Getting Started

Welcome to the convenience and safety of *Here Comes the Bus*® and/or Student Ridership. Let's get started.

- Step 1** First, make sure your school district currently offers *Here Comes the Bus* or Student Ridership. You should have received a school code from your school district. It is typically a five number code. Sometimes you can find this code on your school's transportation website.
- Step 2** If you know what your school code is then click [here](#) to begin your registration. NOTE: You may use a computer, tablet or smartphone to register.
- Step 3** If you have a smartphone or tablet, download the *Here Comes the Bus* app from the [App Store](#) or [Google Play](#). The *Here Comes the Bus* app gives you even more convenience, such as push notifications when the bus is near, or your child's scan when using Student Ridership. If you have not been given a school code you will need to check with your district to see if your district is participating in the program. If you know for a fact your district is not participating, reach out to your transportation department or superintendent and let them know you are interested.
