

Save money on your prescriptions!

We're pleased to offer you Rx Shopper as part of your Health Advocate service!

Rx Shopper can reduce your prescription costs by helping you find the lowest prices for your medications. Plus, sometimes insurance doesn't cover a certain drug or it costs a lot of money due to a high deductible, this is where we can help!

Download and print your card, then bring it with you when filling your prescription to save up to 85%! Follow these steps.

1. Log in to HealthAdvocate.com/members or our mobile app
2. From the "I would like to..." menu, click on "Save \$\$ on prescriptions"
3. Click on "Get my card!"
4. Print and bring it with you next time you fill your prescriptions

Check with your pharmacy

Your Rx Shopper card is accepted at over 35,000 pharmacies nationwide!

You can still use your insurance

But ask the pharmacist to run your Rx Shopper card to find the lowest price.

It is always a win-win situation

You'll always pay the lower price—your insurance's, the pharmacy's or Rx Shopper's!
