#### 5780 - **STUDENT/PARENT RIGHTS**

The School Board recognizes that students possess not only the right to an education but the rights of citizenship as well. Federal and state law prohibits the Board from adopting any policy or rule, or from entering into any agreement, that infringes upon or waives the rights of freedoms afforded to students by the United States Constitution.

In providing students the opportunity for an education to which they are entitled, the District shall attempt to offer nurture, counsel, and custodial care appropriate to their age and maturity. The District shall, at the same time, guarantee that no student is deprived of the basic right to equal treatment and equal access to the educational program, due process, a presumption of innocence, free expression and association, and the privacy of his/her own thoughts.

Attendant to the rights guaranteed to each student, however, are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the procedures and rules of the District.

The Board realizes that as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, they may authorize those school matters previously handled by their parents/guardians, but the students also assumes the responsibility for their performance in school, attendance, and compliance with school rules.

All K-12 students in Florida are entitled to a uniform, safe, secure, efficient, and high-quality system of education, one that allows students the opportunity to obtain a high-quality education. Parents/guardians are responsible to ready their children for school; however, neither the state of Florida nor the District can be a guarantor of any individual student's success. Parents/guardians are encouraged to visit the Parents & Students Link at [yourcharlotteschools.net](http://yourcharlotteschools.net) for valuable information pertaining to this policy.

#### Parental Access at School

Each parent/guardian has the right to pick up, visit, and meet with their student at school, without interference of or the need for consent from the other parent/guardian, unless the school has received a certified copy of an enforceable court order that provides to the contrary. The Principal may restrict the times, location, frequency, and length of parent/guardian visitations at school, based on legitimate pedagogical or scheduling reasons. The District will abide by enforceable no-contact orders which have been provided to the school.

#### Educational Decisions

Both parents/guardians have an equal right to make decisions about the education and welfare of their student unless the school has received a certified copy of an enforceable court order that specifies that one of the parents/guardians, or someone else, has the sole right to make educational and/or general welfare decisions for the student.

If the parents/guardians cannot agree on a significant decision about the student's education or on matters affecting the health, safety, or welfare of the student, the school will take action based on what it considers to be in the best interests of the child.

### A. Termination of Enrollment

A student who attains the age of sixteen (16) years during the school year has the right to file a formal declaration of intent to terminate school enrollment if the declaration is signed by the parent/guardian. The parent/guardian will be notified in writing and entitled to an administrative review of any action by school personnel relating to the student's placement. Parents of students who reach the age of eighteen (18) years old shall continue to receive notifications unless the students can prove they are not a dependent adult student as defined in federal law. Thereafter, the parent/guardian must be notified annually. The notification must be in the parent's/guardian's primary language or other mode of communication commonly used by the parent/guardian unless clearly not feasible pursuant to F.A.C. 6A-6.0908;

Before a Principal contacts a law enforcement officer for possible removal of a student from school for involuntary examination, the Principal must verify that the school has used de-escalation strategies and initiated outreach to a mobile response team, unless the Principal reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others;

The Principal shall make a reasonable attempt to notify a parent/guardian of a student before the student is removed from school, school transportation, or a school-sponsored activity to be taken to a receiving facility for an involuntary examination pursuant to F.S. 394.463. At a minimum, the Principal must take the following actions:

The Principal may delay the required notification for no more than twenty-four (24) hours after a student is removed if:

1. The Principal deems the delay to be in the student's best interest and if a report has been submitted to the central abuse hotline, pursuant to F.S. 39.201, based upon knowledge or suspicion of abuse, abandonment,
