## Studio Media/ Photo

Do you like to take pictures and use apps to change the look of the image in your photos? Have you ever wondered how professional photos that are used in advertising are so perfect in design and composition?

Learn how the professionals do that and more in this class. We will investigate how to take amazing pictures by understanding camera controls and principles of design, using digital technology to enhance images and bring out the best qualities.

Let's discover new career avenues of advertising and design. Assignments are based on individual style, principles of Art and Design, History of Photography and careers in this field

## Studio Media/ Video

This course will cover video principles, story boarding, shooting the scene, directing, editing and audio production

Discover how to make a successful video for your own use or to apply in career opportunities such as web design, commercials, music videos, and movie trailers.

Student objective: to become familiar with single camera digital video production and editing. Using the Adobe platform, we take video images and change them to amazing special effects, color changes, and audio sound effects for effective visual storytelling.

By the completion of this course students will take with them the experience of video production, history of movies and the knowledge of what can be achieved in this multi media career.

# ART COURSES

## 9th Grade Durgee Jr. High

### Creative Crafts

Are you creative and love creating art, but not great at drawing? This course is perfect for the art student who loves to build things with their hands, because we focus more on 3D sculptures and crafts.

This is a fine arts course that provides students the opportunity to focus on traditional and current crafts.

Learn how to re-use and recycle something old into a something new, as we explore and create crafts that are functional as well as decorative art.

We will learn about paper weaving, sculptured book art, beading, jewelry making, ceramics, and more! Learn how to create a recycled project that would be featured on Pinterest, as you invent your own "Trash to Treasure" piece!

Prepares you for Sculpture class

For more information see Mrs. DeCaro (Rm. 405), Mrs. McCaffrey (Rm. 403), Ms. Robinson (Rm. 402), or Mrs. Iven(403, 405)

---

## Studio Art II

A sequential Course to Studio I

Recommended to take as a 9<sup>th</sup> grader if you are planning on taking any advanced courses at Baker because this is a foundation course that prepares you for Drawing and Painting and Ceramics.

We continue to explore a variety of artists, art processes, and materials such as drawing, painting, printmaking, and ceramics. We work on building individual skills as artists and group projects with the ceiling tile or school mural project .

Willingness to get involved in the creative process is a more important requirement than the student's talent or previous experience.

# Main Inside Heading

---

The most important information is included here on the inside panels. Use these panels to introduce your organization and describe specific products or services. This text should be brief and should entice the reader to want to know more about the product or service.

You can use secondary headings to organize your text to make it more scannable for the reader.
