pay a fee to change the test date if you choose a date not listed to the right.

Contact Jen Terpening at 315-638-6069 with any questions about the test dates. Contact the guidance counselor at 315-638-6027/6028 about accommodation requests.
