FEEL CONFIDENT USING YOUR PRESCRIPTION DRUG BENEFIT

Your 3-tier prescription drug benefit makes it easy for you to make informed choices and encourages savings when choosing your medications. Your copayment will vary based on the tier placement of your prescription drug.

TIER 1

THESE DRUGS ARE TYPICALLY **GENERIC** AND HAVE THE LOWEST COPAY AMOUNT.

TIER 2

THESE DRUGS ARE **BRAND-NAME** AND THEY HAVE UNIQUE, SIGNIFICANT CLINICAL ADVANTAGES AND OFFER OVERALL GREATER VALUE OVER THE OTHER PRODUCTS IN THIS CLASS.

TIER 3

THESE DRUGS ARE ALSO **BRAND-NAME** AND THEY INCLUDE NEW BRAND-NAME DRUGS AND DRUGS THAT HAVE GENERIC EQUIVALENTS. TIER 3 DRUGS HAVE THE HIGHEST COPAY AMOUNT.

You can fill your prescription at any pharmacy in our nationwide network, which includes:

- National retail chain pharmacies
- Independent pharmacies
- Mail service pharmacies
- Specialty pharmacies

To view which medications fall under which tier, check the costs of your medications, and find in-network pharmacies, visit Member.ExcellusBCBS.com.

LOOKING OUT FOR YOU

Through a few policies and programs, like Prior Authorization and Step Therapy, we work alongside your doctor to make sure you're getting the most appropriate and cost-effective care for you.

Prior Authorization: Certain medications require prior authorization from our team of clinical pharmacists and physicians before it will be covered. We serve as a second set of eyes to help ensure that a prescribed drug or dose is safe and appropriate for your specific medical condition based on FDA and manufacturer guidelines, medical literature, safety, appropriate use, and benefit design.

Step Therapy: Some conditions can be treated by multiple medications with varying costs. To help save you money, this program requires that you try a certain drug, usually a lower-cost generic, as a first "step." If the first step drug does not work for you then you move to the next "step," which is usually a brand-name drug with a higher copayment.

4 WAYS YOU CAN STAY ON TOP OF RISING PRESCRIPTION COSTS

Worried about high prescription drug costs? We're here to help. Check out the tips below to score some unexpected savings.

ASK ABOUT GENERICS

Ask your doctor if there are low-cost alternatives to expensive name-brand drugs. Many generics offer the same ingredients for significant savings. Some plans don't charge for Tier 1 generics.

CONSIDER HOME DELIVERY

Ordering a 90-day supply of your prescriptions through our mail order pharmacy partners can deliver savings up to 33%. This is ideal (and required for some plans) if you take a prescription medication on a continuing basis.

START SMALL

When starting a new prescription, ask for samples or a short supply to start. That way, if you experience any side effects, or the medication doesn't work as expected, you won't be stuck with more than you need.

LOOK INTO DRUG DISCOUNTS

It's right there in the name. If you qualify for drug discounts, you can get help paying for your medications with copay discount cards, manufacturer coupons, and other options.

To learn more about prescription drug savings, call the number on the back of your Member Card or log in to your Member Account at Member.ExcellusBCBS.com

Pre-determination of Benefits

Pre-determination of benefits is recommended for any extensive treatment such as periodontics, orthodontics or prosthetics. A description of planned treatment and expected charges should be sent to the Plan before treatment is started. If there is a major change in the treatment, a revised predetermination of benefits is required. The expenses that will be included as Covered Expenses will be determined by your Plan and are subject to the Alternate Benefit provision. When there has not been a predetermination of benefits, your Plan will determine the expenses that will be included as Covered Expenses at the time the claim is received. Predetermination of Benefits does not guarantee payment and expires one year from date of issue. The estimate of benefits payable may change based on the benefits, if any, for which a person qualifies at the time services are completed.

Participating Dentists

Excellus BlueCross BlueShield offers a broad participating dental network in the Rochester, Syracuse, Utica and surrounding areas.

Aside from any coinsurance, there is no balance billing for covered services when provided by a participating dentist – that’s full coverage with no out-of-pocket expense for your covered routine preventive and diagnostic services.

Non-participating Dentists

You have the freedom to see any dentist. Non-participating dentists are not obligated to accept our Schedule of Allowances. You will be responsible for balances of non-participating dentists’ charges.

VISION PLAN TERMS

To help you better understand our plans and your coverage, here are a few definitions* for frequently used vision health care terms.

Copayment (or Copay)

A dollar amount due at the time you receive certain services. A typical example would be an eye exam copay due when visiting your eye care provider's office.

Covered in Full

100% of the total cost is covered by us and you do not have to pay anything.

Allowance

The maximum amount the insurance company will pay for a specific vision benefit, typically retail items like frames and lenses. You are responsible for any costs over the allowance amount. For example, if your frames cost \$200 and your plan's frames allowance is \$150, the vision plan pays \$150 and you pay the remaining \$50.

Fee Schedule

The maximum amount the insurance company will pay for specific vision procedures or services, such as an eye exam.

Participating Provider (in-network)

These vision providers and retailers agree to accept the fee schedule as payment in full for services performed and will not bill you for an additional amount. They also agree to accept payment from us for the allowance amount and only bill you for the overage amount.

Non-Participating Provider (out-of-network)

These providers and retailers are not part of the Davis Vision network. When you receive care from a non-participating provider it will cost you more out-of-pocket.

You can reduce your out-of-pocket costs by seeing a participating vision provider. Find a Davis Vision network provider near you by visiting our website at ExcellusBCBS.com.

*Some definitions may vary slightly by plan. In case of a conflict between your legal plan documents and this information, the plan documents will govern.

When will I receive my eyewear?

Your eyewear will be delivered to your network provider generally within five business days of order receipt. Special prescriptions, lens coatings, provider frames or out-of-stock frames may delay the standard turnaround time.

Do I need a claim form?

Claim forms are only required if you visit an out-of-network provider. Claim forms are available on Member.ExcellusBCBS.com in the vision plan section.

You may split your benefits by receiving your eye examination and eyeglasses or contact lenses on different dates or through different provider locations. To maximize your benefit value we recommend that all services be obtained from a network provider.

Can I use an out-of-network provider?

Yes; however, you receive the greatest value by staying in-network. Primary Care Physician (PCP)

A doctor who serves as your health care manager and coordinates virtually all of the health care services you routinely receive. Some plans do not require you to choose a PCP.

In-network coverage

The coverage available when you receive services from a provider who participates in your health plan.

Out-of-network coverage

The coverage available when you receive services from a provider who does not participate in your health plan. Some plans may not include out-of-network coverage.

Out-of-area

Describes when you receive services while outside the geographic service area of your health plan. Your plan benefits may differ if you live or work beyond the geographic service area.

Copay

A dollar amount due at the time you receive certain services. A typical example would be an office visit copay due when visiting your physician's office for treatment.

Allowed Amount
