## Bonnie Plants

### Third Grade Cabbage Program

In 1996 Bonnie Plants initiated the 3rd Grade Cabbage Program in and around headquarters in Union Springs, Alabama, with a mission to inspire a love of vegetable gardening in young people and grow our next generation of gardeners. By 2002 the program grew to become a national endeavor, including the 48 contiguous states. Each year, Bonnie trucks more than one million free O.S. Cross, or “oversized” cabbage plants to 3rd Grade classrooms across the country. If nurtured and cared for, kids can cultivate, nurture and grow giant cabbages, some bigger than a basketball, tipping the scales, often over 40 pounds!

Pictured here is Dylan Smith, a third grader in Mrs. Schmidt’s class, with his cabbage weighing 12 lbs. 8 oz. *Way to go Dylan!*

## News from Mrs. Lombard's ART ROOM

We have lots of art news to share! Eighteen students in grades K through 5 had their art displayed at the Charlotte County Fair. Red, white, and blue placement ribbons were awarded by the judges. Students received their ribbons on the morning news and artwork was then taken to be

displayed at the superintendent's office! Congratulations to the following artists: K- Gina Maloney, Gabby Honea, Sofia Rodriguez 1st grade-

Ethan Schroeder, Natalie Mandile, Inigo Marin-Lane 2nd grade- Mya Goede, Emmy Hall, My Linh Coong / 3rd grade- Jiselle Pierre, Kalyn Brozanski, Miguel Dominguez / 4th grade- Chloe Conohan, Aniyah Coles-Edwards, Conner Kidd / 5th grade- Shyann Vachris, Hannah Tuttle, Jazmyn Go-forth.

Fifth Graders took part in a program called Tag Art, which is sponsored by the Tax Collector's Office. Students designed license plates that they could purchase. All designs were submitted and I am proud to say that Liberty had three designs that were

chosen as winners and are now available for the public to purchase. Congratulations to Cymone Bailey, Sydney Richards,

and Hannah Tuttle! The girls and their families were invited to an award ceremony at the Charlotte County Administration Building to receive their prize money and certificates, and to enjoy some refreshments.

# Family Fun Day

# Dousing Day

Miss Flo Hunter's 4th grade classes doused her at the Reading Zone for winning highest AR points in 4th grade.

Mrs. Buck's students doused her at the Reading Zone for earning the highest AR points in First Grade.

# INVENTION CONVENTION

The Fifth grade students in Mrs. Eyrich's, Mrs. Shipley's, Mrs. Manomat's, and Mrs. Carroll's fifth grade classes were given the task of creating an original invention to solve a problem that they have in their everyday lives. They had from February 1st until March 8th to create their inventions. They also created backboards and/or power point presentations to name their invention, list the materials used, explain the building process, and describe the problem that the invention solves. They opened up Their classrooms to share our inventions with the school on March 12, and many classes and adults were impressed by the creativity of our students.

## Clow's Class

Students in Mrs. Clow's class designed their own t-shirts for color wars. They wrote titles of their favorite books, names of favorite authors, and names of favorite book characters.

# Charlotte Symphony Orchestra

Raffaele Ponti ~ Music Director

The Third Graders had a rare opportunity in March. They not only went to the symphony, but they were able to perform with the symphony!!! What an amazing treat that was!!!

# Student Led Conferences

In student-led conferencing as students prepare to conference with their parents they engage in a self reflection process about their achievement and future goals. Parent Role: Parents become partners in learning when students lead a conference. ... The parents role is to listen.

Third graders had a lot of fun on field day. They competed in teams to win points for their class. Students had to work together, use coordination, speed, agility, and strength to complete activities. Pictured is Mrs. Clow's class.

# Field Day

LET THE GAMES BEGIN

Ms. Bunnell's class used high energy and teamwork to earn first place at fourth grade field day.

iReady is a computer based program that provides both assessment and practice for math and reading. The goal for all students is to make one year's growth in both areas and score in the proficient range for their grade level.

After the assessment, students are placed in an individualized instructional path for each of these areas. These practice lessons align to our classroom materials and enhance the student learning experience. We encourage each student to "STRIVE for 45" by completing 45 minutes in their reading path and 45 minutes in their math path per week. We ask that your student completes lessons at home to reach this goal. Continue to check your child's progress on their log in screen and encourage them to pass all lessons with a 75% or better. iReady can be accessed through Classlink.

## Accelerated Reader

Accelerated Reader is a program that allows students to earn points for reading and comprehending books. In order to earn points, a student needs to read a book and understand what the book was about. Then log

on to AR using the account provided by their teacher, to take a quiz on the book. Most picture books have 5 questions, and most chapter books have 10 questions. If the student receives a 100% they will earn full points for the book, however if they receive less than a 100% they will receive a portion of the points. Most picture books are worth 0.5 points and chapter books vary in point value based on difficulty. **Quizzes can only be taken at school during school hours**, but we encourage students to read their AR books at home. Kindergarten students will begin taking AR quizzes when they master 100 sight words. You can find out if a book has an AR quiz by visiting [www.arbookfind.com](http://www.arbookfind.com).

### So how can students celebrate these points?

Each grade level has a point goal to reach by the end of the school year. If they reach that goal, they will earn an AR t-shirt and an ice cream party. As students earn points, they will have opportunities throughout the year to purchase items at the AR store using their points.

**Reflex** helps students of all levels to develop fluency with their basic facts in addition, subtraction, multiplication and division. Math fact fluency is the quick and effortless (automatic) recall of basic math facts. This makes learning new math skills much more attainable for students.

Adaptive and individualized instruction

Engaging games that keep students coming back for more

Intuitive and powerful reporting for educators

Students can earn a **Movie and Popcorn party** twice a year if they achieve and maintain 100% fact fluency on Reflex. Students login and practice math facts through colorful interactive video games. Once they have answered enough facts correctly for the day, they will earn a green light. This should be **done at least 3 days per week**.
