Superintendent's Message

The tragic school shooting in Parkland, Florida in February brought school security into the spotlight again, prompting many questions regarding security in Baldwinville schools. The Baldwinville Central School District is dedicated to the constant review of student safety and its improvement in all of our buildings. Over the last 10 years, we have installed more video cameras, made our school entrances more secure, installed electronic door access control in all of our schools, and provided all staff with active shooter training. Even with these improvements and more, we recognize that there is still more we can do.

With the aid of community members, local law enforcement and Armoured One, a nationally recognized security company, we have developed a list of safety improvements for our buildings. You can read more about the improvements we are proposing on page 3. In order to accomplish these upgrades, we will present the community with a capital project proposition on the ballot of the May 15 budget vote. The district will be asking voters to approve a \$4.31 million project for safety and security. We also have \$2.1 million in Smart Schools money from the state to use. Going forward, we will make safety and security an integral part of future capital project plans so that our systems, infrastructure and procedures are always up to date.

The district budget vote will be held on Tuesday, May 15, from 6:00 a.m. to 9:00 p.m. in the auditorium of Baker High School. We will be mailing residents a budget newsletter in early May that will provide you with details on the district's spending plan, as well as details on a bus purchase proposition and the safety and security capital project proposition. On Tuesday, May 8, we will conduct a budget

hearing at 6:30 p.m. in the Durgee Junior High School cafeteria. There will be time for residents to ask district administrators questions about the budget and the bus and security propositions. You can also meet the candidates running for a seat on the Board of Education.

Sincerely,

Matthew J. McDonald, Superintendent

Around the District

At Baker High School

In March, the Baker Guidance Department hosted the school's first college fair. Representatives from several colleges and universities were in attendance in the school library to answer our students' questions about the programs at their schools. On March 4 and 11, the Baldwinsville Community Scholarship Foundation (BCSF) held its annual phone-a-thon to raise money for scholarships for district seniors. Thank you to BCSF, to everyone who made a donation, and to our students and staff members who volunteered their time at the phone-a-thon!

Principal Donald Root

At Durgee Jr. High School

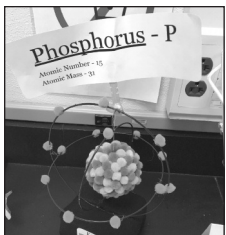

Durgee has been very active in community service events. In February, the Durgee Student Council sponsored a Wear Red Day in support of the American Heart Association (AHA). The Student Council's Valentine's Candy Sale of over \$400 was donated to AHA. In February the library commons heightened the Olympic spirit through their organization of The Durgee Library Olympics. At the beginning of March, students visited Elden Elementary School to read to students for Read Across America Day.

Principal Bonnie Van Benschoten

At Ray Middle School

In February, the Ray and Durgee leadership teams presented details on the Acceleration Program to parents of students entering grades 7 & 8 to help them make informed decisions about their children's courses for the fall. Our students have been learning about atoms and the Periodic Table of Elements in a hands on approach with projects. We are now planning the school's Career Day to introduce students to various professions and trades.

Interim Principal Dr. Kathleen Davis

At Elden Elementary School

We concluded February and began March with the BESPAsponsored Read Across America celebration. Students celebrated reading with different activities including hosting guest readers from Durgee. Our 3rd Annual Science Fair was a great success with our K-5 students participating in learning through scientific inquiry. Baker's Pep Band performed for us on March 12 and our students collaborated with the Baker students, which thrilled everyone.

Principal Thomas Coughlin

At McNamara Elementary School

We held our seventh annual Wellness Day for all students right before the winter break. Students had the opportunity to participate in a day of fun-filled activities that promoted healthy living, from breathing and relaxation techniques, to Zumba dance and movements along with learning about proper nutrition and taking care of your body.

Principal Jane Nadolski

At Palmer Elementary School

Our annual winter craft event in February was a success and well attended. Students created gift bags to support Golisano Children's Hospital and finished the event by creating ceiling tiles that are now displayed in the Palmer glass hallway. In March we held our 5th grade Wax Museum experience, where students become famous historical figures. We also held Enrichment Day, sponsored by the Palmer PTA. Students had the opportunity to participate in several fun and educational experiences.

Principal Alex Ewing

At Reynolds Elementary School

Our students presented Shrek the Musical in March. Reynolds is filled with talented performers! Our students, staff and families look forward to the school musical every year. In March we also had our Lifetime Activity days, and we were treated to KerboomKidz, a high-energy dance program sponsored by the PTA to show us positive ways to build confidence and get some exercise.

Principal Melissa Chiodo

At Van Buren Elementary School

We had a great turn out for our first Family Fun Reading Night during our PARP program, which we wrapped up at the beginning of February. Van Buren students read over 145,000 minutes in total this year! At the end of February, the fifth grade hosted the Board of Education and the district cabinet for a spaghetti dinner, and our students shared some great ideas with these leaders. In March the second grade sponsored a Pennies for Patients for the Leukemia and Lymphoma Society, and the school focused on learning about social intelligence through the Positivity Project.

District Proposes Capital Project for Safety Upgrades - Residents to Vote on May 15

For years, the district has set aside part of its capital spending for security. Some of the security-oriented work and activities we have done over the last ten years include:

- ▶ Installation of 250 video cameras on property in and around all district buildings;
- ▶ A new secure main entrance at Baker High School, a new, more secure entrance at Ray Middle School and a secured main entrance at Durgee Junior High School; and
- ▶ Electronic door access control at all school buildings;

Additionally, we have provided active shooter training for all staff and have begun a partnership with Liberty Resources to provide mental health assistance to secondary students.

The Board of Education and district administration have been working with local law enforcement, community members, and Armoured One, a nationally recognized security company, to analyze the district's safety and security needs, and we have developed a list of improvements we would like to make in our buildings. We are planning on

spending \$2.1 million of our Smart Schools funds for the district to spend on safety purposes (plans must be approved by the state in order to receive the money); however, our list of improvements has a price tag of over \$6 million.

In order to accomplish all of the improvements that we feel are essential for the safety of students and staff, the district is seeking voter approval for a \$4.31 million safety and security capital project that will be a proposition on the budget ballot this May. If voters approve the proposition, and the state approves our plans for using Smart Schools money, the district will have \$6.41 million to spend on necessary safety upgrades. Improvements will include:

- ▶ Installation of secure lock down capability in the corridors of all schools;
- ▶ The building of secure vestibules in the elementary schools with an attendant to sign in visitors;
- ▶ Upgrade all classroom doors that will instantly lock at the touch of a button; and

- ▶ Installation of a mass notification system.

The district is proposing using its capital reserve to pay for the local share of the work, \$830,000, and state aid would pay for the balance. The district estimates that it will complete the project by June 30, 2021, or sooner, depending on how long it takes the state to approve the work.

The budget vote, the capital project proposition and the bus purchase proposition, as well as school board elections, are scheduled for May 15 from 6:00 a.m. to 9:00 p.m. in the Baker High School auditorium. A special budget edition of the Hive with details of the budget, the propositions, and board candidates will be mailed to residents in early May.

Kiwanis Club Donation Supports Future Kindergarteners

At the February 26, 2018 Board of Education meeting, Peter Moore, a member of the Baldwinsville Kiwanis Club, presented the district with a donation of \$3,500 for the district's READY for Kindergarten Program. The club has been donating to the program since the district established it about nine years ago.

READY for Kindergarten is designed to familiarize children with various kindergarten activities, their teachers, and the school they will be attending in the fall. Children spend time at their school with their parents at three different sessions before the start of the school year to ease the transition to school by creating a connection between the school community and the families of the future kindergarteners. Thank you, Baldwinsville Kiwanis Club!

Peter Moore, a member of the Baldwinsville Kiwanis Club, left, presents Board of Education member Matthew Yager with a donation for the district's READY for Kindergarten program.

Schedule for State Math Assessments

The district will administer the state math assessments to students in grades 3-8 on the following dates:

- ▶ Grades 3 & 8: May 1 & 2
- ▶ Grades 4 & 7: May 3 & 4
- ▶ Grades 5 & 6: May 7 & 8

Per the New York State Education Department's requirement, all tests will be computer based. Paper-based tests will no longer be used. All students who utilize accommodations for testing will still receive these accommodations.

Durgee Library is a Finalist for National Award

The American Association of School Librarians (AASL) has named the Durgee Junior High School library a 2018 National School Library Program of the Year finalist. The award honors school library programs that meet student and staff needs, ensure that students and staff are effective users of ideas and information, and empower learners to be critical thinkers and skilled researchers. A winner will be announced sometime in the spring.

Lindsay Cesari, Library Media Specialist, runs the junior high library with the assistance of Janel Bohman, Library Secretary and Lisa Scholten, Teaching Assistant.

Science Olympiad Team Brings Home Medals

Congratulations to Baker High School's Science Olympiad Team, a top ten finisher at the Mid-State Regional Science Olympiad Competition held on January 27 at Le Moyne College. The team finished in 8th place out of 37 teams overall. This is Baker's fourth top ten team finish in the region in five years.

Members of the team were also successful in the competition's individual events, placing in the top ten as follows:

▶ Matthew King, Thomas Grindle, and Peter Demjanenko - 2nd Place, Science Quiz Bowl

▶ Abby Christman and Nora Penhollow – 3rd Place, Ecology and 8th Place, Herpetology

Seniors Awarded NYS Scholarships

Congratulations to the following Baker High School seniors who are recipients of the New York State Education Department Scholarship for Academic Excellence:

(Back, l to r) Benjamin Dwyer, Matthew King, Zachary Hahn, Clayton Winders, Nicholas Lakomski, Sydney Tse, Benjamin Iven, (front, l to r) Elinor Grage, Michelle Eubank, Makayla Spicer, Amanda Strenk, and Lauren Brushingham.

Baker Students Place 1st in Skills Competition

Three Baker High School students enrolled in the OCM BOCES laboratory technician program received first place in competition categories in the Regional SkillsUSA competition held at Morrisville College in February.

In the laboratory technician program, Isabellah Hightower won first place in the Job Demo A competition, Levi Barnes received first place in Medical Terminology, and Alexis Townsend

received first place in Medical Math.

Roughly 900 students from 18 high schools challenged their skills and knowledge in contests that included performance and written tests.

SkillsUSA is a national organization that connects high school and college students with employers of technical, skilled and service occupations. The state competition is scheduled for the end of April.

Marching Band Director is President-Elect of NYSFBC

Casey Vanderstouw, a music teacher at Baker High School and director of the district's marching band, has

been elected to the position of president-elect of the New

York State Field Band Conference, Inc. (NYSFBC, Inc.). The NYSFBC, Inc. is responsible for regulating and scheduling field band events in New York State and for the enhancement of field band competitions.

Vanderstouw's election is a six-year commitment to the organization. He will serve two years as president-

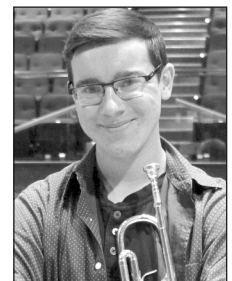

elect, two years as president, and the final two years as post-president.

"It's an incredible honor for our marching band program and speaks to the hard work and dedication from our students and instructors over the past ten years," said Vanderstouw. "Being recognized by your peers is always rewarding, and it's an incredible opportunity to help not only B'ville kids, but kids from across New York State."

Vanderstouw is the first Baldwinsville staff member to be elected to the position of president-elect of NYSFBC, Inc.

Baker Junior Selected for Pretigious Orchestra

Parker Bruce, a junior at Baker High School, has been invited to perform with the NYO2, a program of the Weill Music Institute of Carnegie Hall.

Selection for the orchestra is a significant honor and achievement. Students complete an intensive two-week residency working with top players from American orchestras. Students also spend a week in Miami Beach with the New World Symphony before performing in a final concert at Carnegie Hall.

Achievement

ATTENTION PARENTS: Is Your Contact Info Up to Date?

Has your address, phone number(s) or email address changed recently? Be sure to contact your child's school with your new information so that the student database can be updated, ensuring that the district has the correct contact information for you. The district and the schools use this information for routine messages as well as to contact parents in emergencies.

Parents Can Opt in to Receive District Text Messages

The district uses the School Messenger Notification System to send important notifications, as well as emergency messages such as school closings, to parents and staff. Messages are sent automatically via the telephone and email. Did you know that you can also opt in to receive these notifications as text messages?

To opt in to receive text messages, provide your child's school with your cell phone number for the school database. After your cell phone number is added to the school database, text the word YES to 68453 from your wireless device. You should receive an opt in confirmation message.

Please note that the district does not pay for text message charges that may be incurred by you for sending or receiving messages. Check with your wireless carrier for possible charges.
