Projected Reserve:	31.09%	30.46%	29.78%

The assumptions discussed in the previous slides result in a balanced budget in the Second Interim Multi-Year Projection (MYP) without having to use ESSER III funds in 2023-24 to offset regular expenses for support services, which was reflected in the 2021-22 First Interim MYP. The reserve percentage is lower compared with First Interim due to a set-aside of \$3,300,000 for the RLS Field/Track Renovation Project which was Board-approved on December 16, 2021

Key Guidance Based on Governor's Budget Proposal

On January 10, 2022, Gov. Gavin Newsom released the proposed state budget. The proposal includes a 5.33% cost of living adjustment (COLA) to the Local Control Funding Formula (LCFF), as well as a 5.33% COLA to special education and all other programs outside the LCFF.

The proposed budget includes an additional contribution of \$3.1 billion to the Public School System Stabilization Account. The 2021-22 contribution triggered the cap on district reserves effective with the 2022-23 Adopted Budget. There is insufficient information to determine local impact of the one-time proposals, and they therefore are listed for reference only. Other funding priorities in the Governor's Proposed Budget are:

- \$1.2 billion to amend the LCFF calculation to allow school districts to utilize the greater of current year, prior year, or the average of three prior years' ADA
- Additional \$3.4 billion, for a total of \$4.4 billion ongoing for the Expanded Learning Opportunities Program (ELO-P)
- \$650 million for universal access to school meals
- \$640 million (Prop. 98 "rebenched") for transitional kindergarten (TK) expansion
- \$383 million to add one certificated or classified staff to every TK class
- \$500 million to increase the special education base funding formula
- \$1.5 billion (one-time) for college and career pathways
- \$500 million (one-time) for dual enrollment
- \$1.5 billion (one-time) to support electric buses
- \$1.3 billion (general fund one-time) to support the School Facilities Program

Independent Study

Average daily attendance (ADA) has declined by both enrollment declines as well as a lower rate of attendance per enrolled pupil due to COVID-19 quarantines. The Budget Act of 2021-22 encouraged districts to enroll students in independent study as an alternative method of providing instruction to students and generating attendance due to a COVID related exposure, illness, or parental preference. However, while some flexibility was granted for the time required to obtain a fully signed agreement and the minimum amount of time required to participate in independent study to generate ADA, no flexibility was provided to attendance accounting rules for quantifying time value of work. The 2022-23 budget proposes a change to traditional independent study attendance accounting, which will allow LEAs to continue independent study as a viable option to count instructional time for student work completed remotely. LEAs can choose between traditional independent study and course-based independent study to create quality short- and long-term remote instruction models that best serve the needs of their students.

To streamline the administration of these programs, the budget:

1. Allows documented participation in synchronous instruction to count for instructional time in traditional independent study, in addition to student work product.
2. Provides continued flexibility on the timeline for an LEA to collect a signed independent study plan for students who are projected to participate in independent study for fewer than 15 days.
3. Eliminates the requirement that all persons who have direct responsibility for providing assistance to an independent study student sign the independent study plan and clarifies that a certificated employee(s) designated as having responsibility for the special education programming of the pupil, as applicable, must sign the plan.

Local Control Funding Formula

The budget proposes a cost of living adjustment (COLA) of 5.33% to the LCFF, with total LCFF funding increasing to \$70.5 billion inclusive of the additional transitional kindergarten students that become eligible for LCFF funding in 2022-23. The budget also proposes an additional \$383 million to support the lower pupil to adult ratios required in transitional kindergarten. These additional funds will be allocated through the LCFF as an add-on to the LCFF.

Declining enrollment projections due to ongoing demographic trends were exacerbated over the last two years due to the COVID-19 pandemic. Under current law, the LCFF for school districts is funded on the greater of current or prior year ADA. The budget proposes to permanently alter the formula from the greater of current or prior year ADA, to the greater of current year, prior year, or average of three prior years’ ADA, whichever is greater, which would allow an extended period of time to adjust budgets for the significant ADA declines most districts have realized. Districts will be funded on the option that provides the highest revenue. Charter schools and county offices of education are not afforded the prior year guarantee and are funded on current year ADA. The budget does not propose providing the declining

enrollment formula adjustment for charter schools or county offices of education; however, the Governor acknowledges the need for further review.

All LEAs should develop multiple scenarios using all available options including the proposed three-year average. LEAs that are prepared for both best- and worst-case budgets are better able to adapt for economic uncertainty.

Request for Allowance of Attendance Due to Emergency Conditions: Form J-13A

LEAs that experienced a COVID-19 related material decrease in attendance or school closure prior to September 1, 2021, may submit a Request for Allowance of Attendance Due to Emergency Conditions (Form J-13A) to mitigate losses of ADA and receive instructional time credit as usual.

AB 130 introduced significant changes to the Form J-13A process for material decreases in attendance and for school closures occurring between September 1, 2021 and June 30, 2022. Chief among the changes is a requirement to submit a plan with all J-13A requests to provide independent study during school closures and material losses in attendance that meet the following requirements:

- Independent study is offered to any student impacted within 10 days of the first day of a school closure or material decrease in attendance. Students with exceptional needs shall receive the services identified in their IEP and may participate in an independent study program.
- Require reopening for in-person instruction as soon as possible unless prohibited by the local or state health officer.
- Include information regarding establishing independent study master agreements in a reasonable amount of time.
- For school closures or material decreases in attendance for 15 days or less, or if an LEA has a waiver of the requirement to offer independent study, the plan is not required to include:
 - Procedures for tiered reengagement strategies
 - A plan to provide opportunities for daily synchronous instruction for students in in grades TK/K-3
 - A plan to provide opportunities for both daily live interaction and at least weekly synchronous instruction for students in grades 4-8
 - A plan to provide opportunities for at least weekly synchronous instruction for students in grades 9-12, or
 - A plan to return to in-person instruction within five instructional days if requested by the parents or guardians

AB 130 as amended by AB 167 amended education code to restrict J-13A requests to mitigate losses of attendance-based funding or for attendance credit due to COVID-19 related school closures or material decreases in attendance related solely to:

- Students in community day schools
- Students with exceptional needs whose IEP does not specifically provide for participation in independent study
- Staff shortages meeting the following conditions:
 - The LEA is unable to provide in-person instruction to students due to staffing shortages caused by staff COVID-19 exposure quarantine or infection, pursuant to local or state public health guidance.
 - For certificated staff shortages, the LEA has exhausted all options for obtaining staff coverage, including using all certificated staff and substitute teacher options, and has consulted with their county office of education and the CDE prior to the LEA’s final decision to close, and has determined that staffing needs cannot be met through any option.
 - For classified staff shortages, the LEA has exhausted all options for obtaining staff coverage, including using all staff options, and has consulted with their county office of education and the CDE prior to the LEA’s final decision to close, and has determined that staffing needs cannot be met through any option.

LEAs may claim apportionment attendance through the provision of independent study for all other COVID-19 related disruptions to in-person learning.

LEAs may still use the J-13A process to request instructional time credit to meet the annual day and minute requirements and avoid audit penalties if LEAs certify to offering independent study to all eligible students during the school closure.

CDE has published comprehensive [FAQs](#) for LEAs to reference.

AB 130 and AB 167 created multiple new planning requirements for the 2021-22 fiscal year. In addition to the revised LCAP requirements described in the LCAP section, the following plans must be developed or updated by LEAs this year:

Plan	Deadline	Required Template?	Approval	Additional Information
ESSER III Safe Return to In-Person Instruction	Every 6 months after initial assurances	Yes, for initial assurances, no thereafter	Post on website	CDE website

A–G Completion Improvement Grant	4/1/22	No	Present at public board meeting, adopt at subsequent board meeting	E.C. 41590
Prekindergarten Planning Grant	6/30/22	Optional (Includes data CDE will require)	Board adopts at public meeting	<u>CDE Website</u>
Expanded Learning Opportunities Program	Before beginning program operation	Yes	Board adopts at public meeting. Post on website.	<u>CDE website</u>

Planning Factors for 2021-22 and MYPs

Key planning factors for LEAs to incorporate into their 2021-22 second interim reporting and multiyear projections are listed below and are based on the latest information available.

Planning Factor	2021-22	2022-23	2023-24
Cost of Living Adjustment (COLA)			
LCFF COLA	5.07%	5.33%	3.61%
Special Education COLA	4.05%	5.33%	3.61%
Statutory COLA	1.70%	5.33%	3.61%
2020-21 COLA recaptured in 2021-22	2.31%		
Employer Benefit Rates			
CalSTRS	16.92%	19.10%	19.10%
CalPERS-Schools	22.91%	26.10%	27.10%
State Unemployment Insurance	0.50%	0.50%	0.50%
Lottery			
Unrestricted per ADA	\$163	\$163	\$163
Prop. 20 per ADA	\$65	\$65	\$65
Mandated Block Grant			
Districts			
K-8 per ADA	\$32.79	\$34.54	\$35.79
9-12 per ADA	\$63.17	\$66.54	\$68.94
Charters			
K-8 per ADA	\$17.21	\$18.13	\$18.78
9-12 per ADA	\$47.84	\$50.39	\$52.21

After the release of the Governor's Proposed Budget, the Legislative Analyst's Office updated their COLA forecast to 6.18%. However, the advice at this point is that the 5.33% estimated COLA be used for second interim reports.

Local Control Accountability Plan

At their November 2021 meeting the State Board of Education (SBE) adopted a revised LCAP template and action (expenditure) tables, and a template for the mid-year one-time supplement to the annual update. The Budget Overview for Parents template has also been updated to align with changes to the LCAP. The templates can be found on the CDE website at <https://www.cde.ca.gov/re/lc/>.

The changes to the LCAP address new requirements imposed by AB 130 and AB 167 including carryover calculation requirements and a demonstration of how the additional (65%) concentration grant add-on funding is being used.

Also, the LCAP template instructions, which LEAs are legally required to follow, have been revised to indicate the following: "Note: For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action."

The new carryover calculation must be completed as part of the annual update this year for incorporation into 2022-23 adopted LCAPs. In light of the changes to the LCAP instructions and the shifts in programming caused by COVID, LEAs should be closely examining their actions and expenditures to date, and plans for the remainder of the fiscal year, to assess progress toward meeting the increased services requirement in 2021-22.

LEAs are required to present the supplement to the annual update at a regularly scheduled board meeting on or before February 28, 2022. LEAs can use the supplement as an opportunity to preview for educational partners any changes or additions to planned actions and services due to changing circumstances, funding and rules. This will lay the groundwork for inclusion of such changes and additions in the annual update as part of the 2022-23 adopted LCAP.

Reserves / Reserve Cap

Significant increases projected for state revenue come with strings. For the first time, with the 2021-22 fiscal year, all the conditions are met that trigger the requirement on district reserve caps. Senate Bill (SB) 751, codified in Education Code Section 42127.01, set the threshold for triggering the cap when state reserve reaches 3% of the K-12 portion of Prop. 98 in that same year. Beginning in 2022-23 for the budget adoption cycle, district reserves will be capped at 10% using the assigned/unassigned ending balance within the general fund and special reserve funds. Basic aid districts and small school districts with fewer than 2,501 ADA are exempt from the requirement.

Districts should begin to anticipate whether their 2022-23 ending assigned and unassigned reserves in the general fund 01 and fund 17 combined are no more than 10% of annual expenditures. In the event that a district is not exempt from the reserve cap, a district has several options available locally to ensure compliance:

- Commit reserves rather than leaving reserves in assigned or unassigned – a commitment requires board action through a resolution adopted before the end of the fiscal year
- Transfer reserves to funds other than Fund 17
- Contribute to restricted resources within the General Fund
- If a formal salary offer has been negotiated, but negotiation remain unsettled, consider budgeting the cost of the formal salary offer

A county superintendent of schools may grant a school district under its jurisdiction an exemption from the requirements of subdivision (a) in SB 751 for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that exceeds the cap limits. Before assuming that a waiver will be approved, districts should exhaust all efforts locally to comply with the law. If a pathway is not available locally begin conversations with your COE sooner rather than later. A district shall not adopt a budget that does not comply with the 10% provision.

Early Childhood Education

The Governor’s 2022-23 budget proposal includes additional investments in early childhood. Guided by the Master Plan for Early Learning and Care, the governor proposes the following:

- 5.33% COLA
- Universal Transitional Kindergarten (UTK)

As described in the Early Childhood section of the proposal:

- \$639.2 million of general fund is proposed to expand eligibility for transitional kindergarten to all children turning 5 years old between September 2 and February 2 beginning in 2022-23. These funds will increase the Prop. 98 guarantee through the process of rebenching.
- \$383 million Prop. 98 general fund to add a staff to every transitional kindergarten class, reducing pupil to adult ratios to 12:1 to align more closely with the State Preschool Program. The governor proposes an add-on to the LCFF of \$2,813 for every TK ADA (greater of current of prior year), subject to the annual COLA, to fund the lower student-to-staff ratio.

The budget proposal clarifies language requiring at least 10 percent of a part-day California state preschool program contracting agency’s funded enrollment shall be

reserved for children with exceptional needs, as defined by Section 8205, and serve those children.

As well as:

- The department shall review data on compliance and provide technical assistance to California state preschool program contracting agencies to assist them in meeting this requirement.
- Agencies shall be fully funded for 10 percent of funded enrollment, to ensure funding is available to enroll children with exceptional needs within the 10 percent set-aside at any point during the fiscal year. Agencies not meeting the requirement to fill 10 percent of funded enrollment with children with exceptional needs shall conduct community outreach to special education partners to recruit additional children with exceptional needs into their programs.
- Beginning July 1, 2025, any agency not meeting the requirement pursuant to subparagraph (1) may be put on a conditional contract as defined in Section 8314 unless they have applied and been approved for a waiver pursuant to subparagraph (ii).
- (ii) The Superintendent shall create an ongoing waiver process for agencies not able to meet this requirement. (3) Children with exceptional needs attending California state preschool programs shall be educated in the least restrictive environment in accordance with 20 U.S.C.

California State Preschool Program (CSPP)

As described in the K-12 Education section of the proposal:

- \$309 million, \$197.8 million Prop. 98 general fund and \$110.6 million non-Prop 98 general fund, to increase CSPP adjustment factors for children with disabilities and dual language learners.
- These adjustment factors are intended to fund new CSPP requirements outlined below:
 - Programs must serve at least 10% of children with disabilities.
 - Provide additional supportive services for dual language learners.
 - CSPP eligibility will expand from 12 months to 24 months.
 - Children with an IEP will be categorically eligible for CSPP.
 - CSPP can serve 2-year-old children if all eligible 3- and 4-year-olds are served.
 - \$166.2 million Prop. 98 general fund increase for CSPP to cover CSPP rate increases that began January 1, 2022.

The 2021-22 Child Care and Development Contract Changes for Preschool Contractors can be found [here](#).

Inclusive Early Education Expansion Program (IEEEP)

A one-time Prop 98 allocation of \$500 million to support competitive grant funds (\$450 million) and provide technical assistance and training (\$50 million), available for encumbrance until June 30, 2027, is provided for the Inclusive Early Education Expansion Program. These funds are to be used for infrastructure investments to support general and special education students within inclusive classrooms.

Special Education

The 2022-23 budget proposals significantly build on special education funding augmentations and other changes provided over the past three years.

The Special Education Base Rate is first increased by the estimated COLA of 5.33%, and then augmented by \$500 million, resulting in a 2022-23 base rate of \$820 (currently \$715) per ADA. SELPAs with a Base Rate greater than \$820 per ADA in 2021-22 will continue to be funded at their current rate. Allocations will be calculated at the LEA-level rather than the SELPA level, but funding will continue to flow through SELPAs. Each LEA's allocation will be based upon ADA reported for the current year, most recent prior year or second most recent prior year (whichever is greater), multiplied by the Base Rate of \$820/ADA. SELPA base grant allocations will be the sum of all member LEA's individual allocations. Funding exhibits for each LEA will be provided by CDE and SELPAs must report the amount of funding generated by each member LEA no later than 30 days after receiving their apportionment.

Educationally Related Mental Health Services funding will be allocated directly to LEAs based upon current year second principal apportionment ADA for state funds, and prior year second principal apportionment ADA for federal funds, as the allowable use of these funds was changed in 2020-21 to include any behavioral or mental health service. The two existing special education extraordinary cost pools will be consolidated into a single cost pool to simplify the current funding formula. Finally, a special education addendum to the LCAP will be developed and implemented in 2024-25 to promote program cohesion by linking special education and general education planning and to provide parents of students with disabilities a defined role in the LCAP development process.

Universal School Meals

Beginning in the 2022-23 school year, all public schools will be required to provide two free meals per school day to any students that request a meal. The January proposal for the 2022-23 budget provides additional resources to implement this program. LEAs eligible for a federal universal meal provision, will be required to apply for a provision by June 30, 2022 to reduce volatility in costs to the state and to maximize federal reimbursement for meals served.

In preparation for implementation, the administration provides funding for school kitchen upgrades and staff training.

2021 Budget Act

- \$120 million for school kitchen upgrades
- \$54 million for universal access to subsidized meals (beginning in 2022-23)

January Proposal for 2022-23

- Additional \$596 million for universal access to subsidized meals (total \$650 million including \$54 million provided in the 2021 Budget Act)
- Additional \$450 million for school kitchen upgrades and training
- \$30 million for Farm to School Program
- \$3 million to expand regional California Farm to School Network (16 positions)
- Additional \$3 million (total \$4.017 million) to support the School Breakfast and Summer Meal Start-Up and Expansion Grant

School nutrition programs should be developing plans for infrastructure and equipment, staffing, training, and development of multiyear projections with financial assumptions.

Summary

This edition of the Common Message serves to provide data and guidance to LEAs for fiscal planning and the development of their 2021-22 Second Interim Report and multiyear projection. The information provided for fiscal year 2021-22 and beyond includes the latest known proposals and projections to assist with multiyear planning. As each LEA has unique funding and program attributes and needs, it remains essential that LEAs continuously assess their individual situations, work closely with their county offices of education, and plan accordingly to maintain fiscal solvency and educational program integrity.

FISCAL REPORT

PUBLIC EDUCATION'S POINT OF REFERENCE FOR MAKING EDUCATED DECISIONS

2021-22 Second Interim Report Considerations

BY MATT PHILLIPS, CPA

Copyright 2022 School Services of California, Inc.

posted January 24, 2022

The Second Interim budget report is a snapshot in time of a local educational agency's (LEA) revenue and expenditure forecasts for the current fiscal year, as well as a projection of the two subsequent fiscal years. It is a time to adjust the budget based upon Governor Gavin Newsom's proposed January State Budget and subsequent trailer bills, discuss changes from the First Interim budget report, adjust revenues and expenditures, and begin projecting the ending balances for your funds and resources. The Second Interim report covers the period of time from July 1 through January 31, and must be submitted to the county office of education (COE) no later than March 17 (45 days after the close of the reporting period per Education Code Section [EC §] 42131[a]).

School Services of California Inc.'s (SSC) [School District and Charter School Financial Projection Dartboard](#) is updated to include the financial factors needed for your budget.

Below are legal considerations and "best practices" to help with the Second Interim budget report.

Attendance/LCFF

A welcome component of the Governor's Budget released on January 10, 2022, is a proposal to address the dramatic declines in enrollment and average daily attendance (ADA) that LEAs are experiencing during the pandemic and beyond. The proposal is as follows:

Governor's Budget Proposal

Beginning in 2022-23, and for future years, would amend EC § 42238.05(a)(1) and allow a third option for funded ADA which would use the actual ADA from the prior three years. If enacted, this would allow a school district in 2022-23 to be funded on the greater of the following:

- Actual ADA from 2022-23
- Actual ADA from 2021-22
- Average ADA based on actuals from 2019-20, 2020-21, and 2021-22

In its current format, the third option would only apply to school districts.

We recommend that you measure the impact of the Governor's Budget proposal on your own school district; however, consult your COE before including it in your Second Interim report. Should the decision be made along

with your COE to include the Governor’s ADA proposal, we recommend assigning the resulting growth in revenues in your ending fund balance in the event that the proposal does not make it into law.

In addition to the Governor’s ADA proposal, there are four bills in the Legislature that we will be watching closely. At this time, we would recommend not including them in your Second Interim report projections. Below is a summary of the four proposals:

<p>Assembly Bill (AB) 1607 (Muratsuchi, D-Torrance)</p>	<p>Beginning in 2022-23, and for future years, replaces the current law in EC § 42238.05(a)(1) with a rolling three-year average of ADA which would mirror the methodology used for unduplicated pupil count by using the current year and two prior years.</p>
<p>AB 1609 (Muratsuchi)</p>	<p>For the 2022-23 fiscal year only, amends EC § 42238.05(a)(1) to use the greater of 2019-20, 2020-21, 2021-22, or 2022-23 ADA.</p> <p>Effectively, this allows districts to continue to use 2019-20 ADA for an additional year, plus any growth, as applicable, in 2020-21.</p>
<p>Senate Bill (SB) 579 (Allen, D-Santa Monica)</p>	<p>For the 2022-23 fiscal year only, amends EC § 42238.05(a)(1) to use the greater of 2019-20, 2021-22, or 2022-23 ADA.</p> <p>Effectively, this allows districts to continue to use 2019-20 ADA for an additional year.</p>
<p>SB 830 (Portantino, D-La Cañada Flintridge)</p>	<p>Beginning in 2023-24, adds a new funding stream that relies on “average daily membership,” which is based on enrollment. This new categorical calculates the additional funds a school district or COE would receive if the Local Control Funding Formula (LCFF) allocation was based on enrollment figures rather than on ADA.</p> <p>At least 50% of the new funds must be spent to supplement efforts to combat chronic absenteeism and habitual truancy.</p> <p>In order to access the additional funds, an LEA must maintain the same per-pupil spending level from 2019-20 for addressing chronic absenteeism and habitual truancy.</p>

Multiyear Projections

Every year at industry standard checkpoints, SSC uses the services of a Wall Street Journal award winning economist for its out-year statutory cost-of-living adjustment (COLA) projections. This year, consistent with past years, we had independent estimates run for comparison to the Department of Finance (DOF) projected statutory COLAs. Per usual, the estimates from the two sources were very close so we are moving forward with the projections from the DOF.

	2022-23	2023-24	2024-25	2025-26
DOF Statutory LCFF COLA	5.33%	3.61%	3.64%	3.62%

Although comparisons will be made to the funded COLA from 2021-22, it's important to remember that the prior-year COLA of 5.07% consisted of two years' worth of COLA, plus an augmentation of 1.00%. The proposed COLA for 2022-23 reflects the significant increase in the cost of goods and services purchased by state and local governments, and does not include any additional augmentations.

In addition, the Governor's Budget proposal includes the full 5.33% COLA for programs outside the LCFF. Recall that in 2021-22, the LCFF received a COLA of 5.07% while programs outside of the LCFF received COLAs of either 4.05% or 1.70%.

The projected COLA of 5.33% is still an estimate as the final two data points are released in late January and late April.

Accounts Receivable/Accounts Payable

The California School Accounting Manual (CSAM) defines "accounts receivable" as amounts due from private persons, firms, and corporations. LEAs typically err on the side of overstating the balance of their accounts receivable.

To enhance the accuracy of your agency's accounts receivable, review the large entries recorded in the accounts receivable ledger to ensure that they are accurate and meet CSAM's criteria for an accrual. Any unresolved accounts receivable from the prior year should be investigated to determine whether they are still valid and collectible according to CSAM. At this point in the year there should be very few balances remaining in accounts receivable.

An accounts receivable reconciliation report will assist in fully understanding amounts due that are still outstanding and allow you to clear any recorded receivables that will not materialize this fiscal year. Unverified accounts receivable that remain may be falsely increasing revenue and ending balance projections.

CSAM defines "accounts payable" as amounts due to private persons, firms, or corporations for services rendered and goods received on or before the close of the year. In contrast to the accounts receivable, LEAs often inadvertently understate the balance of their accounts payable by failing to accrue an amount due to an outside vendor.

As with accounts receivable, any accounts payable items remaining that were accrued the prior year should be investigated to ensure that they are still outstanding. If they are not, then an adjusting entry should be made to clear that item from the accounts payable balance. Unverified accounts payable that remain may be falsely increasing expenditure projections and decreasing ending balance projections. At this point in the year there should be very few balances remaining, if any, in accounts payable from the prior year.

Budget Adjustments/Carryover Balances

Begin adjusting expenditure lines for unspent funds that will be carried over to subsequent years. Estimates of funds that are anticipated to be unspent can be entered into the expenditure budget in contra-accounts in order to reduce the volatility of the fund balance when the Estimated Actuals and Unaudited Actuals are prepared. Ensure that any carryover expenditures are budgeted as one-time activities when preparing the multiyear projection for 2022-23 and 2023-24. Unspent funds that need to be separately identified as carryover should be done so by creating an assignment or commitment in the ending fund balance.

Cash Flow

As quickly as the deferrals reared their ugly head, they disappeared again. The 2020 Enacted Budget deferred state aid payments from February 2021 through June 2021 to July 2021 through November 2021.

Due to the rapid recovery of the stock market, aided by historic levels of federal funding, the 2021 Enacted Budget accelerated the repayment of the deferrals so that the balances were extinguished by August 2021.

Ensure that as you prepare your cash flow for 2021-22 and 2022-23, the repayments of deferrals are removed from the revenue section, and appropriately reflected in the balance sheet section of the Form CASH. For more information, see our article, "[Recording Deferral Repayments in Cash Flow](#)" in the October 2021 *Fiscal Report*.

Charter Schools

Concentration (S/C) grants for charter schools are limited in that the unduplicated pupil percentage (UPP) can be no more than the UPP of the school district where the charter is physically located. A charter school physically located in more than one district can use the UPP of the district with the highest UPP. EC § 42238.02(f)(2) notes that a charter school's authorizing school district will be included when determining its physical location.

Payments for in-lieu property taxes are required to be received and recorded monthly unless the sponsoring LEA is a basic aid district, in which case the payments must be made in no fewer than two installments per EC § 47635(b)(5). If you are a chartering authority, ensure that the in-lieu property taxes between your financial statements and your authorized charter schools net to zero.

Clearing Funds

As stated in its title, clearing funds are cash conduits used by the LEA to account for receipts due to agencies such as the Internal Revenue Service, the California State Teachers' Retirement System (CalSTRS), and the California Public Employees' Retirement System (CalPERS). The clearing funds should have a zero balance after the payment has been sent to the agency. Over the course of the year, the clearing funds should be reconciled and cleared on a monthly basis.

Collective Bargaining Agreements

If your collective bargaining agreements have been settled for the current and subsequent years, ensure that your budget includes any adjustments to salary as well as professional development costs, substitute costs, or other changes to the agreements that need to be budgeted.

COVID-19 Resources

LEAs have been allocated more than \$26 billion in one-time federal dollars. The largest swaths of federal stimulus—more than \$20 billion—known as Elementary and Secondary School Emergency Relief (ESSER) II and III must be spent by September 30, 2023 and 2024, respectively. LEAs that are using the funds for one-time costs should back out revenues and expenditures in the multiyear projection accordingly.

LEAs that are using these funds to support current operations, or that are using these funds for ongoing expenditures, should be able to identify how much of the ESSER expenditures are ongoing. These funds should be reviewed as part of each budget period over the next two years to ensure that the LEA has a plan to subsume the ongoing expenditures without jeopardizing the fiscal health of the LEA.

Local Control and Accountability Plan and Supplement

LEAs are in the second round of adopting a Local Control and Accountability Plan (LCAP) after the one-year abeyance for the 2020-21 fiscal year. Although the template continues to morph, the requirement for adoption is the same. The LCAP must accompany the budget in a public hearing, and in a separate, and subsequent, meeting the LCAP and budget must be adopted. This must all take place by June 30, 2022. Note that while charter schools must hold public hearings for review and adoption, there is no requirement that the LCAP accompany the budget.

The additional wrinkle this year is the LCAP Supplement that must be considered by the governing board no later than February 28, 2022. More information on the LCAP Supplement can be found on the California Department of Education's (CDE) website [here](#). Also, see our article, "[Ask SSC . . . LCAP Supplement Due in February 2022](#)" in the November 2021 *Fiscal Report*.

Lottery

The most recent projections from the CDE estimate unrestricted Lottery at \$163 per ADA and restricted Lottery at \$65 per annual ADA, multiplied by an enrollment factor of 1.04446. Updated factors are expected when the 2022-23 State Budget is enacted in the late spring/early summer.

Reserves

Adequate reserves are critically important, but the existence of adequate reserves does not mean that there is sufficient cash on hand. Reserves are an accumulation of resources, including accounts receivable. Cash is king, so make sure that the cash flow is updated and don't rely on just the fund balance number.

School districts should be familiar with the laws that govern the reserve cap, but should not be in a rush to spend down reserves in the event that the reserve cap is triggered. All four criteria to require a deposit into the Public School System Stabilization Account were met in 2020-21 and 2021-22, and a third deposit is expected in 2022-23. The sum of these three deposits—approximately 11.1% of the K-12 portion of the minimum guarantee—is sufficient to trigger the reserve cap for school districts in 2022-23. The result is that non-exempt school districts must limit their unassigned and assigned reserves in Funds 01 and 17 to a limit of no more than 10.0%.

SSC has always encouraged LEAs to maintain sufficient reserves to meet their LEA-specific needs, which is invariably higher than the state-required minimum. Given the triggering of the reserve cap, school districts might consider taking board action to commit funds for specific costs such as special education cost increases, increasing CalSTRS/CalPERS contributions, or other district priorities. School districts can also apply for a waiver that can be approved by the COE for two consecutive years in a three-year period. If you believe you will be subject to the reserve cap, initiate the conversation with your COE sooner rather than later.

As a reminder, law has excluded charter schools, small school districts (less than 2,501 ADA), and community-funded districts from the reserve cap.

Routine Restricted Maintenance Account

The contribution to the Routine Restricted Maintenance Account (RRMA) is in full effect for the 2021-22 year and beyond. Any LEA that qualifies based on EC § 17070.75(b)(2) must contribute no less than 3% of total General Fund expenditures to Resource Code 8150 on an annual basis.

Various bills from 2019-20 through 2021-22 amended the definition of total General Fund expenditures for the purpose of calculating the RRMA contribution by excluding the following:

- Expenses coded to Resource Code 7690
- Expenses of one-time pandemic funding sources in Resource Codes 3210, 3212, 3213, 3214, 3215, 3216, 3218, 3219, 3220, 5316, 7027, and 7420

Compliance with this law is monitored through the Criteria and Standards, but ultimate compliance is measured against total General Fund expenditures as of Unaudited Actuals, adjusted for the exceptions above. Note that the law does not contemplate how much is spent in the RRMA, but only that the contribution is no less than 3%.

SACS Software

The Standardized Account Code Structure (SACS) software is the same software that was used for reporting the 2020-21 Unaudited Actuals. A link to the software is located on the CDE's website and can be accessed by clicking [here](#).

Special Education Maintenance of Effort and Excess Costs

Now that the books are closed for the prior year, evaluate the cost factors that may have increased your LEA's maintenance of effort (MOE) level. Ensure that your agency is properly recording expenditures and that the time charged for special education staff represents time working with students on an Individualized Education Program (IEP). Many LEAs allow 100% of a staff member's time to be charged to special education when they may actually be working with students prior to eligibility for services having been or being determined during the IEP. Review the factors from your Program Cost Report Allocations Form to ensure that centralized costs are distributed accurately as well.

Utilize the SACS forms for MOE during the interim periods. These are voluntary at this point, but will assist in getting an up-to-date peek at where you stand. The FORM SEMAI can be accessed in the Reports section of SACS.

Once you review your agency's special education costs as they are budgeted, you can then project whether your agency will meet the MOE requirement by year's end. You may also want to review the excess cost data to ensure that your agency has met those requirements prior to using funds. If your agency is not projected to meet the MOE, contact your Special Education Local Plan Area for assistance in reviewing your agency's costs to ensure you have captured all appropriate expenditures.

Current law allows five exceptions to reduce the current-year MOE. The four most commonly used are:

- Voluntary or just cause departure of special education or related personnel
- A decrease in special education enrollment
- The termination of the LEA's obligation to provide services because a high-cost student has either left the agency, reached the age at which the agency is no longer required to provide free and appropriate public education, or no longer needs special education
- Costly expenditures such as equipment or facilities are terminated

The CDE has developed an LEA MOE exemption worksheet that must be completed and included with the submission of the LEA's MOE report. The LEA MOE exemption worksheet is available [here](#).

Transportation

Expenditures recorded against the transportation programs (Resource Code 0000 and Function 3600) should be reviewed to ensure that they are all appropriate and the MOE requirement is met.

As a reminder, the MOE is measured by the lesser of the following:

1. Expenditures for transportation in 2012-13
2. State revenues received for home-to-school transportation and small school bus replacement in 2012-13

For most LEAs, number two will be the operative test. The penalty for non-compliance with this MOE is a finding in the annual audit report, but there is no fiscal penalty. For more information on the topic, please see our article, "[Ask SSC... What Are the Requirements for the Transportation MOE?](#)" in the August 2020 *Fiscal Report*.

Additional Information

Ensure that the filing of reports is done in a timely manner. Key reporting deadlines for specific programs can be found in our "[Critical Deadlines and Funding Opportunities](#)" *Fiscal Report* series.

2021-22 Original Budget Assumptions

is the greater of either a) the lesser of 3% of total General Fund expenditures or the amount deposited in 2014-15; or b) 2% of General Fund expenditures.

- The State previously contributed \$64,000 annually to the District’s Deferred Maintenance program and the District matched this amount. Subsequently, the State’s contribution was “rolled into” LCFF funding. The contribution to Fund 14 in 2019-20 through 2020-21 was decreased by approximately the amount of the increase to the Routine Restricted Maintenance account as required by law (described above). The Budget for 2021-22 does not include a contribution for Deferred Maintenance due to the projected loss of property tax revenue resulting from the Glass/Hennessey Fires and COVID-19 Pandemic (see “Property Tax Revenue” above).

Beginning in 2016-17, the Budget included a \$350,000 transfer to Fund 40 (Special Reserve for Capital Outlay) in order to address “warm/safe/dry” long-term maintenance needs per the District’s site maintenance assessments, and to fund set-asides for the replacement of artificial turf (SHHS), the pool liner (Aquatic Center), and solar panels (RLS); in addition to a major HVAC/roofing project that will be needed at the elementary school by the year 2025. In addition, following fiscal years that conclude with an increase to the unrestricted fund balance, an additional contribution towards long-term maintenance set-asides may be recommended to the Board by the CBO.

The total contribution to Fund 40 (Special Reserve for Capital Outlay) beginning in 2017-18 was \$400,000 annually (\$350,000 for maintenance needs described above, and \$50,000 for at least three years for transportation needs per the description under “Transportation” below). The Budget for 2021-22 does not include a contribution for Deferred Maintenance due to the projected loss of property tax revenue resulting from the Glass/Hennessey Fires and COVID-19 Pandemic (see “Property Tax Revenue” above).

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>2,503,616.58</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>129,695.28</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (7.78%) times Part III, Line B19); zero if negative	<u>0.00</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (7.78%) times Part III, Line B19) or (the highest rate used to recover costs from any program (0%) times Part III, Line B19); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>0.00</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>0.00</u>

Net increases in 1st and 2nd Subsequent Years reflect the budgeting of restricted funds, and a factor of 3.69% in 2022-23 and 2.90% in 2023-24 for the Consumer Price Index (CPI) based on the School Services of California Dartboard for the Governor's Proposed State Budget (2022-23).

Explanation:
Services and Other Exps
(linked from 6A
if NOT met)

Current Year (2021-22) Net increase of \$338,458 to cover anticipated non-public school placements, contracted services in technology and transportation due to an ongoing staffing shortage (budgets reduced in Classified Salaries and Benefits accordingly), and a budget transfer from Books/Supplies to Services and Operating for technology costs (licenses). These changes continue in the two subsequent years, along with the budgeting of one-time restricted ESSER funds. The Consumer Price Index (CPI) percent increases of 3.69% in 2022-23 and 2.90% in 2023-24 have also been applied.

SUPPLEMENTAL INFORMATION

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

S1. Contingent Liabilities

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that have occurred since first interim projections that may impact the budget?

No

1b. If Yes, identify the liabilities and how they may impact the budget:

S2. Use of One-time Revenues for Ongoing Expenditures

1a. Does your district have ongoing general fund expenditures funded with one-time revenues that have changed since first interim projections by more than five percent?

No

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

Comment: Property tax revenues are now budgeted at 2% growth in 2022-23 and 2023-24 which has eliminated the need to use ESSER III funds to offset the costs of counseling and other support services that might otherwise required reductions as shown in the 2021-22 First Interim Report.

S3. Temporary Interfund Borrowings

1a. Does your district have projected temporary borrowings between funds?
(Refer to Education Code Section 42603)

No

1b. If Yes, identify the interfund borrowings:

S4. Contingent Revenues

1a. Does your district have projected revenues for the current fiscal year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

No

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

170

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the current fiscal year and two subsequent fiscal years. 1d. Capital Project Cost Overruns

Have capital project cost overruns occurred since first interim projections that may impact the general fund operational budget?

No

S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for Item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed since first interim projections by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:
(required if NOT met)

An increase in contributions is needed in each year compared with the First Interim Report to address additional costs, primarily in Special Education. For example, in Special Education, an additional Para Educator position has been added and approximately \$150,000 added to the budget for anticipated non-public school placements.

1b. MET - Projected transfers in have not changed since first interim projections by more than the standard for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

171

- 1c. NOT MET - The projected transfers out of the general fund have changed since first interim projections by more than the standard for any of the current year or subsequent two fiscal years. Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

Explanation:
(required if NOT met)

The transfers out in each year compared with the First Interim Report have been reduced due to more revenue anticipated for the Food Services program (Fund 13 - Cafeteria Fund) because of the ongoing meal waivers in current year, and change to Universal Meals for All in the subsequent years.

- 1d. NO - There have been no capital project cost overruns occurring since first interim projections that may impact the general fund operational budget.

Project Information:
(required if YES)

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
